

RHEUMATISM AN ACID BLOOD POISON

Rheumatism is an acid blood poison, and the causes that produce it are often silently accumulating in the system for years. Poor digestion, stomach troubles, weak kidneys, torpid liver, and a general inactive condition of the system leaves the refuse and waste matter, which should be carried off, to sour and form uric acid, which is absorbed into the blood. When the blood is in this acid-charged condition, it deposits the poisons and irritating particles with which it is loaded in the muscles, nerves, joints and bones. Thus Rheumatism gets possession of the system, and life is made miserable by its pains, aches and discomforts. The changing of the weather, exposure to cold and dampness, etc., always increase this trouble, and so severe does the pain become that quick relief must be had. A good liniment or plaster is often helpful, but it should be remembered that relief from such treatment is only temporary, because the trouble is in the blood and cannot be removed by external applications. S. S. S. cures Rheumatism by ridding the blood of the cause. It goes down into the circulation and by invigorating and purifying the blood of the acid-poison and sending a stream of fresh, rich blood to all parts, relieves the pain, reduces the inflammation, and S. S. S. is the only safe treatment for Rheumatism, because it does not contain a particle of mineral in any form to damage the system. "I WAS AN INVALID." "Doctors Said That I Would Die, Cooper's New Discovery Cured Me."

YOU WHO SUFFER READ THIS LETTER

The Cooper Medicine Company:
Gentlemen—I write to tell you the wonderful results that I have obtained from the use of the Cooper medicines. For five years I was an invalid suffering from a severe affection of the bowels. I was operated upon by skilled physicians five times in three years without any success and was given up to die. My weight dropped from 164 pounds to 100. I had heard so much of Cooper's New Discovery and Quick Relief but must admit I had but little faith in them. I decided however to give them a trial. The result was that in two weeks I was able to be out walking around. I continued the treatment until I was entirely well and now weigh 169 pounds. I cannot thank Mr. Cooper enough for his wonderful medicines.
