

CONTRACT LET FOR MARBLE BUST

OF THE LATE GOVERNOR WILLIAM GRAHAM WHICH WILL BE GIVEN TO THE STATE

SKETCH OF GOVERNOR GRAHAM

Large Photographs of the Crater North Carolina Given to the Historical Commission... Auditor Dixon's Report of Pitt County Coops Four New Masonic Lodges.

The North Carolina Historical Commission has closed a contract with Mr. Frederick W. Ruckstuhl, a leading sculptor of New York City and one of the foremost in this country, for a marble bust of the governor William A. Graham, to be placed in one of the niches in the rotunda of the state capitol. Mr. Ruckstuhl was the organizer and Sec. of the American Sculptors Association and one of the designers of the Dewey Art in New York City. He executed some of the most notable figures in the library of congress; he has recently placed a splendid statue of Wade Hampton on the grounds of the capitol of South Carolina and is now executing a statue of John C. Calhoun for that state, to be placed in the Statuary Hall at Washington. The Historical Commission is honored that he has completed the model of the bust of Graham and that it is one and one eighth life size. He sails for Paris next week and there the bust will be made. The Commission authorizes him to have the bust exhibited in the Paris Salon next spring, after which it will be delivered to the state.

Gov. Graham easily ranks among the greatest of North Carolinians and was a son of General Joseph Graham of Revolutionary fame. He was born in 1804, in Lincoln county; graduated at the State University in 1824, studied law under Chief Justice Ruffin, was eight times a member of the legislature; was elected to the United States Senate in 1840; was elected governor in 1843 and was re-elected two years later. He was closely identified with every work looking to the general uplift of the state, such as the organization of the structure, the digging of canals, the erection of the insane and the school for deaf mutes and blind. President Fillmore appointed him Secretary of the Navy and while in that office he sent Commodore Perry's expedition to Japan, opening that country to the commerce of the western world and Europe, this act having had a wonderful effect on modern history. He was also responsible for sending a U. S. war vessel to bring the great Hungarian Louis Kosuth, to this country. Mr. Graham was in 1852 a Whig nominee for vice president. In 1861 he was a member of the secession convention at North Carolina and was afterwards elected a Confederate States Senator. After the war he again elected United States Senator but was not allowed to take his seat. He was in 1895 appointed a member of the pebody.

State Auditor Dixon has returned from Pitt county where he made a much pleased at the temper of his audience and says everything looks good to him there, and in that section generally. Speaking about the crops Dr. Dixon says that the tobacco crop in Pitt is magnificent and was all out of the way before the bad weather came. Prices are good.

Grand Secretary Dewey of the Grand Lodge of Masons reports four new lodges, these being at Crisp Hill, Wilkes county; Caesar in Cleveland county; Rodada in Wilkes and farmer. The Masonic Order has made great growth in the state since the last meeting of the Grand Lodge.

VOICE OF THE PEOPLE

New Long Will N Last!

When the guardian officers of a community become so discredited that a lot of black-leg negro spies must be hired to help them discharge their duties, it is time, if they have any manhood at all or resentment left to call, and if any white officers are found so sorry and trifling that it is necessary to have the assistance of negro spies picked up from the slums of Norfolk, they ought to be discharged. This system in New Bern is an insult to every Justice and Sheriff officers in the city.

Gov. Glenn Active in Campaign. Special to Journal.

Raleigh, N. C., Sept. 23.—Gov. Glenn is notified by the Democratic National Committee that he is to speak in New York, Maryland and several other states from October 18 to the 29th.

WHAT AN ELDERLY LADY CAN DO

(Charlotte Perkins Gilman, in "Success Magazine.")

The main body of the material handled is also masculine—men's clothes rather than women's and the myriad towels and napkins of the manhabited business region. Women's clothes need washing also, and are washed, but present difficulties to business development. They are not only too frail and too profusely decorated for easy handling, but they lack the main desideratum—a standardization. A shirt is a shirt, and may be so handled, in thousands; but a shirt-waist is anything from a gossamer veil effect to a duck jumper.

Still, since women wear them and women wash them, there is no reason why women should not organize the business; do clean, safe, fine work, give steady employment and good training, and make thereby an honest livelihood. What a praiseworthy ambition—deliberately to seize upon, exalt, and establish a necessary industry; making life easier and simpler for thousands of patrons and setting higher standards for the cloth trade.

Then there are the food trades. Every city teems with opportunities for these. Outside, are purveyors of meat and fish. Inside, all degrees of storing and handling, to the last stage of table service. This is one of the greatest everlasting businesses of human life—to feed people—the natural function of woman. This she has always done. She has in truth done little else. She has skill special talent, at least as much as man.

Every grade of employment is open here, wide open and crying to be filled. Of plain domestic cooks we have not enough. Of simple, comfortable boarding-houses we have not enough. Of cheap, good eating-houses we have not enough. Of dainty, restful little tea-rooms and lunch-rooms we have not enough. And as to the upper rank—the management of great hotels—princely fortunes are to be made in this work. Then there is home-making proper, apart from the eating—this the much-praised specialty of woman.

BEGINS HIS PASTORATE

Rev. Dr. Sumner F. French. His Sermon to a Delighted Congregation.

Rev. J. N. H. Sumner D. D. preached his first sermon as pastor of the Presbyterian Church Sunday. The congregation was large and gave Dr. Sumner a hearty welcome and they were delighted with his sermon. The text was the Apostle Paul's query: Lord, what will thou have me to do? The thought of his sermon was on the different phases of Christian work laying stress on personal work. The discourse was thoughtful, eloquent and practical.

MARRIAGE NOTICE

Friends in the country of the contracting parties have received the following invitation.

Mr. and Mrs. W. A. Ewell request the pleasure of your presence at the marriage ceremony of their daughter

Eva

to

Mr. John F. Edwards

on Tuesday afternoon, September

twenty-ninth, nineteen hundred

and eight, at six o'clock,

at their residence near Vanceboro,

N. C.

A remarkable "straw" vote, favoring the candidacy of Mr. Tull, is furnished by the Post family, of Michayuka, Ind. William Post, of that place, his three brothers, nine sons and seventeen nephews (thirty men), will all vote the Republican party's candidate. It is believed that this beats the record for the number of votes in a single family.

BLIND TIGER TRIALS

Progress Slow and Probability of Another day of Sensation and Surprises.

The trial of the blind tiger cases began yesterday morning at the court house. The first case to come up was that of Pinkney Fender, colored who the witness, one of the colored detectives, stated that a half pint of whiskey was purchased by him for 35 cents. There was some time spent in discussion of the label on the bottle. Justice Barrington found probable cause for binding him over to court but reserved his decision as to the bond.

The next case was Gus Rountree in which three separate charges were tried. He was bound over to Superior Court under bond to be announced later.

Tom White tried on two charges was also bound over. All these cases were prosecuted by Mr. D. E. Henderson and defended by R. W. Williamson.

The case of Lon Bell was a little more stubbornly fought. Attorneys R. B. Nixon and S. W. Hancock appeared for the defendant and several witnesses in their endeavor to prove Bell's innocence of the charge.

One of the white detectives was put on the stand and attorney Nixon asked him several embarrassing questions as to his former life. This case as the others was bound over, and all other trials were continued until to-day.

Removal of Oyster Factory.

Beaufort, N. C., Sept. 22.—The gas boat Vandeleur left here to-day en route to Swansboro, where she moves the oyster plant of the Beaufort Little Neck Oyster Co. to Topsail Inlet some 40 or 50 miles south of Swansboro. We hope the crew a good trip and the finest of weather.

JOINT DISCUSSION

Issues of the Campaign to be Subject of Debate Between Candidates for Congress.

A debate upon the General Issues of the Campaign between the opposing Candidates for Congress has been arranged, following letter contains the challenge.

New Bern, N. C. Sept. 22nd, 1908. Hon. W. L. Hill, Chairman Democratic Congressional Committee, Warsaw, N. C.

Dear Sir:—

Your letter of the 19th, instant, containing a challenge from Mr. C. R. Thomas, Democratic candidate to a joint discussion of the issues of the campaign, with our candidate, Mr. E. Walter Hill, was received a few minutes ago.

In reply I would respectfully state that it will be a great pleasure for Mr. Hill and Mr. Butler to meet and participate in a joint discussion of the issues with Mr. Thomas your candidate for Congress, and Mr. Williams, your Presidential elector, before the voters of the Third Congressional District, and would respectfully suggest that you, Mr. Thomas, and Mr. Williams meet Mr. Hill Mr. Butler and myself at Goldsboro on Thursday, Sept. 24th, that the necessary arrangements for said discussion may be made and published.

Very respectfully,
Robert Hancock,
Chairman Republican Executive Committee 3rd. Congressional District.

N & S RAILWAY

General Manager, Fitzgerald, takes Two Baltimore and Ohio Men on Trip over Road.

Norfolk Landmark, Sept. 20 Having completed a tour of inspection of the Norfolk & Southern railroad as the guest of General Manager Thomas Fitzgerald, Chief Engineer D. D. Carothers and General Freight and Traffic Manager T. C. Wright, of the Baltimore and Ohio railroad, returned to Norfolk yesterday.

The visitors expressed themselves as delighted with the trip. Neither would discuss the report that the trip was made in the interest of New York capitalists who are interested in the Norfolk and Southern, and who are considering the proposition whether they shall invest further for the reorganization or permit the receivers to issue bonds to the extent of \$1,000,000 to carry out proposed improvements along the line. Messrs. Carothers and Wright merely stated they had made the trip as Mr. Fitzgerald's guests and had enjoyed their salve immensely.

They were favorably impressed with the country traversed by the Norfolk and Southern. Messrs. Carothers and Wright left last evening for Baltimore and Deer Park, Md.

Washed by each lawless tongue—Aristophanes.

CRUSADE AGAINST DOGS CONTINUES

THE FINEST EXHIBIT AT THE STATE FAIR ESPECIALLY APPLIES WILL BE FINEST EVER MADE.

FARMERS IGNORE AGREEMENT

Light Business in Post Office. Democrats Place no Credit in Republican Claims Freight Rate Hearing. More Teachers Needed. Editor, Daniels Returns to Chicago. Active in Democratic Headquarters.

Special Correspondence.

Raleigh, Sept. 23.—The crusade against dogs here continues and a great many persons have been fined by the police justice for failure to pay tax. This is the first year that anything has been done in this line. A police officer killed 4 dogs. Another officer, from another point in the state arrived to-day at the State Laboratory of Hygiene, to be treated.

The number treated or now under treatment there is almost 25, and over a dozen places in the state have been ir are represented.

As the State fair there will be a notable show of apples and other products by Haywood county and special apple show by the Virginia and North Carolina fruit growers. More attention is being paid to apples in this state this year than ever before and the campaigns if State Horticulturist Hutt and State Entomologist Sherman in the mountain region are proving of great benefit.

It is said on the cotton market here a number of farmers are now selling, but really ought not to do so but should hold cotton. Two men, very well able to hold sold yesterday 37 bales. It is remarked that just as long as they continue to sell at these low prices. As a matter of fact, the comment is made that most of the cotton growers try to raise too much cotton. Every day some farmers come in here sell cotton at 8 3/4 cts. and buy meat at 11 1/2 to 12 cts a pound and corn at \$1.05 to \$1.10 per bushel.

The business in the post office here has until the first of this month been lighter than usual during the spring and summer but now business is picking up very materially.

The Gyroscope A Thrilling Feat.

The whirling gyroscope is a new advent into circus acts and is a feature carried only by Cole Brothers' World-Toured Shows, which will exhibit in New Bern Tuesday October 6th.

If you can imagine six swinging trapezes suspended at a dizzy height from one of the large center poles, you have a faint idea of the gyroscope when not gyrating by mechanism that cause them to gyrate in one direction at a speed that causes spectators to almost cease breathing, for on each trapeze is a daring young lady, who performs all of the intricate acts usually performed on the ordinary trapeze, when motion is confined to the backward and forward movements. At times so speedy are the gyrations of the gyroscope, trapezes and ladies seem to be almost on an even outward level from the arms from which their frail swings are suspended. The performance is entirely new and one as thrilling as it is fascinating. With any other show this act would be a strong feature, but with the Cole Brothers' it is but one of many feature acts. It is secured by one of the show's agents while touring Europe and was being for the first time in that country when the American show representative outbid a score of foreign agents and secured it at a figure that precluded all thought of it being retained in the country where it originated. The six young ladies who execute this daring act are sisters who have been before the public of Europe as aerial artists, but never before on the thrilling whirling gyroscope.

MARRIAGE ANNOUNCEMENT.

Friends of the contracting couple have received the following invitation
Mrs. Leon W. Greenbaum request the honor of your presence at the marriage of her daughter,
Leonora
and
Mr. Samuel Rodgers Street, Jr.
on the morning of Thursday, the eight of October nineteen hundred and eight at half after eight o'clock
one hundred and eleven Pollock Street
New Bern, North Carolina.

Asia and Africa have about 8,000,000 Christians and 543,000,000 non-Christians.

ALL ON ACCOUNT OF THE TIGER

A Fierce Fistic Encounter in Lawyer Hendersons Office Between Himself and Treat Daniels.

A fight between Messrs. D. E. Henderson and Treat Daniels occurred about noon yesterday which was the direct result of the trial of Joe Tisdale for running a blind tiger. The trouble arose over a question put by attorney Henderson for the state to Furney Justice asking him if he wasn't accused of running a floating blind tiger. The question was taken up to his associate Mr. Treat Daniels, who refuted the accusation and called upon Mr. Henderson for an apology. Messrs. Daniels and Justice went to Mr. Henderson's office and demanded that he make a retraction. Mr. Henderson said that there was nothing to retract, and the two men pressed upon him the necessity of making amends or settling the matter by fighting. They endeavored to get the lawyer down stairs but he refused to go and after some waiting Mr. Daniels demanded that he write as he (Daniels) directed; Henderson refused to do this stating that he would not be forced to write anything he would, however, write a note making right the subject in controversy which is as follows:

Sept. 24th, 1908.
Mr. F. Justice, New Bern, N. C.
Dear Sir:—

In regard to the impression which you say is spread over the city, that I accused you of running a floating blind tiger, beg to say, that it is false.

Yours Very Truly,
D. E. Henderson.

Still insisting that the note was insufficient Daniels renewed his efforts to get Henderson down and then Daniels hit Henderson knocking him down Henderson grabbed a small knife to defend himself and cut Daniels on the arm and body. He was not seriously wounded. Then John R. Barker who was in the office hit Daniels on the head with a chair and he was taken off by men who were attracted by the fracas Mr. Henderson received two bad bruises on the head but was not severely injured. Both men were arrested by officer Griffin and the trial will be held to-day at 11 o'clock, probably before the Mayor.

SOCIETY WEDDING IN RALEIGH.

Special to Journal.

Raleigh, Sept. 24.—State bank examiner Fabius J. Haywood, Jr. is to be married to Miss Elizabeth J. Burton October 7th, at Eden Street M. E. Church. Both are of Raleigh. Mr. Haywood is the oldest son of Dr. F. J. Haywood and Miss Burton is a daughter of the late Robert O. Burton, Esq. Both families being very prominent and widely known.

A NOTED BAND OF MUSIC

When the Cole Brothers' Show comes to New Bern on Tuesday Oct. 6th, it will bring with it Prof. Charles H. Tinney's famous band of forty musicians. This band needs no introduction to music lovers for it has been heard in concert in every city of prominence in this country and Europe. Prof. Tinney is not only a musical director of marked ability, but a composer of distinction and his martial compositions have been pronounced by many to be far in the lead of many of Sousa's efforts. In selecting the members for his musical organization Prof. Tinney picked men who were undoubted experts on the instrument assigned to each one, and there is not one member of this band who is not a soloist on the instrument which he plays. Experience of years in catering to the music-loving people of the world has taught Prof. Tinney the selections of music most desired and the program he furnishes is strictly up-to-date and while many classic overtures and operatic airs are included, popular airs are not forgotten. So great has been the desire to hear this band in concert of an hour's duration which will be given in the huge manager's tent to the commencing of each performance. Every one is aware of the fact, that there is nothing so disgustingly tiresome as miserable musical selections poorly rendered at a circus performance, but this need not be looked for at the great Cole Brothers' Shows. The truth is the efficiency of this band of soloists adds to the enjoyment of the patrons.

Free Tuition in City High School.

Free tuition for four months in the New Bern Graded School has been provided for white children of the county, living outside of the city, who may wish to enroll in the high school department.

The county, assisted by the State will pay the tuition for that period of such as desire and are qualified to pursue High School studies.

Prof. H. B. Craven, Superintendent of New Bern Graded School will supply any additional information in regard to this offer.
S. M. BRINSON,
County Supt.

SPEAKS FOR DEMOCRACY

Larry L. Moore, Esq. at Washington, N. C. Bryan—Kitchen Club Organized.

Washington Messenger.—24. Quite an enthusiastic gathering of our citizens was held in Brown's opera house last night for the purpose of organizing a Bryan-Kitchen Club, and hearing the gospel of Democracy expounded by that able leader and most worthy Democrat, Hon. Larry L. Moore, of New Bern, N. C.

The Washington Concert Band was on hand and the delightful music rendered by this organization served to greatly intensify the enthusiasm that was manifested on all sides.

The meeting was called to order by Chairman Rodman, who declared its object to be the organization of a Bryan-Kitchen Club according to the outline furnished by State Chairman Eller. Mr. Rodman then set forth at some length, and in a very impressive manner the necessity for such an organization, together with the vast amount of good that was to be accomplished by the united efforts of Democrats throughout the State and county.

The vote was then put to the house as to whether they would hear the speaker of the evening first, or make the organization of the club the initial feature of the program. It was decided by a unanimous vote to proceed with the organization before hearing the speaker, and officers were elected as follows: E. T. Stewart, President; W. K. Jacobson, Secretary.

Upon motion the appointments of vice-presidents to serve in the various precincts of the county was left open to a subsequent meeting, as was the appointment of the various committees which are called for in the outline furnished by the State Chairman. The President then appointed Messrs. E. A. Daniel, H. C. Carter and W. C. Rodman a committee of three to make the selection and report at a subsequent meeting.

The next feature of the program was the introduction of the speaker of the evening. For this important work the Hon. Stephen C. Bragaw had been chosen and as usual it was the right man in the right place. In words of burning eloquence, and statements pregnant with classic allusions he declared the cause of Democracy to be none other than the demand of the people for liberty, and freedom from oppression and tyranny at the hands of the favored few.

He then presented Hon. Larry L. Moore, who he declared would suggest a plan by which this yoke of oppression might be thrown off and the people come into possession of the ranks of manhood be warned against the tricks of the Republicans to secure their allegiance.

The speaker then went into a comparison of the two administrations as they have existed in the nation, and showed conclusively that the sole object and aim of the Republican party has been to keep a monarch in the White House to the end that he might dominate Congress and keep it under their control.

His next point was the extravagance of the Republican administration both present and past, charging incidentally that they were using the power of indirect taxation, together with their control of the national currency to further private schemes and advance individual interests.

Mr. Moore then went into a somewhat detailed discussion of the tariff question, the substance of which was, that instead of the money derived by the tariff going into the treasury of the United States, and in this way indirectly benefitting the people, it went into the pockets of the individual manufacturers and monopolists thereby enriching a few at the expense of the many.

Mr. Moore opened his address by declaring that, in his judgment, the only danger that threatened the Democratic party at present was that of indifference. With this in view, he issued an injunction to all loyal Democrats to keep the watch fire burning, and to see to it that the young men who are about to enter

Mr. Moore is a man of charming personality and pleasing address. At the same time he is a man of sound learning, accurate judgment, and a forceful and magnetic speaker. For over an hour he held the close attention of his hearers, and at the close of his magnificent address he was given a large ovation. It is the hope of all who heard him that he will again favor us with his presence at some future time during the campaign.

Railroad Employees

Can you figure how it is your watches do not keep time to the second? We wish to again emphasize the fact of our pre-eminence as the best watch adjuster in the city and to call your attention to the fact of the watches we have repaired and compare with yours. J. O. Baxter, watchmaker and jeweler.

GOV GLENN AND SENATOR OVERMAN

ADDRESS LARGE AND ENTHUSIASTIC MEETINGS ON THE ISSUES OF THE DEMOCRATIC CAMPAIGN

HIGH SCHOOL APPOINTMENTS

Resignation of Dr. Anderson—Change of Courts—Col. T. S. Kenan Re-Elected Supreme Court Clerk—Chief Clerk Barwick Improved in Health—Surprise at Refusal of Republican Congressional Candidates To Joint Debate.

Special Correspondence.

Raleigh, N. C., Sept. 24.—Governor Glenn and Senator Overman were the star speakers at Leesville, this county, today, and they had a great audience. The Wake campaign is certainly being pushed by the Democrats, this being done to meet the Republican boasts that they would certainly carry Wake by a good margin. The Governor spoke twice yesterday in the county; in the morning at Wendell and he had an audience of 1,200 in the morning and 700 at high and a number of ladies were present at the morning speaking. The Governor said today very frankly that he had been making political speeches 35 years, for he began when he was 20 years old and that he really had never had a greater day yesterday in the county; in the morning at Wendell and he had an audience of 1,200 in the morning and 700 at high and a number of ladies were present at the morning speaking. The Governor said today very frankly that he had been making political speeches 35 years, for he began when he was 20 years old and that he really had never had a greater day yesterday in the county; in the morning at Wendell and he had an audience of 1,200 in the morning and 700 at high and a number of ladies were present at the morning speaking. The Governor said today very frankly that he had been making political speeches 35 years, for he began when he was 20 years old and that he really had never had a greater day yesterday in the county; in the morning at Wendell and he had an audience of 1,200 in the morning and 700 at high and a number of ladies were present at the morning speaking.

Dr. Albert Anderson of Raleigh having resigned as a director of the State Hospital for the colored insane at Goldsboro, Governor Glenn appoints E. A. Darden of Wilson to succeed him.

The governor assents to an exchange of court between Judges Webb and Long, by which Judge Webb will hold those in the 5th district and Judge Long in the 10th.

Col. Thomas S. Kenan is again unopposedly elected clerk of the Supreme court, for 8 years, his term having begun last Tuesday. This is his fourth election. The deputy clerk has been in the office twenty years and is Joseph L. Seawell, Esq.

Some surprise is expressed at the refusal of the Republican nominees for congress and elector to meet the Democratic nominees in this district particularly in view of the fact that so prominent a Republican as Hon. John W. Atwater of Chatham remarked to your correspondent that he felt sure they would be a joint canvass, adding that he did not think either the Democrats or Republicans alone could draw a crowd.

Chief Clerk A. J. Barwick of the office State Superintendent Instruction was at the office to-day for a few minutes, but is still very weak. He was operated upon for appendicitis and was about to leave here for his home, when suddenly had an attack of malaria which prostrated him.

At next Monday the annual apportionment to the rural high schools will be made by the State Board of Education. The schools received from \$100 each and \$45,000 will be divided among them. There are applications for far more than this sum. Prof. Walker, who looks particularly after the High Schools was here to-day, and was asked about them. He said that as a matter of fact \$100,000 was needed for these schools, but in view of the hard times it did not seem very probable that the legislature would be asked for more at its coming session and that the board might wait two years before it asked for more money. The schools have been a wonderful success going a great way and are very popular everywhere. If there were plenty of funds their numbers could be doubled.

RESTRAINING ORDER CONTINUED.

The injunction proceedings of Mr. L. S. Wood vs. the City of New Bern restraining the grave of the sidewalk on Edna Street was heard before Judge Miles in Greenville yesterday. The Judge decided that the restraining order should continue until such time as we have repaired and compare with yours. J. O. Baxter, watchmaker and jeweler.
