

You Can Have a Model Kitchen

as cool and white as a dairy. No smell, no smoke, no heat, no dust. No old-fashioned contrivances. The

New Perfection WICK-BLUE-FLAME Oil Cook-stove

is the latest practical, scientific cook-stove. It will cook the most elaborate dinner without heating the kitchen.

Boils, bakes, or roasts better than any range. Ready in a second. Extinguished in a second. Fitted with Cabinet Top, with collapsible

rests, towel rack, and every up-to-date feature imaginable. You want it, because it will cook any dinner and not heat the room. No heat, no smell, no smoke, no coal to bring in, no ashes to carry out. It does away with the drudgery of cooking, and makes it a pleasure. Women with the light touch for pastry especially appreciate it, because they can immediately have a quick fire, simply by turning a handle. No half-hour preparation. It not only is less trouble than coal, but it costs less. Absolutely no smell, no smoke; and it doesn't heat the kitchen.

The nickel finish, with the turquoise blue of the enameled chimneys, makes the stove ornamental and attractive. Made with 1, 2 and 3 burners; the 2 and 3-burner stoves can be had with or without Cabinet.

"Thus little Willie's mother to little Willie on his return home after an unwonted absence of several hours. "Playin' postman," replied the fam'ly hope.

"Playing postman?" repeated Willie's mother. "And how does one play postman, sweet?"

"Why, I just let a letter at each house in the road," explained the prodigy—"real letters too."

"Real letters, darling?" Inquired mamma, smiling. "But wherever did you get the real letters from?"

"Out of your wardrobe drawer," responded Willie. "Those old ones tied up with pink ribbon."—Answers.

50 Per Cent Better

"I have used less than one bottle of Cardui," writes Mrs. Gertrude Ward, of Rushville, Neb., "and am feeling fifty per cent better than when I began taking it. Before taking Cardui, I had suffered with female trouble, for eight years. My greatest trouble was irregularity. I also suffered with severe pains, every month, but now I am greatly improved and will recommend Cardui to all my suffering friends."

Take CARDUI

The Woman's Tonic

The rare medicinal herbs of Cardui are imported by the manufacturers direct from Europe and are not to be found in any other medicine.

These ingredients are what give Cardui its superiority, as a female medicine and tonic, over any other medicine.

For over 50 years Cardui has been the favorite woman's medicine. The ladies like it, because it is so easy to take, so gentle, so safe, so reliable in its results, and they have faith in its curative tonic powers, because of the thousands of other ladies it has helped. Try it today.

CYCLONE RAGES; MANY ARE KILLED

One Oklahoma Town Entirely Destroyed—Loss Reaches Thousands.

Shawnee, Okla., May 23—Several persons are today reported killed and many injured, while enormous property damage has been done by the cyclone that swept Pauls Valley, fifteen miles from here late yesterday. The town of Mayville is reported destroyed while McCarthy, a town of 100 inhabitants, and Madill are reported to have suffered severely. Paoli was also damaged.

In the country districts trees were uprooted, crops levelled, live stock destroyed and farm buildings demolished.

Relief parties were today sent to the stricken district which is in an isolated section. Three persons are reported dead at McCarthy. Miss Depew daughter of a minister, was blown 100 feet and probably mortally injured.

Berlin an idlers' Haven.
The finances of Berlin are in an even worse state than those of the empire and of Prussia. One reason for the constantly increased expenditure is the reckless way in which Berlin supports all sorts of victims of misfortune or of idleness. More than a fifth of the children living in the orphan asylums have both parents living. The town shelters support thousands who have no claim upon the town. Vaga bonds in all parts of the empire bear of Berlin's reputation for indolence, inane charity and crowd thither.—Westminster Gazette

Do farmers eat the proper sort of food?

The farmer of today buys a much larger proportion of the food that goes on the table than he did ten years ago. It's a good thing that this is so because he has a great variety to select from. He should, however, use great care in selecting for the best results in health and strength.

The widespread tendency in the city to increase the amount of Quaker Oats eaten is due very largely to the recent demonstrations by scientific men that the Quaker Oats fed man is the man with greatest physical endurance and greatest mental vigor.

Farmers should give this subject careful thought and should increase the quantity of Quaker Oats eaten by themselves, their children and the farm hands.

RECEPTION TO ROOSEVELT

North Carolina Will Be Well Represented: Elaborate Preparations Being Made

Washington, May 23.—Representative John C. Grant of North Carolina is anxious that his state should be well represented at the reception of Colonel Theodore Roosevelt in New York, June 18th.

"I am glad to know," he said yesterday, "that the reception to Colonel Roosevelt is to be a non-partisan affair. He is the most popular of living Americans. And in saying this I do not wish to be understood as detracting in any way from President Taft. Roosevelt has gripped the heart of Americans as no other has in our day and generation. I sincerely hope that the proper committee in the several cities of my state will communicate with the general committee in New York as soon as possible and thereby insure full and proper recognition. I have not the slightest doubt that they will do so at once."

"Colonel Roosevelt deserves a hearty welcome if ever an American did. He is as big a force for good as we have seen in a long time and, as a private citizen, bids fair to continue to be for several years to come. The esteem in which he is held abroad was amply shown by the manner in which kings, commoners and noblemen vied with each other in honoring him. The homage which is usually reserved for sovereigns has been accorded this private citizen without the slightest reserve. It is not as a conquering hero or as a prospective dictator or monarch that Mr. Roosevelt is to be greeted. Friends and fellow citizens are to turn out and show him that they are glad to have him back among them in his old home. All talk that such a reception smacks of imperial doings is the merest nonsense. Theodore Roosevelt would not countenance a hand clap given in such a spirit."

Large Capital is Vital

Whether your lawyer or your doctor has much or little money is immaterial to you.

The quality of their service does not depend on Capital.

But your bank—that is different, for no amount of personal willingness on the part of your banker, can take the place of the ability to serve that goes only with the possession of large capital.

With these facts in mind the \$200,000.00 Capital of this Bank becomes a matter of serious import in choosing a Bank.
