CONGRESS READY TO ADJOURN

Only Two Accomplishments in Five Months of Fierce Grind.

Washington, D. C., Aug. 21st—Congress will probably adjourn to-night or to-morrow at the latest.

After five months and four days of unceasing grind Congress today was able to show but two big legislative measures made into law—the Canadian reciprocity agreement and the bill for publicity of campaign contributions before elections.

The Re-appointments bill fixing the membership of the next House of Representatives—433—was another finished product turned out during the 5 months. But the Democratic leaders are enthusiastic over the present campaign material that they have fashioned from the happenings at the extra session. For a magnificent scheme of tariff revision, which the Democrats declared would "cut down the tariff tax on the American people," has crumbled to dust under the power of the president's veto. This places the burden of tariff bills on the president and his party.

Reciprocity with Canada was the only reason given by the president for convening the extra session on the 15th of March.

Two Democratic tariff bills, one revising the "iniquitous wool schedule," and another placing meat and bread on the free list, have been lost in the shuffle. A third, revising the cotton tariffs, will also die a-borning. Two of them—the Wool bill and the Free List bill—the President has vetoed. The Democrats made ineffectual attempts to pass them over the veto. The other is in a haze of technical defeat between the Senate and the House.

A Busy Man Has Just Arrived.

Good news he brings to New Bern, a large stock of all kinds of sawed Shingles on hand. He can and will please you. See Big Hill for lowest prices.—The Old Reliable.

NAPOLEON LOVED SNUFF.

And He Pinched the Boxes as Well as the Pungent Dust. Napoleon loved snuff; not only on a large stock of all kinds of sawed Shingles on hand. He can and will please you. See Big Hill for lowest prices.—The Old Reliable.

Napoleon loved snuff; not only on a large stock of all kinds of sawed Shingles on hand. He can and will please you. See Big Hill for lowest prices.—The Old Reliable.

SOUTH SEA FASHIONS.

The Dusky Native Belles Have Queer Ideas About Dress. It would be hard to find a spot where the subject of dress does not sway the feminine mind. To the world at large its observance causes either a great deal of pleasure or a good store of amusement. In the category of amusement may be placed the proceedings of the dusky belles described by Beatrice Grimshaw in her book, "In the Strange South Seas."

A face trimmed garment of mine, usually worn at night under the shelter of sheets and quilts, went to a Sunday morning church as a best dress in full daylight on the person of the laundress entrusted with my wash. The funny side was so conspicuous that she never got the reproach she deserved.

A certain flower toge made of poppies, a bloom unknown in the Pacific, first drove the women of the island by distracted with excitement, then by thirty-six native ladies to appear simultaneously at a dance wearing excellent copies of my Paris model done in double scarlet hibiscus from the bush.

A wedding from which unfortunately I was absent furnished the finest display of native dress that took place that year. The bride wore fourteen silk dresses, not all at once, but one after another, changing her dress again and again during the reception until the white spectators were fairly giddy.

Grim Relics. A prison sale is held annually in Paris. The articles offered for sale are the clothes of murdered people, the instruments with which the crimes have been committed and the effects which have belonged to the deceased prisoners. Articles which have been taken to the prefecture of police and have not been claimed are also sold. The proceeds go to the Paris almshouse. Unclaimed jewelry is usually bought by ordinary brokers, but the articles which have belonged to criminals, especially those who are notorious, are bought at high prices.

In its ninth year of unrivaled popularity, with an annual sales of millions of pounds.

BATTLESHIP WILL BE USED

Bones of Maine's Heroes Will Not Be Brought Home On Collier.

Washington, Aug. 21st.—President Taft has issued orders that the bones of all enlisted men recovered from the battleship Maine should be brought from Havana to the United States on a battleship. The President read a dispatch this morning from Havana stating that the bones of enlisted men lately recovered from the Maine would be carried to the United States on a collier. He remembered that the remains of Lieutenant Merritt, an engineer officer of the Maine, were brought to this country on the armored cruiser North Carolina.

The President takes the position that the enlisted men who went down with the Maine are entitled to all the honor that the United States can give them. Although he did not know whether the Navy Department officially had directed a collier to be used for bringing back the bones of the sailors, he took prompt steps to prevent the issuance of such an order and made it certain that a battleship should be used.

The Campaign Publicity bill was sent to the President.

RAILROAD STRIKE IS SETTLED

Employees Are Not To Suffer For Leaving Their Posts.

London, Aug. 21.—The great railway strike is settled. Labor leaders say the men will return to work immediately throughout the United Kingdom.

After an all day conference at the Board of Trade offices Saturday, Chancellor of the Exchequer Lloyd George presiding and the railways and their employees taking active part through regularly designated delegates, an official statement was issued.

"Acting on representations made to the railway companies by the Government they empowered Mr. Cloughton and Sir Guy Granet, General Manager of the Midland Railway, to confer on their behalf with representatives selected by the joint executives of the trades unions and railway employees with a view to discussing with them the suggested terms of settlement drafted by the Board of Trade.

"There were present at the conference Mr. Cloughton and Sir Guy Granet on behalf of the companies. Member of the House of Commons James Henry Thomas and Messrs. Bellamy, Williams Fox, Lowth and Charlton on behalf of the men, and Mr. Lloyd George, Sir H. L. Smith and G. K. Askwith on behalf of the Board of Trade, Ramsay MacDonald also was present during the conference.

"Mr. Cloughton stated that upon certain representations by the Government he and Sir Guy Granet had the authority of the railway companies to meet the representative of the men with a view to discussing terms of an agreement.

The terms having been discussed and agreed to, Mr. Cloughton and Sir Guy Granet stated that the recommendations of the commission would be accepted by the companies, even though they were adverse to the companies' contentions on any question of representation, and should the settlement be effected any traces of ill-feeling which might have arisen certainly would be effaced.

BIDS WANTED.

City of New Bern wants bids on one 200 H. P. (8x18 inch) horizontal tubular boiler for working pressure of 150 pounds.

Copy of specification furnished on application. City reserves the right to reject any and all bids. Bids will be opened Sept. 15th 1911.

Postgraduate Courses.

Pretty Daughter—Now that I have graduated, mamma, don't you think I ought to take a postgraduate course? Practical Mother—Certainly, my dear I have arranged a complete and thorough course for you in roastingology, bakingology, darningology, patchology, washology, ironology and general domesticology. Run along now and get on your working harness.—Chicago News.

An Old Testament Verse. The twenty-first verse of the seventh chapter of Ezra in the Old Testament contains all the letters of the alphabet. "And I, even I, Artaxerxes the King, do make a decree to all the treasurers which are beyond the river, that whatsoever Ezra, the priest, the scribe of the law of the God of heaven, shall require of you, it be done speedily."

Not the Same Meaning. Nervous Old Lady (in saloon of steamer)—Oh, steward, where do I sleep? Steward—What is the number of your berth, ma'am? Nervous Old Lady—I don't see what that has to do with it, but if you must know it is third. There were a sister and a brother born before me.

No Caste In Snores. The cause and cure of snoring concern all classes, says the London Chronicle. We have record that both the house of lords and the workhouse have suffered from it. There was a former Duke of Norfolk who fell into the habit of sleeping audibly in the lords, and it happened that he was hard at it on one occasion when a bill concerning the parish of Great Snoring, in Norfolk, came before the house. The roar of laughter with which the bill's title was greeted awakened the duke and relieved his fellow peers. At the other end of the social scale we have the poor law commission's minority's commendation of the ingenious workhouse master who divided the old men at night so that the snorers and the deaf men slept in one ward and the rest in another.

All Great Britain began to feel the pinch of the great railroad strike, which reduced food supplies and caused many stories to close.

The Senate passed the Flood-Smith Statehood resolution with the Arizona judiciary re all eliminated.

SAFE BANKING.

WHEN you think of depositing your money, you think of safety. You want your funds protected from every possibility of loss. It has been our constant aim to make this bank a safe place for money. Our stockholders have paid in \$200,000.00 in cash as security for the depositors and the State Law makes every stockholder liable for as much more money as he has paid in. This constitutes the largest guarantee fund in this portion of the state.

SHORT PASSING EVENTS

SATURDAY.

5 or 6 doses "666" will cure any case of Chills and Fever. Price, 25c.

Several large barges are in port taking on cargoes of lumber and fertilizer for northern markets.

The Coast Artillery Company of this city which has been in encampment for ten days at Fort Caswell returned last evening on the train from Wilmington. The New Company had the 8 inch guns for practice and again made a fine record at the target.

A company has been organized at Oriental to operate a cotton gin. All of the stock has been subscribed and they will begin operations at once toward erecting a building. It is understood that the machinery for the new gin has already been ordered.

On August the 29th the Norfolk-Southern Railroad Company, in connection with several other companies, will operate a special excursion to Niagara Falls. The fare for the round trip from this city will be only \$19.40. Tickets are limited to return 16 days from the date of sale.

Carrie Starkey was given a hearing before Mayor McCarthy yesterday afternoon on a warrant charging her with selling whiskey. Probable cause was found and she was bound over to the next term of Craven county Superior Court under a bond of \$50 which she gave and was released from custody.

United States Deputy Marshall Samuel Lilly, was among the business visitors to the city yesterday. Mr. Lilly's wife has been seriously ill during the past week or two and he has necessarily been kept at home. However, he is now back on his job and looking after those who are breaking the Federal laws.

Those two detectives on the Norfolk-Southern road deserve considerable credit for apprehending John Casey and W. C. Cooper, both of Goldsboro, who for the past few months have been rifling trunks that were in their care. The company has been given a great deal of trouble by these robbers and has worked diligently to break it up and to catch the offenders. Each of the young men "squealed" on the other when caught although there was no direct evidence against them. This action gave the prosecutors a clear case against them.

SUNDAY.

5 or 6 doses "666" will cure any case of Chills and Fever. Price, 25c.

The train from Norfolk which arrives in this city at 4:05 a. m., was delayed for more than an hour yesterday morning while workmen were repairing Neuse river railroad bridge which had been damaged by a small fire a few hours previous.

An hundred bushels of apples grown in this county were yesterday purchased by the New Bern Produce Company. These apples are of the same variety as those which took the prize at the Horticultural Exhibit at Cincinnati a few months ago.

Several hundred watermelons were brought into this port yesterday morning and disposed of to local dealers and consumers. Only a few more weeks remain in which these delicious commodities can be secured and the public is intent upon fully satisfying their appetites while the supply is large.

While engaged in target practice with one of the big guns at Fort Caswell a few days ago, a young man named Jones who is a member of the First Coast Artillery had the misfortune of having two of his toes mashed off by one of the heavy weights on the gun. The young man's wounds were dressed by the physician at the fort and he will doubtless be able to be out again within a few days.

TUESDAY.

Mayor McCarthy had several offenders before him yesterday afternoon, but all of them were up for only minor offenses and the docket was quickly disposed of.

Go out to the Masonic theatre and hear the I. O. O. F. singing class. The price of admission will be only 25 cents and you should cheerfully give much to such a worthy cause. The entertainment begins at 8 o'clock.

The oyster season opens up in this section within a few weeks, but up to the present time no inspector has been appointed to inspect J. H. Stanley, the

former inspector who died a few weeks ago. There are several applicants for the position.

There is much speculation as to where the trustees will locate the Farm Life School when they meet in this city next month. All of the Towashi are making every attempt to land this institution and it is almost impossible to even surmise where it will be located.

Visitors in the city yesterday from the southern part of this county reported heavy rains in that section all during Sunday. A high wind also accompanied the rain storm and considerable damage was done by this. All of the small streams were filled almost to their banks.

Although the weather was very inclement Sunday there was quite a crowd of visitors at M. Rehead City. The Atlantic hotel at that place will be kept open only a few more weeks and if you are intending to spend a few days there before the season closes, you should lose no time in doing so.

At their last meeting the Board of Aldermen of Winston-Salem, passed an ordinance prohibiting any one from driving an automobile on the streets of that town unless they were licensed chauffeurs. This is a very sensible ordinance and will doubtless be adopted by the authorities in other towns in this State.

Detectives for the Norfolk-Southern Railway Company claim to have located another lot of valuables that was stolen by John Casey and W. C. Cooper, of Goldsboro, while they were engaged as baggage masters on that road. It is estimated that these two young men stole about \$3,000 worth of jewelry and other valuables while they were working for the company.

A high wind which raged for an hour or more between this city and Kinston Sunday morning tore down several of the Home Telephone and Telegraph company's wires and yesterday communication with the west over these lines was impossible. However, a force of the company's linemen were busy at work on the breaks all during the day and it is more than probable that the lines will be in service again today.

A Quick Recovery. Mizzleton—It looks like rain. Ham-baugh—What looks like rain? Mizzleton taken by surprise but equal to the occasion—A shower bath in action.—Chicago Tribune.

SAID SHE WOULD FAINT

Mrs. Della Long Unable to Stand On Her Feet More Than a Few Minutes at a Time.

Pendergrass, Ga.—Mrs. Della Long, of this place, in a recent letter, says: "For five or six years, I suffered agonies with womanly troubles. Often, I couldn't sit up more than a few minutes at a time, and if I stood on my feet long, I would faint. I took Cardui, and it helped me immediately. Now, I can do my work all the time, and don't suffer like I did."

Take Cardui when you feel ill in any way—weak, tired, miserable, or under the weather. Cardui is a strength-building tonic medicine for women.

It has been found to relieve pain and distress caused by womanly troubles, and is an excellent medicine to have on hand at all times.

Cardui acts on the womanly constitution, building up womanly strength, toning up the nerves, and regulating the womanly organs.

Its half century of success is due to merit. It has done good to thousands. Will you try it? It may be just what you need. Ask your druggist about Cardui. He will recommend it.

N. B.—Write for Ladies' Advisory Dept., Charge Nurse, Medicine Co., Cincinnati, Tenn., for Special Instructions and Sample Book. "Home Treatment for Women," sent in plain wrapper, no postage.
