in the fertilizer is necessary. Stable manure alone makes scaly, coarse and irregular shaped potatoes—mix it with Potash, a larger yield of a better quality is a sure result.

How to apply Potash, the reasons for applying it, and other vital points of successful potato growing, are all discussed in our booklet. Why not have it? It costs you nothing but the asking.

The Chinese boycott of American goods is being revived.

**The Tobaccoist's Emory.**  
One of the most peculiar things in the whole history of signs is the fact that while all other shopkeepers were patronizing the embryo painters the tobaccoist always called upon the woodcarver on the continent as well as in England. As long ago as Elizabeth's reign the wooden image of the black boy was the favorite sign of the tobacco dealers. Later the customary sign was the highlander or a figure of Sir Walter Raleigh. In Holland, for some strange reason, the tobaccoists adopted the dairymaid as their sign, with the motto, "Consolation for sucklings." The Indian, naturally enough, has always been the predominant sign in this country, although once in awhile a reversion to type crops out with the ancient black boy.

**The Great Jenner.**  
An Englishman had occasion to go often to an eminent physician and said to Jenner, "You will be tired of opening the door for me." "Not at all, sir," was the gracious reply; "you are but a hunt in the ocean."

Another Jenner was accustomed to say during his master's occasional absences: "You had better try hoptoise. There's a very respectable man hoptoise as we often sent to when Sir William is absent. His name is Jenner."—London Mail.

**How Long the Bills Last.**  
A dollar bill has an average life of about fifteen months. Two dollar bills, not being quite so actively used, last on the average more than sixteen months. A five dollar bill lives on an average two years before it is worn out and the government is called upon to replace it. Ten dollar bills last about three years and twenty dollar bills more than four years.—Youth's Companion.

**No Bargains.**  
"Eternal vigilance," shouted the orator, "is the price of liberty!"  
The women electors exchanged glances.  
"That is the same price as last year," they remarked and shrugged their shoulders.  
There were no bargains to be had, and they lost interest in the proceedings.

**The School.**  
"How do you get those clinging ways?" asked the country cousin.  
"Hanging from street car straps," answered the city girl.—Washington Herald.

Men have a touchstone whereby to try gold, but gold is the touchstone whereby to try men.—Fuller.

## Constipation

Baked sweet apples, with some people, bring prompt relief for Constipation. With others, coarse all-wheat bread will have the same effect. Nature undoubtedly has a vegetable remedy to relieve every ailment known to man. If physicians can but find Nature's way to health. And this is strikingly true with regard to Constipation.

The bark of a certain tree in California—Cascara Sagrada—offers a most excellent aid to this end. But combined with Egyptian Senna, Slippery Elm Bark, Solid Extract of Prunes, etc., this same Cascara bark is given its greatest possible power to correct constipation. A touchstone Candy Tablet, called Lax-ets, is now the most effective prescription. Its effect on Constipation, Biliousness, Sour Stomach, Headaches, Bowel Complaints, etc., is indeed prompt and satisfactory.

No filling, no unpleasant after effects are experienced, and Lax-ets are put up in beautiful lithographed metal boxes at 5 cents and 25 cents per box.

## WOODMEN ON PARADE.

### The Second Grand Event of the Stirring Fraternal Order

The Woodmen of the World demonstrated for the second time yesterday that they are able to present as good and unique an entertainment as need be given in the time of street parade. There have been grander pageants that have traversed the streets of New Bern and processions have occurred wherein the trappings were far more elegant than anything seen yesterday but it is doubtful if there has ever been a more novel and pleasing scene than was presented at that time. Of course the prevalence of ox teams was a feature that attracted the attention because they are not seen every day.

The parade was formed at the Forest according to the program with the exception of the intermediate squads of "Woodmen on Foot", which it was found impracticable to have on account of the liquid condition of the streets. However, the wagons, carts and horsemen together with the various attractions of bands, fanatics etc., made it a very interesting sight.

Prominent among the horsemen was Chief of Police Harget mounted on the old bay bank fire horse "Jim" these two old warriors and servants of the city were the observed of all observers. Twenty-five years have they served the city faithfully in their capacities and they are both in good condition, although Jim is on the "retired" list. It was a common comment on the street as the people noted him that he still had so much of the fire of youth in him. He seemed to enjoy the proceedings and pranced and capered on the march as he did years ago.

The exercises at night consisted in the installing of officers in which Mr. E B Lewis, of Kinston, officiated and afterward he delivered the address which was greatly appreciated. The entire proceedings showed the growth and strength of the order locally.

**Bad Stomach Trouble Cured.**  
Having been sick for the past two years with a bad stomach trouble, a friend gave me a dose of Chamberlain's Stomach and Liver Tablets. They did me so much good that I bought a bottle of them and have used twelve bottles in all. Today I am well of a bad stomach trouble.—Mrs. John Lowe, Cooper, Maine. These tablets are for sale by the Davis Pharmacy and F S Duffy.

## WHAT THE KIDNEYS DO

Their Unceasing Work Keeps us Strong and Healthy.

All the blood in the body passes through the kidneys once every three minutes. The kidneys filter the blood. They work night and day. When healthy they remove about 500 grains of impure matter daily, when unhealthy some part of this impure matter is left in the blood. This brings on many diseases and symptoms—pain in the back, headache, nervousness, hot, dry skin, rheumatism, gout, gravel, disorders of the eyesight and hearing, dizziness, dropsy, deposits in the urine, etc. But if you keep the filters right you will have no trouble with your kidneys.

B. R. King, the well known policeman, residing at 706 Wooster street, Wilmington, N. C., says: "I had terrible pain in my back which worked around to my side and in my stomach, so bad at times that it laid me up. I used internal medicines and they did not help me. I used plasters and rubbed with liniment and none of them helped me at all. Seeing Doan's Kidney Pills recommended I got a box of them. The next day after commencing to use them I noticed relief. Since using two boxes of them I have not had an ache or pain in my back. It is with pleasure that I add my name to those endorsing the claims made for this remedy."

Plenty more proof like this from New Bern people. Call at Bradham's drug store and ask what customers report.
