## TORPEDO FLEET NOW IN PORT

Three Torpedo Boats and a Large Torpedo Destroyer Arrive Here From Charleston.

Late yesterday afternoon three torpedo boats, the Tingey, Foote and Biddle and the torpedo destroyer Worden, arrived in this port from the Charleston Navy yard, which place they left Wednesday afternoon at 2:30 o'clock.

The boats which were under command of Lieutenant Freeman were expected here on the previous day, but on account of unavoidable circumstances it was impossible for them to leave at the time designated. When the vessels were sighted yesterday afternoon, the news quickly spread over the city, and soon every dock that affords a view of the mouth of the river was crowded with spectators and on the tops of every available building were people watching the fleet come into port.

In the front of the procession as it comes up the river was the torpedo destroyer, the Worden, which, incidentally is one of the largest boats of its kind in the U. S. Navy having a displacement of 433 tons and a speed of 29.86 knots per hour with engines that generate 8,350 horse power. The boat carries two 18 inch torpedo tubes, two 3 inch guns and 6 six pound guns and was built in 1899 at a cost of \$286,000.

Following this boat were the torpedo boats, the Foote, with engines generating 2,000-horse power and a speed of 20 knots an hour and carrying three 18 in. torpedo tubes and three 1 pound guns. The Biddle with engines generating 4,200 horse power and a speed of 28 knots per hour and carrying the same number and size of guns as those on the Foote. The Tingey, the next and last boat in the procession, with engines generating 3,000 horse power and a speed of 25 knots per hour also with the same number of guns.

At the mouth of the river the boats came to a stop and Lieutenant Commander Freeman boarded the Foote and proceeded on to port, the other boats following later on. During the evening the crew, about 200 in number, were given shore leave and spent considerable time in "seeing New Bern" by night.

This afternoon the fleet, accompanied by the torpedo boat DuPont, which has been stationed at this port for several months, will leave for Charleston. Enroute the torpedo boats will engage in a short target practice with the Whitehead torpedo.

## MY DOCTOR MIGHTY FINE

Mrs. Hattie Cain of Carrsville—Thinks all the More of Her Doctor Since He Advised Her to Take Cardui.

Carrsville, Ky.—"My doctor," writes Mrs. Hattie Cain, "who advised me to take Cardui, for my troubles, is a mighty fine doctor, and I say God bless Cardui and the people who make it."

"Before I took Cardui, I suffered with female troubles for sixteen years. I would have to send for a doctor every three months, and oh how dreadfully I suffered!

"I would cramp and have convulsions and it looked like I would die. At last I took Cardui and oh! what a surprise! I found it was the medicine for me!

"From the first bottle, I began to mend and now I am well, can do more work, can walk and go where I please and it don't hurt me, and I love it all to Cardui."

Cardui helps sick women back to health. It has been doing this for over 50 years. It is not a laxative, or a heart or kidney medicine—it is a woman's medicine.

If you are a woman, try it.

An Animated Dummy.

A merchant in a Kansas town is very particular to have everything in his store in proper trim. In the ladies' suit department is a dummy which is at all ways dressed in the height of fashion and which always stands in the exact center of a certain rug. In this sort of dummy out of place. With a snort of disgust and impatience he walked over picked it up and set it down where it belonged. To his great amazement it moved and talked some too. He had picked up a live woman.—Housekeeper.

## FOLEY KIDNEY PILLS

Count Up Your Sins. Augustus Montague Toplady's world famous hymn, "Rock of Ages," originally appeared in the Gospel Magazine for October, 1775, and was prefaced by a terrifying list of the number of sins the average man may be supposed to commit during the course of his lifetime.

"At ten years old," computes the morbid mathematician who wrote the article, "each of us is chargeable with 315,034,000 sins, at twenty with 630,720,000," and so on until at eighty the list stands at 2,552,880,000.

"Our baby cries for Chamberlain's Cough Remedy," writes Mrs. T. B. Kendrick, Rusaca, Ga. "It is the best cough remedy on the market for coughs, colds and croup. For sale by all dealers."

A Whistling Oyster. The proprietor of a London chop-house some years ago made fame and fortune by the discovery of a musical oyster. A distinct whistling sound came from a newly opened barrel of oysters. With eagerness he hunted for the cause and found an oyster which seemed to amuse itself by whistling. The innkeeper advertised it, and hundreds came daily to his hostelry to listen to the musical oyster. In due time the oyster died, and its secret died with it. It is supposed that the sound was caused by the inspiration and expiration of air through a tiny hole in the shell. To this day the inn is known as the Whistling Oyster.

Graniteville, Vt.—"I was passing through the Change of Life and suffered from nervousness and other annoying symptoms, and I can truly say that Lydia E. Pinkham's Vegetable Compound has proved worth mountains of gold to me, as it restored my health and strength. I never forget to tell my friends what Lydia E. No other medicine for woman's ills has received such wide-spread and unqualified endorsement. No other medicine we know of has such a record of cures as has Lydia E. Pinkham's Vegetable Compound.
