Raleigh, Oct. 10 .- Your correspondent had heard it said that Foraker had started the movement among the negroes in various parts of the coun try against Taft. A negro known ah over North Carolina said today that Foraker had passed the word very quietly, to this office. He went on to say that the negroes this year were more independent than ever before and that a number of the white Republicans who had claimed they did not want the negro vote were yet arer it on the sly. He added that the Democrats owe the negroes nothing but that the Republicans owe them for thirty years service.

The management of "The Traitor" has most kindly tendered the courtesies of the house to the inmates of the Soldiers Home at the matinee Tueslay and a number of the veterans will attend ic. This was arranged through the manager of the company and mana ger Upchurch of the Academy of Music. There will be probably 50 in the party from the Home.

Allusion has been made to the very striking portraits of Queen Elizabeth and Sir Walter Raleigh, the latest gift to the Hall of History. These have been placed on the walls. The portrait of Queen Elizabeth bears the following inscription"Queen Elizabeth of England, 1558-1603. National Portrait Gallery." London artists unknown." The portrait of Raleigh is thus inscribed; "Sir Walter Raleigh; born 1552; died 1618, National Gaiery. London, Kuccaro, The latter was an Italian artist one of the greatest of his kind. The costumes work by the Queen and Raleigh and of unbelievable richness and beauty, covered with pearls and both wear ear rings, each of double pearls of great size.

The inquiries for farm lands from persons who desire to settle in Norta Carolina continue to come to the Agri cultural Department. In Virginia, during the past four years 4,000 farms have thus been sold through Commisdoner of Agriculture Kolner and no doubt this state will now make large tales, under the new plan of publicity for the agricultural department now zives out the names of all these who desire to buy.

It was ascertained today at State Democratic Headquarters that Hon. Champ Clark will not be able to come to North Carolina to make campaign speeches. The National Committee lecides it is best for him to go to a loubtful State and North Carolina is not in this class.

Some of the Republicans are making a great boast of the 'act that the National Committee of the Democratic party is sending some very strong peakers to this state and also that he state committee and the county committee have placed some of the ablest Democrats in the state in the Wake county canvass.
