PAINTING OF NORTH CAROLINA'S DISTINGUISHED CHIEF JUS. TICE PLACED IN THE SU-PREME COURT ROOM

A TO SEE THE PATTERNY

Commissioner of Agriculture Graham Talks interestingly of his Trip Over Clure, an expert of long-standing on the State. Fruit Appears to be Unhurt by the Cold Weather. Wheat Crop Looks Well. 'Lively Interest Being Taken in the Corn Contests All Over the State.

Special Corespondence, Raleigh, April 20.—There was a no table gathering in the Supreme court room this morning to witness the presentation to the court of a life size oil portrait of the distinguished Chief Justice Leonard Henderson who served on the Supreme court bench as associate justice and chief justice over twenty years. Governor Kitchin san with the justices being in the center and other state officers, including Secretary of State, Grimes; Treasurer Lacy, Auditor Dixon, and State Superintendent Joyner, etc., occupied seats in the audience. Among those present representing the family were Mrs. Scales, widow of the late governor, Alfred M. Scales, Mr. and Mrs. A. M. Scales, Mrs. Wallace Scales of Idaho, Mrs. P. C. Scales, Mr. Junius Scales, Mr. A. E. Henderson and his daughter, Mrs. D. C. Ne bitt of Petersberg, Va., T. J. Henderson of Nanceyville, Hon. John S. Hen derson of Salisbury, President Alexander Hamilton of the Seaboard Ali Line of Baltimore. The speech c presentation was made by ex-judge I W. Winston and was a review of the life and services of the ablest chie? justice North Carolina bas ever had The speech of acceptance was by Chief Justice Clark. The court room was entirely filled, fully half the and

of these related to the Hendersons. Today water was turned on from the city mains at the Soldiers Home and tests made by the fire department which showed a pressure of 50 pounc from the tower in the city and that the protection is complete.

Work of Each Grade Elleits Many Expressions of Wonder and Praise. Children of the First Grade Show Remarkable Artistic Taste. Exhibit to Last Three Days. Class Exercises Very Interesting.

Yesterday the second school exhibit began at the Griffin Memorial building and bearing in mind how great was the success, the occasion of sim-Contract Let for New A. & M. Bulld-thar nature was last year a large number assembled to hear and sec what the students have accomplished

A Splendid Orchestra. of Newport News, Va., were awarded One of the finest attractions at the school is the orchestra which distory at the Agricultural and Mechancourses sweet music every little while and whose performances are greatly appreciated. The members are

Plano, Misses Mary Meadows Mit chell and Daphne Coward; Violin Misses Wyatt, Cora Munger, Ruth Was son, La Vnia Folsom and Master Willie Blades, Cornets, Masters Rober ties, whooping cough in 37, scarlet Brown and Pittman, drums, Stein Bafever in 28, diphtheria in 27, typho't night.

Recitations.

These exercises were held during quotank and Lenoir reporting most the first hour of the exhibit to the attention and admiration of a largnumber of people. The first was reading exercise of the children of the First grade, Miss Mollie Heath teache Little tots not older than seven year and the majority of them but six an have only been to school since October 1st. Their ability to read was wonderful and they appeared to rem from books which have heratofor required at least one year to masteand yet they read with great easand freedom.

effect of benzoate of soda upon goo is Following them mental arithmetic of the third grac is named as the second man on the taught by Miss Eleanor Marshal, Th scholars were prompt and accurate n the south. There has been two views their answers to a marked degree of these of this preservative, one that This exercises is an excellent metho it was injurious and the other that for obtaining quickand accurate thought and will doubtless be founto be useful in many ways in arte years.

> The class in higher arithmetic c the sixth grade taught by Miss Ho; lister was a very good demonstration Four young ladies "worked" and ex plained examples on the board which were very interesting.

The Exhibit. The nature of this department is to

how the public the thorough method education that is being used. The first under consideration was

that of the first grade under charge of Miss Heath. The children herhave only the rudiments to work with but they show great aptitude. Co figures were seen here and for be ginners they gave a splendid demon stration. They have only just learne their letters and are beginning to write and they give great promise o being very proficient.

Surprising Talent.

In Miss Mamie Hunter Richard son's department-First grade A ... the work was a little more advance Paper mata and chairs and man odd useful designs of picture frame: en wipers and pin cushions. Som very unique and pretty designs of booklets in the shape of Easter ego were seen here and the first cold work which was done in many case with a true artistic sense. The par terns were given to the children an they filled them out with color the: thought most appropriate and the made no mintake.

In the department of second A grade, Miss Lisette Hanff were som ery fine specimens of memory work harts were displayed with historical ictures illustrating the career of Christopher Columbus and Geory Washington. It was required of the pupils to write original stories of each one of the pictures. This was done in good language, well written, and properly spelled. A picture of a tur awing a boat. An original idea of one of her pupils. The picture is true o life and shows that the soung a. st, is he cultivates his gift will doub as achieve name and fame for him if. Pretty ormiments consisting o unkets, buckets, hearts and flower re in this department.

Rates By the high rates charged for freight the Norfolk and Southern railroad is THE SECOND ANNUAL OCCASION doubtless responsible for considerable loss of trade to the merchants along the line of road as may be implied by the following case which came to the notice of the Journal yes-

> terday. Mr. D. P. Thompson, of Aurora, was in the city and in the course of conversation with a citizen told how he saved money by not relying on the railroad. He said he wauted two nlows and he communicated with a local dealer and found the price here to be as low as he could expect but before buying he thought he would investigate what the freight rate to Aurora on the articles would be and he found the price would be so high, that he decided not to purchase but ordered the plows from the manufact

The entire cost of the plows, freight from Louisville and incidentals was requested him to go to Washington. less than getting the plows from the short distance from New Bern. Now in the face of these facts dock it not look as if there were something

tory in Louisville, Ky ..

otten in Denmark?

Here are plows laid down here atreasonable price nothing in the world body there or here can make any to defer a purchase, and yet the freight rates between New Bern and Aurora are so high as to prevent business. And then it is contended that there is no discrimination against New Bern If it isn't discrimination what is it This is only one case.

Mattocks-Koonce Special Correspondence.

Maysville, April 21 .- One of the prettiest weddings of the season was colemnized at the Methodist church last evening in the presence of a large number of friends of the contracting parties, Mr. Lyman Mattocks and Miss Dunnie Koonce.

The church was beautifully deco rated for the occasion and the altar was a mass of green artistically arranged. Rev. J. T. Sanford performed the ceremony which was the one dommordy used by the pastors of Methodist churches.

The Mendlessohn wedding marca was played by Miss Bessie Erwin c: Richlands. The wedding party entered the church in the following order: the ushers, Messrs, L. T. Cillette and F. H. Mattocks leading, the maid of nonor, Miss Mamie Jarman, of Richlands and the groom with his besman, Mr. C. M. Mattocks of Wilming ton. Then followed the groomsmen and bridesmalds., R. L. Jenkins with Miss Mobel Thompson, of Richland.; R. S. Weeks, with Miss Lila Jenkins L. T. Bilbo with Miss Lela Mattocks, and J. T. Jarman, of Kinston with Miss Fannie Gerock.

The flower girls were Miss Haze Mattocks, neice of the groom, an Miss Clara Foscue,

During the ceremony Miss Hazei Nicholson sang very aweetly the song Dearest Sweetheart Best in the World The predominateing colors were blue of frost damages in the east where and white the dresses of the ladies being of one or the other color. The brides dress was of white messaling silk and the brides maids were hand. Mr. Hutt, is doing special work in somely attired in Japanese and Lou-

The commissioner has stopped the man who is working in this state for the Insurance Audit and Inspection Company. This was formerly the policy holders National League of Indian apolis. The man is violating the insurance laws of this state. This com pany makes an annual charge for the inspection of policies, suggesting improvements, different rates, etc. and the man has been recommending that the insurance be placed in companies which have no license in North Carolina. The Commissioner is informed that a man named Whedbee is in Henderson representing the American Finance Corporation and the sheriff has been notified to arrest him, neither the company nor the agent is licen. sed. This man Whedbee is indicted at Monroe for selling stock of the Seminole Security Company which is now

in the hands of a receiver,

MATTAMUSKEET DRAINAGE Today a number of people from Hyde county some of them represented by attorney Erhinghause of Eligibeth City appeared before the Governor in regard to the drainage or ake Mattamuskeet The have lands around the lake and have formed a drainage district. They want their lands to be drained not in the takes but towards the sounds but they say that if the drainage is into the the lake an expensive canal will have to be cut through the ridge of lands which surround the lake and which is higher than the adjoining land, just as the lake itself being higher, and they insist that the nataral drainage is towards, Albemaria Sound. They say further that in the lake drainage plan a pit is to be dug in the bottom of the lake to collect the water for the pump and that this pit will be so much below the level of their lands that it will cause the trainage of the latter to a great depth which they do not want, because they are afrair of fire. One of them said that half of Hyde county had been atready burned and that after a few weeks drought if a match or cigar were thrown on the ground anywhere the soil which is peak of a great depth would be burned and that the fire was extremely difficult to extinguish These people are therefore not interested in the drainage of the lake ar all. They are only thinking about their own lands and care nothing for the lake drainage scheme. They say it will be better and cheaper for them to re-open and utilize the old canal towards the sounds.

RIVENBARK TAKEN TO RALBIGH It is decided that Allie Rive the man charged with very satenship swindling through the mails and non in jail at Lumberton shall be tried at Raleigh and not at Wilmin His pretended business in ordered great quantities of marchandise was done from all parts of Ra
