

CRAIG, LITTLE GIANT OF THE MOUNTAINS, NOW GOVERNOR

Inaugurated Yesterday Under Circumstances Altogether Impressive

CAPITAL CITY THROGGED WITH VISITORS FOR EVENT

Vast Audience Thunders Its Applause as Oath is Administered.

(Special to the Journal)

Raleigh, Jan. 15.—Locke Craig was inaugurated Governor of North Carolina today in the presence of cheering thousands and under conditions as auspicious as any that ever surrounded the entering into office of any of the Old North State's chief executives.

The unanimous nominee of his party he swept the State in the election and comes into office with the whole Commonwealth wishing him well. Never was a new Governor more enthusiastically received than was Locke Craig by the thousands assembled here today from all sections of the State. The capital was crowded for the great quadrennial the greatest that Raleigh with a record for conventions and meetings of all sorts sees. Many thousands of visitors representing all sections of the State were here and last night so great was the influx of visitors that hundreds had to roam the streets as there was no place for them to sleep. This, although Raleigh had made extraordinary preparations to take care of the anticipated throngs, every available foot of space being filled with beds and cots.

Parade a Great Feature.

The parade which was a great feature of the day's numerous memorable features, started from the Yarrowburgh Hotel at just twenty minutes past eleven o'clock. At its head marched the Third Regiment band. Then came numerous military companies, the cadets of the A. & M. College, and a battalion of Boy Scouts in regular uniform.

Next to the military were the carriages containing the Governor-elect and the other notables who were to have a part in the ceremonies or who were present as invited guests. In the first carriage rode Governor-elect Craig State Senator Zebulon V. Weaver and Representatives J. W. Bunn. At the Governor's mansion Governor Kitchin, who was in a few minutes to yield over the reins of State to his successor, entered the Craig carriage.

In the second carriage were Lieutenant Governor-elect E. L. Daughtrigg, Senator, Geo. B. Leod, General Chairman Alexander Webb.

In addition to these were fifty or sixty additional carriages and automobiles conveying the State Officers, members of the General Assembly, the Escort Committee, representatives of the press and others.

After parading the main streets the procession moved to the auditorium which was gaily decorated and filled to overflowing with an eager throng anxious to witness the impressive spectacle of the chief magistrate of a great State being with all pomp and ceremony inducted into office.

On the platform were the Raleigh Choral Society, the Governor and the Governor-elect, other State officers, Supreme Court Justices, officers of the National Guard, Senate and House inaugural committees, reception and citizens' committees.

Band Plays "Dixie".

Amid the ringing cheers and rebellious of the old Confederates present the Third Regiment Band played Dixie. Then Rev. Dr. R. T. Vann, president of Meredith College, led in prayer. After the prayer the great audience joined in the singing of "America".

The lesser officers of the State administration were then sworn in by Supreme Court Justices Allen, Hoke, Brown and Walker. Ex-Lieutenant Governor Newland presented Lieutenant Governor-elect Daughtrigg for the oath which was administered by Justice Platt D. Walker.

Craig Sworn In.

Ex-Governor Kitchin presented the Governor-elect and when Chief Justice Walter Clark had administered the oath and Mr. Craig had sworn to faithfully discharge all the duties of his exalted office, his voice rising clear and firm upon the solemn stillness awaiting his responses, the huge audience, which had been waiting for a chance to let out its feeling, broke into an outburst of applause which lasted for many minutes.

"The Old North State" was sung by the Raleigh Choral Society after which Governor Craig was presented by Hon. W. W. Kitchin and made his inaugural address. After this the Raleigh Choral Society sang "The

Star Spangled Banner" and the benediction was pronounced.

The inaugural address was a masterpiece of eloquence and showed that the new Governor had given the problems confronting the State the most careful and earnest study.

Following the inauguration in the auditorium Governor Craig reviewed the parade from the balcony of the Yarrowburgh hotel. In the afternoon he and others of his party, with the State officers, legislative committee and others were entertained at a luncheon at the mansion.

There was a brilliant reception to the public at the Governor's mansion at 7:30 o'clock at night. Governor and Mrs. Locke Craig, Lieutenant Governor E. L. Daughtrigg and Mrs. Zebulon Baird Vance stood at the head of the receiving line.

At nine o'clock the inaugural ball began at the auditorium. This was in charge of General Gordon Smith and several assistants. The ball was open to the public, the arena being used by the dancers and the balcony by the spectators. The music was furnished by the Third Regiment band and the ball was one of the most brilliant ever held in the State.

Many New Bern people were here for the inauguration among them being: J. C. Thomas, T. D. Warren, L. G. Daniels, O. H. Guion and wife, W. T. Hill, A. H. Bangert, P. M. Pearsall, L. Jeon Williams, R. E. Whitehurst.

Among the Pamlico county people here were: Clerk of the Court F. C. Brinson, C. S. Weskett, S. F. McCott, Daniel Sawyer and Robert Woodward.

In opening his inaugural address Governor Craig said:

"Democracy gives to the people the pledge of progress. The thought of the age has created a nobler purpose in government. The democratic party intends to effectuate this purpose by legislation in recognition of the equal rights of man, and for the progressive welfare of all the ranks of life.

"In our material prosperity, privilege has been substituted for justice. The vast wealth of modern industry, the products of labor and genius have not been divided in equity but have been gathered into the enormous fortunes of the few.

"We have not realized the moral benefits that should have resulted from modern progress. Avarice has been stimulated; hope and opportunity have been denied; antagonisms and resentments have been generated. All classes have suffered. We realize the conditions; it cannot stand in the clear, calm and resolute gaze of the American people. They are determined that our law shall be based upon a higher conception of social obligation and that our civilization shall mean a higher social life. They have put their hands to the plow and will not look back.

"A new era has dawned; the last election marks the beginning of an epoch in our government. The republican party had the prestige of victory and tradition; it had the power of place and of organized wealth; but it stood for privilege—it took from the republic its highest meaning, that equal justice is the inalienable heritage of man; it stood for that prosperity which is not the hand maid of moral and intellectual growth; with all its power and prestige it was crushed. Like the leaven which the woman hid in three measures of meal, the leaven of democracy has been at work.

"In this time of difficulty and hope, the country turns for guidance to the democratic party."

The Governor came out strongly against freight discrimination by the railroads, saying:

"The discrimination which the railroads have made against North Carolina in freight rates is the injustice of arbitrary power. It has already worked irreparable injury; it has already cost our people millions of dollars and driven from our territory industries the value of which, we cannot estimate. These corporations have the protection of our laws, they operate by our license, they enjoy privileges and exercise the sovereign power of eminent domain granted by the State. They collect excessive rates from our people that cheaper rates may be granted to the people of adjoining States."

The executive power of the State was pledged by the new Governor to prevent the continuation of this wrong at the hands of the railroads.

There was a vigorous paragraph against trust. "We need," declared the new Chief magistrate, "a trust law class in blue uniform that can raid a trust den with a warrant and handcuffs in its hands."

The Governor declared for an employers' liability law, for better protection of the health of the people living in the country and better educational facilities for the children living in the country. "The time has come," he declared, "for the State to exercise sovereign authority and compel the attendance of her children upon the schools."

For Good Roads. As was expected Governor Craig came out very strongly for good roads. "Improved highways are the arteries

of the country. They create organized communities of isolated families and make these communities a part of the life of the great world. Dynamite and the steam shovel are making through the hills and through the granite of the mountains, pathways for the locomotive. The improved access to the railroad, to the church, and to the school during all the seasons of the year. Good roads stimulate improvement. They enrich the soil. They build anew the school house, the church and the home. They arouse ambition and generous emulation. They increase the value of every acre of land that they touch and the value of every man, woman and child whose house they pass. No community can hope for progress without the good road. We cannot have the benefits of modern civilization without it. It is not an expense; it is all investment that pays one hundred per cent dividend every year. And more, it brings culture and contentment and a better social life. Every community in the State must have it. The cost is much less than it was a few years ago.

A legalized primary is declared for. The opinion is expressed that the most difficult questions before the General Assembly is the raising of revenue. In this connection the statement is made that an immediate reassessment is necessary.

The taxation of each community for and by its own people is advocated and a constitutional amendment making such a consummation possible is recommended.

Concluding the new Governor said: "On this day, I dedicate myself to the service of all the people; and for them I do promise to administer this office constant in the obligation to do exact justice to every man without regard to race or politics, to class or condition; sealed with the oath that I have taken, this with them is my covenant."

"And may the Almighty Hand be upon this, His state, to order it and to uphold it with judgment and with righteousness henceforth even for ever."

SPHINX YIELDS UP ITS SECRET

Egyptologist Explores Interior, Finds Temple of Sun and Ancient City of Gold.

OLDER THAN THE PYRAMIDS

Egypt Probably One Vast City, Edge Of Which Has Only Been Scratched.

Boston, Mass., Jan. 13.—That he has discovered the secrets of the sphinx was made known to the authorities of Harvard Semitic Museum and the Boston Museum of Fine Arts by Professor G. A. Reisner, Harvard Egyptologist.

Inside the sphinx he found a temple dedicated to the sun. The structure is older than any of the pyramids, and its date is somewhere around 6000 B. C., the most ancient in Egyptian history. The tomb of Men, the king who made himself a god and who fashioned the sphinx, is also within it. There are tunnels leading off into caverns which have not yet been penetrated, for the work has only been going on six months.

The sphinx is carved out of the natural rock, but within are the caves and buildings of a city of gold which was, perhaps, once open to the air.

At present the excavations are confined to the chamber in the head. This chamber is 60 feet long and 14 wide. It is connected by tunnels with the temple of the sun, which rests within the paws of the sphinx.

Such relics as the "crux ansata," the looped cross, symbol of the sun, are found by the hundreds. Several of these are of gold and have wires for tiny bells which, when sounded by the priests, summoned up ghosts.

Inside the sphinx are also tiny pyramids, although the sphinx was built long before the Great Pyramids.

A pyramid in those times was a sun dial, according to Professor Reisner, and the sphinx was a sun god. The Pyramid of Cheops is an absolutely accurate time-keeper.

According to Professor Reisner, Egypt of today is one vast city, the edge of which has been scratched and the interior of which will probably never be disclosed.

PRICE OF EGGS DROPS.

The bottom has dropped out of the price of eggs on the local market. Yesterday they were being wholesaled at prices ranging from eighteen to twenty cents per dozen and retailed at twenty-five cents per dozen. The drop in the price was caused by an increase in the supply accompanied by a falling off in the demand.

The Armageddonites may be turned into a holding company, having been standing long enough.

Contracts Signed With Edison For Kinetophones In More Than One Hundred Places.

THIS IS ONLY A BEGINNING

Motion Picture Promoter and Vaudeville Managers Everywhere Interested.

New York, Jan. 13.—Vaudeville and Thomas A. Edison joined forces and incidentally established a new record for big business in theatres when E. F. Albee, representing B. F. Keith, A. Paul Keith, Martin Beck, the head of the Orpheum Circuit, and J. J. Murdock, executive manager of the United Booking Offices, signed contracts for the installation of the Edison Kinetophone for talking pictures, in more than 100 theatres under their control, the aggregate royalties accruing to the inventor exceeding \$500,000 per annum. This, however, is only a beginning as motion picture promoters and vaudeville managers everywhere are negotiating for rights.

Besides Messrs. Albee, Keith, Beck and Murdock, there were present F. F. Proctor and F. F. Proctor, Jr., M. Shea, of Buffalo, and Toronto; Jake Wells, of Wells' Southern Circuit, with headquarters in Richmond; Harvey Watlins, of Montreal; Carl Lothrop, of Detroit, and Mr. Shanberger, of Baltimore. They shared the general enthusiasm and hastened to contract for the Kinetophone for their respective houses.

CONVICTS ESCAPE QUICKLY CAUGHT

Two Get Away From Lenoir County Chain Gang and Leave For New Bern.

ONE IS CAPTURED ON TRAIN

The Other Nabbed at Bridgeton In The Act of Leaving To Go To Norfolk.

Monday morning Luther Neal and John Moulton, two colored convicts on the Lenoir county chain gang, managed in some way to elude the vigilance of the guards and made their escape. Their unceremonious departure was soon discovered and a search instituted but so well had they covered their tracks that there was not a clue as to which direction they had taken in departing for pastures new.

Sheriff Taylor was notified at Kinston and after considering the matter came to the conclusion that the men had come to this city and at once decided to follow. Boarding the east-bound train the Sheriff walked through the car reserved for colored people and there, reposing on one of the seats, was John Moulton. The escaped convict saw the officer just a second or two after the latter had discovered the fugitive but his attempt to jump through the car window was nipped in the bud.

Moulton was brought on to New Bern and placed in the county jail while the Sheriff continued his search for the other fugitive. Chief of Police Lupton was communicated with and after he had become conversant with the facts, began a search which resulted in locating Neal who had gone over to Bridgeton with a female friend.

Police men A. Ippock and McDaniel were sent over to that place to place Neal under arrest. They left this city on the midnight train and as fortune would have it, the escaped convict was at the station there making preparations to leave for Norfolk. He was placed under arrest and brought back to New Bern. Sheriff Taylor and his prisoners returned to Kinston yesterday morning.
