A SMALL SUM AND A SYSTEM

Is a far better augury for success in saving than the mere intention of saving a big sum "when one's ship comes in."

We like to see the young people coming in here and opening accounts with \$1. It speaks well for their future. We like the regular savers, those who save on a plan, for they are the ones who are going to build up large and permanent balances both for themselves and for the bank.

CENTRAL AMERICAN WAR.

A Decisive Battle May Be Fought Within a Few Days.
Special to Journal.

Honduras, March 12.—The Nicaraguans and the Hondurans with their allied forces are within a few miles of each other near Tegucigalpa and a great battle is imminent. It is thought that which ever gains the victory it will be a decisive battle and the war will be short lived.

LIKE FINDING MONEY.

Davis Pharmacy, the popular druggists are making an offer that is just like finding money for they are selling a regular 50 cent bottle of Dr. Howard's celebrated specific for the cure of constipation and dyspepsia at half price. In addition to this large discount they agree to return the money to any purchaser whom the specific does not cure.

It is quite unusual to be able to buy fifty cent pieces for a quarter, but that is what this offer really means, for it is only recently, through the solicitation of druggist Davis this medicine could be bought for less than fifty cents, they urged the proprietors to allow them to sell it at this reduced price for a little while, agreeing to sell a certain amount. The result has justified their good judgment, for the sale has been something remarkable.

Anyone who suffers with headache, dyspepsia, dizziness, sour stomach, specks before the eyes, or any liver trouble, should take advantage of this opportunity, for Dr. Howard's specific will cure all these troubles. But if by any chance it should not, Davis' Pharmacy will return your money.

The specific is very pleasant to take, coming in the form of small granules, and there are sixty doses in every package. It is especially convenient when traveling, and none should start on a journey without a bottle of this reliable medicine.

GOVERNOR GLENN

MAKES APPOINTMENTS.

The Late Legislature Created Offices Which He Is Busy Filling.
Special to Journal.

Raleigh, N. C. March 13.—Governor Glenn appointed as Commissioners of Navigation and Pilotage for the Cape Fear river, James Sprunt, John W. Harper and W. B. Cooper, of Wilmington and M. C. Guthrie and Richard Dasher of Southport.

He also appointed the five business men required by the Bickett act as commissioners for the state hospitals for the insane. This act appropriates half million dollars.

The superintendents of the hospitals at Morganton, Raleigh and Goldsboro are members of the commission. Today's appointees are E. F. Aydtlett, Elizabeth City; W. A. Erwin, Durham; J. W. McNeill, Hope Mills; J. H. Weddington, Charlotte, and C. A. Webb, of Asheville.

MAY GO TO JURY TODAY.

The Celebrated Thaw Case Nearing Its Finish. Acquittal Probable.
Special to Journal.

New York, March 13.—The seventh week of the Thaw murder trial is half over and it is probable that a verdict will be reached by Saturday. It is expected that the case will be given to the jury Thursday afternoon. Acquittal will doubtless be the verdict. District Attorney Jerome told the jury that Evelyn Thaw's testimony should have no weight whatever that it had no bearing on the case.

Jesse Grant a Presidential Possibility.

FOUR MOONSHINE STILLS RAIDED.

Product and Apparatus Destroyed But Interested Parties Not Yet Found.

YOUNG WHITE MAN WANTED FOR FORGERY.

Ten Year Old Boy's Strange Disappearance Causes Grave Anxiety. Cotton Manufacturer Brings 37 Suits Against Southern Railway Co., for Delays in Shipment.

Greensboro, N. C., March 14.—Revenue officers returning from a raid in Caswell county report to night having destroyed four large illicit distilleries near the Virginia line. The blockaders were not found, but several gallons of beer and the apparatus were destroyed. There has been a fresh outbreak of illicit distilling in this revenue district in past three months, or else officers serving under civil service rules are more faithful and vigilant in seeking and finding moonshine outfits.

The police here are anxious to locate the whereabouts of Irvin Parham, a 19 year old white man, who is wanted here for several alleged forgeries. Among his victims are the Greensboro National bank, Harry Belk Brothers and Strong & Co. The forgeries amounted to about an average of \$7. Parham is also said to have embezzled \$11 from Glasscock & Sons while employed by them, and fraudulently obtained \$40 from the Virginia Life Insurance Company while in its employment. Notices have been sent to all towns to be on the lookout for the sharp.

Mr. William Simpson of Proximity is much distressed over the mysterious disappearance of his ten year old son, John, and would greatly appreciate intelligence from any one reading this item who might know the whereabouts of such a youth. The boy was last seen at 6 o'clock Monday. At that time he was at the home of his father, who has no idea where the boy has gone, although he searched for him diligently yesterday. When last seen the boy had on a cap. His coat was of gray material. So far as his father knew, the boy had no reason for leaving home and had never said anything about leaving home. He has relatives at Burlington, but his father regards it as improbable that he went there as he was not known to have any money with which to buy a ticket.

Mr. James H. Williamson, president of a large cotton mill at Burlington, today brought 37 suits against the Southern railway for penalties for delayed shipments. The cases are set for trial before Justice D. H. Collins of this city next Saturday. It is reported that this mill has in addition 65 other suits of a similar nature to bring against the Southern railway.

Special to Journal.
Pittsburg, March 14.—The Ohio river is rising rapidly and will soon be at the danger point and fears are held that it will overflow its banks.

Jerome Has Set Back.
Special to Journal.
New York, March 14.—Judge Fitzgerald sustaining Attorney Delmas' objection in relation to the Hummel affidavit, the prosecution has suffered another defeat on account of the proof which was desired to show that Evelyn Thaw made statements under oath of Thaw's treatment of her because she would not sign documents against White. Delmas contends that such a document is a forgery.

Freight Rates Raised.
Special to Journal.
Minneapolis, March 14.—J. J. Hill, president of the Northern Pacific railroad says that freight will have to be raised.

PANIC STILL ON.

Started on Rumors but the Stamp Was Too Far Advanced to Head Off. President Blamed for Messing With Railroads.

Special to Journal.

New York, March 14.—The panic started yesterday by a turn in stocks is still on and the market is in a state of complete collapse. The close of business saw no change in the situation nor was there forecast of a clearing. At first it was rumors of trouble at the three great financial centers, New York, Liverpool and Berlin which caused the break. These rumors had their effect and the already uneasy market went to pieces like a house of cards.

Wall street does not fail to get even with Roosevelt by charging him with the responsibility for this decline by his attitude toward the railroads. The Wall street operators deem the panic a fitting object lesson to the president and bids him beware what will happen unless his restrictions were taken off.

Reign of Terror in Louisville.

Special to Journal.
Louisville, Ky., March 14.—This is the fourth day of the strike. There has been no settlement or compromise and the strikers are growing uglier. The police reserves this morning attacked the mobs and a fierce fight resulted which lasted a long time. Many were injured. Several deaths have occurred as a result of yesterday's fight. Five cars have been demolished.

KILLS CATARRHAL GERMS.

Breathe Hymel's Medicated Air and You Will Soon Be Well.

If you have catarrh in the nose, head or throat, with offensive breath, coughing, irritation of the throat, raising of mucus, difficulty in breathing, sneezing, husky or hoarse voice, discharge from the nose, tickling and dropping at the back of the throat, especially at night, begin the use of Hymel at once.

Its healing medication breathed through the neat pocket inhaler that comes with every outfit, will give quick relief in all catarrhal troubles, and its continued use will kill the catarrhal germs, and drive them from the system.

By using Hymel you get in your own home the same results as though you lived out of doors in the Adirondacks or the Colorado mountains. The germ-killing properties of Hymel reach the most remote air cells of the respiratory organs, soothing and healing any irritation they may be in the mucous membrane, and killing all catarrhal germs.

Here in New Bern where Hymel has been known and sold, there are many who freely attest its wonderful powers, but they best testimony that can be offered in favor of Hymel is the guarantee that F. S. Duffy gives with every outfit he sells, "money back if it fails."

The complete Hymel outfit costs but \$1.00, extra bottles, if needed, 50c, making it the most economical treatment for catarrh as well as the only one that is sold under a guarantee to refund the money if it fails to cure.

"Joins pain you this morning?" "Rheumatism will give you quick and thorough relief. Ask your druggist.

THE DREAM OF THE EASTER HAT

Is Realized in the Spring Opening of J. M. Mitchell & Co's Store. Material for New Gowns Also a Part of the Show.

All other topics pale into insignificance when the Easter hat has away. There is nothing that approaches it in the feminine mind unless it be the Easter gown. They, of course, go together as they are component parts of the great whole. In respect to these articles J. M. Mitchell & Co's opening yesterday showed a line of goods that fairly dazzled the eyes of the ladies and yet not so much that the sight of them could not be enjoyed.

The first unusual thing about the store that attracted attention for its beauty was the window display on the right of the entrance. There under the skillful hand of C. F. Wyatt, the space had been transformed into a place that resembled a spiders web in which the hat represented the spider—a novel conception.

There was another article of interest in the window which drew a great solid mahogany table made 150 years ago. It was a small piece of furniture but its genuineness was indicated by its weight although small it was very heavy. The legs are elaborately carved entirely by hand and altogether it is a work of art and beauty.

Upon entrance to the store one is impressed with a sense of mental mystery. The entire decorative scheme being draperies suggestive of a Turkish or a Persian home. It made a very pretty appearance.

The chief attraction—the millinery department was naturally the first proposition. In this department Miss Jessie Taylor has displayed true art and talent in trimming appropriately the following styles and shapes. Hood shape, Neapolitan, Lapontette, Airship, Mushroom, Wall of Troy, Leghorn, Croniter, Sailor and Gainsboro. Every hat has an attractiveness peculiar to it and is bound to be becoming.

Then, there were other things that look good to the feminine eye especially the large and beautiful assortment of dress goods for the summer wear such as organdies, mulls, lawns, Eollans, Persian silk and Roman stripes. There were some very beautiful designs in Persian silks. Dainty lingerie and other essentials of a lady's wardrobe were given due attention and the whole show was a great success.

Very large crowds were in the store all the afternoon and the ladies expressed great admiration at the variety and quality of the hats and general stock. The crowds visited the store until late in the evening.

To further gratify the pleasures of the visitors the Knights of Pythias band rendered fine music. They were concealed and the soft dulcet strains of perfect melody made a charming effect supplementing in a way the dreamy oriental aspect of the entire store.

Death of a Great Theatrical Manager.

Special to Journal.
Paris, March 14.—Maurice Grau, of the theatrical firm of Schoefel & Grau died here today after a short illness. His firm was the head of what is known as the theatrical trust.

MAKE IT A LOCAL HOLIDAY.

When the Elks Lay the Corner Stone for Their New Temple. Demonstration should be Magnificent.

Within a short time—just when has not yet been determined, the corner stone of the Elks Temple will be laid. This will be an auspicious occasion for the city as well as the order for whom the building is being erected.

In consequence of the importance of the enterprise and the place held by the Elks in New Bern it is due that this ceremony should be given much more than passing notice and it has been suggested that the day be made a local holiday and that everybody take a hearty interest to make it a big success, and let it be a ripper of a time, something in which a molly coddle has no part nor interest.

The announcement for the ceremony will be made soon and in due time we shall know the preparations of the committee of arrangements. In the meantime let the citizens aim to help in this matter and make it a big success.

UNANIMOUS VOTE ON \$30,000 BOND ISSUE

Healthy State of Public Opinion in Regard to Educational Necessities.

ENGLISH GIRL LABORERS RETURN HOME.

Annual Inspection of National Guards.

New Auditorium of Church Dedicated. A Flourishing Young Church. Mrs. Banks Recitals.

Greensboro, N. C., March 13.—The election here yesterday for a thirty thousand dollar bond issue to provide additional school facilities, resulted in an almost unanimously favorable vote, only eleven being cast in opposition.

A large part of this amount will be used in erecting a new building on a most eligible and splendid lot on Sprin street adjoining the residence of Solicitor Brooks, and nearly facing West Washington street. About ten thousand dollars will be devoted to enlarging the capacity of the other four graded school buildings in the city.

Former valuable evidences of the splendid spirit of cooperative effort atmospheric in Greensboro and all Guilford county, which have heretofore proven valuable as examples to other communities in the state have been frequent along all lines one most notable being the carrying by an almost unanimous vote three years ago of a three hundred thousand dollar bond issue for building permanent roads. No county in the state had ever before this been able to get a county bond issue for such purposes by popular vote, and since that time every county which has tried it failed after a bitter fight, the last two instances being the otherwise progressive counties of Rockingham and Buncombe. The city had gotten a little out of the front stepping rank in educational facilities, and the bond issue is expected by prudent expenditures very foremost position for popular and complete education by public support.

United States Marshall Millikan left this morning for Baltimore having in charge the 71 English girls who were imported into America last fall by southern cotton mill men to work in the mills around Charlotte, and who had been detained here as government witnesses in the recent prosecutions for alleged violation of the alien contract labor laws. The girls left on a special coach, and will be turned over to the immigration department at Baltimore for deportation, the government paying their passage back to their native city of Bolton, near Manchester, England.

They have been boarded and clothed at the cost of the government since coming here. They had the choice of remaining in this country or going back to England, after several days decided to go back home.

The annual inspection of the Gate City Guards took place last night. The company was drilled by Capt. Hobbgood in the presence of Inspector General Stringfield, of the North Carolina national guard, and Maj. T. B. Dugan of the cavalry forces of the regular army. The Greensboro company was out in full force and drilled in the armory and on the street in a way to meet the approval of the inspection officers.

On Sunday morning the handsome new auditorium of the Centenary Methodist church was thrown open to the public for the first time. Special music had been prepared, and despite inclement weather there was a large audience. Many expressions of admiration of the new auditorium were heard.

The Forest Avenue Baptist church celebrated its first anniversary on Sunday morning and an anniversary sermon was preached by Rev. Livingston Johnson, secretary of missions of the North Carolina Baptists. Since the church was organized, one year ago, there has been wonderful progress. Beginning with 46 members, the number has increased to 129 and the Sunday school has a membership of 224.

Miss Elizabeth Banks, of Elizabeth City gave a recital in the chapel of the Greensboro Female college last evening, and many Greensboro people were present, who greatly enjoyed Miss Banks' recital. "A Midsummer Night's Dream" was the piece rendered and she impersonated nineteen of Shakespeare's most difficult characters in a way that was a revelation to those present. Miss Ethel Black rendered Mendelssohn's "Midsummer Night's Dream" which was also greatly enjoyed.

Miss Banks is a graduate of the expression department of the Greensboro Female College and her work did great credit to the department.

SKIN SORE 8 YEARS CURED IN A WEEK

Spent \$300 on Doctors and Remedies Which Gave No Relief—Skin on Limbs and Feet Rough and Sore—Work Often Impossible.

TRIES CUTICURA, WELL IN SEVEN DAYS

"Cuticura Remedies have entirely cured me after all other remedies had failed. Up to a week or so ago I had tried many other remedies and several doctors, and spent about three hundred dollars, without any success, but this is to-day the seventh day that I have been using the Cuticura Remedies (costing a dollar and a half), which have cured me completely, so that I can again attend to my business. I went to work again to-night. My trouble was as follows: Upon the limbs and between the toes my skin was rough and sore, and also sore under the arms. I ran a chef for a large cafe on Broadway, and I had to stay at home several times because of this affliction. I had been suffering for eight years and have now been cured by the Cuticura Remedies within a week. I am much indebted to Cuticura, and shall certainly recommend it to all my friends and colleagues in the kitchen. Fritz Hirschblatt, 24 Columbus Ave., New York, N. Y., March 29 and April 6, 1906."

HAIR FALLING OUT

Very Bad Dandruff on Scalp, Pimples Cover Face, Cuticura Cures.

"I used the Cuticura Remedies with great success. My face was a mass of pimples and the dandruff was so bad on my scalp that my hair all began to fall out, and a friend of mine told me of Cuticura and I began to use Cuticura Soap and Ointment. Before a month I saw a great change for the better, and now I am entirely cured. I had no physician in charge. My little girl is now four years of age, and knows the use of no other than Cuticura Soap. Her skin is perfect and her hair remarkable for her age. Mrs. W. C. Howard, 132 N. Tenn. Ave., Atlantic City, N. J., Jan. 22, 1906."

The Opera of Dorcas Tonight.

Of all the productions that have been offered at the Masonic opera house we feel confident that none could have been more dainty, entertaining, and all together enjoyable than "Dorcas" which will be here to-night. The company is comprised entirely of well known performers, and Miss Morton herself has won friends everywhere by her winsome personality, remarkable beauty and ability. The scenery and costumes were made especially for the production. Altogether it is the most completely satisfying performance that has been offered at our theatre to our thespians this season.
