NEW BERN, CRAVEN COUNTY, N. C., FRIDAY JANUARY, 15, 1909 -- SECOND SECTION

31th YEAR

THE NEW GOVERNOR

GREATEST ATTENDANCE EVER SEEN AT INAUGURATION CEREMONIES.

THE INAUGURATION ADDRESS

Kitchin Arrives on Special Train, 10,000 at Ceremonies, Weather Warm and Flowers Bloom. Military and Civic Parades

Special to Journal.

Raleigh, Jan. 12.—The inauguration of William W. Kitchin, as North Carolina's Governor, exceeded in brilliancy of any one recorded in North Carolina even that of Aycock, eight years ago.

The weather was warm, and many flowers being in bloom. The attendance broke all records. The new Governor arrived from Roxboro on a special train at noon. He was escorted to the Governor's mansion, the procession being the longest in many years. At the mansion he was met by Governor Glenn. The procession returned and went to the capitol where the inauguration ceremonies were held out doors. A remarkable feature was that secretary of State, Grimes, Treasurer Lacy, Auditor Dixon and State Superintendent of Public Instruction Joyner, were sworn in for a third term the first time such a thing has occurred in North Carolina.

The only new officers are the Governor, Lt. Governor William C. Newland, Attorney General Thomas W. Bickett and Corporation Commissioner William A. Graham. To all save the Governor, the oath was administered by Associate Justice Hecke. Chief Justice Clark swore in Governor Kitchin, both being from the same county, Halifax. The retiring Governor and the incoming one, were given hearty greetings by the 10,000 people who witnessed the ceremony. Among the prominent visitors was U. S. Senator Overman. Governor Glenn said with much feeling, when introducing his successor, "this would be the last time he would appear before the people of North Carolina."

After the ceremony, the Governor at whose left hand stood ex-Governor Glenn, surrounded by the staff and State officers, reviewed the parade, a regiment of infantry, two divisions of Naval Militia, and the corps of cadets of the Agricultural and Mechanical College, mounted marshals and civic organizations. A feature was a flag borne at the battle of Guilford Court House in 1781, brought from there by Micajah Bullock and carried by Rev. W. L. Winston, his great-great-grandson, Governor Kitchin and a hundred other guests lunched at the Executive Mansion. A public reception at the mansion this evening was attended by over 4,000. The inauguration trip followed in the Pullen auditorium at the Agricultural and Mechanical College and was the largest ever given in North Carolina with Albert Cox as manager.

Governor Kitchin spoke in part as follows, in his inauguration address: "In assuming today in obedience to the will of a majority of my fellow citizens the weighty responsibilities of the Chief Executive of this Commonwealth, it is unnecessary to give assurance that the recognized principles of the Democratic party shall be encouraged and pursued by the incoming administration. We have been commanded to maintain and promote so far as we can the great policies which have been continued or inaugurated during the last eight years, as well as to undertake the establishment of the new policies propounded in the platform which was endorsed at the polls and with the provisions of which you are already familiar."

Primaries.

Whether you favor a general mandatory primary law or not there are provisions to which there may be no objection and which ought to be enacted and made applicable to all counties where primaries are held. Among these provisions are the following: First, delegates should be required to cast the vote on the first ballot, according to the primary result. Second, there should be a registered list of party voters subject to challenge. Third, the legislature should fix the date of primaries for all parties for State, judicial and congressional offices, and also fix another date for primaries for legislative and county offices, with a provision permitting the county executive committee in its discretion to adopt for any county primary the State and district primary day. Fourth, all corrupt use of money for primary effect should be made an offense against the law. Fifth, when only one candidate gives notice in writing of his candidacy to the proper executive committee by a

stated period prior to the primary day, the committee should have the legal power to declare him the party nominee. This period should be longer for State and district than for county candidates. Sixth, the withdrawal of any false charge concerning his political record or reflecting upon his moral character for the purpose of injuring a candidate in the primaries with the people should be penalized by law.

Prohibition.

The people having, after much agitation and full discussion, ratified by a large majority, State prohibition, the Legislature should not seriously consider any proposition to repeal the prohibition law. No one doubts the right of the people to have their will in this matter, duly, fairly and earnestly expressed, to reign as the law of our State. Every good citizen, whether he originally favored this law or opposed it, should insist upon its honest and faithful enforcement.

Education.

The blessings of education no good man denies its necessity no wise man doubts, and its opportunities no just citizen would withhold from the public. I am strongly impressed with the importance that in addition to regulate instruction in hygiene, there should be special instruction upon typhoid fever and tuberculosis, and especially upon precautions to limit and avoid them both of which in the opinion of the medical world are largely preventable diseases.

Charitable Institutions.

The good people of our state have no cause for greater pride in their governmental undertakings than in their care of and provision for the unfortunate within our borders. Our institutions for the education of some and for the maintenance and treatment of others shrink not in comparison, with such institutions in our sister State.

Pensions.

The Confederate veteran needs no further eulogy than he has always had and will always have from every brave and patriotic North Carolinian but many veterans need more assistance from the State.

Return of Prosperity.

We congratulate the State that its manufacturing industries are emerging from the shadows of the recent panic.

Factory Life.

Factory life is increasing and factory conditions will constantly press upon the attention of it all. Factories should not be hindered or crippled in their great work, but should be urged onward to greater triumphs.

Every right thinking man is against child factory labor, yet every one knows that under present conditions unless our homes for the aged and infirm and our orphanages are vastly enlarged some children must labor.

Our law prohibiting children under fifteen years of age from working in factories should be enforced. I doubt not that our mill managers endeavor to comply with its provisions. There should be some official inspection to aid in its enforcement, and it should be under the Bureau of Labor and Mining.

Corporations.

The Attorney General should be authorized to examine every proposed charter for corporations to see that it violates neither the written nor unwritten law. He should be specially charged with the duty of enforcing our law against all corporations, domestic and foreign habitually violating its provisions.

Good Roads.

Good roads should be encouraged and helped. A State Highway Commission should be created.

Bank Deposits.

In my judgment the bank guaranty deposit policy will benefit not only the banks but very greatly the public. All successful banks prosper on the money of depositors. The state and federal governments require security for their deposits with banks, yet these public deposits produce but a small part of the profits of banks. The individual depositor contributes the greater part of the money from which profits arise. Every banker ought to be willing to have these deposits which enrich him thoroughly guaranteed.

Railroads.

The last legislature reduced passenger fares. Conditions justify us in anticipating no agitation for any change in passenger fares during the term of the incoming administration. The state should do all that is properly within her powers to abolish the discriminations against our towns and cities, and to secure for our enterprises and business inter-state rates as fair for our citizens as other states in their enterprises. The last legislature appropriated four thousand dollars to help bear the expenses of efforts to secure from the inter-state commerce commission correction of existing wrongs against our people in interstate rates. Such assistance should be continued until all reasonable efforts have been made to secure

THE PEOPLES BANK

A Notable First Year's Showing. Ten Per Cent Earned. Election of Officers.

The first annual meeting of the stockholders of the People's Bank, was held on Monday, January 11th at their banking house in this city. It was an important meeting, being the first annual of this banking institution, and what its showing would be was a matter of intense interest.

Some features must be considered when looking at Peoples Bank, it was the first year, usually a difficult one under normal conditions, but additionally trying, as this bank came into action during a panicky year. Being a new bank, the Peoples also had considerable competition to meet.

The report of the year was most satisfactory. The number of depositors showed continual increase, and the earnings justified the declaring of a ten per cent dividend.

The following directors of the first year were elected, C. S. Hollister, C. W. Munger, Wm. Dunn, Clyde Eby, J. W. Stewart, C. V. McGehee, W. F. Aberly, E. H. Meadows Jr., C. D. Bradham, T. A. Uzzell, H. M. Groves, W. P. Metts, R. W. Taylor, W. J. Swan, R. C. Speight, Supt. of the Roper Lumber Company, was the only new stock holder elected.

After the stockholders meeting, the directors met and elected the following officers for the bank for the following year.

President—Wm. Dunn.
Vice-President—C. D. Bradham.
Cashier—T. A. Uzzell.
Teller—M. H. Edwards.
Collector—Wm. C. Chadwick.

The directors declared a dividend of six per cent payable to stockholders and placed four per cent in the surplus fund.

SHOOT SESSION

Little Business Transacted Account of Inauguration, Senate and House Canvass Vote for Governor.

Raleigh, Jan. 13.—In the House no bills of importance were introduced the session being brief on account of the inauguration ceremonies. A bill was introduced in the Senate with a memorial from the State Literary and Historical Society for a hall of records to contain libraries, museum, and historical collections.

The Senate and House met in joint session and canvassed the (vote for Governor showing, Kitchin majority to be 37,342, over Cox, his Republican opponent, the remainder of the ticket having received about the same majority, except Lt. Governor Wm. C. Newland, who got 45 more votes than Kitchin. All the candidates were declared elected for four years from January 1st.

The Senate and House went to the east front of the capitol, and attended the inauguration ceremonies. This afternoon Newland was inaugurated as President of the Senate, Francis D. Winston, retiring.

Rust proof seed oats, seed rye and crimson clover, at Charles B. Hill's, 25 Middle street.

NOTICE OF APPLICATION

Notice is hereby given that application will be made to the approaching session of the General Assembly to amend the law that the city of New Bern, may vote on the question of increasing the amount of tax levy for the support of the city graded schools.

This December 24th, 1908

Robert F. Maddox, who was recently elected Mayor of Atlanta, Ga., defeating the regular primary nominee, was inducted into office last night.

Accidental Shooting at Wire Grass

Special to Journal.

Wire Grass, Jan. 12.—On Sunday last about noon while handling a shot gun, which he supposed to have been unloaded, Carl Campen, the thirteen year old son of Mrs. William Campen placed the muzzle of the gun on his foot and attempted to pull the hammer back, when it slipped from his finger and sent a load of No. eight shot through the top of his foot and in the ground beneath.

Clyde Campen, his brother, took him to Beaufort, for surgical treatment. He is at the Norco house and attended by Dr. Maxwell.

Justice to the interests of the State.

Economy.

In the Treasurer's report it appears that owing to the value of our taxable property not increasing as much as the last legislature anticipated our expenditures for the last two years exceeded our receipts. This fact emphasizes the necessity of practicing the government virtues of economy, etc., of the penitentiary will be an

GRAND LODGE DEDICATES TEMPLE

MASONS WELL PLEASED WITH NEW HOME. TURNED OUT IN LARGE BODY TO LAY CORNER STONE REX HOSPITAL

PROHIBITION KEEPS MEN SOBER

Governor Kitchin Has Busy Day—Glenn Will Take Lecture Field In Manchester, N. H., Tonight, Subject "The South." Union Station at Goldsboro Completed.

Raleigh, Jan. 13.—Yesterday's crowd and its behavior was a powerful instance of what prohibition will do. No one was drunk, there was not the slightest misconduct or accident among all the thousands, nor was there a single arrest. The police and every body say it was simply wonderful.

Herbert F. Sewell, who it seems is to get the fine plum of the Federal judgeship, is in his fortieth year and is a native of Dare county. He had been a very ardent campaigner and ten years ago was rudely treated by some persons at the railway station at Shelby. For this he sued the Seaboard Air Line for damages and recovered \$4,000.

There was no fewer than 174 persons in the party which left home for Cuba over the Seaboard Air Line, the number being much greater than was expected.

In the inaugural address of Governor Kitchin there was no allusion to the negro, this being the first time since the war, perhaps that there has been nothing of the kind.

The revenue officers who are to be on duty in this district have returned from Richmond where they received instructions from their new chief, C. I. Chapman.

Six hundred troops were fed here yesterday by the committees in charge of the Chamber of Commerce.

Today the jury was drawn, a special venire of 250 from the 4,000 names in the box, for the trial of Earl Cotton, Tim Holderfield and Ed. Hopkins for the murder of Dr. Smith of Richmond.

Large numbers of Masons arrived today, and these, added to those who were here yesterday filled the large room in the temple, both floor and galleries. It was decided to make the dedication of the temple a public ceremony and the exercises began at 2:45 this afternoon, past grand master, William R. Cox, announcing the opening, the Grand Lodge forming in procession around the Hall. There was music by the orchestra and all united in singing an ode. Past Grand Master Walter S. Liddell, the president, of the temple construction company, presented that building to the Grand Lodge and Grand Master Gattis accepted it. This was followed by an address by the architect of the beautiful building. An anthem was sung, "Thou Who Art God Alone", this being followed by the oration by Past Grand Master Francis D. Winston. Green flags were given from the Grand Lodge of South Carolina by Grand Master Michie, from the Grand Lodge of Maryland by Grand Master Thos. J. Shyock, Past Grand Master Robert Burrows of Tennessee, and Grand Master Henry K. Simpson of the District of Columbia. The consecration hymn was sung and the exercises closed with the benediction by the Grand Chaplain.

The Masons are delighted with their building and the attendance at the Grand Lodge is by far greater than ever before.

Another man bitten by a mad dog is here for treatment, this being Mr. Moore of Union county who was bitten on the hand.

Governor Kitchin had a very busy day. One appointment was announced, that of Miss Travis of Halifax county as executive clerk. She is a sister of Mr. E. L. Travis of that county.

Governor Glenn left at one o'clock this morning for the north. His last act while Governor before leaving his office was to write a letter to his wife at Winston-Salem. Last evening he remarked that he was simply a plain citizen, "Bob Glenn", but always at the service of North Carolina. He has extended his contract as a lecturer, so that it goes over into 1910. He speaks tomorrow night at Manchester, N. H., and said the theme was one he delights in, namely, "The South."

The Grand Lodge of Masons turned out in large numbers at the laying of the corner stone of Rex Hospital which is to be completed by the first of next October. The address by Rich and H. Battle, one of the trustees was admirable.

It was expected that in a day or so the new directors, superintendents, etc., of the penitentiary will be announced.

COTTON A DEGENERATE

In No Condition to Give Evidence. Case Continued Until March. Special to Journal.

Raleigh, Jan. 13.—There was a sensational development in the case of Earl Cotton, Tim Holderfield and "Red" Hopkins, three white men charged with murdering Dr. E. W. Smith, of Richmond, last November.

It was stated that Cotton who is a typical degenerate, is a cocaine fiend and had taken one hundred and twenty grains a day. The county physician testified that he had reduced this to twenty to thirty grains, and then to twelve, but Cotton was in no condition to be a witness, as his statements could not be relied on. The case was continued to March.

Rust proof seed oats, seed rye and crimson clover, at Charles B. Hill's, 25 Middle street.

IN MEMORIAM

Died, in Wilson, Sunday morning, January 10th, 1909, Mrs. Sallie Masters Moore, daughter of the late Dr. Sam'l Masters, a prominent physician of this city many years ago.

DIED.

In this city, yesterday morning, January 10th, 1909, at 8 o'clock, Mrs. Penlop Bell Carlton. The deceased had lived in New Bern all her life and was fifty two years of age.

The funeral will take place from her late residence, number 200 George St. this afternoon, number 200 George St. by Rev. Dr. R. C. Beaman. Interment in Cedar Grove Cemetery.

The Japanese custom of licensing individual opium smokers has greatly reduced the number of drug fiends, and especially in Fomasa.

EDWARD ITEMS.

Special Correspondence

Edward, Jan. 7.—The weather is fine at present, but we have had some heavy rains at the beginning of the new year.

Elder, L. H. Hardy filled his regular appointment at Sandy Grove Saturday and Sunday last.

The singing school at White Hill, which was being conducted by Mr. M. C. Tresscott, has been discontinued.

Miss Ada Cutler of Gilead, N. C., returned home Tuesday, after spending a few days with friends and relatives.

Mr. E. S. Walker was the guest on Mr. Menzo Cayton and family Sunday night last.

Mr. Jim Sheppard who has been spending a few days with friends and relatives returned home at Jessama, Tuesday last.

The prayer meeting at White Hill, church was well attended Sunday night last.

We are glad to say that Mr. George Edwards who is sick with pneumonia is improving.

Bradstreet's Weekly Trade Report.

Special Correspondence

Richmond, Jan. 14.—Bradstreet's Saturday will say for Richmond and vicinity.

Trade in some lines show gradual increase following the holiday season however, the inventory season is still in vogue, this as usual, to some degree retards trade. Wholesalers of shoes, dry goods and kindred lines report a fair volume of orders for spring shipment and some filling in orders are noted, especially for rubber goods and heavier grades. Produce is not active. Offerings of loose tobacco continue large and prices show an upward tendency. Cotton continues firm at 8 1/2 cents to 9 cents. Wheat conditions are reported favorable. Collections continue slow through the majority of Southern territory.

Your correspondent having been informed more than a fortnight ago that there would be an entire change of the management.

The devotion of the women of the State to Governor Glenn was beautifully illustrated yesterday by the great number who turned out to see him for the last time. Everywhere they were heard to remark that they regretted deeply to see him leave.

It was considered that the adnet corps of the Agricultural and Mechanical College made its very best appearance yesterday in the parade, and the corps and its commander Lt. Young, U. S. A., received no end of compliments.

It seems to be conceded that the finest speech heard here this winter of a political character was that by elector at large Josiah William Bailey before the electoral college on Monday.

The Governor's mansion was exquisitely decorated last night for the reception and the attendance was larger than ever before. For one hour there was such a crush that it required that time to make a distance of 75 feet, in order to get to the receiving line.

Next week the Pythian Orphanage committee is to meet. This will settle the location of the orphanage in February.

THE HOOK WORM DISEASE

A Leading Feature in December Bulletin of Health. Small Pox in Five Counties.

Special Correspondence.

Raleigh, Jan. 14.—The December bulletin of the state board of health is full of interest, because its leading feature is regarding the hook worm, disease, which is no scientific fad or fancy, but a serious fact of the great importance to the rural population of the South. The physicians of the state should take advantage of the fact that Dr. C. A. Shore, the director of the state laboratory of hygiene will make diagnosis. Secretary R. H. Lewis of the state board of health, says, this serious disease is certainly quiet prevalent in North Carolina. The infection is by the embryo worm in the surfacing soil. Hook worm is the cause of what is commonly spoken of as "ground itch", due to the worms hatched in the surface soil from eggs deposited thereon, working their way to the skin of persons walking in their bare feet over the ground. The cure is very simple, thymol and salts, but in taking thymol special care should be taken to avoid anything containing alcohol or grease. In the public schools of the state special instruction is to be given not only regarding this disease, but also tuberculosis, malarial, and no doubt other important sanitary subjects.

The board of health bulletin reports small pox in only five counties, with a total of 23 cases, Pasquotank reported five of these.

Voice of the People.

Editor Journal.

The opera house management advertised the play, A Knight for a Day, at one dollar for the gallery, which was supposed to be reserved for whites, but some of us who could only pay the dollar instead of one fifty on the ground floor, found that we had colored theatre goes with us in the gallery.

Patron.

Old Junk Sale: A lot of gold plated sets that are first-class gold plated and sold for \$1.00 a set a long time ago. They are now 15 cents a set of J. J. O. Baxter, the Reliable Jeweler.

Some Capitol Items

Special Correspondence.

Raleigh, Jan. 14.—A bill is to be introduced in the legislature to prohibit the killing of doves of these. Some counties have a law to this effect already but only a very few.

Some bank men here say that there is a very unusual demand for money just now, this not usually beginning until March or April. They attribute it to the low prices of cotton which is being held so largely by growers and others.

A charter is granted the Oriental Transportation Company, which will operate boats with headquarters at that place.

Knights of Maccabees.

New Bern Tent, No. 11, Knights of Maccabees of the World, at their regular review last night elected the following officers.

D. E. Henderson—P. C.
J. R. Barker—Com.
E. K. Bowden—Lt. Com.
R. E. Hill—R. K.
C. T. Pumphrey—Chaplain.
Dr. J. F. Patterson—Examiner.
G. T. Willis—Sargent.
J. S. Brooks—1st M. G.
N. F. Vincent—2nd M. G.
J. G. Robinson—Sentinel.
N. S. Nelson—Picquet.

Since the organization of the Tent, it has been very successful, in the last three months its membership has grown to about fifty. Last night eleven rode the Goat.

Mock Court Trial at Opera House, Tonight.

Pork, Hides, etc.
Write us; reference, Citizens Bank.

Be sure to come and see Mark Stevenson's finish Friday night at the opera house.

DEATH OF TOM ARGO

BRILLIANT LAWYER AND CONFEDERATE SOLDIER. ABLE IN CRIMINAL CASES

GRAND LODGE MASONS

Ends Sessions and Installs Officers.—Contributes for Marks for Confederate Masons Graves. Mission Rooms Dedicated.

Special Correspondence.

Raleigh, Jan. 14.—The session of the Grand Lodge of Masons ended today the feature being the installation of the grand officers, headed by Grand Master Samuel M. Gattis, all having been re-elected for another term. The installation ceremonies, always imposing, were very handsomely conducted by past grand master Beverly Royster. Re-appointments were made of all the appointive officers, by the Grand Master, these being Grand Chaplain F. N. Skinner, Lecturer Charles F. Bahnsen, Jeavons, J. T. Alderman and F. P. Hobgood, Jr., Marshal C. L. Pridgen, sword-bearer George S. Norfleet, Persevalant A. B. Andrews, Jr.; Steward Henry A. Grady, and Chas. W. Morgan; Tyler, Robert H. Bradley, Julian S. Carr was elected grand orator and will deliver the address at the next communication.

The Grand Lodge decided to make a contribution of \$100 to the Robert Potte, Chapter, United Daughters of the Confederacy for a fund to mark the grave of Confederate Masons and appointed a committee to look after this matter, this being composed of Past Grand Masters William R. Cox; Robert Bingham, Samuel H. Smith, and John W. Cotton, together with Julian S. Carr, Walter Clark, B. F. Dixon, Thomas S. Kenan, W. L. London, J. R. Clark, C. F. Bahnsen, R. H. Bradley, and Leo D. Heart.

In an address to the Grand Lodge Past Grand Master Robert Bingham spoke of the orphanage at Oxford, which contains nearly 350 children, the cost of it last year being \$51,000. He suggested the plan for making this a receiving home, where children would be received and cared for until they could be placed in proper homes.

At the present session of the legislature a charter will be obtained for a Home for aged and infirm Masons together with wives and widows of Masons. A resolution was adopted by the Grand Lodge to this effect. Grand Master Gattis said that the matter would be taken up at once with a view to immediate construction of a much needed home, and that the Eastern Star degree, which is the Female Order will give valuable aid. The Eastern Star is not now strong in the state in point of numbers but is increasing.

Today one of the most brilliant lawyers in Raleigh or the state, Thomas M. Argo, died at his home here after an illness of some weeks. His age was 65. He was a native of Tennessee, graduated at Chapel Hill at the State University; married a daughter of the eminent Professor F. M. Hubbard of that institution, served as a Confederate soldier, was prominent in the state convention of 1865 and in the legislature in 1870 where he was one of half dozen Democrats of the first force and made a notable record. He married some years after the war Mrs. George Baker, a daughter of the distinguished Henry M. Miller of Raleigh. His wife by a third marriage was Mrs. Spears of Raleigh. Mr. Argo was easily one of the ablest criminal lawyers North Carolina has ever produced and has figured in some very notable trials. He was an orator and an extremely handsome man; very impressive as a speaker and deeply read.

Last night, bad as was the weather, owing to a heavy mist and rain the very attractive Mission Rooms of the Chapel of St. Savour's, which is maintained by Christ Church were dedicated, in the presence of a large audience. Talks were made by rector Milton A. Barbor, Mayor Johnson, Rev. Dr. I. McK. Pittenger and Rev. Fred N. Skinner, the Grand Chaplain of the Grand Lodge of Masons.

Senator Overman of course succeeds himself, having no Democratic opposition, but on the contrary acclamation, and the tributes paid him at the Democratic legislative caucus last night all deserved. His friends here greatly appreciate the compliment of the rising vote. He has made a splendid record.

The British appeal court has handed down a decision to the effect that a trades union cannot levy compulsory fees on its members to maintain the labor representatives of Parliament.

The British appeal court has handed down a decision to the effect that a trades union cannot levy compulsory fees on its members to maintain the labor representatives of Parliament.
