Everyone should take a tonic in the Spring; their systems require it. The blood has become thick and sluggish with the accumulations left in the system from breathing the impure air of closed rooms and overheated buildings; the heavy, rich foods of the Winter season, etc., and when this vital fluid is aroused and stirred to quicker action by the return of warmer weather, these waste matters and poisons are distributed through the circulation, to act depressingly and induriously on the system. The blood being in this unnatural and impure condition is unable to furnish the body with the proper amount of nourishment and strength, and the cystem suffers from debility, weakness, nervousness, indigestion, loss of appetite, and many other unpleasant symptoms of a disordered blood circulation,

SRD/MDS1

The depleted system must have assistance; it needs a tonic and it is important that the proper one be selected. When the health is in this disordered condition it is not safe to

take unknown concoctions, sarsaparillas, etc., because they usually contain potash or other strong mineral ingredients which act unfavorably and often dangerously on the run-down, weakened system, at a time when it needs gentle and natural stimulation to throw off the impurities and recuperate its lost energy. A great deal is being said these days about living close to nature, and it is more applicable to medicines, perhaps,

than anything else. Nature has provided a remedy for all the ills of mankind, and medicines made from nature's vegetation act better in every way than do the strong mineral mixtures which are the products of the chemist's or apothecary's shop. The greatest of all tonics is S. S. S. It is made entirely of the roots, herbs and barks

of the forests and fields, selected for their parifying and health restoring qualities; and as it does not contain the slightest trace of mineral in any form it is especially adapted for a systemic remedy, one that is absolutely safe for young or old. - S. S. S. acts directly on the blood, ridding it of any and all impurities and poisons, and restoring the lost properties of rich, nutritive strength so that it is enabled to supply to the system the heathful, invigorating energy needed to pass this trying season of the year. Its action is the most prompt, pleasant and satisfactory of all ionics

humor that may be in the blood and thus prevent an outbreak of Eczema, Tetter, Salt Rheum or other rash or eruption of the skin. S. S. S. restores lost energy, relieves that all worn out, tired feeling, quiets the nerves, helps the appetite and imparts a relish for food, and in every way adds tone and vigor to the entire system, and prepares it for the depressing Summer months that are to follow.

In selecting your tonic for this year do not be led into believing that others are "just as good," but get S. S. S., THE GREATEST OF ALL TONIOS, and one that for more than forty years has been recognized as such. It is Nature's tonic, absolutely pure and safe, and reliable in every way. S. S. S. is for sale at all first-class drug stores.

THE SWIFT SPECIFIC COMPANY, ATLANTA, GA.

Your S. S. S., in my opinion, is as good a medicine as can be had; it simply cannot be improved upon as a remedy to purify and enrich the blood and to invigorate and tone up the system. This spring my blood was bad and I was run down in health, and having seen your medicine highly advert sel I commenced its use. To-day my blood is in fine condition and my general health is of the best. Am filling position as freman for a large con-cern here, and if I was not in good physical condition it would be impossible for me to fill the place. Your S. S. S. has been of great service to me and I do not hesitate to givel the credit it deserves. WM. F. VAN DYRE, did Fifth St., Beaver Falls, Penn. Bomb in U. S. Printing Office. Special to Journal. June 22 .- Saturday, the 22nd, inst., being the longest day in the year was chosen by the Newport Sunday school together with the Wildwood Sunday school to have their annual picnic at this place. The sun rose beautiful and shone warm and bright all through the day. Long before 10 o'clock the crowd commenced to gather. Some from the cast, west, both and south, some by rail, some walking, some by buggies, carts and wagons. They assemibled at that lovely garden spot of North Carolina known as Zion Chapel A. M. E. church. Friends, relatives, acquaintances and strangers met and all expressed themselves as having a good time. The two schools was under the superintendency of Mr. W. R. Whittington, and Mr. B. T. Walker, they called the crowd in the church about 12 o'clock by the tap of the bell and about half an hour or more was spent in singing and prayer, and a very timely, brief, but pointed lecture was listened to, delivered by Rev. J. S. Bell, pastor of Morehead City station, it was full of instruction and encouragement along all lines. After which we were dismissed and one among the richest and most bountiful tables was spread full of the nicest prepared, and mostly food that it has been my pleasure to look upon and enjoy for many years. Every one ate to their fill and was compelled to leave the table with a plents of good food upon it, and a plenty more in their baskets, the suerintendents and committees made clamations, urged and insisted all the people to not fall to eat all they

would. A plenty of refreshments was erved, their being two stands ice cream, lemonade, milk-shakes, cakes, andles, rope jumping, etc. Thus ends a very pleasant and enjoyable picnic. J. S. B.

Police Court Proceedings.

number of gentlemen were befor he mayor yesterday charged with the tolation of an ordinance which will ery likely be repealed at the next eting of the board of aldermen. The mense consisted in having their drays in the street before their stores ithout any apparent necessity. It was shown that the gentlemen who for the most part were wholesale and retall grocors whose wagons stand in front of their business purposes to be niled with orders. A number of colored draymon were up on the sai arge of allowing their wagons stand in the street contrary to the provisions of the ordinance. In view of their ig-

prance of the ordinance and of the maxim of their position their cases J. A. Blade was taxed the conte for

many high civic virtues, and as member of the church of the living God, showed forth in his daily walk among men the transforming power of the grace of Christ Jesus. In the death of John Alexander Meadows, who fell in sleep in the city of Baltimore, June 2nd, 1907, this board, and the entire membership of Centenary Church, are sorely bereaved.
