

**SHORT PASSING EVENTS**

**SUNDAY**

H. W. Wilson, a colored lawyer was given a hearing before Justice of Peace S. R. Street yesterday morning on a warrant charging him with false pretense. After hearing the evidence the squire decided that there was no grounds for the complaint and the case was dismissed.

Several boatloads of watermelons were brought to this city yesterday from Bogus Sound, and placed on the local market for sale. Three of the growers who came with their shipments informed the writer that the farmers in that section were making substantial profits on their melons this season.

The writer was shown a basket of figs yesterday morning that would doubtless eclipse any grown in this section this season. The fruit was grown by Claud Allison, a farmer who lives near this city and were fully seven inches in circumference. Eastern Carolina is noted for the fine quality of the figs raised here.

An accident that came near being a serious one occurred at the corner of Broad and George streets yesterday morning. Two carriages, one containing two people and the other three, came together and the shafts of one vehicle were torn completely off. The other vehicle was also slightly injured, but fortunately all of the passengers escaped injury.

**TUESDAY**

The local market was again well supplied with the fruits of the season yesterday. Peaches, apples and figs mainly constitute the supply just at this time and the growers are rushing them to market.

A telephone message from Pamlico county yesterday morning stated that another heavy rain fell in sections of that county Sunday night. The farmers in that section say that the rains are a great benefit to the melon crop.

Work on the new union passenger station in this city is rapidly progressing and although it is impossible to tell just by observation what the proportions of the new building will be, it can easily be seen that we are going to have a building of which every citizen will be proud to tell of. A large number of laborers are employed in this work and they are losing no time in trying to get it completed as early as possible.

**NOTICE!**

**TO DELINQUENT TAX PAYERS**

On Thursday Aug. 25, 1910, I will advertise the real estate of all land owners in Bridgeton who have not paid their taxes for the year 1909. Take notice of this and don't expect your property exempted from advertisement. Pay at once and save cost of advertising which will in no case be remitted should your property be advertised.

W. R. HOPEWELL,  
City Tax Collector.

**A Great Newspaper.**

The greatest publication in America by all odds is the New York Sunday World. Besides over four hundred columns of reading matter and advertising, it gives with every Sunday's issue the following special features: A complete comic weekly, a complete Sunday magazine illustrated in colors, a complete song, words and music. The magazine is alone worth more than is charged for all of this great, big New York newspaper.

**The Elfrida Sails.**

The United States Steamer "Elfrida" under the command of Captain C. D. Bradham, left yesterday at noon for a cruise between New Bern and Elizabeth City. The new Bern division of the North Carolina Naval Brigade were on board, and it is their intention to engage in target practice with their three pound guns which the boat carries. Before returning, Hags Head, Elizabeth City and Edenton will be visited.

**Failed in Health**

"My mother died six years ago," writes Miss Ruth Ward, of Jerseyville, Ill., "and left me to care for six children. I had never been strong; and this, with the shock of her death, was too much for me. I failed in health. I was tired all the time and did not want to go anywhere, nor care for company. I had the headache all the time and such bearing-down pains. A very dear friend advised me to take Cardui, as it had done her so much good, so I commenced to use it and now I am in good health."

**Take CARDUI**

**The Woman's Tonic**

Women's pains are relieved or prevented and women's strength is quickly restored, by Cardui, the woman's tonic. You yourself know best if you need it, or not. If you do need it, do not delay, but commence to use it at once. Every day of delay, only lets you slide further down the hill. Don't wait, then, but begin to take Cardui today, for its use, no matter how prolonged, cannot harm you and will surely do you good.

**Master Jake Heath Passes Away.**

After a short illness, Master Jake Heath, the 15 year old son of Mr. and Mrs. C. M. Heath who resides on Avenue A died at his home last Saturday night.

Jake, who was one of the Journal's carders, was liked by all who knew him. Kind, unassuming and obliging, he was always ready to do any one a favor. He was also a diligent worker, and it is with sincere regret that we chronicle his demise.

His body was taken to Oliver's Sunday morning and there interred in the family burying ground.

When the newspaper is a genuine mirror in which the whole world sees reflected its joy and sorrow, its triumphs and failures, its success and failure.

**CAPTURE FORTUNE IN COUNTERFEIT**

Secret Service Men Get Over Half Million Fake Dollars Says Report

Washington, August 8.—Counterfeit notes and coins for over half a million dollars were captured by the United States service during the last fiscal year ended June 30, according to the annual report of Chief John E. Wilkie, issued today.

The number of arrests of counterfeiters, 290, however, was the smallest since 1900.

Most important in the work of the service for the year stand two cases—the conviction of Ignazio Lupo and Giuseppe Morello, leaders of an Italian band of counterfeiters, and the frustration of the Roberts' Mexican counterfeit conspiracy in Kentucky.

With the arrest of Lupo and Morello, it is considered that the service effectively broke up the most dangerous band of Italian assassins, blackmailers and counterfeiters in the country. To this band was attributed most of the so-called black hand crimes in New York and since the conviction of these men there has been a decline of more than 75 per cent, in black hand outrages.

Roberts was apprehended in a small town in Kentucky just as he was preparing to float a million pesos of spurious Mexican notes.

**YOUR CHILD'S EYESIGHT**

You are responsible for the sight of your child. Watch out for frowns, for squints and when he reads or looks at a picture book does he hold it too near or too far? These little things grow faster than the child and in many cases can be overcome if discovered in time. I especially insist on your bringing the children in. You may save them a life-time of strain and weak sight. Defects of vision never disappear of their own accord and in most cases grow worse. It's a duty you owe your child.

**RAILROAD BUREAU IS WORKING AWAY**

Now Ready to Give Out Information Regarding Traffic and Analyze Questions.

Washington, D. C., August 8.—Active work will be begun here this week by a new "bureau of railroad information," backed by the big trunk lines of the country, for the stated purpose of collecting a library of miscellaneous information regarding railroads; the dissemination of knowledge and the "analysis" of railroad questions.

The bureau will be in charge of Logan C. McPherson, a railroad lecturer and traffic expert. A special committee of railroad officials, acting as sponsor for the venture, is composed of W. C. Brown, president of the New York Central; E. P. Ripley, president of the Santa Fe; W. W. Finley, president of the Southern; Darius Miller, president of the Chicago, Burlington and Quincy; B. L. Winchill, president of the Rock Island.

It is announced that the information collected by the bureau will be for the use of the railroad and also for any one else who desires it.

It is emphatically stated that the bureau will not seek to influence or effect governmental action.

The bureau is attracting considerable attention here, in view of the greatly increased powers and activities of the interstate commerce commission, which will bring up many new questions relating to railroad affairs. It is not so stated, but it is generally supposed that the bureau will collect data and be prepared to disseminate information upon current topics relative to railroad problems.

The officials hope to establish in the bureau a library, which eventually will be the most complete collection of works and data bearing on transportation questions in existence.

**Tom Hege Going to Depart.**

Here I am, right in earth's closing scenes when people are indeed dead in sin, (as the preacher just said) "will not quit sin till passions fail." Do you get the news reader; can it be plainer? What are you going to do about it? Will you "awake O sleeper, and rise from the dead, so that Christ can give you light?" Ah, but it is a hard job to talk to dead folks. The preachers know that. Ah, but thank God, the scenes are soon going to change. Tom Hege, as well as some others, even in New Bern, know that God Himself will appear on the scene, and then we will all tell our tale to Him, and then we will tell "the truth, the whole truth and (thank God) nothing but the truth." If I was not a Christian, I had rather be dead, but being a Christian, I am glad I am here in this rotten world now (1910). Glad to be here, now. I should say so. Like Job, like Joseph, like Paul, yes, like Jesus, "About my Father's business." Christian—you Christians in New Bern, saint I telling the truth? Then say amen to it, and with me lots wake up, and do ten times more to arouse our neighbors to righteousness the little time that is left.

Am still at work and packing. Send on your scissors. Don't forget the auction tonight.
