### SHORT PASSING EVENTS.

The U. S. Weather Bureau for N. C. for October gives the highest temperature 87 degrees, the lowest 31 degrees, with a total rainfall of 4.65 inches.

The members of the Village Improvement department of the Woman's Club are requested to meet this Tuesday afternoon at 4 o'clock at the Elks Rooms. A full attendance is desired.

The engine of the shoofly flew the track between Havelock and Newport Sunday morning. The delay was but short and the damages sustained were merely nominal.

A special train carried a hunting party composed of some members of the Duke family to Newport Sunday. They will spend several days at Carteret lodge.

A New Bern Ice Co. dray was demolished yesterday at the Graves street crossing by shifting cars. The dray was driverless but it was following another dray. The accident merely broke up the cart, the mule was not hurt.

The Journal is very glad to state that news from little Eva Grace Duguid is a little encouraging than was mentioned in the Sunday paper. She is reported, however, still critically ill.

The weather yesterday was too suggestive of the good old summer time to be appreciated. The thermometer stood at 80 degrees and there was nothing to enjoy about the weather except that the forecast said "cooler Tuesday." We all hope the weather clerk will make good.

John Gibson, drunk and disorderly was fined five dollars and costs in the Mayor's court yesterday. David Bell on trial for disorderly conduct was dismissed.

The warm weather yesterday not only brought into intense activity the house fly, but it aroused the straw hat, which again ventured out boldly on the streets as though it was a day in June.

William Dennis who sells oysters and runs a nice little restaurant on South Front street, makes no pretence however, of dealing in precious stones or jewels, but in a ten cent plate of raw oysters Saturday he gave a patron 21 perfect pearls. They were small but pretty. Beat it.

The very sad news reached New Bern yesterday of the very serious illness of Eva Grace, the little daughter of Dr. J. W. Duguid, at the home of her grand mother, at Macon, Ga. The report which came on Friday was that she was lying at the point of death.

There will be a regular meeting of the Daughters of the Confederacy on Monday afternoon at 4 p. m., a full attendance is desired.

The fire alarm from box 16 in the ice factory district at 7 o'clock last night was caused by a chimney burning out. No damage done.

An enterprising, energetic man can always command a good patronage in most any kind of a business venture. Not long ago the lower part of Middle street was devastated by a fierce fire. Several merchants have since then located in temporary quarters across the street, but very few of them had enterprise enough to inform the public of their whereabouts. One, however, whose name often appears in the Journal's advertising columns has inaugurated a novel scheme to let folks know "where he is at." Afternoons he gets some of his friends or maybe co-conspirators together and make "Rome" howl with vocal "Spiele." Their noise could be considered melodious, but would not ordinarily be so considered.

The peanut crop like all other sources of revenue of the southern farmer is only about 50 per cent to the good. The report from the counties in the state where the succulent vegetable is grown show a great falling off due undoubtedly to the weather.

Cotton manufacturers say that the quality of the 1906 crop is the poorest that they have handled for many years. This statement is also born out by dealers; the latter saying that a large per cent of the cotton bought is off grade.

It develops that the murderous negro killed in Asheville Thursday was not Will Harris as was reported by a man named Rufus Lindsay of York, S. C. There has been considerable controversy about the identity of the man, but one thing is sure the nigger was a bad man and he's dead.

The subject of the Christian Endeavor meeting at the Presbyterian church at 7 o'clock this evening will be "How the Bible Condemns Intemperance." Every one cordially invited.

Superior court begins tomorrow for the trial of civil cases. Judge Walter Neal will preside.

A great big nickle's worth in every bottle of Pop-Tone.

### DIED SUDDENLY OF HEART DISEASE.

How frequently does a head line similar to the above greet us in the newspaper. The rush, push and strenuousness of the American people has a strong tendency to lead up to valvular and other affections of the heart, attended by irregular action, palpitation, dizziness, smothered sensations and other distressing symptoms.

Some of the prominent ingredients of which Dr. Pierce's Golden Medical Discovery is made are recommended by some of the leading writers on *Materia Medica* for the cure of just such cases. Golden Seal root, for instance, is said by the United States Dispensatory, a standard authority, "to impart tone and increased power to the heart's action." Numerous other leading authorities recommend Golden Seal as an unsurpassed tonic for the muscular system in general, and as the heart is almost wholly composed of muscular tissue, it naturally follows that it must be greatly strengthened by this superb, general tonic. But probably the most important ingredient of "Golden Medical Discovery," so far as its marvelous cures of valvular and other affections of the heart are concerned, is Stone root, or *Colithosoma Can.*, Prof. author of *Paine's Epitomy of Medicine*, says of it:

"I not long since had a patient who was so much oppressed with a peculiar disease of the heart that his friends were obliged to carry him up stairs. He, however, gradually recovered of the influence of Colithosoma (medicinal principle extracted from Stone root), and is now attending to his business."

Harverson physicians know of no remedy for the removal of so distressing and so dangerous a malady. With them it was all guess-work, and it fearfully warned the afflicted that death was near at hand. Colithosoma, however, effected a cure in such cases, and in most instances effects a cure.

Stone root is also recommended by Drs. Hale and Ellingwood, of Chicago, for valvular and other diseases of the heart. The latter says: "It is a heart tonic of direct and permanent influence." "Golden Medical Discovery," not only cures serious heart affections, but is a most efficient general tonic and invigorator, strengthening the stomach, invigorating the liver, regulating the bowels and curing catarrhal affections in all parts of the system.

Dr. Pierce's Pellets cure Constipation.

### Death of W. W. Ruff.

Warren Wilson, the son of Mr. and Mrs. E. J. Ruff, died of hemorrhagic fever Saturday evening, at the family residence, 105 Hancock street, aged 18 years. The funeral services will be held at 10 o'clock this (Sunday) morning at the home and will be conducted by Rev. J. G. Garth. The interment will take place at the family burial ground at Earnl. The deceased was a staunch and sturdy young man, a good workman and one upon whom his parents looked with pride. A peculiarly sad fact of the passing of this young man is that it was the second death in the family within a short time a young sister died in the summer.
