**Notice.**

George Ippock has been appointed agent for the Journal at Ernul. He will receive and receipt for payments on subscription or advertising and is prepared to let not only the Ernul subscribers but many others in the same section including Vanceboro and Vanceboro R. F. D. 3 know how their accounts stand. If you have any business with the Journal call on Mr. Ippock.

It took Turkey a long time to find it out, but it at last knows that it has had enough. The terms of peace proposed by the European powers have been unreservedly accepted by that very badly beaten empire.

Montenegro defying the powers is somehow suggestive of those suffragettes defying the British government—so weak and defenceless as to make the matter of applying the needed discipline something of a puzzle.

Dr. Wilson went from the college to a Governorship and from that to the Presidency. Taft went from the Presidency to a college. Both men are worthily employed. The schoolmaster in politics and the politician in schoolmastering!

This thing of pre-election promises is getting serious. Heretofore the custom has been for the candidate and the people to forget all about them promptly. But we note that the New York Legislature is considering the wisdom of probing the promises that Governor Sulzer made when he was soliciting the suffrages of the people.

Raleigh carried the commission form Tuesday by a decisive vote while by a still more emphatically decisive vote Durham defeated it. There is something in the matter either with Durham or the particular variety of commission form which the Bull City voted. Some times a thing good in itself has tacked on to it some objectionable or impossible feature.

If it is true as some suppose that the condition of the West shore of the Neuse lying along East Front street is responsible for a number of cases of typhoid fever, it is time for the city to do something to relieve the situation. The Chamber of Commerce has committees to investigate matters of this sort and it is to be hoped that the proper committee will be put promptly to work on this project and see just what degree of merit there is in it.

**HERE'S A NEW FORM OF SUBSIDY.**

Cleanliness is next to Godliness and is also a cheap form of insurance against sickness. That is at least the opinion of a Philadelphia concern which offers each of its employees a bonus of fifteen cents every time he takes a bath, the number of baths taken under the offer not to exceed one a day. The company goes still further and furnishes soap, towels and other accessories needed for the bath. It pays to keep employees in fit condition and there is no perfectly fit condition without frequent bathing.

**PREACHING THROUGH THE MEDIUM OF ADVERTISEMENTS.**

A London bishop is to the fore with the argument that the way to meet the problem of empty churches is to advertise. "If I had my way," he declares, "I would take a space in a paper and reason with a million readers. Most of the Sunday papers are read by people who never go to church. I am confident that short messages to them used as display advertisements would do much good."  
 Nothing will ever take the place of the message of the inspired speaker in the pulpit, but it certainly would not do any harm and it might result in the accomplishment of great good, to reinforce the work of the preacher in the pulpit and in his pastoral work by appeals in the form of advertisements. As an age that is worth its advertising at all is worth heralding in every office way.

**APPOINTMENT A GOOD ONE.**

The appointment of Walter H. Page as Ambassador to Great Britain is meeting with widespread approval. Mr. Page is a true North Carolinian and the high honor which has come to him is a source of pride and satisfaction to people in this State generally. That the appointment is also looked upon with favor in Mr. Page's adopted home is indicated by the views of the

New York World on the subject, that great newspaper saying:  
 "Again the President has demonstrated the fact that among those new to public life may be found men well qualified for the highest stations. The appointment of Walter H. Page as Ambassador to Great Britain will no doubt be received with surprise, but only because it was unexpected."  
 "Of Mr. Page's fitness there can be no question. As a writer, critic, and publisher he has had long experience in literary pursuits. In his service as editor of the Forum, the Atlantic Monthly and World's Work he has kept fully abreast of the best thought and purposes of the time. Not yet past the prime of life, his service abroad should reflect credit upon himself and honor upon his country."  
 "As has been the case with several of his most distinguished predecessors at the Court of St. James, Mr. Page will speak for the republic of letters as well as for the Republic of the United States. In both respects there is reason to believe that the representation will be in accordance with the best standards."

North Carolina is not suffering at the hands of President Wilson. Yesterday he named Walter H. Page, editor of the World's Work, ambassador to England. He could have gone further and fared much worse than in naming Mr. Page, who is one of the ablest men in the country and qualified in every way to adequately represent this country at the court of St. James.

**THE LAST OF HIS KIND.**

As the day when the editor of his newspaper is passing away and yielding to the day of imperial journalism, so has the day begun to wane when in the world of finance a few men can rise conspicuously among their fellows. There will probably never again be another J. Pierpont Morgan, whose death occurred yesterday in Rome. Changed social standards, the growing tendency to co-operation among the people making for the good of the many rather than for the good of the few, the placing of a government caveat upon monopoly, and other conditions which a new conception of what is great and good is bringing about will mean the end of the Morgans in the annals of the nation.

And now this country has been asked to interfere to prevent the forcible feeding of an American woman in jail in London for window-smashing. But the request will hardly be taken seriously. If an American woman gets in jail in London and goes on hunger strike the attitude of this country will probably be that it is none of our funeral.

**NORFOLK SOUTHERN BOOSTS TOBACCO GROWING.**

The Norfolk Southern Railroad Company is boosting the tobacco growing industry for its section. In one of its latest folders it devotes a page to the subject "There is Money in Growing Tobacco". Under this head it gives a very impressive record of results secured by tobacco planters in Norfolk Southern territory in 1912. Coming to the tobacco sales on the various markets along the Norfolk Southern lines the folder gives the following figures showing what a tremendous factor in the business activities of some of the Eastern Carolina towns tobacco is:  
 "Nearly 17,000,000 pounds of tobacco were sold on the market at Wilson, N. C., crop of 1912, averaging about 20 cents per pound; a total return of \$3,275,000 for distribution among the farmers of that vicinity.  
 "The tobacco market at Greenville, S. C., crop of 1912, handled 12,250,000 pounds, averaging 18 1/2 cents per pound, a total value of \$2,275,000.  
 The Kinston tobacco market handled about 9,000,000 pounds at an average of 17 cents, and a total value of \$1,500,000.  
 "These three tobacco markets represented crop sales of 37,325,000 pounds of tobacco, and with a total selling return of over \$7,000,000 of cash income to the farmers of the local tobacco belt.  
 "The above 'fancy facts' prove, without question, that there is money in growing tobacco along the Norfolk Southern R.R. Thousands of acres of rich but idle tobacco land, similar to the farms referred to above, still await the coming planters and homeseekers.

**Can You Doubt It?**

When the Proof Can Be So Easily Investigated.  
 When so many grateful citizens of New Bern testify to benefit derived from Doan's Kidney Pills, can you doubt the evidence? The proof is not far away—it is almost at your door. Read what a resident of New Bern says about Doan's Kidney Pills. Can you demand more convincing testimony?  
 C. F. Harget, 47 Burns St., New Bern, N. C. says: "I am just as pleased to endorse Doan's Kidney Pills at this time as I was after I first used them some years ago. My back ached a great deal and I had pain through my kidneys which plainly showed that I was afflicted with kidney complaint. Doan's Kidney Pills were procured from the Bradham Drug Co. and they so effectively removed my trouble that I have only had need of them once since then. At that time they again acted promptly and gave me entire relief. I know that this preparation acts as represented and is worthy of the highest praise."  
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

**EXPRESS COMPANY TO KEEP RECORD**

SET OF BOOKS OPENED IN WHICH NAMES OF LIQUOR USERS WILL BE KEPT.

Effective Tuesday, April 1, the Search and Seizure Act went into effect and in compliance with it the Southern Express Company opened up a new set of books in which all details connected with the handling of liquors will be kept. The officials of the corporation have instructed all their agents to comply with the law in letter as well as in spirit. That section that covers this feature is as follows:  
 Sec. 5. All express companies, railroad companies, or other transportation companies doing business in this State are requested to hereby keep a separate book in which shall be entered immediately upon receipt thereof the name of the person to whom the liquor is shipped, the amount and kind received, and the date when delivered, after which the consignee shall be required to sign his name, or, if he cannot write shall make his mark in the presence of a witness before such liquor is delivered to such consignee, and which said book shall be opened for inspection to any officer or citizen of the State, county, or municipality any time during business hours of the company, and said book shall constitute prima facie evidence of the facts therein and will be admissible in any of the courts of this State. Any express company, railroad company or other transportation company violating the provisions of this section shall be

guilty of a misdemeanor. Provided, upon the filing of a certificate signed by a reputable physician or two reputable citizens that the consignee is unable, by reason of sickness or infirmities of age, to appear in person, then the said company is authorized to deliver any package to the agent of said consignee and the agent shall sign the name of the consignee and his own name, and the certificate shall be filed on record.
