SHORT PASSING EVENTS

WEDNESDAY.

The foundations of Mr. L. G. Daniels' new brick stables on South Front St. are now being laid.

Mayor McCarthy had a full docket in his court yesterday afternoon. All of the cases were for small offenses.

The remains of the late W. B. Harrison, of Chicago, Ill., arrived in this city yesterday morning from Goldsboro. The interment was made at Cedar Grove cemetery.

Only one case was tried at yesterday's session of Superior Court. This was the case of D. W. Cleaves and P. S. Jackson vs. Heesburg & Son. The jury rendered a verdict in favor of the plaintiff.

A boat load of the finest shad seen here this season arrived in port yesterday morning. The owner of the fish saw that he had the market cornered and sold them at his own price, this however was fairly reasonable.

Mr. J. L. McDaniel, the well-known grocery merchant has removed from his former stand on Broad street to No. 41 middle street where he has put in a fresh and selected stock of goods, and will be glad to serve his friends.

The New Bern Iron Works yesterday completed the work of overhauling and repairing a locomotive for Munger and Bennett. This company has recently done a great deal of this variety of work and in each case it has proven to be entirely satisfactory.

THURSDAY.

Marriage license was issued yesterday to Mr. Chas. A. Morris, of Mecklenburg, N. C. to Miss Lena V. Price, of Norfolk, Va.

At Monday's session of Superior Court Geo. Bryant, colored, was granted a divorce from his wife, Carrie Bryant.

The Norfolk-Southern Railway has placed an order with a large locomotive works for several new locomotives which will be used between this city and Norfolk.

Last Sunday night some one entered a store on Queen street and stole a large quantity of clothing and other articles. No arrests have been made. The store was conducted by an Asryan.

As showing the Craven county interest in the Beaufort-Marshall Highway Convention held in Raleigh on Wednesday, and the objects of the meeting, this county had more representatives present than any other county except Wake.

Only one case was tried in Superior Court yesterday. This was an action in which J. A. Robertson was suing Thos. W. Holton for damages which he claims were lost in a horse trade with the defendant. Late yesterday the case was given to the jury but no verdict has yet been rendered.

Not Sisters

Now and again you see two women passing down the street who look like sisters. You are astonished to learn that they are mother and daughter, and you realize that a woman at forty or forty-five ought to be as attractive and as fair as a girl of sixteen.

The general health of women is so intimately associated with the local health of the essentially feminine organs that there can be no red cheeks and round forms where there is female weakness.

Women who have suffered from this trouble have found prompt relief and cure in the use of Dr. Pierce's Female Prescription. It gives vigor and vitality to the organs of womanhood. It cures the complexion, brightens the eyes and restores the cheeks.

No starched or habit-forming drugs is contained in "Favorite Prescription." Any sick woman may consult Dr. Pierce by letter, free. Every letter is held as strictly confidential, and answered in a plain envelope. Address: World's Dispensary Medical Association, Dr. R. V. Pierce, Pres., Buffalo, N. Y.

THE 17 YEAR LOCUSTS REAPPEAR

Thousands of Grubs Near Nyack. Last Visitation Worked Great Havoc.

New York, Feb. 16.—The 17 year locusts which are due to return to plague the American farmer this summer, after being absent since 1894, have made their appearance in the vicinity of New York city. Curator Pittman of the N. Y. Zoological Society, has discovered the first grubs, several thousand in number, in an excavation near Nyack, N. Y. By the time the frost is out of the ground these thousands will be millions, he says.

During the last previous visitation the locusts literally covered suburban New York, stripping trees, bushes, hedges, lawns and truck farms of everything green, and then moving in vast clouds which obscured the sun, to fresh fields. The individual locusts lived only a few days, but each female in that time found time to lay about 500 eggs on the branches of denuded trees. When the larvae hatched they fell to the ground and burrowed straight down for more than a foot.

There, it is said, they have rested for 17 years before the process of hatching was complete, and as soon as the frost leaves the ground they will dig their way to the surface and appear as small oblong shells. The grubs found in the excavation at Nyack are said to be completely formed and ready to come to the surface as soon as the earth warms up.

Chinatown will welcome the visitation. The Chinese cook makes them into pies, roasts them as a salad, and dresses them in many mysterious ways and even New Yorkers have found some of these dishes palatable.

GOLDSBORO HEARD FROM

A Lady Who Lives in Goldsboro Joins in the Chorus of Praise for Cardui, The Woman's Tonic.

Goldsboro, N. C.—"A physician treated me for many distressing symptoms," writes Mrs. Etta A. Smith, "but gave me no relief.

"I suffered with neuralgia around the heart and was troubled at times with my head. I had pain in my left side, bowels, left thigh, shoulders and arms.

"After taking Cardui, I am now well and can recommend it to other suffering women."

Just such doubtful symptoms, as those from which Mrs. Smith suffered, are the ones for which it will pay you to take Cardui, the woman's tonic.

It is at such times, when there is nothing to show, for certain, the real cause of the trouble, that you need a tonic, to give the body strength to throw off the illness that evidently threatens.

Take Cardui, when you are ill, with the ailments of your sex. Take Cardui as a tonic, to prevent illness, when you feel it coming.

Your druggist keeps it.

PUBLISHERS PLEDGE THEMSELVES TO

Raise \$100,000 to Fight Hitchcock Plan.

New York, Feb. 15.—One hundred thousand dollars has been raised to fight the proposed increase in the magazine postal rates.

S. S. McClure, one of the leading magazine men of the United States, announces that 100 periodical publishers have pledged themselves to contribute \$1,000 to a fund to be used in news paper advertisements setting forth the publishers' reasons for opposing the pending measure.

McClure flatly denied Postmaster-General Hitchcock's statement that the magazines are making huge profits, and he also declared that if the increase is to be put into effect popular magazines of the type of McClure's and Everybody's will be wiped out of existence.

"No magazine of our type," said McClure, "earns an adequate return on the investment because of the high cost of editorial matter used. Some of the series of special articles used represent an outlay of from \$30,000 to \$50,000. The result of the proposed iniquitous increase would be nothing less than forcing us to spend more money than our magazines earn. For this reason we purpose letting the public know the true intent of the measure, feeling sure that, thus aroused, the reading public will protest against the passage of the bill."

Dean Swift and the Cook.
"Moderation in all things" is the best precept for everyday life. There is a good story about Dean Swift apropos of the value of never overdoing anything.

The dean's cook one day overroasted the leg of mutton for dinner, and in consequence she was summoned to the dining room. "Cook," said the dean in a pleasant voice, "this leg of mutton is overdone; take it back and do it less."

"Impossible, your reverence!" exclaimed the cook.
"Well," replied her master, "supposing it had been underdone, you could easily have done it more."

"Certainly, your reverence!" "Then," said the dean, "let this be a lesson to you. If you commit a fault always take care that it is a fault which will admit of a remedy."

The Duration of a Dream.
One evening Victor Hugo was dictating letters to his secretary. Overcome by fatigue, the great man dropped into a slumber. A few moments afterward he awoke, haunted by a dream which, as he thought, had extended over several hours, and he blamed his secretary for sitting there waiting for him instead of wakening him or else going away. What was his surprise when the bewildered secretary told him that he had only just finished writing the last sentence dictated to him.

Goodness.
Whatever mitigates the woes or increases the happiness of others is a just criterion of goodness, and whatever injures society at large or any individual in it is a criterion of iniquity. One should not quarrel with a dog without a reason sufficient to vindicate one through all the courts of morality.—Goldsmith.

Yesterday a suspicious character was loafing around the railroad, a colored man by the name of Elias Green, not being able to give any satisfactory explanation of his behavior he was arrested, when the officer went to arrest him he drew a large knife on him. But the managed to land him in jail without any serious trouble.

All this week the laymen of the M. E. Church are having cottage prayer meetings at the homes of Bridgeton in preparation for a series of meetings that is to commence at that church next Sunday night. Monday night Rev. Mr. McCracken, of Beaufort, will be here to help Mr. Wright in the meeting. Everybody is cordially invited to come out and enjoy the meeting.
