SOME FAIR POSSIBILITIES.

It does not take an expert to decide whether local conditions warrant the establishment of an annual Fair Week in New Bern.

What are the elements that need combining to produce a Fair but the necessary exhibits, amusements, and entertainment, and the people who want to see and enjoy these things. The Agricultural and Stock Exhibit and Aviation Meet here this week with other attractions has demonstrated that the establishment of an annual Fair in New Bern is not problematical as to its success. It only requires intelligence and courage to put together the means that go into the making of a Fair, on a broader scale than that of the present week for the elements constituting all that are needed for a Fair and a successful one can be found in this section.

As to the exhibits those of this section seen at the exhibition are remarkable in variety and character for a hasty gathering together. No section in this State can show a more diversified list of native and natural products, of things that come out of the ground, grow above ground, come from the water or range in life in field and forest. A gathering from these several sources would furnish an astonishing exhibit to attract people from everywhere. Amusements can be secured in any kind desired. Entertainment has never failed when wanted, locally.

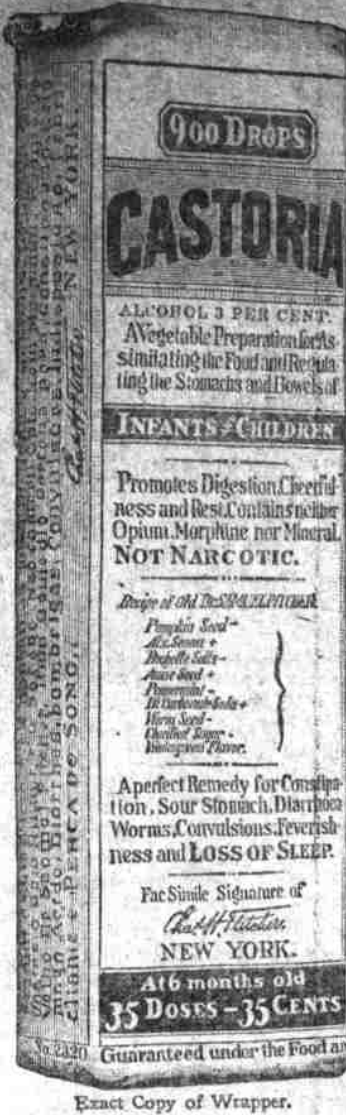

These are but suggestions of Fair possibilities. The intelligence and courage that will co-operate, can easily add to these. The people are ready to back up such a Fair, and fully sustain the promoters who will show that a Fair is to be established to meet the needs and demands of this day.

THE ATLANTIC NORTH CAROLINA RY. SHOPS BUG ABOO.

Some children are kept in subjection by being frightened, and some communities are held together by threats. But has any real good ever resulted to child or community through such methods?

On the night when the Atlantic and North Carolina Railroad Company's shops in this city were destroyed by fire, there was heard the cry, "the shops will be moved away!" Before this fire, before the Norfolk and Southern had ever extended its line to Raleigh, there was this same cry of moving away the A. & N. C. shops, whenever the Norfolk and Southern people purchased five or ten acres of land anywhere along its line. With the announcement of the Norfolk Southern's recent purchase of lines extending west from Raleigh, is again this outcry of shops being removed.

The Journal has before shown the foolishness of this cry. There is no cause for even speculation as to the railroad shops leaving here, for except as to being leased they are only in that degree the property of the Norfolk-Southern, and are not subject to removal. In fact the shops should be restored at once to the same capacity and property value as they were before their destruction by fire. What is most needed locally, is to encourage the Norfolk-Southern to increase its plant at New Bern by building upon its land, and so instead of not just covering its cost of the loss of the Atlantic and North Carolina property, so as to be able to pay for the loss of the property, to build and fortify

ENORMOUS CASH PRIZES IN BIG SAVANNAH RACES

Drivers of Big Cars That Win Will Be Made Rich.

Savannah, Ga.—With \$19,950 in cash already hung up as prize money for the winners of the automobile races in Savannah on November 27 and 30, and with the large majority of the three concerns and accessory manufacturers not yet heard from, it appears that not only will the races set up records for the annihilation of distance, but will as well place new figures on prize money carried away by winning drivers.

Recently the amounts were added to by offers from the Bosch Magneto company of \$1,550 for the winners who are equipped with Bosch magnetos and by the Findelisen & Kropf Manufacturing company, makers of the Rayfield carburetor of \$2,500.

These with the previous offer of the Remy Electric company of \$4,250 to those winning with Remy magnetos and the offer of the Savannah Automobile Club of \$12,500 in gold to the winners of the events, make the total, which will be greatly swelled when the other offers come in.

The letter of the Findelisen & Kropf Manufacturing company is for the winner of the Grand Prize race \$1,000, the winner of the Vanderbilt \$500, second man in the Vanderbilt \$200, winner of the Savannah Challenge Trophy \$250 and winner of the Tiedeman Cup Race \$250.

The offer of the Bosch Magneto company is \$500, \$200 and \$100, respectively for first, second and third place in the Grand Prize; \$200, \$50, and \$50 for first, second and third in the Vanderbilt; \$100, \$50 and \$50 for the Tiedeman Trophy and the same for the Savannah Challenge Trophy.

All these prizes are offered with the proviso that the winners must be equipped with the product of the company offering the prize. The gold prizes offered by the Savannah Automobile Club are without restriction to go to the winners.

WORLD'S MOST FAMOUS WILL BE AT SAVANNAH

Never Before Has Such a Galaxy Been Gotten Together.

Savannah, Ga.—Among the famous drivers who will pilot cars in the great Vanderbilt cup, International Grand Prize, Tiedeman Trophy and Savannah Challenge Trophy races, which will be held in Savannah November 27 and 30, are Bruce Brown, Burnham, Wagner, Basie, Dawson, Hemery, Bragg, Grant, Mulford, De Palma, Telford, Hearn and a score of others. These drivers are all world famous. Never before was such a galaxy of world-famous drivers assembled in one place. The greatest rivalry exists and it is known that these men will enter the races to win at all hazards. It is "do or die" with them, for the race will make the driver and the manufacturer of the machine rich and world famous. No amount of money could purchase the prestige which winning these races will give the cars. The manufacturers have spent many thousands of dollars building special cars and speed machines will be rampant in Savannah during the otherwise calm days of our Indian summer.

New Bern Has to Bow to the Inevitable—Scores of Citizens Prove It.

After reading the public statement of this representative citizen of New Bern given below, you must come to this conclusion: A remedy which cured years ago, which has kept the kidneys in good health since, can be relied upon to perform the same work in other cases. Read this:

Mrs. James Day, 89 E. St. New Bern, N. C., says: "I suffered terribly from dull, nagging backache and I had acute pains through my kidneys. Whenever I attempted to stoop or lift, I suffered more intensely and sound sleep at night was out of the question. In the morning when I got up, my back was very lame and sore and I was also annoyed by a kidney weakness. Finally I got a supply of Doan's Kidney Pills from the Bradham Drug Co., and it did not take them long to remove my aches and pains. I have been feeling so much better in every way since I took this preparation that I willingly gave this account of my experience."

THE BENEFIT LASTED.

On November 28, 1910, Mrs. Day was interviewed and she added to the above: "I have been free from kidney complaint and backache ever since I used Doan's Kidney Pills some years ago. I willingly allow the continued publication of the statement I gave at that time, as I wish to show my gratefulness for the benefit I received."

Her Act.

"Well, have you heard the news," asked a friend brightly. "My wife and I are going on the vaudeville stage. A clever friend has written an act for us and we are going to put it on next week."

"Good words old man," we exclaimed enthusiastically. "What is it—a song and dance act or a society sketch?"

"Neither—it is a monologue." "A monologue? I thought you and your wife were both in the act."

"We are. But—do you know my wife?"—Cleveland Plain Dealer.

SAVED CHILD FROM DEATH.

"After our child has suffered from severe bronchial trouble for a year," wrote G. T. Richardson, of Richardson's Mills, Ala. "we feared it had consumption. It had a bad cough all the time. We tried many remedies without avail, and doctor's medicine seemed as useless. Finally we tried Dr. King's New Discovery, and are pleased to say that one bottle effected a complete cure and our child is again strong and healthy. For coughs, colds, hoarseness, laryngitis, asthma, croup and sore lungs, its most infallible remedy that's made. Price 50c and \$1.00. Trial bottle free. Guaranteed by all druggists."

IS THE WORLD GROWING BETTER?

Many things go to prove that it is. The way thousands are trying to help others is proof. Among them is Mrs. W. W. Gould, of Pittsburg, N. H. Finding good health by taking Electric Bitters, she now advises other sufferers, everywhere, to take them. "For years I suffered with stomach and kidney trouble," she writes. "Every medicine I used failed till I took Electric Bitters. But the great remedy helped me wonderfully." They'll help any woman. They're the best tonic and finest liver and kidney remedy that's made. Try them. Try them. You'll see. 50c at all druggists.

Conclusion.

"I have been a druggist all my life," he complained.

"Well," the unsympathetic old bachelor replied, "it's largely your own fault. Why did you ever get married? Look at me!"

"Yes, I'm looking at you. That's what reconciled me to my condition. After all, there are worse things than druggists in the world."—Chicago Record Herald.

PICKED A SAFE SPOT.

He Wanted an Easy Fall If He Missed the Big Bear.

The red bear of Asia lives in his mountain solitude, rarely coming below an altitude of 8,000 feet. For the greater part of the year he is content with a vegetarian diet and leads a blameless and enviable life, but in the spring he becomes mischievous and then a man who pursues him is his native haunts must be a mountain or as well as a hunter. The following incident from "Sport and Life in the Further Himalayas," by R. L. Kenyon, illustrates the double danger.

My Ghilgi stalker used to tell of a bear that was a terror to the goat herds sent to graze the village docks in the Rakhoti glen, not only a robber, but a truculent one, who committed his crimes in the broad light of day and cared for neither man nor dog. Gul Sher encountered him when out with T, a noted shot from among the small party of officers then at Ghilgi. Behind them yawned a precipice; in front was the big bear, grunting and snarling at the mouth. They faced one another while men could count a score, and still T did not shoot. The bear advanced.

"Shoot!" cried Gul Sher, but T only looked round over his shoulder. The bear came on. Then T slowly put his rifle up and shot him dead through the head.

"And why had not T. shot him before?" I asked.

"That is what I wanted to know," the stalker said, "and he told me that he was just looking for the easiest place to go down the precipice in case the bear was not killed."

I was sitting hearing the story at the exact spot where it happened and, going to the edge, looked over. The first thing to break a fall was a green lawn of pine tree tops 2,000 feet below—Youth's Companion.
