TORTURED BY ITCHING ECZEMA

Suffered Tremendous Itching Over Whole Body—Scratched Until Bled—Worse at Night, With Soreness and Excruciating Pains—A Western Lady's

WONDERFUL CURE BY CUTICURA REMEDIES

"Last year at this time I suffered with a tremendous itching on my back, which grew worse and worse, until it spread over the whole body, and only my face and hands were free. For four months or so I suffered the torments of the damned, and I had to scratch, scratch, scratch, until I bled. At night when I went to bed things got worse, and I had at times to get up and scratch my body all over, until I was as sore as could be, and until I suffered excruciating pains. I did not know what it was, and resorted to a number of blood purifiers, using at times also Cuticura Soap. They told me then that I was suffering from eczema. Then I made up my mind that I would also use Cuticura Ointment and Cuticura Resolvent. I used them according to instructions, and very soon indeed I was greatly relieved. I continued until well, and now I am ready to recommend the Cuticura Remedies to any one who suffers as did your obedient servant. Mrs. Mary Metzger, Sweetwater, Okla., June 23, 1905."

TORTURING, DISFIGURING

Humors, Eczemas, and Itchings Cured by Cuticura. The agonizing itching and burning of the skin, as in eczema; the frightful scaling, as in psoriasis; the loss of hair and "trusting" of scalp; or the scalded head—all demand a remedy of almost supernatural virtues to successfully cope with them. That Cuticura Soap, Ointment, and Pills are such stands proven beyond all doubt.

EXONERATED POLICEMAN.

Officer Skeene Did Not Exceed His Duty in Shooting Negro Prisoner.

Greensboro, Dec. 20.—Last night the board of aldermen in special session investigated the shooting by Policeman Skeene sometime ago of a negro prisoner, and decided that while the shooting was unfortunate, it was not in violation of the law, and the officer did not exceed his rights in the premises. A few weeks ago, while bringing to the lock-up George Wilson, who had been disorderly and was under the influence of whiskey at the time, the negro gave him some trouble, taking the officer's belt and striking the officer. The negro man ran and Policeman Skeene shot at the fleeing man, felling him. The negro was carried to the hospital and it was thought at first that he could not live, but while still there and paralyzed, it is now that he will recover. The negroes of the city were incensed at the shooting and circulated greatly exaggerated and incorrect reports about it. A negro minister went to work and secured money with which to prosecute the officer. Several lawyers volunteered their services in Mr. Skeene's behalf but he decided that one attorney could be sufficient. Col. Barringer appeared for him. An effort was made last week to have the officer indicted before the Grand Jury, but it is said that Solicitor Brooks, after examining the witnesses, said it would be useless to send a bill. The investigation was heard upon request of policeman Skeene.

The Majestic Range Demonstration.

The Majestic range which has no superiors and few equals as a cook stove is on exhibition at the Whitty hardware store. The range is not new in the city, there are many who have one in their kitchens and are greatly pleased with it. It is built upon the most approved and scientific plan of stoves and while the manufacturers do not claim that it is the cheapest they show how and why it is the least expensive. Many people went the other way to see it and several ranges were purchased. A warm lunch was served to the visitors to show he has ever known.
