Notice.

George Ippock has been appointed agent for the Journal at Ernul. He will receive and receipt for payments on subscription or advertising and is prepared to let not only the Ernul subscribers but many others in the same section including Vanceboro and Vanceboro R. F. D. 3 know how their accounts stand, if you have any business with the Journal call on Mr. Ippock.

Andrew Carnegie welcomes the graduated income tax as one of the wisest steps which this republic has ever taken. He says it is hard on the millionaires but good for them. Perhaps there is no class of the population that is more in need of discipline than the millionaire class. The party now in power, while in no sense disposed to draw class lines but on the contrary favoring the obliteration of class lines, will do its best to see to it that no class shall escape its just obligations to the government.

KNOWS WHEN HE HAS BEEN SHOWN.

The President's habit of thoroughness is standing him in good stead in connection with his duties in selecting men for the various Federal posts that are to be filled. He does not rely on petitions alone or on recommendations alone, or on both. He goes deeper still and finds the why of the signatures to the petitions and the why of the recommendations, being persuaded evidently that "there's a reason" for these things. The President has to be shown and he knows when he has been shown, something that can't be said of everybody who claims to be from Missouri.

NEW BERN'S PROGRESSIVE ADVERTISERS.

Readers of the Journal must have been impressed by the large amount of advertising in Sunday's paper. When the merchants solicit business after this fashion it shows that they are in earnest and that they are progressive. People have come to find out that it pays to trade with firms that advertise. For such firms usually employ other progressive methods such as polite and obliging help, careful attention to details, clean and wholesome store conditions and all-round square dealing.
 Another reason why customers, particularly those who are of the discriminating sort, like to trade with stores that are liberal users of newspaper space is that they feel that those stores are controlled by people who understand the value of an up-to-date newspaper in a community and hence seek their publicity through an agency known to be of usefulness and effectiveness in the upbuilding of the community.
 Advertising is the largest source of the average newspaper's income and by the giving or the withholding of it the merchants of every city decree whether or not the newspapers of that city shall reflect credit upon it.

THE FIGHT FOR LOWER FREIGHT RATES.

The men who are seeking to show the railroads their obligation to give North Carolina more reasonable freight rates are doing the State a great service. This State, in the opinion of many thoughtful observers, has long been badly used by the railroads. Virginia cities have had a tremendous advantage over cities in North Carolina their freight rates being much more reasonable.
 North Carolina, tired of this discrimination, has demanded that it cease. The railroads seeing or fancying that they see, a loss of revenue as a result of doing justice to the mercantile interests of the State, are fighting the proposed reduction with all their resources which are known to be great. But the State has made out such a strong case that it is difficult to see how the railroads can have the hardihood to refuse to make the desired reductions in rates.

Every Household in New Bern Should Know How to Resist It.

If your back aches because the kidneys are blocked, you should help the kidneys with their work.
 Doan's Kidney Pills are especially for weak kidneys.
 Recommended by thousands—here's testimony from this vicinity.
 Mrs. C. Holland, 206 E. Peyton Ave., Kinston, N. C., says: "I do not hesitate in the least to recommend Doan's Kidney Pills for they have been very beneficial to me. I suffered constantly from backache and I had pains in my joints. Headaches and dizzy spells bothered me and I rested very poorly at night. One of my relatives who had used Doan's Kidney Pills with good results, told me about them and I got a supply. This remedy improved my condition in every way and I feel justified in publicly endorsing it."
 For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.
 Remember the name—Doan's—and take no other.

wait. Having waited many years he can possess his soul in patience a while longer.

With one body at Raleigh earnestly fighting for a reduction in freight rates and another considering the needs of constitutional amendments with special reference to a more nearly equitable system of taxation, the State appears to be squarely in the list of the progressives. The doctrine of letting well enough alone has but few adherents in this State. The working motto is rather that there is always room for improvement.

ROADS AND HIGH COST OF LIVING.

Discussing the high cost of living Secretary of Commerce Redfield says: "If the farmers once realized the awful tax that bad roads imposed upon them, public opinion would sternly demand the making and maintenance of good roads everywhere. A through system of good roads would strike a hard blow at the high cost of living, and this would, of course, be added to every where motors can be substituted for horseflesh."
 Nearly every one can understand how good roads would help the farmer. The thing that is hard for the farmer to make up his mind to look squarely in the face is that the only way to get good roads is to pay good money out for them. But there could hardly be a better way to invest good money.
 The above quoted utterance shows that the Secretary of Commerce is alive to the needs of the country. It would be hard to find a more effective way to boost commerce than to boost good roads. So close is the connection that the two are well nigh synonymous.

NOVEMBER'S RESULT NO LANDSLIDE.

A reader of the Richmond Times-Dispatch puts the following question to that paper:
 "Can you give in a few words the cause of the great Democratic landslide last fall?"
 To this question the Times-Dispatch replies very accurately that there was no Democratic landslide last fall. Democrats would be very glad to believe that there was, but familiarity with the facts in the case is fatal to any such belief. As the Times-Dispatch points out, the vote for Mr. Bryan in 1908 was 6,409,404, while Mr. Wilson in 1912 received only 6,293,544 votes. Nothing of a landslide in these figures.
 The reason Wilson carried so many States and thus received such an overwhelming majority in the electoral college was that the Republican party was divided in so many States. There had been no division in Republican ranks Wilson would of course have been badly beaten. But with either Taft or Roosevelt as the sole bidder for the customary Republican support there would have been serious defection from the normal Republican strength, resulting probably in Wilson's election any way.
 But be that as it may, the Democrats can't take any comfort from the November election on the ground that it was a Democratic landslide for it wasn't. It was merely a matter of good fortune for once favoring the Democrats.

HURRYING THINGS ALONG.

Senator Simmons' finance committee decided Tuesday that no public hearings would be given on the tariff bill when it reaches the Senate. This is expected to shorten materially the time that must elapse before the country can show just what it has to depend upon in the matter of the tariff and can be relieved of the suspense which is now no doubt very trying on the large number of people whose business depends very vitally on tariff rates. The disposition of the Democrats to act with promptness and dispatch in this matter must appear very agreeably to the great majority of the unprejudiced people of the country.

QUICK RELIEF FOR RHEUMATISM.

George W. Kouss, Lawton, Mich., says: "Dr. Detcheon's Relief for Rheumatism has given my wife wonderful benefit for rheumatism. She could not lift hand or foot, and had to be lifted for two months. She began the use of the remedy and improved rapidly. On Monday she could not move and on Wednesday she got up, dressed herself and walked out for breakfast."

PAINS IN THE STOMACH

If you continually complain of pains in the stomach, your liver or your kidneys are out of order. Neglect may lead to dropsy, kidney trouble, diabetes or Bright's disease. Thousands recommend Electric Bitters as the very best stomach and kidney medicine made. H. T. Alston, of Raleigh, N. C., who suffered with pain in the stomach and back, writes: "My kidneys were deranged and my liver did not work right. I suffered much, but Electric Bitters was recommended and I improved from the first dose. I now feel like a new man." It will improve you, too. Only 50c and \$1.00. Recommended by all druggists.

COUGHS AND CONSUMPTION

Coughs and colds, when neglected, always lead to serious trouble of the lungs. The wisest thing to do when you have a cold that troubles you is to get a bottle of Dr. King's New Discovery. You will get relief from the first dose, and finally the cough will disappear. O. H. Brown, of Muscadine, Ala., writes: "My wife was down in bed with an obstinate cough, and I honestly believe had it not been for Dr. King's New Discovery, she would not be living today." Known for forty-three years as the best remedy for coughs and colds. Price 50c. and \$1.00. Recommended by all druggists. (Adv.)

YOUR GOOD FORTUNE.
 Fate has comparatively little to do with your destiny and your good fortune depends upon yourself. If you lay the right foundation, you will be prosperous. You never hear the man who handles his money carefully and saves a part of it complain about fortune. He usually has a little ready money on hand and is always prepared for any financial misfortune. Tomorrow does not haunt him. Worry does not sap his strength and destroy his happiness. Try having a savings account with this bank and deposit a little surplus money every week or very month.
