The work of the orphanages of North Carolina appeals most strongly to reason and to sympathy. These institutionare worthy of the heartiest support of our people and they have a large place in their interest and cifts and efforts.

At the Thankagiving season minds and heart turn especially toward our orphanages and many are the practical expressions of gratituitie made to this cause by a people richly blested,

These love-prompted gifts to carry on this blessed work with there little ones surely must be acceptable to G d. the Father of the fatherless."

It seems that, here in North Caro lins, Thankegiving Day has been spe-cially set apart as "Orphana Day" and we rejoice that this is true. The contributions made at this season help very much indeed in the support of our var ious orphanages.
