DENY THAT THEY ARE BLACK SHEEP.

Charges of Larceny Resting Against Three Young Men. Big Preparations for Council of Red Men. Grand Commandery K. T. and Shriners to Meet.

Special Correspondence.
Greensboro, N. C., March 18.—Denying that they were "black sheep," Will Gilchrist and Arthur Austin, colored, were arrested here yesterday, charged with obtaining money under false pretenses. The offense was committed at High Point. Gilchrist and Austin were interested in an amateur company presenting "The Black Sheep Comedy." They "showed" at High Point for the benefit of a church. The church didn't derive any benefit from the performance and the pastor, Rev. J. S. Toney, indicted the managers, Austin and Gilchrist, say the net receipts were a dollar and that they gave that amount to a Greensboro church. They gave a bond for their appearance in High Point for trial.

Charged with larceny of liquor, shoes and many other articles from the Southern railway, Perry Vall, a white flagman on the road, was placed in jail here yesterday having acknowledged his guilt. He too, hails from High Point.

Two other young men, T. J. Banks and J. S. Toney, were yesterday arrested on the same charge and placed in jail. They stoutly deny having any knowledge of the larceny of freight. They were members of the same train crew as Vall.

For some time the railroad people had been missing freight shipped on the train on which these people were trainmen.

The defendants will be given a hearing Monday before Judge Rollins. As Vall has confessed his guilt there will be nothing to do in his case, but fix the amount of the bond.

Preparations are now being actively made by local councils of Red Men here to entertain handsomely the great council of the State which meets in Greensboro the first week in May. Last night at a meeting of Eno Tribe of Revolution Mills, it was arranged to give a big barbecue to the visitors at Lindley Park on Tuesday and a committee was appointed to act in conjunction with a like committee of Minnesota Tribe of Greensboro for a big reception and banquet to be given at the Benbow Hotel Monday night of that week to the Braves here from councils all over the State.

Another busy set of "lodgers here," in the Masons, preparing for the entertainment of the Grand Commandery of Mason, Knights Templar and Shriners, which hold annual session in Greensboro the same week the occasion ever pulled off in this city at one time, the various political and other conventions, not excepted.

At last night's meeting of Council No. 12, J. O. U. A. M., eighty were elected to membership and one candidate was initiated. On next Thursday night a class of seventy-nine will be initiated. This will probably be the largest number ever initiated at one time in the state.

Deputy Sheriff John Weatherly went to the depot yesterday and chained a Southern Railway Company's passenger car to the track. The car was standing at the old freight station in South Elm street. The execution was issued to satisfy two judgments held against the company by Abram Mendenhall.

Last night 44 mail pouches filled with revenue stamps were taken through Greensboro to Winston-Salem to be used by the tobacco factories there.

Great Forests Being Turned Into Paper.

New York, March 14.—The bureau of forestry has been compiling figures to show to what extent the production of wood pulp for the manufacture of paper draws upon the forest of the country, and the figures, while large in themselves, are relatively surprisingly small.

It is asserted that in 1905 the production of wood pulp in the United States amounted to 2,694,482 tons, representing a consumption of 3,153,228 cords of wood.

Most of the wood used is spruce—nearly 70 per cent of the whole, while poplar, hemlock, pine, balsam and cottonwood make up the balance. Something over 600,000 cords is imported.

There are 164 companies operating 237 mills. New York State leads in the manufacture of pulp.—Boston Daily Tribune.

Pepsi-Cola in Florida.
Tomorrow morning Messrs. R. B. Smith and C. D. Hurst will leave for Jacksonville, Florida, where they will establish a pepsi-cola bottling works. Mr. P. H. Smith is also interested in the enterprise. The capital stock is \$25,000 of which \$10,000 is paid in and the officers are president, P. H. Smith; secretary, R. D. Smith; treasurer, C. D. Hurst. The work will begin at once.

FEELING OF PUBLIC PREJUDICE.

Causes a Change of Venue in the Joshua Harrison Abduction Case.

Special Correspondence.
Raleigh, N. C., March 18.—Considerable interest is being attracted by the case against old man Joshua Harrison at Elizabeth City on the charge of kidnapping and murdering nine year old Kenneth Beasley. Harrison has been twice before tried for murder but both times was acquitted. He was first charged with killing his father and one man swore five years after that he helped shroud the father; and that there was blood on the back of the head, evidently from a bullet wound. Ex-Governor Thomas J. Jarvis is Harrison's brother-in-law and he had the body exhumed and it was found that there was no bruise anywhere except a little bruise where the old man had fallen down the steps at his mill.

In the next case Harrison was charged with shooting a boy, but the jury found that the gun was accidentally discharged and he was very much devoted to the child. Harrison is a man who is greatly disliked and he had the case moved from Currituck to Pasquotank county on the ground that he could not get a fair trial or account of the prejudice against it.

Watts' Official Railway Guide.

Atlanta, Ga., is just out, for March, beginning the 22nd year. It is the oldest publication in the city of Atlanta, maintaining the regular monthly issue at the hands of its organizer, editor and publisher, Mr. J. R. Watts. Commencing with a mere pamphlet of 16 pages and cover, no publication in the south so fully demonstrates the growth and prosperity, as is shown in a review of the current issue, replete with information of our railway lines south of the Ohio and east of the Mississippi rivers, giving the full schedules, distances and connections in a comprehensive and unmistakable typography with its appendices, pages of miscellaneous information, hotels and resorts of the south. It has an established reputation throughout the territory and is known by thousands from Maine to Mexico. It is necessary with the traveling public and a ready reference, well worth the price, only 25 cents.

Mass Meeting Tonight.

That some change in our present city government is advisable most observant citizens will admit.

Those charged with the administration of laws should be in sympathy with the laws they are supposed to administer and certainly those interested in the progress of our city should have in charge the streets and other departments of our city government which now sadly need attention.

Those favoring a change looking to a more rigid enforcement of law and more attention to the needs of the city are requested to meet at the court house tonight at 8 o'clock.

This meeting has as its purpose civic improvement and all ladies are requested to attend.

MANY CITIZENS.

BREAKS UP A COLD IN TEN HOURS.

Breathe Hyomel and Get Quick Relief Cures all Bronchial Troubles.

As a usual thing a remedy that has immediate action contains powerful drugs that should be used sparingly. This is one of the reasons why the by people with a weak heart, as they ordinary tablets that are sold for coughs and colds should not be taken. When Hyomel, however, is breathed quick relief is obtained in a natural way. Its healing medication goes right to the spot where the disease germs are present, at once soothing and healing the irritated mucous membrane. The action in this way is similar to spreading a soothing salve upon a burn.

No other medicine for the cure of coughs, colds and bronchial troubles is as rational as Hyomel. Breathing it through the neat pocket inhaler which goes with every outfit, it can be used either in the nose or mouth, thus getting full medication into the nasal passages or the throat and lungs as desired. It gives almost instant relief in all affections of the bronchial tubes, and is guaranteed to break up a cold in ten hours. This guarantee is given by one of the best known druggists in New Bern, F. S. Duffy with every Hyomel outfit he sells.

A complete Hyomel outfit, consisting of a bottle of Hyomel, an inhaler that can be carried in the vest pocket or purse, and a medicine dropper, costs but one dollar, with a guarantee that if it does not give satisfaction the money will be refunded.

Should extra bottles of Hyomel be needed they can be obtained for only 50c; the inhaler lasts a life-time.

"Joins pain you this morning?" Rheumacide will give you quick and thorough relief. Ask your druggist.

THE STATE AUDUBON SOCIETY

Election of Officers for the Protection of Game and Song Birds of North Carolina.

Special Correspondence.
Greensboro, March 18.—At a meeting here Saturday night of the members of the State Audubon society, officers were elected for the ensuing year were: Dr. R. H. Lewis, president; J. Y. Joyner, vice president; T. Gilbert Pearson, secretary; E. W. Gudger, treasurer. It was also announced by Secretary Pearson that Miss Mary Moore, of Mt. Airy, now a teacher of Latin in the State Normal college, would at the close of the present term of the college become assistant secretary, whose special duty would be to stimulate bird study among the children of all the schools of the State.

It was also decided to have an exhibit to advertise the bird and game resources of the State at the Jamestown exposition, in connection with the North Carolina exhibit.

Secretary's Pearson's report of the past year's work was most encouraging, showing that the society had purchased two islands in Pamlico sound, Leggett Lump and Royal Shoal. These islands are noted breeding places for sea birds. They will be zealously guarded by the society making them a home for sea bird propagation and protection, and a safe refuge for birds molested at other points.

The game wardens of the state have been increased from 16 in 1905, to 36 in 1907, and the number of convictions for violations of the birds and game laws during the year were 68.

Five white men and boys were arrested at Proximity yesterday for shooting robins, the closed season beginning March 1st. Justice Collins let them off with a fine of one dollar, and the costs.

Federal court will not open until 3 o'clock this afternoon.

And Accomplished Violinist.

Mr. Don Richardson, who, with accompanist, will give a recital at the New Masonic opera house next Thursday evening is not only a violinist of note but is a music composer whose work has attracted much attention from well known critics. His best known composition is Andante Religioso. Mr. John Charles McNeill described it as "A composition possessing a depth of religious sentiment, of worshipful, reverential supplication, and whatever else of the undefinably mysterious that might be suggested by the title."

Mr. Richardson's favorite of his composition is Berceuse, a Cradle Song. Others that are well known and much liked are Meditation, Recreation, Traum (Dream), Nocturne and Intermezzo, Romance and a number of typical Indian airs, bearing the unmistakable flavor of the plains and reservations.

North River Items.

The farmers of the place are very much disheartened by so much rain but we all hope for a brighter future.

Mr. Rossie Simpson is very sick with pneumonia at this writing, much to the regret of his many friends.

Mr. and Mrs. Henry Pridden have returned from Bladen county. I guess they will stay until the fall Mrs. Laura Thomas is very sick.

Mrs. Susan Guthrie is selling out this week after which she will take her departure for Morehead City.

Miss Nellie Piver has returned home from Bladen county, where she has been teaching school.

Mr. Maurice Pridden, has taken his departure for some southern point. Come again.

Mr. and Mrs. James Ireland have returned to their home on Beaufort after a short stay with their brother, T. L. Piver.

Mr. Anson Arthur has made his home happy by putting a handsome organ in it, and Mrs. Jane Dudley has a new one also.

Mr. T. M. Thomas has nearly finished putting down his saw mill. We hope it will be at work soon.

Miss Minnie Gillikin passed through here Wednesday morning enroute for Wire Grass.

Mr. Frank Simpson is home for a short visit after which he will leave soon to take up his position in New Bern.

Mr. and Mrs. Joe Delemar passed through Tuesday enroute for Beaufort.

Several people from this section attended court this week as it was quite interesting.

Negroes Commit a Nuisance.

Many of the people who live in James City complain of the manner in which negroes conduct themselves there on Sundays. They gather at a place near the bridge, most of them in a drunken condition and by carousing, hollering and unseemly frolicking they commit a nuisance by disturbing not only the peace of the community but the church services. Ladies who drive through the place are subjected to insult and many times their clothes frighten horses and may cause accidents. The informant of the Journal warns those parties who make the disturbance that a repetition will mean some arrests.

SPECIAL DISPLAY OF INVENTIONS AND PATENT.

A Department of the —Jamestown Exposition to be Devoted to the Product of Man's Geniuses.

Norfolk, Va., March 18.—Patents, inventions, models, etc., have heretofore been refused admission at great expositions. The Jamestown exposition has decided to admit them to a prominent location where they may be displayed, explained and operated, if desired, in full view of the thousands of visitors.

Numerous applications for admission were made and plans have been adopted by assigning a large space under care of competent attendants.

The inventors of the world have here a chance to demonstrate the utility and value of their schemes.

This innovation in exposition methods will no doubt bring thousands of models and attract attention and invite investigation by manufacturers and capitalists.

Received Stolen Property.

Ed Harris sexton of the colored cemetery was on trial before Justice S. R. Street yesterday on the charge of receiving stolen brick. John Cook, a dray driver and one of the men hauling brick from the car to the Elks' temple, was charged with the theft of the brick, turned state's evidence against Harris. Mr. Underwood the contractor for the masonry of the temple was the complaining witness and told the court of the loss of the brick amounting to several wagon loads and traced it to the cemetery, where Harris worked.

Mr. E. M. Green represented Mr. Underwood and R. W. Williamson was attorney for Harris. Justice Street reserved his decision.

List of Letters.

Remaining in the Postoffice at New Bern, Craven county, N. C., March 18, 1907.

WOMEN'S LIST.

B—Mrs. Harry Berry, Miss Mayr Barrington.
C—Mrs. Alice Claffear.
D—Miss Henrietta Dixon, Rachel Deed.
H—Miss Elizer J. Hill.
J—Miss Mary Jarman.
S—Mrs. P. J. Sadler.
W—Mrs. Annie Wilson, Julie White, Miss Martha Wise.

MEN'S LIST.

A—M. Attias, Yates Aldridge.
B—W. E. Brock, Gustav Benders.

R—D. C. Rogers.
S—Will Stokes, J. A. Stuart, J. C. Smith, W. M. Sanders, L. J. Staton, T—R. B. Tuggle (2).
W—R. M. Warren, Otto Weiks, Will J. Wood.

The regulations now require that one (1) cent shall be collected on delivery.

S. W. HANCOCK, Postmaster.

Ward's Mill.

March 18.

There was a large attendance at Queen's creek quarterly meeting Sunday. Rev. W. S. Cunningham of Wilmington, presiding elder, conducted the meeting assisted by the pastor, Rev. Mr. Geddie. Among the visitors from other places were noticed, Mr. Cyrus Foscoe and family of Jones county, Mrs. Mattie Mattocks of Silverdale, Mr. Bryant Hartsell of Swansboro, Mr. Edward Smith of Marines, Ex-Sheriff Hargett of Jacksonville, Mr. John T. Henderson and family, of Whittrack, and Miss Susie Mattocks and Mr. Thos. Pritchard of Swansboro. There were many others whose names we fail to learn.

Mrs. Jennie Farrell has returned from Raleigh where she has been visiting relatives.

The country east of what was formerly Ward's Mills postoffice has mail supplied now by the Maysville and Swansboro Star route. A free delivery route supplies the people between Ward's Mills and Jacksonville. SEN.

Legislature Against Standard Oil.

Special to Journal.

Nashville, Tenn., March 18.—A bill has been introduced in the legislature to prevent the Standard Oil Co. from doing further business in this state.

PEACE INSTITUTE MAY BE SOLD.

Negotiations Progress for the Sale of the Noted Presbyterian College to the Methodists.

Raleigh, March 18.—Several prominent Methodists of Raleigh recently obtained an option on Peace Institute for many years so widely known as a Presbyterian Female college. Nearly all the property is owned by James Dinwiddie who disposes of it because of failing health. A number of Presbyterians had for a year considered the purchase but when they found the Methodists would buy last Thursday night and were ready to pay the money, said to be \$50,000, they induced the latter to hold up and give them a chance. The matter will this week be settled.

If the Presbyterians fail to raise the money the Methodists will buy and make it a great denominational college. At least half its students now are Methodists.

Revolution Threatens Cuba.

New Orleans, La., March 17.—Riot and bloodshed are conspiring to throw Cuba into another revolution, according to passengers reaching here today aboard the steamer Momus.

"The Cuban people are preparing for war," declared Baron Remberthou Munchhausen, who spent five years on the island and engaged with other foreigners in quelling recent riots at Havana, and was first Lieutenant of Battery C, of the machine gun batteries, which was effective during the strenuous days of the rebellion.

"The withdrawal of the troops from the island," he continued, "will mean the undoing of all that has been accomplished, and Americans another will be compelled to abandon their estates and submit to outrages."

"The visit of Secretary Taft had a disastrous effect upon the negroes. The blacks have been spurred on in the belief that the salvation of the race lies entirely with them. The utmost confidence in President Palma and certain members of his cabinet, but there were others eager for the opportunity to plier the treasury and wreck the country. I do not think the coming revolution will originate through politics alone. It will be more of a race war between the white Americans and Spanish on one side and the negroes on the other. The troops are doing a great deal of good, but when the time comes I am afraid the militia will prove troublesome. The negroes who were defeated by the white stevedores in the recent labor troubles at Havana are already taking to the bushes and are setting fire to the cane fields. There is no chance for their fighting in the open. They go into the country and get in their work with the torch and occasionally ambush an enemy."

UNIVERSITY MEDICAL SCHOOL

Fifth Commencement of the Department on May 9.—Eleven Men to Receive Diplomas.

Special Correspondence.
Raleigh, March 18.—The fifth annual commencement of the University Medical school will be held Thursday, May 9, at Chapel Hill and Dr. George W. Long, will deliver the address. There will be 11 graduates. The announcement is made by Dr. Hubert A. Royster of this city, the dean.

MEMORIAL.

Death entered our community Tuesday and took from us Mr. George F. Riggs, an old and highly respected farmer of Depe, about three weeks ago he was stricken with that dreaded disease, typhoid fever, but despite all medical aid and care death claimed him for its own.

He was an old Confederate soldier. Although young when the war began, he entered the army and fought bravely for the southern cause. For many years he was a member of the missionary Baptist church, and was a faithful worker for his church.

He is survived by his wife and children also one brother. And many friends by whom he will be greatly missed, but kind friends and loving wife and children, sorrow not, although he will never be with you on earth any more, he is safe with Jesus, awaiting that resurrection morn when all will be reunited.

Danger of Flood Subsiding.

Special to Journal.

Wheeling, W. Va., March 18.—The waters of the river are receding, leaving the ground covered with mud several inches deep. There is little danger of further trouble.

If two men ride a horse one must ride behind.—Shakespeare.

Six persons were killed by an exploding bomb while searching a student's apartments in Kharkov, Russia.

Truth, faith and love are all that make life.—Beranger.

If a man has one enemy he has enough.
