REGEPTION AT THE

SANATORIUM.

Nurses Kept Busy Ushering Guests Around the Building. Perfect System.

Many people availed themselves of the invitations published in the Wednesday and Thursday issues of the lournal relative to open house at the Stewart Sanatorium. During the entire time the ashers were busy showing the guests through the rooms, and giving such information as would be interesting and valuable. Every person who entered the door was courteously received and shown through the institution, and there were many manifestations of surprise at the equipment

and service. The host of the occasion was the head nurse, Miss M. S. Covington; she was assisted by Misses Norma and Leona Cox, May Hendren, Nannie Street and Carrie Arendell. The ushers were the nurses and student nurses. Misse Justice, Powell, Blalock and Powers. In the retreshment room Miss Leila Styron poured the coff-c, Miss Janie Stewart officiated at the punch bowl and Miss Maud Stewart served the

The purpose of this informal reception was, as has been stated, to a quaint the people with the accommodations and equipment at the institution From beginning to end the place is model of neutness and elembness There is no superfluous furniture nor draperies to catch and hold dust and be a breeding place for germs. While it s plainly furnished it is not uninviting The wards and private rooms are a serupulously clean and neat.

The operating room is fitted with a that is best for that department. The table, a model of compactness and efficiency has the credit of being the best known to the surgical frateristy. The sterilizing room which is very elaborate gives proof that there is not an instrument, cloth, handage or anything used ia connection with an operation that is not thoroughly cleansed and steril and in the most approved way.

All in all the Sanatorium is arranged and conducted in a most admirable man ner and the people of New Bern should appreciate it, for it is a very necessary institution. Mr Stewart is to be commended for making the building into a place which will be of great benefit to the city. It will be remembered that there are several "endowed" heds which are to insure treatment for those who are not financially able to go there as patients. The reception was a success and we trust the interest taken in the Sanatorium yesterday will be per-

torium today is for the purpose of acquainting the public with the system used there. It must sooner or later be the misfortune of everyone to be sick and possibly require expertattendance. At this institution one may be assured of as careful and considerate treatment

as is possible. The head nurse, Miss Mabel Covingon, will welcome all who attend the reception and will be very pleased to show the advantages of the place to the visitors. The hours are from 4 to 0 end from 8 to 10 this evening

In accordance with the time honored ustom of religious service on Thanksgiving day the various churches will have meetings with appropriate services. All beginning at the regular hour of Sunday services, 11 o'clock a. m. The collections will be for the denominational orrhanages. The reason for the extraordinarily

high price for turkeys lies in the fact that they are a very scarce article therebeing scarcely 50 per cent of the supply a year ago. The wet weather was disastrous to the turkey industry. There will be a praise service tonight

at 7:31 o'clock at the Christian church on Hancock street. The program will consist of solos and choruses, and recitations. At the close a voluntary offering will be taken up. Everybody cordially invited to attend. One rurely hears of a father and two

There was a fireWednesday afternoon The damage triffing but supposing it Mr. A. D Fisher went to New Bern had been otherwise, what would have been the result? The horse of the Atlantic wagon balked just as it left the engine house and it required a lot of coaxing to get it on the way. The horse is acquiring a bad habit of getting contrary just at the wrong time and something ought to be done to stop it before anything serious occurs.

Do You Want to Know What You Swallow ?

There is a growing sentiment in this country in favor of arbitrines of anoway composition. It is but natural that one should have some interest in the composition of that which he or she is expected to swallow, whether it be food, drink or medicine.

to swallow, whether it be food, drick or medicine.

Recognising this growing disposition on the part of the public, and satisfied that the fullest publicity can only add to the well-carned reputation of his medicines, Dr. R. V. Pierce, of Buffalo, N. Y., has "taken time by the forelock," as it were, and is publishing broadcast a list af all the ingredients entering into his leading medicines, the "Golden Medical Discovery" the popular liver invigorator, stomach tonic, blood purifier and heart regulator; also of his "Favorite Preseription" for woak, over-worked, brokendown, nervous and invalid women.

This bold and out-spoken movement on the part of Dr. Pierce, has, by showing exactly what his well-known medicines are composed of, completely disarmed all harping crities who have heretofore unjustly attacked them. A little pamphlet has been compiled, from the standard medical authorities of all the several schools of practice, showing the strongest endorscments by leading medical writers of the several ingredients which enter into Dr. Pierce's medicines. A copy of this little book is mailed free to any one desiring to learn more concerning the valuable, native, medicinal plants which enter into the composition of Dr. Pierce's medicines. Address Dr. Pierce as above.

Remembered the Poor

The Graded School had its Thanksgiving yesterday by observing their anaual custom of giving to the poor. The sight presented was one that would inpress anyone with the beauties of giving. The scholars went to school with baskets filled with good thirgs to catfruit and much of the more sunstantial articles and dealt them out with a lavish hand. It is said that a two-horse wagon could scarcely hold all the well filled f Miss Hendren, by Misses Hendren baskets and packages. The custom is a beautiful one and much credit is due students for their open hearted generosity. The school closed for the week.
