## The Best Guaranty of Merit is Open Publicity.

Every bottle of Dr. Pierce's world-famed medicine leaving the great laboratory at Buffalo, N. Y., has printed upon its wrapper all the ingredients entering into its composition. This fact alone places Dr. Pierce's Family Medicines in a class all by themselves. They cannot be classed with patent or secret medicines because they are neither. This is why so many unprejudiced physicians prescribe them and recommend them to their patients. They know what they are composed of, and that the ingredients are those endorsed by the most eminent medical authorities.

The further fact that neither Dr. Pierce's Golden Medical Discovery, the great stomach tonic, liver invigorator, heart regulator and blood purifier, nor his "Favorite Prescription" for weak, over-worked, broken-down, nervous women, contains any alcohol, also entitles them to a place all by themselves.

Many years ago, Dr. Pierce discovered that chemically pure glycerine, of proper strength, is a best solvent and preservative of the medicinal principles residing in our indigenous, or native, medicinal plants than is alcohol; and, furthermore, that it possesses valuable medicinal properties of its own, being demulcent, nutritive, antiseptic, and a most efficient aneurism.

Neither of the above medicines contains alcohol, or any harmful, habit-forming drug, as will be seen from a glance at the formula printed on each bottle wrapper. They are safe to use and potent to cure.

Not only do physicians prescribe the above, non-alcoholic medicines largely, but the most intelligent people employ them—people who would not think of using the ordinary patent, or secret medicines. Every ingredient entering into the composition of Dr. Pierce's medicines has the strongest kind of an endorsement from leading medical writers of the several schools of practice. No other medicines put up for like purposes has any such professional endorsement.

Dr. Pierce's Pleasant Pellets cure constipation. Constipation is the cause of many diseases. Cure the cause and you cure the disease. One "Pellet" is a gentle laxative, and two a mild cathartic. Druggists sell them, and nothing is "just as good." Easy to take as candy.

**Man and His Pockets.**  
A tailor who had received an order for a suit of clothes was asked by the customer's wife for an interview.  
"I want to ask you as a special favor," she said, "not to put any pockets in my husband's clothes."  
"Why not?" asked the astonished tailor.  
"Because they are responsible for his looking so shabby so much of the time," she explained. "He wears his clothes for weeks without pressing because he says it is too much trouble to change the things in his pockets to another suit. He says that half the men who go around in seedy clothes do so for the same reason. If that is so, just leave out the pockets, and they will have no excuse for shabbiness."  
"That is a new point of view," said the tailor. "I will see about it."  
But when the suit came home it had the usual number of pockets.—New York Sun

## A WORTHY OBJECT.

The Womens' Club is Agitating the Reformatory or Industrial School for Youthful Criminals.

Those who keep up with State news, know that for some time an effort has been made to interest the women of North Carolina in the building of a reformatory, or industrial school for the young criminals of the State. The existing conditions now incarcerate boys in the penitentiary, where they are constantly associated with hardened, vicious men, rendering it well nigh impossible to restore them to a sense of moral obligations, or save them from a life of crime.

With such an institution of correction and industrial training, in which these waifs have an opportunity to become skilled workmen in various occupations which promotes the good of the community, these unfortunates will in many instances become good citizens and prove a good investment for the State.

Certainly nothing more deserving could engage the activities of the women, and the womens' clubs. Instead of frittering away money on non-essential, a concentrated effort in that direction would be of incalculable benefit. It should not be confined however to any organization, creed or sex, but every man and woman in North Carolina should lend a helping hand.

A petition to the General Assembly recommending that steps be taken for the erection of such an institution will be circulated in this city, and the signature of every man and woman is earnestly requested.

## Tribute to Judge Bryan.

North Carolina, Caldwell county, In Superior Court, November Term, 1906.

At a meeting of the Bar of the 13th Judicial District, held in the court house at Lenoir on December 6th, at the expiration of the November Term of Superior Court, the following action was had, touching the official life of Honorable Henry R. Bryan, Judge of the Third Judicial District of North Carolina, and the following resolutions were adopted, to-wit: Whereas, The Honorable Henry R. Bryan has been a Judge in the State of North Carolina for sixteen consecutive years, and has held court in every county in the State;

And Whereas, this is his last term, and ends his office as Judge for the present, it is thought proper, as a mark of appreciation of the services of this upright and faithful judge, that some expression of opinion by the members of the Bar at this term, should be had:

It is therefore Resolved, that it is with regret that we lose the services of this most elegant gentleman, this faithful, upright and able Jurist.

Resolved, That in the official life of Judge Bryan, no stain is to be found upon the judicial ermine. That he is not only a learned and upright judge, but the uniform courtesy, while in the discharge of the functions of his high office, extended to the members of the Bar, to the Court, and litigants, has made him a most acceptable judicial officer.

Resolved, That his firmness and courage in the discharge of the duties devolving upon him as judge, the patience to hear, the discriminating intelligence to discern and adjudge, have given him an exalted position among the great jurists who have honored and adorned the Judiciary of North Carolina.

Resolved, That during the period that The Honorable Henry R. Bryan may be permitted to remain in private life, he will have the highest regard of the Bar of the 13th Judicial District, because of his decisions and opinions; which have always been characterized by a high sense of justice and fairness to all litigants, irrespective of their station in life.

Resolved, That upon retiring from the Bench, his brethren of the Bar extend to him their affectionate regard, and gladly welcome him again to their ranks, wishing him the success he so well deserves, and many years of long and happy life.

Resolved, That the Clerk of this Court copy the proceeding of this meeting upon the minute docket of the Court; and that a copy be furnished to the Lenoir Papers, and those of his home city of New Bern; also to The Raleigh News and Observer, with the request that they publish the same; and that the original be given to Judge Bryan.

## Dismissed for Drunkenness

[Special Correspondence.]  
Raleigh, Dec. 10.—United States Marshal Claud Deokery used the wire today in prompt dismissal of his deputy at New Bern, McRae Dinkins, on account of drunkenness while performing duty.

## SHORT PASSING EVENTS.

A private telegram received last night states that the invitation of the New Bern church to the Methodist conference to hold its session here next year had been accepted.

Those who wish to sign the petition to the legislature for the establishment of a Reformatory or Industrial School will find a paper for that purpose at the Journal office.

The regular monthly meeting of the Bright Jewish Society will be held this afternoon at Centenary church. A full attendance is requested, as preparations are to be made for the Christmas entertainment.

Mrs. Nannie Curtis, of Sherman, Texas, the "Silver Tongued Orator", will deliver three lectures at the Centenary Methodist Church on Monday, Tuesday and Wednesday nights. Mrs. Curtis is an eloquent and powerful speaker and has high recommendations from many places all over the country.

Mr. A. J. Edmondson of Pattonsburg Mo. the minister who is to preach for the church of Christ's Disciples this year is delayed on the road and will not be here in time to preach today as was expected but will be here Monday or Tuesday. There will be communion services at 11 o'clock, Sunday School at 3 p. m. A cordial welcome to all.

There was some good and some bad about the Irish Pawnbrokers at the opera house last night. As a comedy it was worse than worthless, as a vaudeville there were some very good stunts, particularly Marie Dockham, the girl with the chair. Few acts have been performed on the stage that will compare with it for exhibition of iron jaw strength.

The muddy condition of some of the water which came through the faucets yesterday was due to the washing out of the mains, and the cleaning out of the stand pipe. It was over in a short time and was not foul water, although not the kind of water one would wish to drink. The water will be clean and better from now on.

The annual church calendar of Christ Church will be issued during the coming week and will be very handsome and unique. The calendar is a departure as it is to be made in New Bern and besides the regular calendar, will have a mounted photo of the church and Parish House together with a list of the services of the church and times of meeting of the various church organizations. It will be a very handsome Christmas souvenir as well as a reminder of church duties.

There's a full fledged gambling establishment on Middle street Of course it's a small concern, you chuck your 10 or 15 cents and possibly may be fortunate to win a turkey. It doesn't amount to much but it's the principle of the thing. What are you going to do about it? If the ham was confined in merely winning or losing the turkey—which is the stake, there would be no complaint, but the seeds of corruption are being sown there, and the harvest means a whole lot of trouble.

Capt. James B. Lloyd who for some years was the associate editor of the Tarboro Southener has taken the position of editor of the Daily Times-Courier at Lincoln, Ill., and will champion the candidacy of Hon. W. J. Bryan, of whom he is a personal friend and admirer. He served some time as assistant Sergeant at Arms of the United States Senate and since his retirement from that exalted position he has been a correspondent for the Raleigh Times and Charlotte Observer. He is a brilliant and fluent writer and doubtless will score a great success in the fourth estate in the western city.

The Journal has not mentioned it before but do your Christmas shopping early.

The long forecasted rain began last night. Rain is ordered for today.

During the hour between two and three o'clock the up-town fire bell will toll for the funeral of one of the members of the sixth ward Reel Company.

The Presbyterian bazaar will take place in the lecture room of the church this evening.

The assignments made by the Methodist conference had not been fully made public last night. The presiding elder for the New Bern district will be Rev. M. Bradshaw, the minister of the New Bern church is Rev. Beaman and Rev. G. T. Adams will preach in Durham.

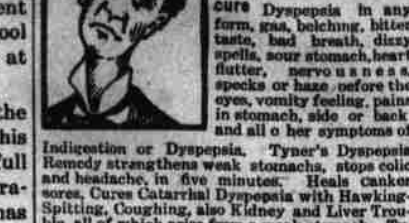

Sammy, the four year son of Mr. C. S. Hill of Dover, was run down by a transfer near the Norfolk & Southern depot yesterday and sustained painful but not serious bruises. The muscles of the arm were strained. He was taken to the home of his aunt, Mrs. W. P. Marshall, where his mother is visiting and his injuries attended to.

The Revenue Cutter Boutwell arrived in port Sunday morning with the disabled gasoline yacht Lagonda in tow. The Peruchi-Gyprene Company who have an engagement at the New Bern opera house for the entire week are quartered on the Lagonda. She had been at Roanoke marshes for nearly a week when found by the Boutwell.

On Saturday morning the Cutter Boutwell found the schooner M. G. Walstein capsized and abandoned in mid-channel in the Pasquotank river about 20 miles below Elizabeth City. She was righted, towed to Elizabeth City and turned over to her owners by the Boutwell. As she was directly in the tra k of steam and sail vessels bound up and down the river and mostly submerged she was a grave danger to navigation.
