HAPPILY WEDDED.

Handsome and Popular Couple United in the Holy Bonds of Matrimony.

The home of Mr. and Mrs. John C. Hill on Hancock street was the scene of a pretty wedding at 9 o'clock last night. The contracting parties were Mr. Otis Manly Banks and Miss Rosa Belle Barker, sister of Mrs. Hill.

Master Harry Dewey Hill met the guests at the door and they were received in the parlor by Misses Emmie Gaskill and Lida Smaw. The parlor was handsomely decorated with bamboo. A handsome arch was made of this beautiful vine under which the ceremony took place. The wedding party was composed of the groom and his best man, Mr. Thomas E. Barker, brother of the bride, the maid of honor, Miss Jessie Taylor, the bride and her brother-in-law, Mr. John C. Hill who gave her away.

Rev. L. G. H. Williams performed the ceremony in the presence of a large assemblage of guests.

The bride was handsomely attired in white Eolian silk, trimmed with Mecklin lace and velvet. She carried a bouquet of white carnations and ferns.

After the ceremony the guests were welcomed to the dining room where delicious refreshments were served by Mrs. W. B. Pugh. The guests after showering congratulations upon the happy and popular young couple who have a host of friends, returned to their homes.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly failing to cure with local treatment, pronounced it incurable. Science has proven catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Send for circulars and testimonials.

Address: F. J. CHENEY & CO., Toledo, Ohio.

Sold by Druggists, 75c.

DESIRABLE HOME SEEKERS.

The Announced Purpose of Southern Colonization Company. New Bernians Interested in the Organization.

In another column of today's paper is an advertisement of the Norfolk & Southern Colonization Company announcing its purpose to bring to eastern North Carolina desirable homeseekers. Though this company has no connection with the Norfolk & Southern Railway, it is understood that it has already formed desirable connections in the west and northwest by which they are enabled to get in touch with the best element of that section seeking homes in other parts of the country. These people constitute the most desirable class of immigration that can today be secured. They are Americans, familiar with our language and customs, and readily adapt themselves to our climate and agricultural conditions. In fact, many of our most successful farmers and business men are among those who immigrated here from the northern and western states. It is the purpose of the Norfolk & Southern Colonization Company to promote encourage this movement. With this end in view, they are listing for sale the best of farming lands throughout eastern North Carolina. For these they find purchasers by co-operation with their connections in the west. Those who have more land than they need would therefore do well to correspond with Mr. W. B. Allen, secretary of the company No. 301 Citizens Bank Building, Norfolk, Va. Mr. Allen is well known throughout North Carolina. He has long been identified with the insurance business in the state and has been eminently successful. He now gives it up to enter upon this colonization work. The president of the company is Mr. J. B. Blades of New Bern; its vice president, Mr. E. J. Becton of Kinston, Secretary W. B. Allen, Norfolk, Va. These, together with Mr. W. B. Blades, constitute the board of directors of the company. It has strong financial backing and is entering upon its work under auspices that promise success for the company and good work in the development of eastern North Carolina.

Firemen's Fund.

Editor Journal.

Please allow me space in your columns to say a few words in regard to the noble work of the firemen on Monday night.

I have seen fires in other places, cities with paid departments, but I have never seen in any place, or at any time more noble work or braver men.

Almost risking their lives in the awful heat they stood their ground, directing their efforts against every attempt of the fire fiend to destroy more property, and these attempts happened every few minutes." It is indeed a miracle that the fire did not go to the river, and too much cannot be said or done for the men who risked their lives time and again, in their efforts to save property.

Another thing that the citizens of New Bern should bear in mind is, that these firemen get not one cent of pay. Never a banquet given in their honor, never a subscription taken for their benefit, and not even a rubber coat.

The engine that was spoken of in yesterday's Journal as "out of commission" was not out of commission but out of fuel, and the fire was under control when the engine was carried back to the engine house and put in shape for another fire.

Of course, it is all well and good to thank the firemen, but thanks don't go very far. What the people of this city ought to do is to raise a Firemen's Fund, and let them know that what they do is appreciated.

Now I am sure that the good people of New Bern will do the right thing by these men, and contribute freely to this good cause.

I will start the list with five dollars, and will be glad to take and forward to the "chief," anything that the good citizens of the town will give.

Yours very truly,
PERCY D. THOMAS.

Mr. David L. Miller and Miss Flossie B. Lee were married at nine o'clock Tuesday night by Rev. J. R. Betts.

Directors Elected for Central Hospital

Special to Journal.

The egg hunt which was given at Mrs. H. R. Bryan's yesterday afternoon was a grand success and immensly enjoyed. Over one hundred children participated in the event. The receipts were large. Master Willie Disosway won the prize egg.

A crowded house greeted "Our New Minster," at the opera house last night and like the first performance, it was cheered to the echo. It appealed to the heart as well as to the sense of pleasure and was produced as naturally as though the characters were in real life instead of an imitation.

Lax-ets 5 Cents Sweet to Eat A Candy Cough Lozenge.

A Square Deal

Is assured you when you buy Dr. Pierce's family medicines—for all the ingredients entering into them are printed on the bottle-wrappers and their formulas are attested under oath as being complete and correct. You know just what you are paying for and that the ingredients are gathered from Nature's laboratory, being selected from the most valuable native medicinal roots found growing in our American forests and while potent to cure are perfectly harmless even to the most delicate women and children. Not a drop of alcohol enters into their composition. A much better agent is used both for extracting and preserving the medicinal principles used in them, viz.—pure triple-refined glycerine. This agent possesses intrinsic medicinal properties of its own, being a most valuable antiseptic and antiferment, nutritive and soothing demulcent.

Glycerine plays an important part in Dr. Pierce's Golden Medical Discovery in the cure of indigestion, dyspepsia and weak stomach, attended by sour risings, heart-burn, foul breath, coated tongue, poor appetite, gnawing feeling in stomach, biliousness and kindred derangements of the stomach, liver and bowels.

Besides curing all the above distressing ailments, the "Golden Medical Discovery" is a specific for all diseases of the mucous membranes, as catarrh, whether of the nasal passages or of the stomach, bowels or pelvic organs. Even in its ulcerative stages it will yield to this sovereign remedy if its use be persevered in. In Chronic Catarrh of the Nasal passages, it is well, while taking the "Golden Medical Discovery" for the necessary constitutional treatment, to cleanse the passages freely two or three times a day with Dr. Sage's Catarrh Remedy. This thorough course of treatment generally cures the worst cases.

In coughs and hoarseness caused by bronchial, throat and lung affections, except consumption in its advanced stages, the "Golden Medical Discovery" is a most efficient remedy, especially in those obstinate, hang-on coughs caused by irritation and congestion of the bronchial mucous membranes. The "Discovery" is not so good for acute coughs arising from sudden colds, nor must it be expected to cure consumption in its advanced stages—no medicine will do that—but for all the obstinate, chronic coughs, which, if neglected, or badly treated, lead up to consumption, it is the best medicine that can be taken.
