THE FARMERS INSTITUTE.

A Light Attendance But Interesting Discussions And Profitable Papers.

The cold weather doubtless had some effect on the attendance at the Farmers Institute at the court house yesterday but the few who were there profited immensely by going there. T. B. Parker and Franklin Sherman, Jr., were the main speakers, and they were listened to attentively and the discussion of their theme was lively and full of interest. The improvement of the soil by rotation of crops and by legumes was the subject which occupied most of the morning session. The use of fertilizers entered largely in these papers. Franklin Sherman, the State entomologist gave some excellent suggestions on the treatment of pest infested fruit trees and a discourse on insect pests which injure crops was also very interesting and many new ideas were obtained.

In the afternoon Mr. Parker gave a talk on corn culture bearing on the importance of corn as a crop, its standing in the grain market of the world and how it can be improved. He had specimens of good and poor corn and told why they were in that condition and how to avoid having poor crops when everything else is favorable. The paper on suggestions on improvement of farm homes was timely and important, he stated that if the majority of country homes were made more comfortable and pleasant the condition of the farmer would be much better and agriculture would have more attractions. It is regrettable that none could not have attended this excellent meeting for the talks were highly edifying.

From the Bluffton, S. C. Banner:

"When tired out, go home. When you want consolation, go home. When you want fun, go home. When you want to show others that you have reformed, go home and let your family get acquainted with the fact. When you want to show yourself at your best go home and do the act there. When you feel like being extra liberal go home and practice on your wife and children first. When you want to shine with extra brilliancy go home and light up the whole household." To which we would add, when you have a bad cold go home and take Chamberlain's Cough Remedy and a quick cure is certain. For sale by Davis Pharmacy and F. S. Duffy.

Obituary:

Enoch Holton died of pneumonia at his home No. 105 Hancock St., New Bern, N. C., December 13th, aged 41 years 3 months and 5 days. He leaves a wife and nine children, a number of relatives and a host of friends to mourn his death.

The writer was personally acquainted with Enoch and has met but few who were as free and liberal as him in responding to the needs of his fellowman. Thus being free and open hearted, to know him was to admire him for the many noble traits of character he possessed. But alas, death, the arbitrator of human grievances has called our friend to that bourne from whence no traveler returns. And while we weep over his departure, we place the evergreen upon his grave confidently believing his soul will bloom in eternal spring. We tender our sympathy to the bereaved family and point them to the great God above, who looks with infinite compassion upon the widow and orphan and will spread the arms of his love and protection around those who put their trust in Him

The tide was very high here yesterday giving evidence of a fierce storm on the sound.

Monday night some men who were on a boat in the slip at the foot of Middle street were startled to hear feeble groans. The noise coming from the water they cast about to find the source of the distressful sound. At last they located it and they saw a human form in the water clinging to a post with all the grim determination of a man fighting death. Noting that the case was desperate they cast about to do the rescue act, and discovered upon the first attempt to get the man out that he was no infant—he weighed 290 lbs. He was fished out of his moist retreat with some difficulty, but the man is probably thankful that he is alive at all and saying nothing how he came to be "driven to drink." He was in the water over an hour, and the witness inside was what caused the wetness on the outside.

Reprint, News-Herald: "There is at least one effectual, safe, and reliable Cough Cure—Dr. Shoop's—that we regard as suitable, even for the youngest child. For years, Dr. Shoop bitterly opposed the use of opiates or narcotics in medicine, offering \$10 per drop to any one finding Opium, Chloroform, or any other poisonous or narcotic ingredient in Dr. Shoop's Cough Cure. And the challenge is as yet unanswered. Here is one manufacturing physician, who welcomed with much satisfaction, the new Government Pure Food and Drug Law. The public can now protect itself at all times, by insisting on having Dr. Shoop's when a cough remedy is needed." Sold by F. S. Duffy.

KEEP THE KIDNEYS WELL,

Health is Worth Saving, and Some New Bern People Know How to Save It

Many New Bern people take their lives in their hands by neglecting the kidneys when they know these organs need help. Sick kidneys are responsible for a vast amount of suffering and ill-health, but there is no need to suffer nor to remain in danger when all diseases and aches and pains due to weak kidneys can be quickly and permanently cured by the use of Doan's Kidney Pills. Here is the statement of a New Bern citizen who has reclaimed good health by the use of this remedy.

C. Lupton, one of the best known policemen of New Bern, of 135 East Front St., says: "We think Doan's Kidney Pills are all right. I have tried them and can recommend highly. My back and kidneys troubled me for quite a while. The trouble was right across the small of my back, which seems to be the weakest part about me. I tried plaster and other remedies but none of them acted like Doan's Kidney Pills which I obtained at the Bradham Pharmacy. They are a good pill and I will not hesitate to say so to anyone."

For sale by all dealers. Price 50c. Foster-Mill Co., Buffalo, New York, sole agents for the United States.
