WEDNESDAY.

Mas Mary Oliver entertained the Whits Club yesterday afternoon.

The sale of seats for "Peaceful Valley" will begin today at W. T. Mill's Sporting Goods Store.

Mr. Carroll, who has been in charge of the work at the jail, was called to his home in Virginia on account of the douth of his child. On his return work will be resumed.

The friends of Hon. W. C. Brewer will be pained to learn of his severe Ulpeas at his home on Queen street. His disease is asthma, and he is a great sufferer.

There will be services at First Church of Christ, Scientist, on Middle street near corner of Broad this p. m. at 7:30 o'clock. All are cordially invited.

The planing mill of the J. L. Roper plant is completed and the machinery ts being placed. Work on a lumber shed 600x82 feet has been commenced and other sheds of similar dimensions will be made.

Any one knowing anything about the occupation of the Presbyterian Church by the Union army during the Civil war is requested to notify Mr. T. A. Henry or Rev. J. G. Garth, and it will be appreciated. A commission to examine into the matter is expected here about November 1.

The chrysanthemum is now in all Its glory and there is no more beautiful flower extant than the "mum." We were shown some flowers which were cultivated by Mr. J. W. Watson. They were the most beautiful specimons that have been seen this year. Mr. Watson is enthusiastic over his success with them.

The cotton gin of Mr. W. C. Waters at Maysville, was damaged by fire yesterday to a considerable extent. The fire was supposed to have ignited from a match passing through the saws of the gin. A bucket brigade was organized and the flames were quickly quenched before the machinory was permanently injured.

To the lovers of the roller skates in this city there is a great disappointment this Fall. There have been for the past two or three years a rink open to the public here, but this season has found it closed. Judging by the way the youngsters use the conerete walks on afternoons, it can be easily seen that a rink will pay if Grown open. A skating rink will afford a lot of amusement to the young people and when properly utilized is bealthful. Physicians recognize it as a splendid athletic and healthful exercise. We hope to hear that a rink will be started soon.

The city of Wilson will soon have a new evening paper. The name has not yet been decided, but the stockholders are legion and according to the News and Observer, the paper will have a good start.

The new plant of the New Bern Cotton Gil and Fertilizer Mills, started up Monday, the new machinery having been installed. The gin that was recently burned will be in operation in two or three weeks.

Tonight will be Hallow'en. Every young lady who is somewhat anxious as to her prospects of enjoying connubial hapiness will tonight use the universally recommended formula for viewing the countenance of her future partner for life.

There is too much disregard of the law requiring bicycle riders to have lights on their wheels. Even on moon light nights, bikes without lights are dangerous, and on the nights when moon and electric lights fail to shine, the hazard of no lights on bikes is criminal.

Mr. John A. Fox is expected to be n New Bern on next Saturday. He will explain the workings of the National Rivers and Harbors Association, in connection with the 30 foot channel for the Cape Fear river, from Wilmington to the ocean. Further notice of meeting will be given.

Mr. J. J. Koopman, chief of police, Florence, S. C., and J. D. Faircloth, of the city force of Dillon, with Mr. H. T. Gregory, P. O. Detective, of Charleston, are here to get case vs. P. O. Calberry, at Malmo, N. C., re-

A Lazy Liver

May be only a tired liver, or a starved liver. Is would be a supple as well as savage thing to beat a woory or starved man because he lagged in his work. So in treating the lagging, torpin liver it is a great mistake to lash is with strong drastic drugs. A torpid liver is but an indication of an ill-nourianed, entreblod bedy whose organs are weary with over body whose organs are weary with over work. Start with the stomach and allied organs of digestion and nutrition. Put them in working order and see how quickly your liver will become active. Dr. Pierce's Golden Medical Discovery has made many marvelous cures of "liver trouble " by its wonderful control of the organs of digestion and nutrition. It retores the normal activity of the sto increases the secretions of the blood-making glands, cleauses the system from polis accumulations, and so relieves th liver of the burdens imposed upon it by

Cooper Fought to Retain Formula Which Has Made a Fortune.

L. T. Cooper, the man who believes that 50 per cent. of all ill health of this generation is caused by stomach trouble, is fast winning a national faith in his theory. His claim is now admitted by a surprising number of people throughout the country, and he people throughout the country, and he is gaining new adherents every day. While speaking of his success in a recent interview, Mr. Cooper said: "I belleved ten years ago that any one who could produce a formula that would thoroughly regulate the stom-ach would have a fortune. When I got hold of this formula I knew with ball to deal with. I was troubled for years with my ctomach. I consulted with doctors and took many patent medicine preparations without result. My stomach was in such a wretched shape that I could not enjoy a meal that I ata. , Letter to J. C. Whitty & Co.

New Bern, N. C. Dear Sir: Experience teaches some people sometimes; it teaches a few some things; it's a mighty slow school though, that same experience.

Lots of people paint lead-and-oll, paint once in three years, and think themselves wise; they are wasting half their money and fuss. They're so sure they are wise, they die as they live, paint-foolish. Experience teaches them nothing.

There's another set, who buy paint by the gallon, and go by the price of a gallon. They think one price in high, and another is low; and they pay about middling; why don't they pay low? They know that milk isn't dear or cheap by the price of a quart; that the milk has something to do with it. They don't buy "cheap" milk; but they buy "cheap" paint and pay double. Experience teaches them nothing.

There's another set. They painted years , ago lead-and-oil: exhausted that. Then tried something else; it was better or worse. Then Devce: it cost about half and wore twice as long. That's how experience teaches some of us.

Yours truly. F. W. DEVOE & CO. P. S .- E W. Smallwood sells our paint
