

A Picture of Contentment

All men look pleased when they smoke this choice tobacco—for all men like the rich quality and true, natural flavor of,

Liggett & Myers

Duke's Mixture

Smoked in pipes by thousands of men—everywhere known to cigarette smokers as "the makings."

We take unusual pride in Liggett & Myers Duke's Mixture. It is our leading brand of granulated tobacco—and every sack we make is a challenge to all other tobacco manufacturers. Every 5c sack of this famous tobacco contains one and a half ounces of choice granulated tobacco, in every way equal to the best you can buy at any price, and with each sack you get a book of cigarette papers FREE.

If you have not smoked the Duke's Mixture made by the Liggett & Myers Tobacco Co. at Durham, N. C., try it now.

Get a Camera with the Coupons

NEW BERN BANKING AND TRUST COMPANY

NEW BERN, N. C.

OUR INVITATION.

WE invite new accounts and we do so with a view to making our new depositors so thoroughly satisfied with the service that they will remain as permanent patrons of this bank. Those persons, firms, business houses that began business with us many years ago have continued their relations because they have found our service satisfactory, and are convinced that this bank is a safe and sound financial institution. We invite your account, because we know that we can serve you to your complete satisfaction.

OUR PER CT. COMPOUNDED FOUR TIMES A YEAR ON SAVINGS.

ONLY A BLOCKHEAD

can fail to see the advantage and economy of using our mill work, such as balusters, newel posts, railings, etc. To have them made by hand would cost four times as much and then the work would not be so uniform or so perfect as ours. Come and see.

TAFT MAY BE NEXT PRESIDENT

NOT OF THE UNITED STATES BUT OF THE JOHNS HOPKINS UNIVERSITY.

Baltimore, March 14.—Some of the Baltimore friends of former President Taft are promoting a movement with the object of having him called to the presidency of Johns Hopkins University, if that be possible, and it is understood that Mr. Taft would not be at all adverse to such a call.

A short time after the November election his name was suggested rather informally to the trustees of the university by one of the then President's friends, and the matter was discussed rather casually by the trustees, but no action taken upon it. When the call was made to the alumni of the university some time ago for suggestions as to suitable men for the presidency of the school the former President's name was again brought forward. Statements have been made that the trustees were seriously considering the proposition of calling Mr. Taft to the vacancy caused by the resignation of Dr. Remsen.

The fact is that they have never considered the matter seriously, and it has been discussed only in the most casual manner. The names of probably 60 men have been considered more seriously than has been that of Mr. Taft and the trustees are almost as much in the dark as to the men who is to become head of the university as ever they have been.

Absolutely nothing has been done in the matter. If Mr. Taft should be invited to the office, it would be because his scholarship, his administrative ability, his personality and his peculiar fitness for the place would be regarded as making him absolutely the best man in the country for the place, and the fact that he has been President of the United States would be of absolutely no weight, either for or against him. Since Dr. Remsen asked to be relieved of his duties at the university the affairs of the institution have been in the hands of an administrative committee, with Dr. William H. Welch at the head, and this plan has been working splendidly. Soon after the commemoration day exercises of the university R. Brent Keyser, chairman of the board of trustees and head of the committee entrusted with the election of a president, went to California and is there now. He is not expected home for a couple of weeks. The matter of selecting a president will not be even discussed seriously until his return.

MAY BECOME U. S. SUPPLY STATION

GOVERNMENT BUSY VALUABLE PIECE OF LAND AT FOOT OF POLLOCK STREET.

That New Bern may soon become the supply station for the government boats in this section became known yesterday when the purchase of a piece of land located at the foot of Pollock street and fronting Neuse river was made from George D. Dail and A. T. Dill by the government.

Very little information has been given out by the Engineering Department in this district as to what will be done with this property but they have given out enough to lead those who are interested in the matter to believe that a big supply station will be erected there in the near future. In the meantime the place will be cleaned up and improved.

In the past few years, or in fact since the Inland Waterway was opened up, New Bern has become of considerable importance in the government work in this section and now that so much work is to be done in the waters of Eastern North Carolina there is no better distributing or supply point which are located in this section for the boats.
