HAS JUST RECEIVED

A CARLOAD OF MULES

S. Front Street, New Bern, N. C.

To Farmers of Craven and Adjoining Counties.

This year is the farmers' own. We rejoice with you.

A wise farmer seeks the best MARKET for his products. New Bern is paying more for farm products today than in any town in Eastern North Carolina and the New Bern Stores are overflowing with well selected and attractive goods that may be bought at very low prices.

New as a business proposition, if Cotton, Seed Cotton and other farm products are selling high in New Bern and the New Bern Stores are selling reliable goods cheaply, will it not pay the farmer to trade in New Bern?

A Cordial Welcome and a Square Deal Awaits You.

Garage Should Be Clean.

How to Care for an Auto So Expensive Will Be Kept Down.

Cleanliness in the garage is essential to the well being of one's car. Next to that, cleanliness in keeping the car is most to be desired. The first of these two important points can only be secured when planning the building, and it is one that the owner will do well to look out for.

The draining of the floor should always incline toward the center and should be of a cesspool pattern. Below the opening there should be a receptacle to catch all grease and dirt and with it a grit chamber. These should be carefully looked after, so as to guard against any obstruction.

A good thing to keep the garage floor clean is a hot, saturated solution of common washing soda, which can be used for use frequently, be made up in large quantities and stored away. If this is done, however, the solution must be refreshed, as the boiling point before making use of it. This will, of course, be too hot for the hands, so that an old broom or brush should be utilized to spread it around.

Another preparation, 5% soda, if not better, that can be used for this purpose is trisulphate of sodium, which can be procured from several chemical companies, priced at from 4 to 5 cents per pound. This solution, although strong enough to remove paint, can be frequently used for the hands with impunity. It is more convenient than the first solution in that it can be used cold.

For cleaning the body of a car (the use of needless strong alkali soap should be condemned. This will neglect to wash off the soap and alkalies to dry the varnished surface perfectly is responsible for a great deal of the injury done to a car's paint. As a matter of fact, neither soap nor water should ever be used on a car above the underparts of the mud guards, except in cases where the hands are soiled on the body in large quantities of dirt.

In most cases the first signs of wear of the painted portion invariably show on the varnished surface of the engine bonnet. This is due to the fact that it is frequently covered with mud on the return from a run, and is then washed with soapy water while the metal is still hot. Soap should not be used on the bonnet until it has cooled and even then should be carefully washed off. After a number of washings while the bonnet is still hot the injurious effect is quite noticeable, and within a short period the car has to be repainted long before its legitimate time.

The problem of clean hands is frequently a difficult question with owners of autos who do any of their own driving or repairing. The use of a mixture of soap powder and powdered pumice is recommended. The proportion of the ingredients can only be determined by use, as it varies with the individual. This last fact, of course, precludes its being kept in stock any length of time.

JUST IN TIME

Some New Bern People May Wait Till It's Too Late.

Don't wait until too late. Be sure to begin time. Just in time with kidney pills means curing the back. Before backache becomes chronic; Before serious urinary troubles set in. Doan's Kidney Pills will do this. Here is New Bern testimony to prove this.

Mrs. William T. Hadder, 126 E Front Street, New Bern, N. C., says: "I have had no occasion to use any kidney medicine since Doan's Kidney Pills cured me in 1909. I publicly endorsed them in January of that year and at this time I give you permission to continue the use of my statement. My back ached nearly all the time and was often so severe that I could hardly get out of bed in the morning. The kidney secretions bothered me and I felt tired and languid. Doan's Kidney Pills were so highly recommended that I got a box from the Bradham Drug Co. It did not take them long to restore me to good health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

OATH OF OFFICE TAKEN BY WHITE

New Chief Justice is Sworn in By Justice Harlan, Uses Historic Bible.

Washington, Dec. 21st.—In the presence of a distinguished gathering in the little court room, Edward Douglas White was yesterday elevated from Associate Justice in the Supreme Court of the United States to the Chief Justice.

The climax of the ceremony occurred when Associate Justice Harlan, as senior member of the court, administered to the new Chief Justice the judicial oath. It was subscribed to on the bench itself, instead of at the clerk's desk, as is ordinarily the case. Chief Justice White, while taking the oath, held in his hand a bible which has been used by nearly every Chief Justice and Associate Justice on similar occasions during the last century, but unlike most of them, he kissed the book at the conclusion of the oath.

For the first time in history an Associate Justice had been elevated to the Chief Justice and for the first time a President and Senate of one political party had honored a member of a rival party by placing him at the head of the highest court in the land.

Because of the overwhelming modesty of Chief Justice White, officials of the court were uncertain as to exact details of the ceremony of the day until they had actually occurred. In a general way, the broad customs attending the induction into office of the head of the court were followed.
