## BOOSTING !

The spirit of play that "to boost," stood for in childhood days, has not so greatly changed in this age of trade endeavor and business strenuosity. The boy that was boosted by his playmate, was boosted for a reason, for a specific purpose. There was something doing when the boosted boy reached the top of the wall or the first limb of the tree in the orchard. And so today the merchant, the community, the various

the single individual.

The boosting as a trade measure, mails to this book is all that is protection, that they would not accept denotes intense activity along wanted to assure its wide spread a bale weighing 400 pounds or less, un- Remedy for a cold as that preparation business lines, yet there is involv demand. It is said 25 000 copies less there is a deduction of ten pounda has won its great reputation and exten ed a spirit of enjoyment for those are wanted, and why not, surely per bale; consequently in buying light sive sale by its remarkable cures of participating. Particularly is this if this is Sunday school literature, absolutely necessary for you to deduct children and may be given to young true, in the wide spread boosting it should be given the widest cir- ten pounds per bale from bales weigh- children with implicit confidence as it that is now going on, for while culation on the outside.
