who has a sum of money he does not need for a time should remember that he is likely at any time to need that money, and need it badly in his own business affairs or to meet some unexpected expense.

If he puts it into some permanent investment or lends it to a friend, he may suffer no end of trouble because he cannot get his own money when he needs it.

He had far better put his money on a savings account in this bank where it will earn FOUR per cent interest, and where he can get it at any time he needs it.

NEW \$30,000 SCHOOL BUILDING

The Pressing Needs of More Accommodations to be met by Provisions of Chamber of Commerce.

Special Correspondence.

Greensboro Jan. 24. At a largely attended meeting of the Greensboro Chamber of Commerce last night resolutions were adopted favoring the appropriation for \$30,000 for new school buildings. From a report made by a committee selected from the Chamber of Commerce, it was shown that these additional buildings were greatly needed, as the rooms of the present buildings are over crowded, and in some of the lower grades the class is divided, so that half are taught in the morning, and the others in the afternoon.

Mr. Wallace E. Phillips, of this city has been notified by Hon. W. Kitchen that he has been selected as first alternate to the Naval Academy at Annapolis, Md., and that his name has been forwarded to the proper official there.

The Date Settled

The date has been definitely settled for the K of P band's big benefit minstrel for Feb. 6th and rehearsals will commence at once. Messrs. Holloway and D'Vaignie carry all the wardrobe "which was made by DeLaney & Co., of New York," all stage settings, electrical effects and the street parade costumes are very rich and handsome. In all over one thousand dollars have been expended on the paraphernalia. The orchestra will be augmented to ten men from Wilmington, and they carry three big professional acts in conjunction with the best home talent and one other thing—no local jokes or anything is said or done to offend the most fastidious.

The Minstrel Show is Coming

James Crosby, "The Tall Talker" heads the big company of comedians, singers and dancers who make up the "Dandy Dixie Minstrels". With this strictly modern and magnificent organization of colored players comes the Cotton Pickers' Band and a big olio of specially imported acts who, after their long engagements in Europe, appeared on the feature attraction of the New York Theatre Roof Garden all of last summer. Besides James Crosby, there are the Campbell Bros new musical act; Fanny Brown, acrobats; Williams and Stevens, impersonators; a big novelty number sang, with moving picture effects, entitled "My Old Kentucky Home" and the entire company in the latest comedy with music "A Fowl Affair." The Dandy Minstrels will be seen at the New Masonic Opera House Friday February 1.

Farmers Fraternal Life Association

The Farmers Fraternal Life Association of North Carolina, met in its 21st annual meeting Jan. 16th in the court house in Kinston.

President George Turner made a very earnest and edifying address on Fraternality, Fraternities and Life Insurance. At 11:45 he declared the Association ready for business. The minutes of the last meeting were read and approved, the roll was called and delegates from thirteen post offices answered.

The initiation fee \$3.00 was made permanent, one of which goes into the treasury to be added to the one advance assessment fund, as the law requires.

The Finance Committee reported that the books of the Secretary and Treasurer were all right.

The Secretary's report showed 302 members in good standing, 18 half rate members; that we had collected and paid \$3,364.69 in 1906; cost to each full rate member \$10.00 for widows and orphans; that the Association is free from debt; that notwithstanding the loss of about \$1,000 by the Loftin bank failure, we have saved from our expense fund until we have paid in full 100 per cent.—all our obligations, and have a balance in the Treasury sufficient for the one advance assessment ahead and for current expenses etc. We hope at an early date to collect balance due from Mr. Loftin.

Motion by brother Reingold passed that every member use his influence to aid agents in securing members, that we may double our membership before we meet again.

The same officers were re-elected for 1907.

A motion by brother Alfred Gaskins that the Secretary send a copy of the proceedings of this meeting to the New Bern Journal and Kinston Free Press with request to publish.

The Association then adjourned to meet the 4th Thursday in June at 11 a. m. 1907 in the court house in Kinston.

An Unusual Publication.

Every week there is issued from the presses of the New York World a section of the Sunday paper known as the Sunday World Magazine. This publication is today in the lead of all others in the world, so far as mechanical production is concerned. The make up of the pages, the pictorial excellence and novelty, and the distribution of color throughout put it in the class of wonder works. Twenty years ago such a collection of pages would have set the country agog. Even ten years ago such a thing would have been practically impossible.

He urged the passage of the Hepburn-Dolliver bill by Congress. Chairman Bailey read his annual report. Heriot Clarkson was elected president and made an address in which he counseled great care in any steps taken, in order to lose no ground. He said there was prohibition in sixty-seven counties. John A. Oates was made permanent secretary. The former vice-presidents were re-elected, except that W. C. Dowd succeeds Clarkson, now president. A committee was appointed to invite Governor Glenn to address the committee tonight. The following committee on platform or policy was named: A. M. Scales, R. B. White, Joseph A. FIFTEEN YEARS OF ECZEMA

Affected Hands, Arms and Legs—Endured Terrible Itching and was Unable to Sleep—Would Tear the Bandages to Scratch the Skin—In less than One Week

CURED BY THE CUTICURA REMEDIES

"I had eczema nearly fifteen years. The affected parts were my hands, arms and legs. They were the worst in the winter time and were always itchy, and I could not keep from scratching them. I had to keep both hands bandaged all the time, and at night I would have to scratch through the bandages as the itching was so severe, and at times I would have to tear everything off my hands to scratch the skin. I could not rest or sleep. I had several physicians treat me but they could not give me a permanent cure, nor even could they stop the itching. After using the Cuticura Soap, one box Cuticura Ointment and two bottles Cuticura Resolvent for about six days the itching had ceased, and now the sores have disappeared, and I never felt better in my life than I do now. Edward Worell, Band 30th, U. S. Infantry, Fort Crook, Nebraska.

Roses in January

If we have not had actual roses we have had it hot enough in the past week for them. When we consider the 30 degrees in the summer is regarded as very warm we realize that 80 degrees at this time of the year is unprecedented. On Saturday there was a slight cold wave and the thermometer was down to 50 degrees a fall of 30 degrees in 24 hours Sunday it moderated and arose to 64 degrees. The cold wave came Monday night the mercury went to 28 degrees, a fall of 36 degrees from Sunday Tuesday night the mercury was 29.
