

THE RISE OF THE STATE'S CAPITAL.

The successful dedication following the completion of the auditorium building at Raleigh this week may be said to mark the rise of North Carolina's capital city from the provincialism that has long surrounded it.

To be unable to receive its State's citizens has for years been a matter that made Raleigh fail in material, industrial commercial and population gains.

The week ushers in a new epoch, one that is the glory of every North Carolinian, for Raleigh is no longer localized, but Stateized, risen from provincialism to metropolitanism.

CIVIC PRIDE SCHOOLING.

As a rule the people of most communities have a greater knowledge of things beyond their borders than of things inside.

To establish a branch in the public schools to engender and teach civic pride to the pupils, may appear a joke.

American women, according to a German, do not know how to pose for a photograph.

RESOLUTIONS OF RESPECT.

Worthy officers and members of Rose Lee Lodge No. 5, 033 G. U. O. of O. F. and Household of Ruth, No. 5, 051 G. U. O. of O. F., Melvin, N. C.

We, your committee, to draft resolutions of the death of our beloved brother and worthy treasurer of both the above named societies in the person of brother J. R. Holland, who departed this life on Sept. 1911, at the age of 72 years.

Whereas, it has pleased the Supreme Ruler of the universe to call from labor to reward a much esteemed, kind and affectionate brother, a loyal member of his church and the several lodges to which he belonged.

Whereas, he was a deacon of Craven Corner Missionary Baptist church for more than thirty years, and whereas, he was also a member and grand officer of the Home Protection Society for quite a number of years; and whereas, in his death the church has lost one of its strongest pillars, his several lodges one of their best and most faithful and instructive officers, the community one of its best citizens, and the race one of its brightest examples of honesty and integrity, his family a devout husband and loving father, therefore be it

Resolved, That we bow in humble submission to Him whose will is accomplished, and who doeth all things well.

2. That we tender the bereaved family our deep sympathies, and commend them for consolation to Him whose watchful eyes are ever over the children of men.

3. That these resolutions be spread upon the minutes of his lodges, a copy furnished the family and a copy furnished his church, and that the New Bern Journal be requested to publish the same.

MORE THAN ENOUGH IS TOO MUCH.

To maintain health, a mature man or woman needs just enough food to repair the waste and supply energy of body heat.

Serpents and Music.

Barnard concludes from his personal observation of cobras in Ceylon, says the Scientific American, that the serpent's traditional love for music is a pure fable and that the only effect of music is to arouse the reptile's curiosity, which is excited by any loud and acute sound.

ACT QUICKLY

Delay Has Been Dangerous in New Bern.

Do the right thing at the right time. Act quickly in times of danger. Backache is kidney danger.

Plenty of evidence to prove this. Mrs. C. Pennington, 27 E. Front St., New Bern, N. C., says: "I suffered intensely from backache and sharp, shooting pains across my loins.

RE-ENDORSEMENT. Mrs. Pennington was interviewed on November 23rd, 1910 and she said: "I still recommend Doan's Kidney Pills, for they gave me permanent relief.

Remember the name—Doan's—and take no other.

SAVED HIS MOTHER'S LIFE.

"Four doctors had given me up," writes Mrs. Laura Gaines, of Avoca, La., "and my children and all of my friends were looking for me to die, when my son insisted that I use Electric Bitters. I did so, and they have done me a world of good.
