New Bern, N. C., April 23, 1907

WHERE MONEY IS BEING INVESTED.

Outside of the professional speculator, the Wall street investment has ceased to prove a charm. The banking interests of the country do not look today so closely at Wall street, in order to gauge the financial outlook. Stock surges, naturally attract every moneyed interest, but what the stock brokers may be doing, does not today pass for any sign of business development, or presage prosperity or hard times.

The investor today, is not looking at the ticker in the broker's office, reading off quotations on stocks, wheat, corn or other speculative commodities on the great city exchanges. In this section there are no tickers to watch, as the law has placed a ban upon such trading. But there is money to be put into something that may look good for investment, and in every section of the country, dollars by the thousand and hundred thousand, are seeking the hand of the man or company that offers the seeming "good thing." Real estate has proven a splendid field for investment. No price has been too high for the city lot, while great tracts of land near cities all over the country, have been bought, and opened up as attractive subdivisions, and the lots of these subdivisions have been quickly purchased by smaller investors.

The mining fields of the west have, and are being eagerly sought. Great fortunes have come to a few, while the swindler has come to offer worthless shares of pretended mining stock, to those unacquainted with the real stocks. The inventor now forms his stock company and takes the public into his confidence, and in the shares of stocks at low prices, enables the workman and clerk, to become a stockholder in interests that may prove of great value, when developed.

WHAT IS A GOOD PLACE OF LOCATION.

The town or city advertising itself, is not very unlike the merchant. The question is, has it the goods it advertises? In this local advertising of a place, the assertion is often made of the place being "the best." Why is it best? What makes one merchant's wares better than another's? Not the advertisement in the newspaper. Neither does the boast of a newspaper or a citizen make a town "the best," in comparison with other places. Simply to advertise as having "the best," unless there be something to substantiate the statement, is harmful. And for a town to boast that it has superior advantages, must be backed up by facts.

But a place must have something more than mere natural advantages. It must have something more than just the chance for the new comer to succeed. There must be the local spirit which makes the investor feel that his arrival is important. That he is welcome, not for just what he brings, but what he, as a new citizen, may do for the betterment of the community. The new money is to be received as a favor, and regarded as an honor, in proportion to every other citizen.

A new attraction that has in it the possibility of building up a place, is the coming of something more than the

and how much more attention is due every new investor and new enterprise, that comes on solicitation.

The place that has the spirit of civic pride, that seeks that community of interests feeling, to trade at home, to invest at home, to assist the local enterprise in preference to one outside to stand by local interests, the town or city that has such citizens, will easily build up. Every visitor will feel the spirit that prevails, that their coming is really a welcome, not superficial, and that the person coming would truly be made one of the community.

THE FORMATIVE YEARS OF A BOY'S LIFE.

There is no greater mistake than the one too often committed of letting a boy shift for himself. To the unthinking, the healthy boy of twelve to sixteen years, seems to need no guardianship. Strong, alert and full of a live interest in every day things, it seems a shame to say to him, "don't." The fact is, that "don't" is not the word to be used, for it is not the kind of restraint, implied in the word "don't," that is applicable to the average boy. And yet the boy needs restraint during those years of twelve to sixteen, when he must gain a foundation of character, that is all important for his future. But a better word to express the boy's leading, would not be restraint, but directing, and to those who can gain a boy's confidence, nothing is so easy, as to direct his mind and attention along channels that mean character building, in the right way.

The Illinois senate has passed a bill which will have the effect, if it becomes law, of requiring boys between fourteen and sixteen years to be lawfully employed during school hours or to be in school. Some latitude will probably be allowed to the interpretation of the word "employed," so that it may cover useful work at home or under the direction of the boy's parents as well as work for hire. The intent is to keep off the streets the boys who are not in school.

Here is a solution of the question, in one way, of a legislative provision and supervision over boys who have not the proper home influences, to direct them. Habits of idleness, nothing can be worse, than when such become part of a boy's life. The cigarette, is the usual accompaniment, and petty mean acts, leading to crime, are certain to follow. It is the lack of the parental discipline, the failure to recognize that the boy of twelve to sixteen calls for special direction and that during these years of formative habits, his future can be made for right, or if neglected, there is a life of trouble for the boy, afterwards a man, and that those who love him, who have failed to help and direct him during the formative years of his life, must share in the troubles and sorrows, great or small, that come to him.

Hence the need that the boy shall have something to hold his attention, and give his mind the turn in the right direction. School, by all possible means, but if not possible, then some work that shall give mind training, as well as help the physical. This means equipment for the future. Idleness means ruin for the future.

For Catarrh, let me send you free, of Dr. Shoop's Catarrh Remedy. It is a snow white creamy, healing antiseptic balm that gives instant relief to Catarrh of the nose and throat. Make the free test and see. Address Dr. Shoop, Racine, Wis. Large jars 50 cents. Sold by F. S. Duffy.

Politics and land-fraud prosecutions appear to be badly mixed the Meyer-Haywood trial in Idaho, and several of President Roosevelt's friends are involved.

There is more Catarrh in this section of the country than all other diseases put together, and until the last few years was supposed to be incurable. For a great many years doctors pronounced it a local disease and prescribed local remedies, and by constantly falling to cure with local treatment, pronounced it incurable. Science has proven Catarrh to be a constitutional disease and therefore requires constitutional treatment. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, is the only constitutional cure on the market. It is taken internally in doses from 10 drops to a teaspoonful. It acts directly on the blood and mucous surfaces of the system. They offer one hundred dollars for any case it fails to cure. Sent for eleven cents.

Address: F. J. CHENEY & CO., Toledo, Ohio.

STRANGE CASE OF DUAL INSANITY

Two Brothers Become Crazy Apparently From an Excess of Religious Fervor.

Special to Journal.
Raleigh, April 19.—Deputy sheriffs brought to jail here George Morgan, white, aged 28, who since last Monday had been wandering in the woods 15 miles north of Raleigh. He went to Richmond last week, became suddenly insane under the impression that he was a "Holy Man." He was arrested and his brother Lonnie went after him. As soon as the latter arrived here, too, became insane and was also arrested.

An officer was sent from here to bring both men back but George leaped from the train and escaped when near Raleigh. When found last night he was in the woods and was almost starved. Lonnie also claims to be a "Holy Man." George says he made his escape because he did not want to go to jail. The men are only held in jail until room can be found for them in the hospital for the insane. Application is made for their admission.

No Decision on Railroad Shops.
Special to Journal.
Raleigh, April 19.—The Norfolk & Southern Co., have not yet located the railroad shops. It is intimated that Washington is the preferred site for the shops.

"Preventives" will promptly check a cold or the Grippe when taken early at the "sneeze stage." Preventives cure sore throats as well. Preventives are little candy cold cure tablets, and Dr. Shoop, Racine, Wis., will gladly mail you samples and a book on colds free, if you will write him. The samples prove their merit. Check early Colds with Preventives and stop Pneumonia. Sold in 5c and 25c boxes by F. S. Duffy.

It's difficult for a light-fisted shadow of suspicion.

It's difficult for a light-fisted preacher to hold his congregation.

"PNEUMONIA'S DEADLY WORK" had so seriously affected my right lung," writes Mrs. Fannie Connor, of Rural Route 1, Georgetown, Tenn., "that I coughed continuously night and day and the neighbors' prediction—consumption—seemed inevitable, until my husband brought home a bottle of Dr. King's New Discovery, which in my case proved to be the only real cough cure and restorer of weak, sore lungs." When all other remedies utterly fail, you may still win in the battle against lung and throat troubles with New Discovery, the real remedy. Guaranteed by all druggists. 50c and \$1.00. Trial bottle free.

The Richest Man in the World.
The richest man in the world can not have his kidneys replaced nor live without them, so it is important not to neglect these organs. If Foley's Kidney Cure is taken at the first sign of danger, the symptoms will disappear and your health will be restored, as it strengthens and builds up these organs as nothing else will. Oscar Bowman, Lebanon, Ky., writes: "I have used Foley's Kidney Cure and take great pleasure in stating it cured me permanently of kidney disease, which certainly would have cost me my life." Davis Pharmacy.

WHY SO WEAK.

Kidney Troubles May be Rapping Your Life Away. New Bernans Have Learned This Fact.

When a healthy man or woman begins to run down without apparent cause, becomes weak, languid, depressed, suffers backache, headache, dizzy spells and urinary disorders, look to the kidneys for the cause of it all. Keep the kidneys well and they will keep you well. Doan's Kidney Pills cure sick kidneys and keep them well. Here is New Bern testimony to prove it.

F. P. Avery, foreman at the A. & N. C. R. R. shops, residing at 30 Graves St., New Bern, N. C., says: "I can recommend Doan's Kidney Pills which I obtained from Bradham's Pharmacy. My back when I would get up in the morning felt weak and lame and the use of Doan's Kidney Pills relieved it. I have felt much better and stronger since I used them. My back was a weak spot and if I caught cold it settled there and I seemed to lose all use of it. Since using Doan's Kidney Pills my back has not troubled me one bit. You can use my name as an endorser of Doan's Kidney Pills and I will recommend them to anyone."

For sale by all dealers. Price 50 cents. Foster-McMillan Co., Buffalo, New York, sole agents for the United States.
Remember the name—Doan's—and take no other.
Mrs. Daniels Nelson has a large quantity for special sale of the members of the American Association.

Indigestion

Stomach trouble is but a symptom of, and not in itself a true disease. We think of Dyspepsia, Heartburn, and Indigestion as real diseases, yet they are symptoms only of a certain species of nervousness—nothing else.
It was this fact that first correctly led Dr. Shoop in the creation of that now very popular Stomach Remedy—Dr. Shoop's Restorative. Going direct to the stomach nerves, alone brought that success and favor to Dr. Shoop and his Restorative. Without that original and highly vital principle, no such lasting accomplishments were ever to be had.
For stomach distress, bloating, biliousness, bad breath and yellow complexion, try Dr. Shoop's Restorative—Tablets or Liquid—and see for yourself what it can and will do. We sell and cheerfully recommend.

Dr. Shoop's Restorative

F. S. DUFFY.

The New Paper.
An announcement has been issued by the New Bern Publishing Co., exploiting the new morning daily which will be issued about June 1. The officers are: President, W. B. Blodgett; Vice President, E. B. Meadows; secretary, treasurer and general manager, Owen C. Dunn. The directors are A. D. Ward, Wm. Dunn, C. D. Bradham, T. G. Hyman and E. H. Meadows. The name of the paper will be "The Sun." It is to have eight pages and will have associated press news service. The machinery will be received about May 1.
The editorial staff has not yet been announced but it is understood that excellent talent has been engaged to conduct the affairs of the paper. The subscription price will be six dollars per year.

The Price of Health.
"The price of health in a malarious district is just 25 cents; the cost of a box of Dr. King's New Life Pills," writes Ella Slayton, of Noland, Ark. New Life Pills cleanse gently and impart new life and vigor to the system. 25c. Satisfaction guaranteed at all druggists.
There are 3,390 Smiths of full age in New York city, and 680 of them have telephones.

The Seminole Indians have gone on the warpath because they allege a dead chief's tomb was desecrated.

Cured Hemorrhages of the Lungs. Gentle and Effective.
A well known Manitoba editor writes: "As an inside worker I find Chamberlain's Stomach and Liver Tablets invaluable for the touches of biliousness natural to sedentary life, their action being gentle and effective, clearing the digestive tract and the head." Price, 25 cents. Sample free Davis Pharmacy, F. S. Duffy.

Mexico's earthquake caused more than 100 deaths and great damage, and the shocks still continue at intervals.

EUREKA!

Yes, I Have Found it at Last.
Found what? Why that Chamberlain's Salve cures eczema and all manner of itching of the skin. I have been afflicted for many years with skin disease. I had to get up three or four times every night and wash with cold water to allay the terrible itching, but since using this salve in December, 1905, the itching has stopped and has not troubled me—Elder John T. Ongley, Rootville, Pa. For sale by Davis Pharmacy and F. S. Duffy.

Testimony given in the Harrisburg capital inquiry indicated that Contractor Sanderson knew long before the contract was awarded that he would be the successful bidder.

The News—No Pure Drug Cough Cure Law would be needed, if all Cough Cures were like Dr. Shoop's Cough Cure—is—and has been for 20 years. The National Law now requires that if any poisons enter into a cough mixture it must be printed on the label or package.

For this reason mothers, and others, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's labels—and some in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best, a truly remarkable cough remedy. Take no chance, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and see. No poison marks there! You can always be on the safe side by demanding Dr. Shoop's Cough Cure. Simply refuse to accept any other. Sold by F. S. Duffy.

A plot to assassinate Marquis Ito and other Japanese ministers is said to have been frustrated.

Written by a Spider.
Through blood poisoning caused by a spider bite, John Washington of Desquerville, Tenn., would have lost his leg, which became a mass of running sores, had he not been persuaded to try Chamberlain's Snake Balm. We believe the Snake Balm cured him.

SUNDAY SCHOOL CONVENTION

Churches Represented Those of the Neuse Atlantic Baptist Association.

A three day Sunday school convention is in progress at the First Baptist church. The churches represented in this body are those forming the Neuse and Atlantic Associations, this being a joint convention of the two associations. Some eight or ten counties are in the two associations and the delegates number about 100.

A very interesting and practical program has been prepared for the benefit of Sunday workers and those interested in Sunday schools should attend as many of the meetings as possible for there are many good suggestions in the addresses and discussions.

The session yesterday morning was devoted to organization and such business as the occasion demanded. Mr. J. J. Rogers of Kinston was elected moderator of the meeting and Mr. L. L. Leary of Morehead City was made secretary. The reports of the executive committees were heard. Rev. B. W. Spillman representing the Neuse association and Mr. D. H. Green spoke for the Atlantic association. Both gentlemen gave encouraging reports of the condition of the Sunday schools within their respective territory and made excellent suggestions for the improvement of the Sunday schools. Rev. Spillman proposed a plan of extending the Sunday school system to unorganized communities and advised the employment of a special missionary to organize new schools, distribute literature and to preach when the opportunity afforded.

In the business session following these committees were appointed: On Consolidation, for the Neuse association: Rev. B. W. Spillman, Rev. N. H. Shephard and M. H. Hood. For the Atlantic association: D. H. Green, Rev. R. D. Cross and J. B. Holland. On Enrollment: F. G. Mitchell, J. S. Muller and W. D. Blackman.

Four new members were introduced: Rev. Britt, of Davis, Rev. Wiloughby, of Swansboro, Rev. Avery, of Newport, and Rev. N. H. Shepard of Green county. Rev. Garth of the Presbyterian church and Rev. Tynedale of the Christian church were welcomed to the fellowship of the convention.

At the afternoon session some helpful topics were discussed. The first Rev. E. C. Andrews led on the subject of "The Folks at Home," and J. S. Canady on "The Teacher During the Week." At the evening session Dr. J. M. Parrott, of Kinston, gave a splendid and inspiring address on "The Sunday School and Development of Citizenship," showing how an institution for religious training of youth is imperative for the moral good of the nation. This address was followed by an interesting and instructive discourse by Rev. Spillman on the Baptists in Sunday school history. The speaker made the work of William Fox the topic of his talk. And mentioned with due respect the labors of all other denominational workers both past and present in this line of Christian effort.

U. S. Torpedo Boat at Beaufort.
Beaufort, April 19.—The U. S. torpedo boat Morris, from Key West to New York came in the inlet this morning and anchored off Morehead City. She was short of supplies and came in to replenish. She left at about 10 o'clock on her way north, going by the life saving station at a good rate of speed and out through the inlet.

Contract for Five Mile Trestle Let.
Special to Journal.
Raleigh, April 19.—The Norfolk & Southern railway gives the contract for the construction of the five and a half mile trestle bridge across Albemarle sound between Mackey's Ferry and Edenon to the McLean Construction Co., of Baltimore. The work to be completed in ten months.

Pope Pius bestowed the red hat on six of the seven cardinals appointed at the secret consistory.

Maritime Notes.
Albermarle Sound, Pasquotank River; lights established, buoys withdrawn. On March 8, 1907, the following changes were made in the aids to navigation in Pasquotank river:
Pogonson Point light, a fixed white post-lantern light elevated 15 feet above the water, on a red 3-pile horizontally slatted structure erected in 3/4 feet of water on the shoal marking out from Pogonson Point, about 3 1/2 miles NW. 3/4 W westerly from Wade Point lighthouse.
On the same date Pogonson Point Flats, red nut buoy, No. 2, was discontinued.
Cobbs Point light, a fixed white post-lantern light elevated 18 feet above the water, on a black 3-pile horizontally slatted structure erected in 7/4 feet of water northeastward of the outer end of Cobbs Point.
On the same date Cobbs Point Shoal, black can buoy, No. 3, was discontinued.
Pamlico Sound, Bodie Island Anchorage; buoy changed. On March 12, 1907, Lump buoy, No. 4, stationed about 4 1/2 miles WSW. 3/4 W from Bodie Island lighthouse, was changed from a second-class aid to a red spar buoy, No. 4.
Pamlico Sound, Long Shoal River, Pingleton Shoal; buoy changed. On March 15, 1907, a second-class can buoy, painted black and numbered 1, was substituted for the black spar buoy, No. 1, stationed on the outer end of Pingleton Shoal, about 7 1/2 miles W. 3/4 S. from Long Shoal lighthouse.
