

# Growing Girls

Growing girls need care, advice and medicine, especially on reaching the age of puberty. A mother's tender care and words of caution will often accomplish wonders. As for medicine, a gentle, safe and reliable strengthening tonic is Wine of Cardui.

It will prevent and relieve pain, regulate the functions, clear the complexion and strengthen the constitution.

It is a valuable medicine for growing girls. It has aided thousands over a critical period, and saved them from years of suffering. It can never do harm and is sure to do good.

A relief or cure for all female disorders in girls and women.

At every druggist's in \$1.00 bottles. Try it.

### J E Latham's Market Letter.

Special to Journal:

Greensboro, Feb 9—There seems to be a never ending, insatiable demand for cotton of the better and medium grades. The low grades and New York contracts also, seem to find buyers, because the undesirable grades are not pressing and New York futures are up about forty points. This advance is entirely the result of the spot situation, because the preparation for the new crop is making excellent progress, and my friends beyond the Mississippi river predict a large increase in acreage. The "insight" now is over one million bales larger, than the big crop year, and still the mills are greedy buyers. Estimating the crop at 1 3/4 millions, and the consumption at 1 1/2 millions, it does not take a lightning calculator to figure that consumption is only about three weeks behind producing, even with this big crop, and prove beyond argument the need of a big crop to be grown this year. Nature may be less kindly in her distribution of satisfactory cotton growing weather than she was the past year. It is well to remember that only two crops exceeding 1 1/4 million have ever been grown. The situation to me seems so full of possibilities on the side favoring higher prices, and so few probabilities on the side favoring lower prices, that I believe those who invest in cotton in a conservative way will make large profits.

A special room will be reserved in the International Art Exhibition, to be held in Venice this year, for the works of English and Scottish artists and of American artists resident in the city of London.

It's a pleasure to tell our readers a best Cough Cure like Dr. Shoop's. For years Dr. Shoop has fought against the use of Opium, Chloroform, or other unsafe ingredients commonly found in Cough Remedies. Dr. Shoop, it seems, has welcomed the Pure Food and Drug Law recently enacted for he was working along similar lines many years. For nearly 20 years Dr. Shoop's Cough Cure contains have had a warning printed on them against Opium and other narcotic poisons. He has thus made it possible for mothers to protect their children by insisting on having Dr. Shoop's Cough Cure. Sold by F. S. Duffy.

### PHYSICIAN KICKED BY MULE.

Frank Bohannon, the Negro Murderer Grows Submissive in the Shadow of Gallows. Negro Shot by Officer Will Die.

(Special Correspondence.)

Greensboro, Feb 8—In the Federal court this morning, the time was consumed by taking evidence in the Hardin Bankruptcy case, and at 11 o'clock the petitioners rested their case and R. H. Hardin for the respondents was put on the stand. Several other witnesses were examined.

Dr. J. W. Long of this city was summoned to Pilot Mountain this morning, to attend Dr. J. B. Smith, a prominent physician who was kicked in the head by a mule yesterday afternoon. Effort was made to secure a private car to bring him to St. Leo's hospital here, but the car could not be obtained.

Notwithstanding the fact that the carpenters have finished work on the scaffold from which Frank Bohannon will be hanged Friday at noon, his attorney Mr. G. Sam Bradshaw left on the early morning train yesterday for Raleigh to lay the facts of the case before Gov. Glenn and to appeal to his excellency to commute the sentence to life imprisonment. He will show among other things, that while Bohannon killed Bratman he was a tool in Ki Crutchfield's hands and but for Crutchfield, would not have committed the deed, as Crutchfield had a great evil influence over him. Sometime ago Bohannon urged the Governor to interfere, which he declined to do, stating that Bohannon had been found guilty of murder and he believed, justly so. Still Bohannon has a faint hope that he will have his life spared, and to oblige Mr. Bradshaw consented to go to Raleigh. If the Governor does not interfere Bohannon will probably be hanged at 12 o'clock Friday, and while, by law only about thirty can witness the execution. Sheriff Jones has received many applications from people who desire to be present.

George Wilson, the negro who was shot by policeman Skeene, some time last fall while trying to escape from the officer, and who has since been in St. Leo's hospital is not getting on as well as he did some time ago. His lower limbs were paralyzed when he was shot, and it is also thought that he has consumption, so there is little hope for his recovery.

At the home of her parents on Summit Avenue, Miss Alice Callum entertained yesterday afternoon at a linen shower in honor of Miss Alice White, who on Thursday February 7, is to be married to Mr. O. Leslie Grubbs. The receiving party consisted of Miss Callum, assisted by Misses Mollie Jones, Ora Lee, Lake Stafford, Paisley Ellington, Laurinda Richardson and Mary Callum. The dainty bits of linen were suspended in a Japanese umbrella over a cozy corner of Japanese draperies, and after the bride-to-be was seated, the hostess pulled the ribbon which showed the gifts.

Another out-of-town couple were married here last night, they being Mr. Joseph Lewis and Miss Jessica Watson, both of Fall River Mass. by Rev. Father Vincent of St. Benedict's Catholic church. Only a few friends were present at the ceremony. Mr. Lewis is examiner of masonry work for the Southern Railway Company with headquarters at Thomasville, where they will reside.

Neglected Colds Threaten Life. (From the Chicago Tribune.)

"Don't trifle with a cold," is good advice for prudent men and women. It may be vital in the case of a child. Proper food, good ventilation, and dry, warm clothing are the proper safeguards against colds. If they are maintained through the changeable weather of autumn, winter and spring, the chances of a surprise from ordinary colds will be slight. But the ordinary light cold will become severe if neglected, and a well established ripe cold is to the germs of diphtheria, what honey is to the bee. The greatest menace to child life at this season of the year is the neglected cold." Whether it is a child or adult, the cold slight or severe, the very best treatment that can be adopted is to give Chamberlain's Cough Remedy. It is safe and sure. The great popularity and immense sale of this preparation has been attained by its remarkable cures of this ailment. A cold never results in pneumonia when it is given. For sale by Davis Pharmacy and F. S. Duffy.

## Weak Kidneys

Weak Kidneys, surely point to weak kidney nerves. The Kidneys, like the Heart, and the Stomach, find their weakness, not in the organ itself, but in the nerves that control and guide and strengthen them. Dr. Shoop's Restorative is a medicine specifically prepared to reach these controlling nerves. To doctor the Kidneys alone, is futile. It is a waste of time, and of money as well.

If your back aches or is weak, if the urine smells, or is dark and strong, if you have symptoms of Bright's or other distressing or dangerous kidney disease, try Dr. Shoop's Restorative in month-tablets or Liquid—and see what it can and will do for you. Druggist recommended and sell.

Bradstreet's Trade Report. Richmond, Va., Feb 8—Bradstreet's tomorrow will say for Richmond and vicinity:

In all lines of trade there was improvement this week, retailers of wearing apparel benefitting specially from the cold weather. Sales thus far made for spring season by wholesalers of dry goods and notions exceed the total for same period of last year and the demand shows no signs of abatement. Similar conditions are found in the shoe and hat trades. Roasters of coffee and dealers in spices are doing a satisfactory and steadily increasing business, constantly adding lines and extending their territory. Manufacturers of trunks and bags are well supplied with orders for present and future delivery. Local foundries are being operated at full capacity and manufacturers of stoves have had a particularly encouraging season. The weather has been unfavorable for handling tobacco, consequently offerings have been light, prices firm with a strong upward tendency for the better grades. Produce is dull, receipts being light and demand inactive, due entirely to the weather. The demand for money is active and all local banking capital finds constant employment at prevailing rates. Collections continue backward.

ITS A GOOD THING

So Push it Along. Encourage the Paper Pulp Industry Just Established in this city.

If we don't believe in ourselves no one else will. New Bern has a natural advantage in the way of water facilities, not only for shipping purposes, but also for water power sufficient to turn the wheels of two hundred factories, the employees of which would make a city in itself of 100 000 inhabitants. It requires of the merchants, business men, and others, of our city co-operation and encouragement, substantial as well as moral, to new industries. Other cities are constantly seeking new industries and are offering free sites, exemption from taxation for a period of years and other privileges as an inducement "to come in and grow up with us."

It has been quite the custom for a number of years for many people to send their investment money away to distant States for building lots, that would require twenty years healthy and vigorous growth, for the city which they are supposed to be adjacent to, to make them salable at a profit over the purchase price; for mining stock; for plantation stock, all of which, of their very nature are considered, by shrewdest investors, as more or less of a gamble when their conditions are most promising in general outlook.

Our home people have the ability; our county has the resources, and our home city offers the opportunities that should be the first to receive our confidence. 98 per cent. of all business is done on confidence.

Skin Disease of Twenty Years' Standing Cured.

I want you to know how much Chamberlain's Salve has done for me. It has cured my face of a skin disease of almost twenty years' standing. Itching piles is constant torment—so is eczema. No comfort all day no rest at night. Can't keep your mind on work. No use to go to bed.

Suffer no longer; use Doan's Ointment. It gives relief in five or ten minutes. It cures in a short time—cures to stay cured.

New Bern people endorse it. John F. Hanff, proprietor of a general merchandise store, at 80 Middle St., says: "I used Doan's Kidney Pills and they are all they are represented to be. I can also say that Doan's Ointment is the best thing that I ever used for itching hemorrhoids. I suffered untold agony with them, could not rest one moment, day or night, and I could not find anything to relieve the suffering until I came across Doan's Ointment and procured it at Bradham's Pharmacy. It relieved me at once, and acted entirely different from anything else I ever used. You could talk about this remedy for a month and it would not be like one application of the ointment. You can use my name and I will be only too pleased to recommend these remedies to anyone whenever opportunity arises."

For sale by all dealers. Price 50c. Foster-Mill Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's—and take no other.
