PROVEN VALUE OF EASTERN CAROLINA TEACHERS TRAINING SCHOOL.

A few years ago when there was a friendly contest among several cities of Eastern Carolina to secure the Teachers Training School, that was offered by the State to the place making the best tender for the school, the importance of this school was not fully realized.

Greenville was the successful bidder for this school, and the resulting benefits since its establishment go to prove the wisdom of those who advocated in advance that such a school was needed and would prove a success.

The record of the East Carolina Teachers Training School is most gratifying. Greenville has gained by securing this school, tho' there were prophets willing to stake their reputations that Greenville would be sorry.

DEMOCRATIC STABILITY EMPLIFIED IN JUDSON HARMON.

The national democracy has in Judson Harmon of Ohio, a presidential candidate, who is free from even the suspicion of populism and socialism that is too prevalent in other candidates, seeking recognition.

The Nebraska-State Democratic Convention last week, showed the sentiment there for the great Ohioan, and more, showed the fidelity of the man for his party, in refusing to permit any personal demonstration in his favor, as thereby there might be created trouble in the party ranks at this time, when it is so necessary that a united democracy shall present itself in order to gain success in 1912.

The more there is known of Judson Harmon, the greater is his strength among the voters. A splendid public record that inevitably speaks the power of the individual, of work accomplished that tells of character and a progressive spirit, of faithful public service that has honored high offices and the Democratic party that has named him for high public service.

Whistler's Eccentricities. Whistler's remarkable genius is no doubt responsible for his many eccentricities. He quarreled indiscriminately with friend and foe, and for him the public were a set of ignoramuses who had no right to any opinion whatever.

Especially well known is his quarrel with John Ruskin, who in his 'Ars Chlorea' had heaped scorn on one of Whistler's 'Nocturnes' in the following language. 'I have seen and heard much of cockney impudence before now, but never expected to hear a cockney ask 200 guineas for flinging a pot of paint in the public's face.'

What He Was Showing. A young man sitting in a subway car with legs crossed and one foot showing a highly polished shoe and silk sock extended so far into the aisle as to make it almost impossible for people to pass without coming in contact with the protruding member was brought to a sense of his disregard for others by three young women who sat opposite. One said, 'I wonder if he is showing his foot or his shoe?'

TORTURED FOR 15 YEARS. by a cure-defying stomach trouble that baffled doctors, and resisted all remedies he tried. John W. Modder, of Modderville, Mich., seemed doomed. He had to sell his farm and give up work.

Sounded Ominous. 'Dad, can I take a post graduate course in Biology?' 'That depends, daughter,' replied the old man cautiously. 'What do you want to buy first?' -Pittsburg Post.

FALLS VICTIM TO THIEVES. S. W. Bonds, of Coal City, Ala., has a justifiable grievance. Two thieves stole his health for twelve years. They Dr. King's New Life Pills throttled them. He's well now. Unrivaled for Constipation, Malaria, Headache, Dyspepsia 25c. all druggists.

A Hard Face. Bobbie's papa, who is a naval officer, took him to call upon the family of a brother officer who had just returned from a cruise to the tropics.

It is easy to take a joke in the spirit in which it is intended if it is on the other fellow.

WIFE GOT TIP TOP ADVICE. 'My wife wanted me to take our boy to the doctor to cure an ugly boil,' writes D. Frankel, of Stroud, Okla. 'I said 'put Bucklen's Arnica Salve on it.' She did so, and it cured the boil in a short time. Quickest healer of Burns, Scalds, Cuts, Corns, Bruises, Sprains, Swellings. Best Pile Cure on earth. Try it. Only 25c at all druggists.

Civilizing the Indian. The following is from 'The Soul of the Indian,' a book by Dr. Charles Alexander Eastman, himself an Indian: 'Long before I ever heard of Christ or saw a white man I had learned from an untutored woman the essence of morality. With the help of dear nature herself she taught me things simply and of mighty import. I knew God, I perceived what goodness is, I saw and loved what is really beautiful. Civilization has not taught me anything better. As a child I understood how to give. I have forgotten that grace since I became civilized. I lived the natural life, whereas I now live the artificial. Any pretty pebble was valuable to me then, every growing thing an object of reverence. Now I worship with the white man before a painted landscape whose value is measured in dollars. The natural rocks are ground to powder and made into artificial blocks which may be built into the walls of modern society.'

The Home disagreed to the Wool bill amendment of the Senate and the measure will go to conference.

ALDERMEN HOLD REGULAR MEETING

Considerable Business Transacted At The Meeting Last Night.

The Board of Aldermen held their regular monthly session last night at the city hall.

Mr. W. D. McIver appeared before the board and asked that a due bill of \$20.00 for admission into the municipal association be paid. Board ordered bill paid. Mr. McIver also stated that city still owed him \$40 for services as attorney. Board ordered that the \$40 be paid.

Board ordered that a voucher be issued to Mrs. Hawk for \$16.80 for overcharges for taxes.

Mr. W. G. Boyd appeared before the board in interest of Southern Live Stock Company and placed a proposition before them to insure the city's horses. Matter referred to street and pump committee for investigation.

Dr. Patterson appeared before the board and read a report made by Dr. Graham in which he stated that certain dairies were in an unsanitary condition and should be cleaned up. Dr. Graham also recommended that no cows should be allowed in city limits. Motion carried that parties owning these dairies be ordered to clean them and put things in a sanitary condition at once.

Members of Riverside Hose Company asked that the quarters and horse of the Sixth Ward Hose Company be given them. In consideration they would give their services to the city gratis. Matter referred to the Fire Department Committee for investigation.

The Sixth Ward Company asked permission to use horse and wagon at colored firemen's tournament at Elizabeth City. Their request was granted and they were given \$50.00 to be used in paying the expenses of the trip.

After the reports of the various committees a motion to adjourn was carried.

LIFE SAVED AT DEATH'S DOOR. 'I never felt so near my grave,' writes W. R. Patterson, of Wellington, Tex., as when a frightful cough and lung trouble pulled me down to 100 pounds, in spite of doctor's treatment for two years. My father, mother and two sisters died of consumption, and that I am alive today is due solely to Dr. King's New Discovery, which completely cured me.

Now I weigh 187 pounds and have been well and strong for years. 'Quick, safe sure, its the best remedy on earth for coughs, colds, laryngitis, asthma, croup and all throat and lung troubles. 50c & \$1.00. Trial bottle free. Guaranteed by all druggists.

Tips to Travelers. Take a candle in your bag and a box of safety matches. When they are wanted you will be glad they were put in. The space required for them is small. A passenger on a steamer that was wrecked had a small candle, which enabled her to collect some of her most valuable possessions when the lights went out after the collision.

Not a Parallel Case. A writer in the Philadelphia Saturday Evening Post tells of a big overgrown, bushy booby of a farmer's boy who was afraid even to speak to a girl, and whose father one day finally lost patience and scolded him roundly for not looking about and finding some girl to marry. 'Why,' he said, 'at your age I had been married three years and had a house and farm of my own!'

'Well, but dad,' complained the boy, 'that ain't the same thing at all. You only had to marry mother, while I've got to go and hunt up some strange girl and ask her to marry me!'

CURED TO STAY CURED.

How a New Bern Citizen Found Complete Freedom From Kidney Troubles.

If you suffer from backache - From urinary disorders - From any disease of the kidneys, Be cured to stay cured. Doan's Kidney Pills make lasting cures.

New Bern people testify. Here's one case of it: Mrs. Lovenia Hall, 30 George street, New Bern, N. C., says: 'Doan's Kidney Pills have been of great value in restoring my health. I suffered from a weak back and pains across my kidneys that made me restless at night. In the morning I felt tired and had no strength or energy. The secretions from kidneys were unnatural and caused me no end of annoyance. When I read about Doan's Kidney Pills I got a supply from the Bradham Drug Co., and their use removed all my pains and aches. Since taking this remedy, I have had a better appetite and my entire system has been built up.'

(Statement given January 25, 1908.) A LASTING EFFECT Mrs. Hall was interviewed on November 28, 1910 and she said: 'I take pleasure in confirming my former endorsement of Doan's Kidney Pills. They gave me permanent relief from kidney trouble and during the past three years I have enjoyed very good health.'

Remember the name-Doan's-and take no other.

He Took the Cue. He was a man who gave little and got much. Today, for instance, he had got a clothes brush, a basin of water, a towel and a shine, and he had given nothing at all.

Tr-r-r-r! went his bedroom bell. The hotel attendant smiled sourly. This was the fourth time he had been summoned, and he did not hurry. 'I thought you were never coming,' exclaimed the visitor when the attendant appeared at last. 'Are you nicknamed 'Slowcoach?'

'No, sir,' answered the attendant. 'They call me 'Billiard cue.' 'Billiard cue!' repeated the visitor, frowning. Then an inspiration dawned. 'Ah! Because you're such a stick, I suppose?' he asked. 'Wrong again, sir,' returned the attendant. 'It's because I work better with a good tip.' -London Answers.

BALTIMORE FACES WATER FAMINE

Even The Muddy Fluid Now Obtainable Is Limited in Quantity.

Baltimore, Aug. 1.-Baltimore is now threatened with a water famine. Reports from the various reservoirs and the dam at Loch Raven show that the daily consumption of water is in excess of the flow.

No matter what happens the city is facing a critical situation. If there are rains, the muddy condition of the water will continue, but the city will be assured of an adequate supply of water, such as it is.

In case there is no rain the water will clear, but the city will face a water famine. Conditions are worse than in many years. The clear water reservoirs contain practically no reserve supply. The only supply the city has to fall back upon is that behind the dam at Loch Raven and in Lake Roland. This has been diminished gradually day by day.

Reports from the various reservoirs and Loch Raven and Lake Roland were compiled this afternoon. They show that the consumption is greatly exceeding the supply. Water Engineer Quick refused to discuss the matter.

When Lobsters Were Common. The lobster was not always the aristocrat of the supper table and the most costly of delicacies. A man who used to live in Maine, but now lives in Ohio, has this reminiscence, according to a writer in the Cleveland Leader: 'One day here in Cleveland I took a friend out to luncheon, and suddenly the old appetite for lobster came back to both of us, as we were both born on the Maine coast. We had two full portions, and the bill was \$2. And yet as a boy I've seen my father standing on the wharf, bargaining with a fisherman for his lobster catch of the day, and often for \$2 I've seen the lobster fisherman turn over to my father the entire catch, and the whole boatload - 250 or 300 big, black lobsters, perhaps - would be dumped on the landing and taken back on our old farm as feed for the pigs.'

Why Thackeray Was Moved to Tears. A lady, an intimate friend and a frequent visitor at the Thackeray home, called late one afternoon. She was shown into the study, and on entering perceived the novelist himself seated at his desk, his head bowed upon his arms. Fearing she was intruding in the presence of some great and unknown grief, she paused, hesitating. Then, thinking she might be of some help or at least express her sympathy, she stepped forward. Just then Thackeray looked up. His shoulders were shaking, the tears streaming from his eyes.

'Little Nell is dead,' he said brokenly. 'Little Nell?' his visitor interrogated. 'Yes, Little Nell,' was the answer. 'She is dead. I've just been reading it.' Before him on his desk lay an open copy of 'Old Curiosity Shop.' -Ladies' Home Journal.

This salve is for sale by all dealers.
