Raleigh, Jan. 29.—The House and Senate committee on immigration unanimously decided to report favorably on Preston's bill directing the agricultural department to seek immigration employment agents in the United States or abroad who may without fee act as agents of such citizens of North Carolina as desire through the agricultural department to accede to the expense of bringing immigrants to their lands or industries. The board of agriculture will devote \$10,000 to this division of its work, the efforts to secure immigrants will be confined to the United States and to the Anglo Saxon, Teutonic, and Celtic races abroad. Many prominent cotton mill men and farmers urged the bill.

Raleigh, Jan. 29.—In the House Laughinghouse introduced a bill prepared by the Corporation Commission and in answer to a letter signed by fifty members of the House requesting the committee to say what additional powers it desired the legislature to confer upon it for the more efficient discharge of its duties. Laughinghouse said he hoped the bill would give the Commission power to do something and that it would do something; and if it did not he trusted that two years hence the Commission would be abolished.

The bill requires all transportation companies to establish and maintain all such public service facilities as may be reasonably just. Requires when practicable and the necessities of the public demand that any railroad shall install and operate one or more passenger trains and any two or more railways intersecting shall make close connection. The Commission is to carefully examine the condition of each road, its equipment and management, regard its public safety and convenience and if found unsafe to immediately require the company to make repairs. The Commission is empowered to make just and reasonable rates for telephone rentals and messages.

It is authorized to prevent discrimination and unjust or unreasonable rates and can employ counsel whenever necessary. In transmitting this bill the Commission wrote that if enacted it would enlarge its powers and enable it to give greater service to the State. In Virginia the Corporation Commission is established by the constitution can issue injunction and mandamus render judgments for penalties, and issue execution and appeals must be direct to the Supreme court. To confer this power to them would require a constitutional amendment but it would add greatly to the efficiency of the Commission and if the legislature concurs in this view the Commission will prepare a bill for such amendment to the constitution.

Raleigh Jan 29th. Laughinghouse bill prohibiting pound nets in Pamlico, Tar, Neuse and Roanoke rivers at certain seasons came upon third reading in the house. Galloway of Green advocated it. Said the Dutch nets at the mouths of their streams had effectually prevented the getting of any shad by citizens living in interior counties and would eventually destroy the industry in the Sound as it had been destroyed in the rivers. He said that since the bill yesterday passed second reading great shoals of Dutch net lobbyists had come here and were working in every quarter of the Capitol to defeat it today. He begged that the demands of eleven counties as against the private interests of three-fourths of Beaufort county be given attention and the bill passed. Douglas moved the bill be recommitted. This motion prevailed. Raleigh Jan 19th. The Senate and house committees on railways devoted the afternoon and evening session to

hearing officers of Interstate roads, Henry A. Page, President Aberdeen and Asheville railway being the principal one. He antagonized rate reduction and declared it was grave error to think that embarrassment of big railways did not effect small ones adversely.

Toledo, Ohio, Jan 31.—Rev. Albert Holden was today convicted of bigamy. He is declared to have 13 wives. His sons have also been indicted of the same crime. All the victims of the minister were women who have professed religion in the revivals that Holden had held.

Washington, Jan 31.—Senator Raynor of Maryland address the Senate this afternoon on executive usurpation of President Roosevelt. He said that the President's motives were doubtless honest and no one had more profound respect for him than he (Raynor) had but that the practice the executive had in taking charge of all branches of the government under his immediate supervision is intensely distasteful to the public and not without great danger.

Gordonsville, Va., Jan. 31.—A carnival of crime seems to be in progress here and the citizens are moved to that pitch of excitement that if one of the men who committed the crime is captured nothing will prevent summary vengeance. Ten houses were burglarized last night, and at four places women chloroformed and outraged. Attempts were made at other houses but they were frustrated. Blood hounds have arrived from Suffolk in the hope of locating the burglar.

Raleigh, Jan. 31.—At this evening's hearing of railroad men before the Senate and House Committees, General Superintendent Frank Gannon, of the Norfolk & Southern, and Assistant Gen. Counsel, George Elliott, of the Atlantic Coast Line were the speakers. No one so far heard has made a better impression than Mr. Elliott. He and Mr. Gannon attacked demurrage features of railway regulation bills and declared the roads were handicapped by lack of trackage and yard systems.

Mr. Elliott suggested that the committee adopt the Interstate Commerce act as regards free passes for the benefit of uniformity. Chairman Graham said the Committee agreed that the free pass provision in the present law so nearly agrees with the Interstate provision that it would not be disturbed.

Raleigh 31st.—The Senate and House committees on liquor traffic this afternoon decided to favorably report bills abolishing barrooms at Windsor and allow its citizens to vote on prohibition or dispensary. Abolished the dispensary at Creswell and allow Dunn to vote on prohibition or dispensary.

The bill passed, 53 to 36.

#### SENATE.

Bills introduced in the Senate to allow Pitt county to work convicts outside county, roads.

Bethel petitioned for extension and for vote on question of dispensary, saloons or prohibition.

The special order in the Senate was the bill granting divorces for ten years separation without issue. It was very warmly debated. It was positively declared by its opponents that it was drafted to meet a particular case, and that it was a bad policy to re-open the flood gates of divorce which the last legislature had closed. The bill passed its second reading, 22 to 20. A motion to put it on its third reading, failed, 19 to 23.

A bill to widely enlarge the powers of the State Chemist in stopping the sale of misbranded or adulterated foods, drugs, confectioneries and liquors passed, as did one guarding against the evil of traffic in certain narcotic drugs.

Special to Journal: SENATE.

Raleigh, Jan 31.—Bills were introduced in the Senate to promise immigration of farmers and laborers from Saxony to North Carolina.

The bill making ten years separation and no issue cause for divorce, which passed second reading yesterday was taken up and provoked another long debate and several amendments. ## CALLS HIS CURE A PERFECT MIRACLE

Suffered Tortures With Terrible, Dry Eruptions Since Reaching Manhood—Doctors All Failed—Became too Disfigured to Leave House—Now Well and Says:

### CUTICURA REMEDIES WORTH WEIGHT IN GOLD

"I cannot help expressing to you my most sincere thanks for the benefit which I have derived from the use of Cuticura Remedies. They represent a perfect miracle and each set is worth its weight in gold to suffering humanity. Ever since the time I grew into manhood I have been suffering from a dry eruption which at times appeared very extensively, and at other times, but to a limited degree, on my body. I consulted a number of medical men without result, and last January I was afflicted with a terrible eruption on my hands, scalp, and face, which was so bad that I could not even leave the house, so I finally resorted to Cuticura. "In the morning after breakfast I took a tablespoonful of Cuticura Resolvent, the same after dinner and supper. Three times a day I washed myself with Cuticura Soap, and three times a week I took a hot bath with Cuticura Soap and applied Cuticura Ointment to the parts that were painful. So far my Cuticura Remedies represent an outlay of only a few dollars and I am completely restored to health, while formerly I had spent dollars upon dollars on doctors, remedies, and treatments without getting cured. Needless to say, I am quite ready to spend my last cent for Cuticura Remedies. Henry E. Kamping, 633 Eagle Ave., New York, N. Y., Feb. 16 and Mar. 16, 1906."

### A PRIGHT WITH PIMPLES

Cuticura Soon Makes Skin Clear.

"My face, a few months ago, was certainly a fright with pimples. I heard about Cuticura Remedies, and got Cuticura Soap and Cuticura Ointment. In a short while my face was well and skin white and clear. I advise any one whose skin is full of pimples and blackheads to use Cuticura Remedies. Ruth Hedderich, 408 W. 3rd St., Panama, Ill., Sept. 22, 1906."

She was a bright and beautiful young lady and was the favorite of a host of friends. It is a sad coincidence that a year had almost elapsed since the death of her father. She was fifteen years old.

"We shall part, but not forever. There will be a glorious dawn. We will meet to part no more. On the resurrection morn."
