Another amendment was that providing a minimum wage of three dollars a day for all laborers and an eight hour buggy; one gas boat 74x28 feet, 10 h p day. Only a few days now remain before Thanksgiving Day, the day on which every one should give thanks to their Creator for the bounteous blessings bemitted to a popular vote. This is believed to insure, as long as the amendment stands, the impossibility of a renewel of the recent graft scandals through the purchase of franchises from city officials.

Another important amendment provides that any one presenting a petition and who will not, in some cases, be able to have more than a cold crust of bread.
