

POSSIBILITY OF A DARK HORSE

THE UTTERLY HOPELESS DEAD-LOCK IN THE CONVENTION CAUSES DISCUSSION OF EXPEDIENTS

MOTION ADJOURN DEFEATED

Record of Ballots Taken—The Election of Votes Not So Marked as They Were Yesterday—Whatever Change There Is Denotes the Absence of Delegates Who Are Leaving the City.

Special to Journal. Convention Hall, Charlotte, N. C., June 26.—The balloting on the governor is unprecedentedly rapid, due to the unchanged votes and Kitchin has held a lead of 385 against Craig's 332 and Horne 140 since the 30th ballot, now the thirty-third. There is more dark horse talk now than ever. Some of Craig's leaders are willing to support another candidate if they can carry all the delegates for him. There is talk by Kitchin supporters of moving for the postponement of governor, nominating the Lieutenant-Governor and the balance of the State ticket, passing primary resolution and submitting that issue to the people. Kitchin himself discourages the move but suggests postponing the present fight then taking before the people the primary resolution. At 9:30 convention has been in constant session since ten this morning. Hopeless deadlock.

How The Ballots Went

Fourteenth—11:49 a. m.

Kitchin	382
Craig	323
Horne	153

Fifteenth—12:00 m.

Kitchin	380
Craig	327
Horne	149

Sixteenth—12:50 p. m.

Kitchin	386
Craig	331
Horne	138

Seventeenth—1:50 p. m.

Kitchin	382
Craig	336
Horne	138

Eighteenth—2:07 p. m.

Kitchin	375
Craig	333
Horne	138

Nineteenth—2:48 p. m.

Kitchin	363
Craig	337
Horne	139

Twentieth—3:10 p. m.

Kitchin	383
Craig	335
Horne	129

Twenty-first—3:30 p. m.

Kitchin	382
Craig	337
Horne	137

Twenty-second—3:45 p. m.

Kitchin	382
Craig	337
Horne	137

Twenty-third—4 p. m.

Kitchin	383
Craig	337
Horne	139

Twenty-fourth—5 p. m.

Kitchin	383
Craig	336
Horne	136

Twenty-fifth—6:30 p. m.

Kitchin	382
Craig	336
Horne	137

Twenty-sixth—7 p. m.

Kitchin	384
Craig	337
Horne	143

Twenty-seventh—7:30 p. m.

Kitchin	382
Craig	331
Horne	142

Twenty-eighth—8:05 p. m.

Kitchin	382
Craig	332
Horne	143

Twenty-ninth—8 p. m.

Kitchin	383
Craig	333
Horne	143

Thirtieth—9:30 p. m.

Kitchin	385
Craig	332
Horne	140

Thirty-first—10:05 p. m.

Kitchin	385
Craig	332
Horne	140

Thirty-second—10:50 p. m.

Kitchin	385
Craig	332
Horne	140

Thirty-third ballot:

Kitchin	385
Craig	332
Horne	140

Thirty-fourth ballot:

Kitchin	385
Craig	332
Horne	140

Thirty-fifth ballot:

Kitchin	385
Craig	332
Horne	140

Thirty-sixth ballot:

Kitchin	385
Craig	332
Horne	140

MORE CONVICTS ESCAPE GUARD

MONEY FOR THE ADDITIONAL LAND FOR METHODIST ORPHANAGE COMING IN GENEROUSLY

PROSPEROUS INDUSTRY

All Guessers Backed Off The Board—Heavy Rainfall—Find a Male Infant—Claims of Republican Club—Fine Outlook For Fruit—Early Home Grown Water Melons. Special Correspondence. Raleigh, N. C., June 26.—Mention was recently made of the escape of five State convicts from the gang of fifty, employed in railway building in Hyde county. News now comes of the escape of two others, both negroes, from the penitentiary farm in Halifax county. Those who got away are James Grant, who was sent from Iron-ell, seven years ago to serve a ten year term for murder in the second degree and Archie Woodruff, who was sentenced from Forsyth seven years ago for murder in the second degree. The State used to pay a reward of 10 for the recapture of convicts, but this is now increased to 25 and ex-cerates are also paid. Money is coming in daily to superintendent John N. Cole, of the Methodist Orphanage and he is deeply gratified at the response to his personal appeals to forty well known Methodists in this State to contribute each another money \$250 to pay for an acre of the land recently bought and which adjoins that originally purchased for the Methodist orphanage. Of all the industries in the State, this year, the most successful have been the fertilizer factories, and at several of these plants extensions and other improvements are in progress. This is the case at the Caraleigh plant at Raleigh, where \$10,000 will thus be expended in preparation for next season. The cotton seed oil mills have a very good season, also, and some improvements are being made at the one here. Work is begun on the main which is to supply West Raleigh and the agricultural & mechanical college with city water. The college trustees have for some time desired to secure water, and they will also get an improved fire service. The cadet battalion will be drilled as a fire brigade. All the guessers here were put out of business by the long delay of the State Convention in selecting a candidate for governor. Interest today was greater than at any other time and was shown by both young and old. The rainfall yesterday was the heaviest east of here and a few farmers say there is a little too much. The total rainfall this month is not yet up to the average, however. Under the porch of the home of a well known blind man here, there was found last night a white infant, a boy, apparently but a few hours old. The child is very hearty, though it had been soaked by the heavy rains. It was taken to Rex Hospital and arrangements are being made for proper care of it. The Republicans in this city are making a great many claims about their local club, and assert that it has over 625 members and that they have organized several other clubs in other townships in this State. State Entomologist Franklin Sherman expresses his pleasure at the outlook for fruit this year. Though in some sections the April freeze did a lot of damage to the fruit, yet in others none was done. The June fog along the coast is very fine and many of the eggs are of extremely large size. This is an early season as was proved by the cotton already coming in. A few miles south of Raleigh here is quite an important melon hipping section, around Ashburn, and from there the first ones are coming in. Pan-American Congress Ends London, June 26.—St. Paul's Cathedral was packed today for the thanksgiving service that closed the Pan-American Congress. At the end of the service more than two hundred archbishops and bishops from all parts of the world, in robes of crimson, blue, purple and white, marched up the centre aisle two by two and laid the thanksgiving offerings of their dioceses on the altar. These offerings foot up \$1,700,000. The delegation will devote a few days to social festivities planned for them.

PAINFUL ACCIDENT TO MRS. YOUNG

Mother of Insurance Commissioner Young Falls From House Steps

NEWSPAPER SUSPENDS PUBLICATION

Journalistic Venture of Six Months Standing Proves That It Does Not Fill a Long Felt Want. Special to Journal. Wilson, N. C., June 26.—The Industrial Advocate, a daily afternoon paper, which began publication here six months ago, owned by Wilson Publishing Company, and which went into receivership recently, suspended today. Mr. J. O. Foy was editor. The Advocate will not resume, the plant will be sold. Former New Bernian Promoted The following is from the New Orleans Pecayune, and relates to a gentleman who was born in this city and lived here until 14 years. He is the nephew of Mrs. E. K. Bryan. "L. M. Pool has been elected Vice-President of the Hibernia Bank and Trust Company. "Mr. Pool has been in the employ of the company for the past sixteen years, starting in as a clerk, and is in every sense "self-made," rising to the position which he now holds through his energy and attention to duty at all times. "For the past six years Mr. Pool has been Assistant Cashier, and his election to the high position of active Vice-President of the large institution by the Board of Directors of the Bank at their meeting yesterday was greeted with general rejoicing by his friends. Governor Glenn to Convention Raleigh, N. C., June 27.—Governor Glenn has a telegram from Jonesboro, Tennessee, where his wife and daughter, Miss Rebecca, are, that by a fall her ankle is badly sprained. This will prevent her and her mother from going to Atlantic City, as planned. Governor Glenn deeply concerned this afternoon about the deadlock at the State convention, and he sent the following telegram to chairman Parsons: "In the interest of the Democratic party, and as a mere suggestion to the convention from a private citizen, and in the interest of no candidate, would it not be wise at this time to discard primary instructions, and each delegate to vote for the candidate he may desire? Read this to the convention." Find Huge Diamond Field Berlin, June 27.—A dispatch received here from Windhoek, Namara Land, German Southwest Africa, says that a diamond field, the extent of which is nearly ten square miles, has been discovered at Luderitz Bay. Grain Destroyed by Fire Duluth, Minn., June 27.—Fire destroyed elevator "D" of the Consolidated Elevator Company, dock No. 1, and sheds of the Northern Pacific Railroad Company, at Rich Point, causing a loss of more than \$1,000,000. Valiant work by a dozen tugboats, which aided the fire department, saved the bay front at that point from being entirely swept away. The fire, which started from an explosion burned in elevator "D", burned for over two hours. The losses are as follows: Elevator "D", \$300,000; wheat 377,000 bushels, \$402,390; fax 377,000 bushels, \$374,670; barley 7,000 bushels, \$7,200; Northern Pacific dock, No. 1, \$30,000; total \$1,101,620. Held Up—Made Them Eat Pies Des Moines, Iowa, June 27.—The party of Democratic leaders of Illinois, bound for Denver in an automobile train, were held up and banqueted at a picnic on the farm of Mrs. Halley, an aunt of Roger C. Sullivan, near Colo, Iowa. Mrs. Halley, a jolly Irish woman, eighty years old, suddenly appeared in front of the leading automobile, waving a huge American flag. She made herself known and rounding the entire party up on the lawn, fed them on Iowa pies, cake and lemonade for thirty minutes. Crypt for Paul Jones Washington, D. C., June 27.—The Board of Visitors to the Naval Academy in its report to the Navy Department says that the body of John Paul Jones has remained without permanent rest for three years, owing to lack of money for constructing the crypt. The board recommends that an appropriation of \$100,000 be made for the purpose.

KITCHIN THE WINNER

Horne Withdraws After Sixty Ballots—The Vote By Ballots. Special to Journal.

WORN OUT DELEGATES

RETURN HOME FROM CHARLOTTE AND GO TO BED

CRUISER DAY SET JULY 3RD

As July Third by Lieutenant-Governor Francis D. Winston—First Regiment For Camp Glenn July 30th—Teachers Institute Day For Wake—Much Improvement in Wake Schools. Special Correspondence. Raleigh, N. C., June 27.—Two of the visitors to the Charlotte Convention returned, one of these being clerk Henry Clay Brown, of the Corporation Commission, who found the convention so trying that he was in bed today. A clerk in one of the other departments came in and said that from Tuesday morning until today, a period of 96 hours he had slept only one hour. All last night people hung around the bulletin board and watched the returns. One piece of news was that an effort had been made to swing the Craig men to Horne and it was found that only 40 per cent could be swung to him. The first telegram bulletined today was that Horne would withdraw. Some of the strongest Horne men here say it is now time for him to retire from the contest. Mention has been made of the finding of an infant under a porch here in an army haversack. Today the little fellow, who is at Rex Hospital, was named Grover, and he will get the remainder of his name when the Democratic candidates for governor is nominated. County superintendent Judd says much work is being done in school improvements in Wake. It is in progress on the \$12,000 High School at Wake. Other schools under way in Oak Grove, Little River and McCullers. In Little River there are two of these new buildings. During the last two years 45 have been built at an average cost of \$2,500 each. From July 13th to 25th the Wake Teachers Institute will be held at the "A" School, which has the honor of being the first of the Rural High Schools established in the State. There are 130 white teachers in this county, and all are expected to be present. A number of special trained and well known educators will deliver lectures at the institute, including President Henry Louis Smith, of Davidson College; President William L. Poter, of Wake Forest College; James M. Farr of the University of Florida; and Superintendent T. R. Foust, of Guilford; W. H. Bagdale, of Pitt and Arthur E. White, of Franklin. Lt. Governor Francis D. Winston, the chairman of the joint legislative committee to select, purchase and present the silver service to the Cruiser North Carolina, names July 3rd as the date of the presentation, the place being, as already stated, off the port of Beaufort. Two revenue cutters will be there and of course there will be a number of other boats to handle visitors. The big cruiser will lie off sea, probably a mile or so from shore. Adjutant General Robertson announces that the First Regiment of the North Carolina National Guard will go into camp at Camp Glenn, two miles h's side of Morehead City, July 20th. The duration of the encampment is not yet settled, but will depend upon the funds available. The date when the First Regiment will go into camp the same place is not yet determined, but will be in all probability in August. The War Department bears the expense of these encampments in all particulars and they cost the State nothing. Governor Glenn left for Greensboro this afternoon to spend Sunday with his mother and will be back in his office early Monday morning. M. E. Berthold, of Oklahoma, has been selected by the Y. M. C. A. at the A. & M. College here, to be the secretary of that organization. He succeeds A. R. Walton, who goes to Yale University, to study the foreign mission field. It is learned from vice-president D. H. Hill, of the A. & M. College, that work on the Y. M. C. A. building there will in all probability begin within the next ninety days. State Entomologist Franklin Sherman has issued a circular covering the orchard inspection together with a list of the larger fruit growers and also a bulletin containing very valuable suggestions for the improvement of farm homes. This will be found of very great value to farmers and the female members of their families and a copy of it ought to be in every country home. Governor Glenn has had the best rest of the year during the past three days. He has had hardly any business, and very few callers and as his office is one of the coolest places in the city, he has had a very good time of it. He is getting in fine shape for the Denver convention, at which he is sure to do well and we are confident that he will not let us down.

THE LAST OF THE CONVENTION

Senator Simmons Nominated Delegate At Large To The National Convention

ECLIPSE CENTER OF ATTRACTION

GENERAL DEMAND FOR A MORE EFFICIENT PRIMARY LAW—NEXT LEGISLATURE WILL ENACT ONE ENLISTMENTS MADE RAPIDLY. Special Correspondence. Raleigh, N. C., June 29.—Governor Glenn came in this morning from Greensboro, and reported that his mother's condition was improved, though she had quite a severe attack of rheumatism. He leaves for Denver tomorrow at noon and will stop for a few hours at Washington, to see the Secretary of War about matters relating to the National Guard. There seems to be a very general expression of pleasure at the result of the Democratic State Convention. One farmer who was, and is an enthusiastic admirer and supporter of Kitchin said yesterday's eclipse was clearly in honor of the nomination. The eclipse attracted a great deal of attention here. On the grounds of the Baptist University for Women there was a telescope and your correspondent and others had the pleasure of looking at the sun through this. Arrangements had been made to see the planets near the sun in the evening, but the sky was quite cloudy in that quarter. The work of putting up the big organ in the auditorium of the State School for the Blind, is in progress and it is being installed in the east end of the big room. The general expression of opinion here is that the legislature will promptly provide a State primary law. For this there is a general demand. It is also said that the aspirants for governor spent a total of something like a hundred thousand dollars in their campaign for the nomination. Today the remainder of the title of the wall of a baby which is now at Rex Hospital was completed, and he is Grover Kitchin. At noon today State Superintendent J. Joyner left for Cleveland, Ohio, to attend the annual convention of the National Educational Association. Only good news comes in about the crops. Farmers say cotton has continued to make excellent progress. Corn certainly never looked better than at this season. The wheat crop was the best in a great many years. That at the farm of the Agricultural & Mechanical College here certainly turned out well. A great deal of satisfaction is expressed at the arrangements, which are being made by the State Agricultural Society for a great auditorium at the Fair Grounds here. The building has in fact always been a necessity. Capt. Winston, in charge of the United States recruiting station in the eastern part of the State, reports a very good number of enlistments—Quite a good type of men have been secured. At the Catholic church at Nazareth—where the orphanage is located, Father Hayden, was made a priest yesterday. He was stationed here four years ago as a Seminarian and has recently been at Belmont. His duties will be here. The number of orphans at Nazareth is 62. An epidemic of measles at the Methodist Orphanage here is passing off. About 60 of the children had it, but there are no cases at all serious. St. John's Day Celebrated Special to Journal. Raleigh, N. C., June 27.—The celebration of St. John's Day by the members of the Oxford Orphan Asylum, was marked by the largest gathering ever known here. Grand Master Francis D. Winston, presided and delivered an address. Venezuela Weakening Caracas, Vene., June 29.—The Venezuelan Government has withdrawn its fleet against Ambrose H. Carter, the former receiver of the New York and Bermuda Asphalt Company, to compel him to render an accounting of his four years administration of the property. It has approved Mr. Carter's accounts, which show a balance of \$5,000,000 from the sale of 107,000 tons of asphalt at \$5 a ton. J. M. S. Garrison. The rest of this money was used in administration, and the balance of \$5,000,000 was given to the poor.
