A SMALL SUM AND A SYSTEM

In a far better augury for success in saving than the mere intention of saving a big sum "when one's ship comes in."

We like to see the young people coming in here and opening accounts with \$1. It speaks well for their future. We like the regular savers, those who save on a plan, for they are the ones who are going to build up large and permanent balances both for themselves and for the bank.

DIG UP HUMAN BONES.

Grim Reminder of the Civil War Found in Vicinity of Breast-works on Dunn's Field.

Yesterday morning while men were at work at grading the track at the Roper Lumber company's grounds on Dunn's field near what is known as the "Old Fort," the bones of a human skeleton were found. The skull with some teeth and a rib bone were found but nothing else could be seen to give any suggestion as to how the body came to be there. There was no sign of casket, clothing nor anything by which it could have been identified. The supposition is that it might have been the remains of a soldier in the War of the States as it was found near the breastworks which comprised the "Old Fort," and extended across the country to where the water works now stands thus making substantial fortifications. The bones were found about three feet under the surface.

Special to Journal.
El Paso, Mex., March 11.—Five women who went into a bull fight Sunday were seriously injured by the animal.

BREAKS UP A COLD IN TEN HOURS.

Breathe Hyomeol and Get Quick Relief Cures all Bronchial Troubles.

As a usual thing a remedy that has immediate action contains powerful drugs that should be used sparingly. This is one of the reasons why the ordinary tablets that are sold for coughs and colds should not be taken. When Hyomeol, however, is breathed quick relief is obtained in a natural way. Its healing medication goes right to the spot where the disease germs are present, at once soothing and healing the irritated mucus membrane. The action in this way is similar to spreading a soothing salve upon a burn.

No other medicine for the cure of coughs, colds and bronchial troubles is as rational as Hyomeol. Breathing it through the neat pocket inhaler which goes with every outfit, it can be used either in the nose or mouth, thus getting full medication into the nasal passages or the throat and lungs as desired. It gives almost instant relief in all affections of the bronchial tubes, and is guaranteed to break up a cold in ten hours. This guarantee is given by one of the best known druggists in New Bern, F. S. Duff with every Hyomeol outfit he sells.

A complete Hyomeol outfit, consisting of a bottle of Hyomeol, an inhaler that can be carried in the vest pocket or purse, and a medicine dropper, costs but one dollar, with a guarantee that if it does not give satisfaction the money will be refunded.

Should extra bottles of Hyomeol be needed they can be obtained for only 50c; the inhaler lasts a life-time.

Died While at Work.

Mr. Brown Chadwick, a truck raiser at Straits Street with a peculiar death at Beaufort Saturday morning. He was in the act of throwing cables from his skiff to the dock and fell dead. Dr. Clark was called but life was extinct before he got there. He was 70 years of age.

THEY COME AND GO.

Mr. J. H. King of the Durham Herald was in the city yesterday.

Miss Nina Baunlight returned to her school at Maribel yesterday after spending a few days with her parents in this city.

Messrs. W. J. McSorley and W. H. Hervey returned yesterday from Raleigh where they have been engaged at the Park hotel during the legislative session.

Mr. and Mrs. H. W. Simpson returned yesterday from attendance on the dedication of the new Methodist church at Greenville. Mr. Simpson was the architect of the church.

Messrs. F. B. Robards and J. S. Claypool and Misses Annie Foy and Elizabeth Ellis composed a house party who were entertained by Mrs. Raymond Pollock at her home in Dover Saturday night and Sunday.

Women's Christian Temperance Meeting.

A well attended meeting of the members and friends of the W. C. T. U. in the First Baptist church yesterday afternoon was addressed by Miss Moon, the state organizer of the W. C. T. U.

Miss Moon urged the women of the churches to take up and carry on the educational work of the temperance cause which the male members have failed to do. She advised especially the formation of Y's and L. T. L.'s to interest and educate the young folks. She also referred to her work in Japan.

Her address was full of "meat" from start to finish. Among other things she said: "If the men of the church did their duty the women would not have this work to do." "The saloon exists because the men of the church allow it to do business." "Better let the children grow up in ignorance than have them educated on the blood money of the saloon revenue. Better walk through the mud on unpaved streets than have streets paved with the blood money of the dispensary."

"The liquor traffic wants two million boys! Will they get yours?" A number of new members were obtained. A business meeting will be called in the near future.

The Revival Meetings.

Continued interest in the revival meetings at the First Baptist church is shown by the large numbers which attend. The sermons by the evangelist, Rev. Jenkins, are clear and convincing and several conversions have been reported. The ministers are deeply gratified at the results and look for still further demonstrations of Holy Spirit in the meetings today.

The program today is for the regular services too be held 11 a. m. and 7:45 p. m. The Sunday schools at 3 p. m. and at 4 p. m. Rev. Jenkins will preach to the children at 4 o'clock at the Baptist church. A full attendance of all the children of the city is expected.

Atlanta, Ga. Mch 7—Harvie Jordan, President of the Southern Cotton Growers Association speaking before a body of farmers and others interested in cotton said that the New York Cotton Exchange is dominated to a large extent by a few gamblers, and the interests of the Southern Cotton Growers are hazarded by their actions. He desires legislative active to prevent this abuse of power.

Atlanta, Ga., March 8.—The Salvation Army, acting under general orders to battalions in all large cities has organized a department to prevent suicide.

Chicago, Mch 9—John Alexander Dowie, alias Elijah III, for many years the head of Zion City did at nine o'clock this morning after an illness confining him to his bed for more than five weeks. His death was not unexpected. For months previous to his fatal illness he had been in failing health and troubles resulting practically in his loss of power at the Zion City contributed largely to the causes of his demise. His career and personality were interesting. He came to Chicago a poor man with only \$100 and at his death controlled millions of dollars worth of property. His death in no way affects the management or plan of Zion City.

Tangier, Morocco, March 9.—Raisuli, the bandit chieftain and terror of the North African travelers defeated the forces of the Sultan of Turkey in three distinct battles and defeated them in each battle. The losses sustained by the Sultan are said to be heavy.

GIGANTIC RAILROAD DEAL.

H. H. Roger's Tidewater Merges With Deep-Water Railway. Large Extensions Will be Made.

The following special item taken from the Norfolk Ledger-Dispatch of March 9 will be of interest to many readers of the Journal. It shows the enormity of the latest railroad enterprise which in many respects is one of the greatest undertakings in the country.

Richmond, Virginia, March 9.—One of the most important and far-reaching railroad transactions ever made in Virginia was consummated before the corporation commission yesterday, when a charter was issued changing the name of the Tidewater Railway company to the Virginian Railway company, and increasing the capital stock from \$100,000 to \$33,500,000.

The issuing of these two charters is a significant move in the railroad world, and it means a great deal more than can be seen at a glance. The Tidewater Railway, which is being rapidly constructed from a point in Giles county, on the West Virginia line, to deep water at Norfolk, connects with what is known as the Deepwater Railway, which is now operating through rich coal fields in West Virginia. The object of the new concern is to merge these two lines into one great system, known as the Virginian Railway company which it is understood, proposed ultimately to establish and operate a through all-rail line from the Great Lakes to a deep water terminal at Norfolk.

A Star of Great Brilliance.

Among the stars on the comic opera stage there is none who has won such universal commendation as Miss Ethel Morton who will appear in "Dorcas" on Tuesday evening March 15 at the Masonic Opera house. Although one of the youngest comedienne in America she possesses marked ability as an actress and a personality that wins her audiences instantly. Her voice is sweet and powerful and has been carefully cultivated. Miss Morton is a hard worker, and when not engaged in study spends most of her time in writing lyrics and working on the comedy which she is to appear in on her next starring tour. She is well known in the literary world as an authoress of no small merit and she gives promise of being one of our really noted playwrights before very long.

Louisville, Ky., March 11.—The strike of street car men, began today and it is widespread. There is no car service except those in which the mail is carried, and they are guarded by secret service men. A small riot occurred on the streets today.

SIMPSON SCORED BY COMMITTEE.

Editor of Raleigh Times Whose Warm Editorial on Rate Bill Stirred Things up.

ASSEMBLY ADJOURNS NOBODY SORRY.

Senators and Representatives say Good Bye in Saddened Tones. Many Bills Ratified in a Hurry. Others Die an Easy Death. Record Breaker for Bills. Swift Galloway Sings a Song.

Special to Journal.
Raleigh, N. C., March 11.—The house committee reported on the charges by Editor Simpson of the Raleigh Times against the senate and house conference committee on the railway rate bill. The report finds that Joseph Daniels in no way influenced the committee in fixing the 60 mile railway exception in the bill, that no person instigated that provision in the bill, or that it was inserted to punish any person; that Editor Simpson's refusal to disclose any foundation for his editorial on the conference committee on the ground that it might tend to incriminate him and subject him to criminal prosecution, is a subterfuge to conceal a slanderous and false charge made by him, that these false charges were repeated by Rev. Plato Durham from his pulpit at Charlotte, without investigation, that he was unable to justify or excuse this conduct, that he should have refrained from repeating these false charges; that it is incumbent upon Simpson, to make good his charge and disclose his informant, but the committee simply leaves the matter to the courts in whatever proceedings may hereafter be instituted.

Senate convened at 2:30. Many acts were ratified. Bill amending Fayetteville charter passed final reading. Resolution urging senators and representatives in congress to use their influence for constitutional amendment for electing senators by the people was taken from the table on motion of Daniel and passed. Senate took recess until 4 o'clock, spending interval in singing and saying goodbye, crowded galleries and lobbies joining in songs.

House bill to pay outstanding state bonds known as Western North Carolina Construction bonds was tabled. House bill to require directors of various state institutions to furnish state treasurer with information necessary to prepare his biennial report and house bill to validate certain probates and registrations, "elincor" being put on last named bill. The senate next put elincor on Pharr's resolution to consider no further bills of any kind, good or bad. Another recess was taken to allow time for preparation of acts for ratification. House also reassembled at 3:30, final roll being called, according to custom to show who were present immediately before adjournment. Message came over from senate reporting its action in tabling Justice's bill supplemental to anti-trust law and also notice of amendment which senate had adopted. This amendment was concurred in without division or debate.

Bills passed amending law of 1887 regarding Iredell county and authorizing payment of Western North Carolina Railway Construction bonds yet outstanding. It was announced at 3:45 o'clock that this exhausted calendar of house. Announcement produced burst of applause.

This was followed by usual horse play of fake resolutions to quiz certain members, followed by singing of old north state, America, and other songs in which galleries were asked to join and did so with a will, ladies being present in great numbers.

A feature of singing was a solo by Swift Galloway of Greene, "Come Where My Love Lies Dreaming," by special request of the ladies. J. C. B. Ehringhaus, the sweet singer from Pasquotank sang "Tell Me Pretty Maiden" from Floradora.

A resolution was adopted granting privileges of floor during remainder of session to Henry W. Miller of Southern railway. This was by rising vote, amid roars of laughter. Singing continued while scores of acts were ratified, many senators coming over and participating in the music. Douglas introduced resolution, which was unanimously adopted that senate and house adjourn at 5 o'clock. Both bodies adjourned sine die at stroke of 5.

There is universal satisfaction at end of session which has been like a night mare. Crowning incident of it all was that of Speaker Justice today which is told in detailed report. It is one of current comment that the

The State Flag To Be Displayed on State Buildings.

MUCH INSURANCE LEGISLATION

McLean Anti-Trust Bill Passed After 4 Days Debate. Two Congressional Booms Are Born. Bill Passed for Establishment of Hospital for Treatment of Tuberculosis.

Special to Journal.
Raleigh, Mch 8.—The Legislature passed a bill for the relief of firemen, imposing a tax of one half of one per cent on premiums, which will raise \$10,000 annually.

The bill providing for separate accommodations on street cars for white and blacks passed, as did bills authorizing the Corporation Commission to require union passenger stations in towns of over 2,000 population.

Requiring the State flag to be displayed on all State building and court houses.

Guarding against theft of freight in transit.

Allowing stock companies to become mutual insurance companies.

Reducing poll tax in municipalities to \$2.

Regulating salaries of all clerks and other departmental employees.

Increasing minor salaries 25 per cent.

The bill was tabled providing for a State Insurance Commission composed of the Governor, Treasurer and Attorney General.

A bill passed making it unlawful for insurance of benefit policies under \$500 to be issued except upon forms approved by the Insurance Commission.

The McLean anti-trust bill passed the Senate after four days' debate, it being a substitute for the extremely drastic Reid bill. The discussion was at times very warm and semi-official announcement was made of the candidacy of at least two Senators for Congress from the Fifth District, these are Reed and Buxton. It was declared during the debate that the people themselves were largely responsible for the growth of the trust.

Boards of education were elected from every county and for the proposed county of Lee.

Other bills which passed strike out the iron safe clause of fire insurance policies.

To limit the time for probating wills to seven years.

To establish a state board of equalization for the assessment tax.

To establish a sanatorium for the treatment of tuberculosis.

The appropriation bill passed carrying a large increase for all institutions.

democratic party has been hurt by this session. There is general regret that there are many bickerings and heart burnings and that the session ends with an unusual display of these.

Raleigh, N. C., March 11.—Following is the record of the legislative work. Number of bills ratified about 1,700. It fixed the salaries of state officers. Governor \$5,000; secretary of state, treasurer and insurance commissioner \$3,500; all others \$2,000. Superior court judges \$3,500. Senator Drewry and Representative Harris were appointed a committee to present the \$500 gift from this state to the Cruiser North Carolina. Governor Glenn was allowed \$600 for state business outside of the state.

Silver services were presented President Winston of the senate and Speaker Justice of the house by the members.

Special to Journal.
SENATE.
Raleigh, Mch 9.—The Senate passed a bill changing the penalty in cases of attempted felonious assault to from one to thirty years, instead of from 5 to 15 years. It also passed the bill providing for the election of an Insurance Commissioner by the people.

The bill to establish a Sanitarium for consumptives in Moore county, appropriating \$15,000 for buildings and \$5,000 annually for maintenance passed second reading and then the charge was made that it had been tampered with. A special committee was appointed to draft another bill and report it.

The bill was tabled making stringent the vagrancy law reducing the age limit to 16 years and changing the law of evidence. The same fate befell the bill to disfranchise persons for giving or accepting bribes, making that a felony, it being declared unconstitutional.

A bill allowing house holders and occupants of houses to do their own repairing and pumping on their own premises was amended so as to apply only to towns of 3,000 inhabitants and less and then passed, union labor having fought the original measure.

The compulsory education bill passed with only 11 counties excepted and is now a law, giving county educational authorities this power upon petition of people in townships or school districts.

The House defeated the bill paying sheriffs a reward for seizing illicit distilleries.

What is known as a "sneak" bill was discovered this being entitled "a bill to prevent fishing in Black Creek." It had become a law, but a section repealed.

The Prohibition law for Johnston County was discussed. The statement was made that the anti-jug law was passed four years ago in exactly the same manner. The bill was recalled and tabled.

A joint resolution was adopted unanimously by both branches, providing for a marble statue of Z. B. Vance in the capitol at Washington, the money to be available two years hence, no limit being named, but it was stated the cost would exceed \$12,500.

A bill passed limiting city poll tax to \$2.00, eleven counties being excepted.

HOUSE.
The House adopted the freight rate bill as amended by the Senate. This knocking out the extremely drastic penalty providing which the House had inserted and which was the work of Speaker Justice.

It had been expected that the legislative investigating committee would report this afternoon on the matter against editor R. W. Simpson, of the Raleigh Times, city editor H. B. C. Bryant, of the Charlotte Observer, and Rev. Plato Durham of Charlotte but there will be delay until Monday. It is learned that the report will exonerate the Conference Committee of the Senate and House from the charges made and will leave any further matters to the courts. Such is the statement to your correspondent by a member of the investigation committee.
