## SOMETHING DOING ALL OF THE TIME

### Winston-Salem Reception Committee to Keep Veterans Busy.

Winston-Salem, July 26.—The citizens of Winston-Salem, with characteristic civic pride and with unbounded admiration for the men who wore the gray, are making extensive and elaborate preparations for the annual meeting of the North Carolina division of the United Confederate Veterans on the 7th and 8th of August. It is a well known fact that the people of Winston-Salem never do things in a half way style. Whatever is undertaken is well done or not done at all, and in the preparations that are being made to care for and entertain the two thousand and more old soldiers that are expected to attend this reunion, everything possible is being done to make our ever welcome visitors comfortable and happy.

It will be remembered that Winston-Salem entertained the Veterans four years ago, and the boys went home delighted with their reception and entertainment. The invitation to again visit Winston-Salem was extended in that spirit of loyalty to the Veterans which has ever characterized the people, and now that the invitation has been accepted and marching orders have been issued, the boys of 61 will be received with open arms and glad hearts by men women and children.

Committees are at work preparing comfortable sleeping quarters, as well as places where good things to eat and drink may be found in abundance. There will be something doing all the time. Addresses by distinguished Confederate Veterans will be a feature of the convention. The program will be interesting from start to finish.

Reduced rates on the railroads as usual have been applied for, and the exact fare can be learned from any station by inquiring of the local agent.

This is no formal invitation which Winston-Salem extends to the leaves of a fast thing line. It is a hearty and sincere expression of the love and admiration that we have for brave men who knew no fear in the days that tried men's souls. We consider ourselves fortunate and honored in having you among us. We want to know you and shake your hand, and we want our children and our children's children to know what manner of men have made the Southland the grandest place in this glorious county of ours. Don't deprive us of the pleasure of being at your service once more.

Washington, July 25.—The first nomination for a Federal position in North Carolina since the sensational withdrawal of all North Carolina nominations last February was made by President Taft today when he sent to the Senate the name of Descar C. Newberry to be collector of customs for the district of Albemarle. While this is a re-appointment, it probably indicates that the President has made up his mind in regard to the North Carolina "pfe counter" and other nominations may be expected soon.

Raleigh, N. C., July 25.—It is learned here on undoubted authority that a call will be issued at once for the Republican State Executive Committee to meet in Greensboro August 7th, to call a second State Convention for the nomination of a State ticket and any other business that may develop. This means that the convention can't be held before September 7th and may be called for a date even later than that; also that there will be a very short campaign in this State. It is understood that this late calling of the convention is to prevent possible capturing of the convention machinery by the Roosevelt "Bull Moose" forces.

Raleigh, N. C., July 25.—The Seaboard Air Line has just paid the \$30,000 judgment in the case of Duvall vs Seaboard Air Line, in which the suit was that of baggage-master Duvall started in Moore county court for injuries received in a wreck several years ago. This case has the distinction of having resulted in the largest verdict for individual damages that has ever been rendered in North Carolina. H. F. Seawell, United States district attorney, and Douglas & Lyon, of this city, were the counsel for the plaintiff, who was paralyzed from his waist down by the injuries he sustained in the wreck.

Belhaven, July 26th.—The Farmers' Union, of Hyde county had a grand rally at Seranton Wednesday. Several speeches were made and a picnic followed. The Belhaven Brass Band furnished music for the occasion.

Jacksonville, July 26th.—Plans are nearing completion whereby the American Naval Stores Company will erect a plant here for the purpose of extracting and refining the rich properties and juices of the pines of Onslow county.

Belhaven, July 26.—Miss Thompson M. Credit, aged 79 years, died suddenly in this city late Tuesday night, heart failure being the cause of her demise. She was the daughter of Mathias Credit, of Hyde county. The body was taken to her home in Hyde county Wednesday morning for burial.

Spencer, N. C., July 25.—John Hendlerite, a young white man, lost a hand under a locomotive in the Spencer yards this afternoon. He was working on a derailed engine, and his hand was caught under a wheel. He was placed on a high speed automobile and rushed to a hospital in Salisbury for an operation.

Wilmington, N. C., July 25.—In effort to put an end to the riot of "Blind Tigerism" in Wilmington, the grand jury here today commenced returning bills against offenders of this character while Judge Carter, of the Superior Court, ordered another investigation of the fifty-seven liquor cases in which judgment was suspended several months ago, and increased the bond in each case \$1,000. Officers were unable to apprehend many of the alleged blind tigers, as there seems to have been an exodus during court, and of those arrested by well known young white men were unable to give the heavy bonds required and are in jail tonight.

The present crusade comes as the result of the agitation by the Good Government League and the work of private detectives.

Charlotte, N. C., July 25.—According to the Chronicle the purchaser of the Gore tract of 27,000 acres of land in Richmond and Scotland counties, the sale of which was recently announced, was Mr. Frederick T. Gates,

## ANSWERS THE CALL

### New Bern People Have Found That This is True.

A cold, a strain, a sudden wrench, a little cause may hurt the kidneys. Spells of backache often follow. Or some irregularity of the urine. A splendid remedy for such attacks, a medicine that has cured thousands is Doan's Kidney Pills. Thousands of people rely upon it. Here is one case.

James E. Askin, James City, N. C., says: "While in the army I received a severe strain, and after that I was subject to attacks of kidney trouble. My back ached a great deal, and as time passed the trouble grew much worse. I tried many remedies but seemed unable to obtain relief, and finally hearing of Doan's Kidney Pills, I obtained a box. They gave me more benefit than I had ever received before. They not only stopped the pain in my back, but strengthened my kidneys and improved my health."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States. Remember the name—Doan's and take no other.

The Senate can hardly afford to get too particular about its membership.

If you are a housewife, you cannot reasonably hope to be healthy or beautiful by washing dishes, sweeping and doing housework all day, and crawling into bed dead tired at night. You must get out into the open air and sunlight. If you do this every day and keep your bowels in good order by taking Chamberlain's Tablets when needed, you should become both healthy and beautiful. For sale by all dealers.

The divorce mills are also running with new labor-saving devices.

Buy it now. Chamberlain's Colic, Cholera and Diarrhoea Remedy is almost certain to be needed before the summer is over. Buy it now and be prepared for such an emergency. For sale by all dealers.

They cannot get a quorum of Congress outside of the Washington ball park these days.

Ignoring It. Roosevelt is going to ignore La Follette's demand that the Colonel publish his expense statement. Just as he has ignored the New York World's demand for the truth in regard to the trust donations in 1904.—Milwaukee News.

During the summer months mothers of young children should watch for any unnatural looseness of the bowels. When given prompt attention at the time serious trouble may be avoided. Chamberlain's Colic, Cholera and Diarrhoea Remedy can always be depended upon. For sale by all dealers.

## ROAD CONVENTION TO BE BEST YET

### Those Who Are Opposed To Good Roads Are Especially Invited to Attend.

Charlotte, July 26.—Over 8,000 delegates have thus far been notified by the Secretary of North Carolina Good Roads Association of their appointment to the annual convention of the association. This, however, does not include all the delegates appointed, for many counties and cities have appointed delegates without notifying the secretary of the association, so that it has not been possible to send special notices to them from the secretary's office. Every thing points to the biggest and most enthusiastic convention ever held in North Carolina or even in the South.

Everyone who is interested in good roads or wishes to know more about good roads and especially those who are opposed to good roads are cordially invited to attend the convention and take part in the discussion of the various subjects relating to good roads, which will be taken up.

VISITORS VIEW HUGE COW FISH

Special to the Journal.

Beaufort, July 26.—One of the most curious fish ever caught near Beaufort was captured this morning by Captain John B. Moore, a boatman from the Inlet Inn. This fish is known as a cow fish and is of the maximal variety, something similar to a whale, measured some twenty feet in length and weighed about 2500 pounds. It was captured right in front of the Inlet Inn and was quite a curiosity to the visitors in Beaufort. The Editorial Association from Morehead City, Atlantic Hotel, was brought over in boats to see this curiosity. Capt. Moore says that this is quite a curiosity and is a very rare fish. The way it was captured, it came up in shoaly water and as the tide fell, it could not get off the shoal and beat itself to a death and while in its fury, it would throw water forty or fifty feet high, making a beautiful rainbow effect, to be seen from the Inlet Inn porch, about 7.30 o'clock. Large crowds are visiting this curiosity.

FINDS LIME WILL HELP MANY SOILS

Washington, July 26.—An investigation made by President Finley of the Southern Railway System has shown that experts in the chemistry of soils are unanimously of the opinion that lime in some form will benefit many of the soils of the Southeastern States by correcting their acidity and improving their mechanical condition.

President Finley has secured the opinion of experts throughout the Southeastern States and also in the Eastern and Middle States, in some of which experiments with the use of lime have been carried on for a long series of years. These opinions have been published in an illustrated folder which is being widely distributed among the farmers in the territory traversed by the lines of the Southern Railway System.

Farmers and others interested in this subject may obtain copies of this folder by addressing W. W. Finley, President, Southern Railway Company, Washington, D. C.

## Wonderful Cures Reported in Germany.

The use of simple herbs as remedies instead of the more concentrated and usually more dangerous inorganic substances, has been revived very widely of late. In Germany a new school of physicians has arisen which throws out almost a whole of the pharmacopoeia and relies on an adaptation of the method of wild animals in curing themselves. . . . N. Y. World.

It was Dr. R. Y. Pierce, chief consulting physician to the Invalids' Hotel and Surgical Institute of Buffalo, N. Y., who first advocated the extended use of some of our native roots, such as: Golden seal and Oregon grape root, manrake and queen's root, black cherrybark. These are the chief ingredients in Doctor Pierce's Golden Medical Discovery, which has been so well and favorably known for nearly half a century. A harmless cleanser and stomach tonic that *saves* has provided.

J. DONALD MATTHESON, of Ossining, N. Y., says: "I suffered for over five years with what the doctors told me was a dilated condition of the stomach, associated with a catarrhal condition of same, and nervous heart. I had tried enough nux, hennuth, gentian, rhubarb, etc., to float a ship and naturally thought there was no cure for me, but after reading what eminent doctors said of the curative qualities of the ingredients of Golden Medical Discovery I gave it a fair trial. Took the 'Discovery' and also the Pleasant Pellets, and can truthfully say I am feeling better now than I have in years. I cheerfully give permission to print this testimonial, and if any 'doubting Thomas' writes me I will 'put him wise' to the best all-around medicine in the country to-day."
