

# New Bern Weekly Journal.

No. 50 NEW BERN, CRAVEN COUNTY, N. C., TUESDAY SEPTEMBER, 26, 1911 --FIRST SECTION 34th. YEAR

## ENORMOUS CATCHES OF FISH

### Beaufort Packers Unable To Take Care Of The Great Quantities Brought In.

Beaufort Sept. 21.—The fisheries have been making enormous catches for the past few days, in fact more than the packers and shippers could handle. The supply of ice from the local factories is entirely too inadequate for the needs of the packers and ice has to be brought from other places. A solid car load of twenty thousand pounds was brought from New Bern Thursday which relieved the situation somewhat Wednesday, nine thousand pounds of fine blue fish had to be thrown away because of the lack of ice and salt to preserve them.

While the summer is practically over there are still quite a number of visitors here and they will probably remain sometime to come. Beaufort will no doubt in the future be as much of a favorite resort for winter as it has been heretofore for summer.

The crops in this section are the best for several years. Cotton is especially fine. A bale to the acre will be just an ordinary yield. Some of the more progressive farmers will make two bales.

## Bedroom Suits.

In cheap plain oak just received a car, they are well made and look good, price \$18.00, \$20.00, \$22.50 and \$25.00, extra dresser at \$6.50, \$7.50 and \$9.00. Beds \$2.50, \$3.50, \$4.50, \$5.50 and \$6.50, for good service to the parties that don't feel like investing much in furniture.

J. S. MILLER.

## What Others Say of Haag's Shows.

THE MIGHTY HAAG SHOWS are in Helena today, and the small boys and the large ones too, are in their glory. The Haag Shows are independent of the trust, and absolutely free of the obnoxious grafting games, and in every particular are clean and up-to-date. The parade at noon shows well, and the manager is as rare as any seen in this city. The tent was packed with a well pleased audience this afternoon, who wish the Haag Shows would make Helena often. A night performance will be given, and those who come early will be the ones to get the seats, for the HAAG SHOWS sell only their seating capacity. THE MIGHTY HAAG RAILROAD SHOWS will exhibit in New Bern on Sept. 27th. (Helena News, Helena, Ark.)

Despite the threatening weather many thousands witnessed the Haag Show parade this morning and a tent full of pleased patrons testified their approval of what proved to be one of the best real circus performances witnessed here in several years.—(Twin City Daily Sentinel, Winston-Salem, N. C.)

## WILLIAMS' KIDNEY PILLS

Have you neglected your kidneys? Have you overworked your nervous system and caused trouble with your kidneys and bladder? Have you pains in loins, side, back, groins and bladder? Have you a flabby appearance of the face, especially under the eyes? Too frequent a desire to pass urine? If so, Williams' Kidney Pills will cure you at Druggist, Price 50c. Williams' M'F'G. Co., Prop., Cleveland, O.

## Sugar Takes Another Jump.

New York, Sept. 22.—Another perpendicular advance of 17 points occurred in the price of raw sugar today, making Cuba centrifugal 95 test, 5.92 cents, which is the highest figure in many years. A sale of 20,000 bags was made on that basis, and more was wanted, but spot supplies are very light, although there is less anxiety regarding later shipments.

No further change was made in refined sugar, but an advance is expected to follow the sharp rise in the raw article.

At present 6.75 cents is the lowest price being quoted for granulated sugar. Some refiners are practically out of the market and others are asking as high as 7.50 cents for prompt shipment.

## FREE UNION ITEMS.

Craven County Sept. 19.—We are having some fine weather now. Farmers are busy plowing to-day.

Mr. Clay Miller and wife of Newport, were in our midst last Saturday.

Mr. Ben Powers of Morehead City, was in our midst last Saturday and Sunday visiting friends and relatives.

Mrs. Steve Powers and Miss Morris of Vanceboro, were visitors at our Sunday school last Sunday.

Miss Emma Jacobson of New Bern, was in our midst last week.

Mr. Andrew Jackson of Vanceboro, died last Saturday morning.

BLUE BELL.

## TILLMAN BUYS NEW PITCHFORKS

### South Carolina Senator More Interested In Agricultural Implements Than Politics.

Columbia, S. C., Sept. 22d.—Senator Tillman spent Wednesday in Columbia on personal business. He returned to his home at Trenton on the afternoon train and carried with him two pitchforks.

The Senator bought the pitchforks up town and had them sent down to the Union station for him at train time. They were wrapped up in paper until they were unrecognizable and when he told his friend, Dr. Babcock, what was in the bundle the doctor insisted they ought to be unwrapped and carried openly by the Senator, so the paper was removed and Pitchfork Ben "Toted" the two pitchforks home on the train without any concealment.

But the senator is very much more interested these days in pitchfork agricultural than pitchfork political. The news that there will be at least one candidate to oppose him for re-election, Colonel W. J. Talbert, does not seem to have disturbed him at all. Senator Tillman expects to stand for re-election. He also expects to make at least a few speeches, if his health is no worse than it is now, and if he is better he may make a good many speeches. It is his determination to offer for a 4th term in the senate.

If Senator Tillman is renominated in the 1912 primary he will on the fourth of March, 1913 begin his fourth term as senator from South Carolina. Having served as governor from 1891 to '95, he was first elected to the senate in 1894 and took his seat on the fourth of March 1895. He was re-elected in 1900 and again in 1906, both times without opposition. Col. W. J. Talbert, formerly congressman and a former political follower of Tillman, has announced he will be a candidate next year, no matter who else runs. Governor Bleasdale has announced that he will be a candidate for senator if Senator Tillman is not in the race; otherwise he will seek re-election as governor.

## A Good Oil Heater.

Nothing is better to heat quick with, than an Oil Stove. I have the Barler which is considered the best, price from \$3.50 to \$7.50.

J. S. MILLER.

## How The Lyceum Course Helps a Town

The lyceum develops good taste and appreciation. Towns with lyceum courses learn to enjoy good pictures, good music, fine architecture and high thinking.

The lyceum raises the sentiment in regard to entertainments. Towns with lyceum courses offer a poor field to street shows, cheap theatres, etc.

The lyceum encourages the "city beautiful." Towns with lyceum courses are in touch with the newest efforts towards municipal reform.

The lyceum brings "our town" into touch with the outside world. A lyceum course helps the stay-at-home to become travelers, introduces them to other corners of the world, other people and customs.

The lyceum widens the religious outlook. A lyceum course is non-sectarian and brings the best phases of religious belief to the town; it tears down the fences of creed between the various denominations.

The lyceum stirs up enthusiasm among young men and women to get out in the world and do something worth while. A lyceum course brings to the town men and women of achievement who inspire by example and precept.

## A Good Heater.

You can get the Wilson & Coles wood heater nearly as cheap as inferior makes, just consider the amount of fuel you will save and the life of the heater.

J. S. MILLER.

## Large Shipments of Fish.

Extraordinarily large shipments of fish have been made from Beaufort and Morehead City during the past few days. Every train passing through this city is loaded with large consignments of this water food and which are being shipped to points in this and other States. A gentleman remarked a few days ago that the people of these two towns had more money than the people any other towns in eastern North Carolina and there is no reason that this should not be true. They get a good price for their fish and the demand for them is so large that they can sell all they catch.

### Buck Stoves and Ranges for your kitchen for best results. J. S. Basnight Hdw. Co.

## HIGH RECORD FOR COFFEE

### Visible Supply Small And Crop Conditions Unfavorable.

New York, Sept. 22.—New high records were again established in the coffee market today and for the first time in 16 years the entire list sold above the 12-cent mark.

The advance was accompanied by active buying and was based on the strength in Europe and Brazil, as well as the fact that stocks here are small and controlled by a few interests. Quotations from Brazil on spot coffee for future shipment showed prices to be far above a parity with the local market.

Pound for pound, coffee now selling considerably above cotton. The advance, which represents a gain of over 2.54 cents from the low price of the season, has been based on unusually small stocks in the visible supply, as well as recent reports indicating a smaller crop than expected and the claim that unfavorable climatic conditions have interfered with the flowering for the next crop.

New Orleans, Sept. 22.—Coffee reached the highest figure in 22 years here today, Santos No. 4 being quoted on the floor of the Board of Trade at 14 1/2 cents, the same grade selling a year ago for 10 1/2 cents, Rio No. 1, low ordinary, was quoted at 13 1/2 cents. It was selling at 10 cents this time last year.

## BRIDGETON ITEMS.

Bridgeton, Sept. 22.—The weather has become quite warm again. We hope to see it turn cool.

Sunday passed very quietly in our town. Rev. G. T. Adams of Wilmington preached at the Methodist Church in the afternoon at 3:30 o'clock to a large congregation. We are always glad to welcome Mr. Adams in our midst.

Rev. J. M. Wright is at Clarks where he is holding a revival. Rev. L. L. Nash is assisting him. Mr. and Mrs. N. M. Farrow and S. D. Parker went up to Clarks Wednesday to attend the services.

Mrs. Rosa Montfort and son Eddie who have been visiting in New Bern for several days will return to Bridgeton tonight.

Master Tommie Tingle who has been up to Burma visiting relatives has returned home.

Miss Nellie Barker of Stella is in our town visiting her sister, Mrs. J. B. Morton on B. Street.

Miss Florence Potter gave a birthday party to her many young friends last Wednesday night at her home on Bridge St. There were many games played. After the amusements were over, they all retired to the dining room where refreshments were served, then they all left for their home saying that they had a delightful time. Miss Potter received many presents from her friends.

Mr. J. L. Taylor who lives on C. St., is very sick. We hope she will soon recover.

Mrs. Nellie Tingle went over to New Bern last week to Stewart's Sanatorium and underwent an operation. She was brought home Wednesday, and we are glad to say she is getting along very nicely.

Mr. LeRoy Davis is at Stewart's Sanatorium. He has gone through an operation for appendicitis. He is getting along as well as can be expected.

Mr. and Mrs. E. F. Lawrence and children of Askins spent Saturday night in our town visiting her sister, Mrs. S. G. Parker on C. St.

Any one would think that Bridgeton was burning up last night. Several of our townsmen set fire to some of their vacant lots to burn them off, and it made a very large fire. There was no damage done to any property.

Mrs. Nellie Littleton and Mrs. and Mrs. Geo. Littleton of Swansboro came Sunday morning on the account of the sickness of Mrs. Littleton's daughter, Mrs. Tingle who went through an operation at Stewart's Sanatorium last Saturday.

Mr. Frank Holden has moved up to Rock Spring.

Mr. Wm. Thomas has just put in a new stock of goods in his new store on B. St., and is now open for trade.

Mr. N. M. Farrow went up this morning to Tuccarora to attend to some business.

Several of our people will go up to Clarks tonight to attend the revival that is going on in the Methodist Church there.

There will be preaching at the Methodist church here, next Sunday morning and night by the pastor, Rev. J. M. Wright. Everybody is cordially invited to attend.

REPORTER.

## CANADIANS DEFEAT RECIPROCITY

### Conservatives Sweep Premier Laurier and Reciprocity Agreement Off The Earth.

Montreal, Sept. 22d.—The Laurier government and reciprocity suffered an overwhelming defeat in the Canadian elections yesterday.

By a veritable political landslide the Liberal majority of 43 was swept away and the Conservative party secured one of the heaviest majorities, upwards of 50, more than any Canadian party has ever had. Seventeen cabinet ministers who had served with Premier Laurier were among the defeated candidates.

The Liberals lost ground in practically every province of the Dominion. Where they won, their majorities were small. Where the Conservatives won their majorities were tremendous. Ontario, the leading province of Canada, declared almost unanimously against the administration and reciprocity.

Robert L. Borden, leader of the Conservative party, will shortly become the Prime Minister of Canada. He will be supported in Parliament by a working majority of members far more than ample for his purposes. The government defeat means that the Fielding-Knox reciprocity agreement, ratified by the American Congress in extra session will not be introduced when the 12th Parliament assembles next month, and that a revised basis of trade with the United States, looking to closer commercial relations, will not be possible in the immediate future. The Conservatives are committed to a policy of trade expansion with the Empire and a closed door against the United States.

## NOTICE.

The School Committee of No. 1 Township will hold their regular meeting at Vanceboro High School Building Wednesday October 11th, 2 o'clock. All teachers desiring schools in said Township will please be present. C. J. Heath Chairman.

## VOICE OF THE PEOPLE.

### EDUCATION BADLY NEEDED.

Mr. Editor: That they should have attended some public school during their younger days instead of fishing for perch around some mill dam, is clearly evinced in the two items which were sent to a periodical published in Eastern North Carolina by one of their correspondents a few days ago.

"The tug W— is towing in our harbor again. SHE has been away for some time and her old friends are glad to see HER here again.

In this item the would-be scribe refers to the vessel as "she". Now if he had attended school for a sufficient length of time, say one or two terms he would have learned that, grammatically speaking, there is neither a masculine or feminine gender used when speaking of objects of this kind.

"It is reported that frost has done serious damage in New England States. HE'll be here soon."

Again in this item the writer uses the masculine gender when he should have resorted to the neuter. It is indeed a truth that more public schools are needed in North Carolina and parents should compel their children to attend and fit themselves so that they can go out into the world without being the laughing stock of the universe.

### AN ADVOCATOR OF SCHOOLS.

## A Busy Man Has Just Arrived.

Good news he brings to New Bern, a large stock of all kinds of sawed Shingles on hand. He can and will please you. See Big Hill for lowest prices.—The Old Reliable.

## HER HAIR GREW

### That's Why a Thankful Woman Recommends Parisian Sage.

Bradham Drug Co., will sell you a fifty cent bottle of PARISIAN SAGE and guarantee it to banish dandruff, stop falling hair and itching scalp, or money back. It's a delightful hair dressing that makes hair lustrous and fascinating.

"In the spring I was recovering from a severe case of erysipelas, which left me virtually bald on the front of my head and next to my ears. The hair kept coming out rapidly and nothing I used stopped my getting entirely bald, until I used two bottles of PARISIAN SAGE. This tonic made my hair start to grow and, in fact, grew me a good fair amount of hair, and it has entirely stopped my hair falling out.

It is with pleasure that I give a public recommendation to PARISIAN SAGE, which I know is a wonder." Mrs. Ella G. Christ, W. Pitt St. Bedford, Pa.

## MAKE LUMBER OUT OF PAPER

### Expert Says The Process is Cheaper Than Natural Lumber Can Be Grown.

Kansas, City, Mo., Sept. 23.—So nearly perfect is artificial lumber made from paper here there is no longer cause for great worry over forest conservation, said J. B. White, chairman of the executive committee of the National Conservation Congress here. He had just returned from a trip through Eastern States. Much of his time there was spent investigating the manufacture of "lumber" from paper.

"A superior quality of artificial lumber can be manufactured cheaper than natural lumber can be grown," he said.

Taking 57 per cent. waste paper, 22 per cent. straw, 5 per cent. jute and 16 per cent. wood fibre, a ton of fibre board, one-fourth inch thick of 1,100 feet of inch lumber can be produced."

## NOTICE.

The Bridgeton public school will open Monday Oct. 23. All pupils are requested to be present at the opening, by order of the committee.

## Shade Wooten Dead.

LaGrange Sept. 23.—Mr. Shade Wooten, Sr., died suddenly in this city yesterday afternoon of heart failure. He was 72 years of age and leaves a large family. His death removes from our community a most remarkable character. For four years Mr. Wooten gave of his best young manhood to his country in the civil war, and was seriously thought to be fatally wounded in the head. After returning to his farm in Greene county, he had the misfortune to lose one of his hands. Notwithstanding all these obstacles, he has raised a large family and left an estate of considerable size. Coming to LaGrange about 30 years ago, he engaged in business for a number of years and was successful.

Mr. Wooten was prominent throughout the county, and represented Lenoir in the general assembly of 1903.

### Phone us your order and residence number and we will send it to any part of the city. J. S. Basnight Hdw. Co.

## Business College For New Bern Now Practically Assured.

Professor J. M. Rosaler, president and manager of a chain of business colleges arrived in the city yesterday from Norfolk where the home school of his chain of colleges is located, and is much gratified with the outlook for a flourish school in New Bern. He says "People down here know how to take advantage of a good thing when they see it."

A school of this character is bound to be an important factor to the welfare of the city. Heretofore those wishing a business education were obliged to go elsewhere, but with a school of this kind in our city there is no longer the necessity for this, and it will afford many young men and women the opportunity of acquiring a business education, who for lack of means or time, or both, could never otherwise secure a business education.

## Jewish New Year Cards at M. E. Whitehurst & Co.

In a Japanese Temple. "Asakusa temple is dedicated to the goddess Kwanon, a tiny image of gold, about two and one-half inches high," writes a traveler in Japan. "At the entrance to the temple grounds on either side of the immense gate stand two large and fearful looking figures, guarding the sacred precincts. Hanging outside the wire grating are a number of sandals for their use if they wish to take a walk, and rice is sprinkled about. Each worshiper, before entering the temple, cuds at a small building, and after contributing a small amount, washes his hands and rinses his mouth. In front of the main shrine is a large aperture in the floor, covered with lattice-work, into which the worshiper casts his gift. After clapping his hands to awaken or attract the attention of the god, he kneels, but his prayer is only brief. While there is one chief shrine there are many others under the same roof. One shrine especially attracted my attention; it was made of wood, and quite disreputable and worn through the constant rubbing of hands on the spot corresponding to the afflicted portions of the sufferers' bodies."—Chicago News.

### Maybe you will need one or two Fruit Jars this season. We have them. J. S. Basnight Hdw. Co.

## NO APOLOGIES FROM TAFT

### Will Stand By Record Made. Aldrich-Payne Tariff, Vetoes And All.

St. Louis, Sept. 25.—Beginning the real "winning of the West" President Taft has crossed the Mississippi, and begun his Western campaign with three speeches in St. Louis.

That the campaign will be one of defense and defiance was the unanimous opinion of those who heard the President in his impassioned speeches at Peoria yesterday.

"I accept responsibility for everything I have done. I could not do otherwise. If the people do not like it, then they may repudiate me."

That is the attitude of the President as he prepared to invade the solidly Inorganic territory of Kansas and Iowa, where he will spend the next two weeks. The President, deeply affected by the defeat of reciprocity, the big issue upon which he had placed great dependence, is in for a day-or-night fight. "I will go through with this trip, no matter what happens," he said.

Mr. Taft's reception throughout was the most cordial and demonstrative he has received on any of his previous visits to the city. He was the guest of the Million Population Club and during his long automobile ride saw all of the territory that St. Louis now covers and all its citizens expect it to cover in the next few years in their climb toward the million mark.

At breakfast with the Mercantile Club the President referred briefly to Canadian reciprocity. He declared himself content with the outcome, for as a lawyer, he had learned that "when a decision hits you right between the eyes, the best thing to do is to sit still." Mr. Taft said he believed and still believes that reciprocity would inure to the benefit of both countries.

## Keen Kutter Scissors and Shears—Every pair guaranteed. M. E. Whitehurst & Co.

### Wellington An Simplicity.

When Sir Edwin Landseer was painting the duke's portrait, hoping to save him the trouble of much sitting, he wrote and asked if he could let him have the trousers belonging to the uniform. The duke wrote back in all solemnity: "Field Marshal the Duke of Wellington presents his compliments to Sir Edwin Landseer and regrets that he cannot send him the trousers as he has but one pair."—London Nation.

### Life of a Gown.

"A lawsuit in which women's clothes are the center of litigation teaches even a woman many things she never before suspected about the clothes she wears," said a well dressed woman. "Last week I was present at a trial in which a woman was attempting to secure full insurance for gowns damaged by fire. In the expert testimony it was asserted no dress has a money value in law after it has been worn ten times. According to that theory, every gown owned by the plaintiff had outlived its usefulness before the fire came along to complete its destruction, and with the exception of a trifling sum representing the actual worth of old material the insurance company was relieved from its obligations."—New York Sun.

### One View of Mountain Climbers.

Mountain climbing, now a popular part of an outing at home and abroad, was regarded in a far different light in its earlier days. "Murray's Guide to Switzerland," published in 1838, in the section devoted to Mont Blanc, soberly related that "it is a somewhat remarkable fact that a large proportion of those who have made this ascent have been of unsound mind." This quotation will console many timid souls.—Argonaut.

## Marriage Announcement.

Mr. and Mrs. Lawrence E. Duffy request the honor of your presence at the marriage of their daughter Emma to Mr. James Vernon Blades on the morning of Wednesday, the eleventh of October nineteen hundred and eleven at half after eight o'clock at Christ Church, New Bern, North Carolina. No cards sent in town. At home after January the first New Bern, North Carolina.

## Seventh Series of the Standard Building & Loan Association.

The seventh series of the Standard Building and Loan Association opens October 2nd, 1911. Subscriptions are being received daily. 25 cents entrance fee and 25 cents weekly installment, per share. No back dues required in this series. J. T. BARBER, Sec'y-Treas. E. O'HARA, President.

## DEMOCRATS GAIN IN THE SENATE

### Republican Majority Reduced to Seven On Appointment of Gardner of Maine.

Portland, Me., Sept. 25th.—Governor Plaisted has appointed Obediah Gardner of Rockland, U. S. Senator to succeed the late Senator William P. Frye. This gives Maine two Democratic senators and reduces the Republican majority in the Senate to seven.

Mr. Gardner was the Democratic candidate for governor in 1906, and was in the race for the senate when Senator Charles F. Johnson was elected last January. He has a large farm near Rockland and has served several terms as master of the State Grange.

The appointment of Mr. Gardner is for the unexpired term ending March 4, 1913. Party candidates for the full term will be nominated in primaries next June.

The accession of Obediah Gardner, of Maine, as a Democratic appointee from a state for many years a stronghold of the Republican party will have a material effect on the voting strength on important questions in the senate. When he takes the oath of office the Democrats in that body, lacking but 4 votes of a majority on any matter, will be nearer to control of the upper branch of Congress than that at any time for a decade past. The Republican representation will stand at 49 and the Democrats at 42, there being one vacancy on Colorado.

In the recent extra session the tariff measures were put through the senate by alignment of progressive Republicans with the Democrats and the aid of even four of the progressives would enable the full Democratic strength of the senate to carry out its will on all issues.

While Mr. Gardner is not known of either House of Congress who happen to be in Washington now, it is expected that his course will be aligned with that of his Democratic colleagues, Senator Johnson. Representatives Hinds and Gurnsey will at the next session be the only Republicans in the entire congressional delegation of two senators and four representatives.

## Creatore And His Band.

The six weeks' engagement in Boston the past summer by Sig. Creatore and His Band, proved to be one of the biggest successes ever scored by the famous conductor. His special programs, consisting of Wagner Nights, Verdi Nights, Italian Nights and popular nights were enjoyed with gusto by the music loving people of cultured Boston. The concerts compared most favorably with those Sousa made famous, for not only is Creatore a remarkably gifted conductor and musician, but he has an instrumentation which is a model and a company of musicians who express his wishes to the most minute detail. A treat is in store for this community when this organization appears at the Masonic Opera House Monday Oct. 9, 1911 and a large and cultured audience is sure to welcome this noted conductor to New Bern.

All seats on first floor \$1.50. By subscribing for same now at Waters' they can be secured for \$1.00. This offer expires Monday Oct. 2nd.

## A Striking Collection.

The same care, skill and expense unite to make up the Magazine section of the New York Sunday World as combine to prepare the regular weekly or monthly magazine. In next Sunday World's Magazine will be presented a score of illustrated articles dealing with heredity, divorce, war, the working woman, Russian secret police, our babies fashions, beauty, humor, art, sports, &c., also the words and music of a new song.

Sunday World Magazines are worth saving and the Sunday World is worth ordering in advance.

Real French Drip Coffee can not be made, unless the coffee itself is prepared, blended and roasted according to the famous french method. Use

## LUZIANNE COFFEE

For French Drip Coffee. For all standard family use.
