

CANCER CONTROL AIM OF SOCIETY

Nation-Wide Movement For Education Of The People Has Been Launched.

MANY PHYSICIANS JOIN IT

A Messenger Of Hope Is Brought To All Sufferers By Latest Research Of Science.

Baltimore, July 7.—Launching a nation-wide movement for the education of the people and the medical profession on the subject of cancer, the executive committee of the American Society for the Control of Cancer issued a statement yesterday setting forth its plans.

Dr. Llewellys F. Barker, of Baltimore is one of the vice-presidents of the committee and Dr. Joseph C. Bloodgood and Thomas R. Cullen of this city, are members. George C. Clark, of New York, is chairman, and the other vice-presidents are Dr. Clement Cleveland, of New York; Dr. Lewis M. McCarty, of Louisville; Dr. Edward Martin, of Philadelphia; Thomas M. Debevoise, of New York, is secretary and Dr. Howard Bayne, of New York, treasurer.

After outlining the steps leading up to the formation of the society, the statement continues:

"There is no doubt that at the present time the facts well established in regard to cancer are not known by the people or even by the great body of the medical profession.

"It is no easy thing even to bring these facts properly before the people and the doctors of medicine.

"They must be presented in such a way that there shall be no doubt in regard to their authenticity and truth. The conclusions must be those agreed upon by the great majority of those who have for years studied the problem of cancer and accumulated this evidence.

"The truth must be presented to the people in such a way that it will create fear but confidence.

"The message to the medical profession will be equally difficult. The diagnosis of cancer, in its earliest stages, when treatment gives the very best results and the greatest number of cures, is more uncertain, and the treatment in this stage, although very much less dangerous, is a more delicate surgical procedure.

"The authorities on cancer throughout this country plan to give the profession upon whom the responsibility of treatment rests the results of their investigations and the evidence upon which there has been established a uniform method of diagnosis and appropriate treatment of all forms of cancer in their earliest stages. With this available literature before them the surgeons throughout the country will be better prepared to recognize and treat cancer in its earliest stages among those people who have been educated by the same propaganda to seek their advice in this very early period.

CONFESSES MURDER OF EIGHT.

Says He Killed Girl, For Which Crime Two Students Were Hanged.

Los Angeles, Cal., July 8.—Arrested in the charge of having passed a bad check at a seaside resort, Simon T. Helfinstine, who is in jail here, today started officials of the Sheriff's office with a purported confession, in which he detailed a series of eight murders in Ohio. These include the slaying of Pearl Bryan, for whose death the medical students, Jackson and Walling were executed.

Some of the circumstances of the crimes as related by Helfinstine do not coincide with known facts, and court officials were inclined to believe the prisoner was suffering from insanity. Helfinstine said he started his career of murder in 1896 with the killing of a farmer named Dedricks and his wife and the stealing of \$3,000, which they had hidden. In 1903, the prisoner said, he killed two farmers named Fletcher and Butler at Kenton Pike, Ohio.

Pearl Bryan was supposed to have been killed in Cincinnati, but Helfinstine asserts that he murdered the girl in Toledo and then shipped the body to Jackson and Walling in Cincinnati.

A part of Helfinstine's story was proved untrue by the finding near here of Earl Butler, one of the two men he declared he had killed at Kenton Pike, Ohio.

Helfinstine tried to commit suicide today. He was found in his cell with a towel, fastened in a towel, tightly wrapped about his neck. His face was purple and he was almost dead.

From lot of RUBBER BANDS just received. Give us your next order. S. J. Lane Printing Co. Phone 1.

CRUISE FOR CAROLINIANS.

Naval Militia To Sail From Norfolk On Battleship Alabama.

Norfolk, July 8.—Members of the North Carolina naval militia from Plymouth, Elizabeth City, Washington, New Bern and Hertford, will arrive in Norfolk over the Norfolk Southern August 25 and will leave on their summer cruise on the battleship Alabama. The trip will last about a month and the itinerary will include a visit to New York as well as other cities north.

The militiamen will be in command of Captain C. D. Bradham and Lieutenant F. S. Shipp, both of New Bern.

DELEGATION ASKS FOR IMPROVEMENT

Citizens Of Number Three Township Say Condition Of County Road Is Abominable.

TREES IN CENTRAL HIGHWAY

Board Of Commissioners Say Matter Is In Hands Of The Citizens.

A delegation of citizens living in No. 3 Township came to New Bern yesterday and appeared before the Board of Commissioners for the purpose of inducing them to make some improvements in the condition of the roads in that township.

According to the assertions of the members of this delegation the roads ten miles from New Bern are in such condition that traffic over them is almost impossible. A few days ago a citizen of Dover made the trip to this city in his automobile. So much trouble did he experience on the trip on account of the bad roads, that he left the machine here and returned by rail. Yesterday he came down and after taking on a block and tackle in order to pull his car out of a mud hole if it should happen to get stuck, left for his home.

The bad condition of the road leading to New Bern has a tendency to cause many persons, who would otherwise come here, to go to Kinston to do their trading. One member of the delegation drove to the city in his buggy and en route he cut from the center of the central highway a good-sized sapling which he presented to the Board as a souvenir.

In answer to the request of the delegation Chairman Bradham told them that the county had nothing to do with keeping this road in first-class condition, and that it was up to the citizens living along it to see that it was kept passable. Naturally the members of the delegation were very much disappointed and according to an assertion made by one of them they will make other attempts to have the road put in good shape.

The matter of discontinuing the road leading out by Asa Ippock's property in No. 2 Township was brought up. This was formerly a mail route but recently this route has been abolished and there is comparatively little traffic over it. Chairman Bradham was not in favor of discontinuing this road, but no agreement was reached and action in the matter was postponed until the next meeting.

FAIR WEATHER PREDICTED.

To Prevail Over Greater Portion Of Country, Is Forecast.

Washington, D. C., July 7.—The Weather Bureau bulletin for the week, issued Sunday, is:

"Present pressure distribution over the Northern Hemisphere indicates that unreasonably high temperatures need not be expected during the coming week. It will be cooler during the first part of the week over the eastern portion of the country, followed by some rise in temperature later, but not to unusual extremes. In the West it will be warmer Monday and Tuesday, though not decidedly so, and some moderation may be expected after the middle of the week.

MISSING JEWELS ON HER ANKLES.

Newport, R. I., July 8.—Mrs. Chas. H. Walsh, of Philadelphia, appeared on Thames street wearing two jeweled ornaments on her ankles. Mrs. Walsh astonished Newport a week ago when she wore a single jeweled anklet ornament, but the two are said to be far more ornate than the one exhibited last week.

No. 666

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. They do not cause any harm, and if taken when you have the fever will not harm you. It acts on the liver better than Colocid and does not grip or sicken. See

FIVE HUNDRED DOLLARS DONATED

Craven County Board Of Education Anxious To Secure Health Officer.

IMPORTANT MEETING MONDAY

S. M. Brinson Re-Elected Superintendent Of Craven's Public Schools.

One of the most important meetings of the Craven County Board of Education ever held took place yesterday morning at the office of S. M. Brinson county superintendent of public schools. One of the matters brought up for discussion was that of employing a health officer to look after the health and sanitation of the schools of the county.

This is a matter which has long been agitated in Craven county and since the lecture of Dr. Stiles at Griffin auditorium a few weeks ago in which the speaker spoke very forcibly along this line, interest in the matter has increased. After considering the matter the Board decided to donate five hundred dollars toward the employment of a competent physician for this work.

The work of this physician would not be devoted to the school children entirely, but he would also have supervision of the county home, the chain gang, and in fact have entire charge of the health of the county. The matter now rests with the Board of Commissioners and will be definitely decided upon at their August meeting.

After fourteen years of service on the Board, Daniel Lane of Bellair resigned, and was succeeded by T. M. Arthur of No. 2 Township. T. D. Warren, a member of the Old Board was elected chairman and S. M. Brinson was re-elected as superintendent of the schools of the county. W. O. Gaskins of No. 2 Township was elected to fill the vacancy on the Board of Trustees of the Craven county Farm Life School caused by the resignation of T. M. Arthur, Clyde Morton, Trustee from No. 5 Township was re-elected.

The afternoon session was spent in selecting the school committeemen from the various townships. This list was not completed yesterday afternoon but will be published in the Journal tomorrow.

VACATION HELPS THE PRESIDENT

MOUNTAIN AIR BRINGS GLOW OF HEALTH TO CHEEKS OF WILSON.

Cornish, N. H., July 9.—President Wilson has so improved in health in the last three days and likes his summer home here so well that he has practically decided to prolong his visit until Sunday. Should affairs in Washington, however, become pressing he will start back immediately to the capital. Secretary Tumulty is keeping Mr. Wilson in touch with things.

The satisfactory progress of the Tariff bill, especially the adoption of the caucus resolution by the Senate Democrats, insuring a safe majority for the measure, removed the last bit of anxiety the President had about spending the week away from Washington. He has been informed that there is nothing ahead so far as can be seen now to require his return and he has yielded to the advice of his physician to take a good rest.

The President has not only taken on weight but his face bears a ruddy tan and a glow of health, the result of brisk motor rides in the cool mountain air and plenty of golf. The President found an ideal links at Hanover, N. H., and probably will golf there frequently hereafter. Professor Cox, of Dartmouth College, invited him over and assured

HAD NARROW ESCAPE.

Wilmington Star: Mr. James Tripp, of Pollockville, who spent Sunday at Wrightsville Beach, had a narrow escape from drowning Sunday afternoon because of going too far out in the surf. Being unused to sea swimming he was soon exhausted, and was rescued with difficulty. He was to be returned to his home Sunday night.

NOTICE.

Persons sending communications to the Journal for publication, should accompany them with their names. The names will not be published if not desired, but the publishers must know the authorship of all communications or they will not be published.

CONVICT DIES.

Contracts Pneumonia While Working On County Roads.

Bryan Wiggins, colored, who at the last term of Craven County Superior Court was sentenced to serve a term of twelve months on the roads for retailing spirituous liquors, is dead.

Wiggins sold a half-pint of whiskey to Policeman Fred P. Rowe while the latter was disguised. After the close of the session of court, Wiggins was put at work on the road but soon contracted pneumonia. He was brought to New Bern for treatment but this proved futile and death occurred last Saturday.

BROTHERS OFFER BLOOD IN VAIN

Baltimore Man Dies While Surgeons Prepare To Operate For Transfusing Blood.

BLEEDING GUMS THE CAUSE

Young Man Was Victim Of Strange Disease The Causes Of Which Have Not Been Learned.

Baltimore, July 8.—Willingness on the part of his two brothers, who were eager to sacrifice a part of their own blood in the hope of saving his life availed naught in the case of Ernest Shema, 26 years old, 2239 Essex street, who died yesterday afternoon at Johns Hopkins Hospital from haemophilia, a rare disease.

Mr. Shema had been suffering for 22 days from hemorrhage of the gums. The transfusion operation was decided upon by his physician, Dr. Hiram L. Reckard 2643 Eastern avenue, after every other remedy known had been used and when it was apparent that only the most heroic treatment might save the young man from death.

The patient was taken from his home to Johns Hopkins Hospital yesterday afternoon. He was so weak that he had to be carried into the institution on a stretcher and preparations were made to have the operation performed immediately. Joseph Shema, 32 years old, a civil engineer of the Pennsylvania Railroad, living in Pittsburg, who had hurried on to Baltimore, and Rudolf Shema, of Sparrows Point, another brother, were in the room ready for the transfusion treatment. Before the preparations could be finished and the operation started Shema collapsed and died.

The case of the young man was one of the most peculiar that has ever come under the notice of physicians in this city and one that is considered rare in medical circles.

While Mr. Shema was cleaning his teeth one morning about three weeks ago he noticed a little blood oozing from his gums. He paid little attention to the matter at first, but after a time when the hemorrhages continued without abating, he called in Dr. Reckard. He did everything possible, but was unable to afford his patient any great relief.

Mr. Shema was then taken to the Presbyterian Eye, Ear, Nose and Throat Hospital, but despite the treatment there the bleeding continued. The young man was taken home again but no change for the better ensued. It was then that Dr. Reckard, who had called other physicians into consultation, decided on taking Mr. Shema to Johns Hopkins Hospital for the transfusion of blood.

Under account of the circumstances under which the discovery of the hemorrhages were made it was thought by members of the victim's family that the disease was caused by his puncturing his gums with a toothbrush bristle while he was cleaning his teeth. Physicians at Johns Hopkins, however, say that this was not so, but that the causes of the disease have never been definitely ascertained.

LIEUT TOWERS ON SICK LEAVE.

Plucky Navy Aviator Granted Three Months' Rest.

Annapolis, Md., July 9.—Still manifesting an eagerness to resume flying, but not being permitted to do so, owing to the recommendation of a board of medical surgery, which pointed out the advisability of his taking a good rest, Lieut. John H. Towers, the plucky navy aviator, who has just recovered from his injuries, today started from Annapolis on three months' sick leave. The young officer will spend most of the time with his family at his home at Rome, Georgia.

Lieutenant Towers is chief of the staff of navy aviators, and made a most remarkable escape from death, when he fell more than 1,600 feet with a disabled Wright biplane into the Chesapeake Bay on June 20, the same accident in which Ensign William D. Billingsley plunged to death. Billingsley fell out of the machine, but Towers clung to and descended with it.

COMMITTEEMEN ARE APPOINTED

Superintendent Of Public Instruction Announces List Of Those Selected.

OTHER ANNOUNCEMENTS SOON

Districts Voting Local Tax Entitled To Committee Of Its Own.

S. M. Brinson, county superintendent of public instruction yesterday announced the names of the school committeemen in the various townships in Craven county for the ensuing year. These committeemen were appointed at a meeting of the Craven county Board of Education held Monday morning.

The following committeemen were appointed in the various Townships:

- Township No. 1.—J. A. Aldridge
- Township No. 2.—W. R. Arthur
- Township No. 3.—G. V. Richardson, M. D. Lane, H. T. White.
- Township No. 5.—L. L. Herrington, J. A. Morton, Claud Taylor.
- Township No. 6.—W. J. Hardison, H. A. Marshall, W. Y. Wynne.
- Township No. 7.—H. C. Wood, Amos Connor, W. E. Moore.
- Township No. 8.—Daniel Lane, John Humphrey, P. M. Pearsall.
- Township No. 9.—O. H. Wetherington, A. E. Wadsworth, M. W. Carmon.

Committees were appointed for the local tax districts and will be announced in a few days.

Every district which votes a local tax is entitled to a committee of its own and there are seventeen of these districts in the county.

TO MARCH ON CONGRESS.

Demand Resolution Ordering Vote On Suffrage Amendment.

Washington, July 8.—General plans for the descent of woman suffragists on the Capitol were agreed upon today when officers of the National Woman Suffrage Association determined that the "attack" on the national legislature would be marked by a monster automobile parade. Suffragists from many States have advised the committee of their intention to take part.

The women will gather at Hyattsville, Md., on the morning of July 30. A reception will be held there by the local committee and, after forming in procession, the long line of motorcars will charge up Capitol Hill.

The purpose of the demonstration is to emphasize a demand upon Congress to pass a resolution leaving to the country the question of a constitutional amendment granting the ballot to women.

Preparations are in progress for the entertainment of the visiting women. Principal among the events already arranged is a banquet at the Chevy Chase Club on the evening of the first day.

BRAZILIANS AT ACADEMY.

Deposit Handsome Wreath On Tomb Of John Paul Jones.

Annapolis, Md., July 9.—A party of 16 officers and 48 cadets of the Brazilian cruiser-training ship Benjamin Constant, on the occasion of their visit to the Naval Academy today, placed a handsome wreath of laurel and roses on the tomb of Admiral John Paul Jones, "father of the American navy."

The Brazilians came over to Annapolis on a special car from Washington, having arrived in the national capital yesterday from New York, where the Benjamin Constant is now riding at anchor, preparatory to continuing her cruise of instruction for the cadets on board.

Heading the party of foreign naval men was Commander Aquino. Commander Aquino's treaties on navigation form part of the curriculum of the naval school here.

The Brazilians were received with the usual courtesies by Commander G. H. Burrage, acting superintendent, and the other officers.

The Benjamin Constant is one of the old protected cruisers of the Brazilian Navy. She is now used exclusively as a training ship for the cadets. She will sail from New York July 13 and go direct to Plymouth, England, thence to Cherbourg.

PICNIC AT CLARK'S.

A picnic will be given at Clark's on the eighteenth of this month. Dr. J. E. Furlington, superintendent of the Craven County Farm Life School, will make an address. It is expected that there will be a large crowd in attendance and that the occasion will prove a very enjoyable one.

ARIZONA CALLED TO ACCOUNT

Failed To Comply With The Dick Military Law.

Washington, July 8.—Arizona is the latest State to be called to account by the War Department for alleged failure to comply with the Dick Military law.

Secretary Garrison has directed Governor Hunt's attention to the fact that the Arizona militia has been over-extended in preparation for its annual encampment and has asked him to account for certain supplies furnished by the Federal Government.

Department officials said to day that the Arizona militia officers apparently had misunderstood orders issued from the department. The Dick law it was pointed out, provides that enlisted men, in order to be eligible for duty at encampments, shall be recruits at least 60 days before.

Violations of the Dick Act in Arkansas and South Carolina already have been given attention at the War Department, and as a result Federal aid has been withdrawn from the South Carolina militia.

REPORTS ON THE MORO CAMPAIGN

Major-General Bell Cables Details Of Fierce Hand To Hand Struggle With Natives.

NO QUARTER GIVEN OR ASKED

But Tribe Has Been Finally Overcome And Their Complete Disarmament Effected.

Washington, July 9.—A hair-raising story of hand-to-hand fighting with spears with Moro savages with no quarter given or expected, has been cabled to the War Department from the Philippines by Major General Bell. It was the commanding general's report on the campaign of General John J. Pershing, which resulted in the extermination of the last considerable band of rebellious Moros and the complete disarmament of this war-like tribe.

Long ago most of the Moros gave up their arms peacefully, but the tribesmen of Lati Ward, embracing about twenty square miles on the northern coast of the island of Jolo, made ready for war whenever there was a suggestion of depriving them of their weapons. Recently near ten thousand of them stampeded to Mount Bagaik a wild peak which they believed impregnable. Many conferences and patient diplomacy drew most of them away and sent them to their homes, but three or four hundred of the most desperate fortified their stronghold and prepared to fight it out with the American nation.

"When no reasonable hope of a peaceful conclusion remained," says General Bell in his report today, "Brigadier General Pershing arrived at Jolo with boats during the night of June 20, secretly embarked his command, and, landing nearby, surrounded Bagaik the same night to prevent a stampede of the women and children and non-combatants to the mountain again. Assaults began at daylight and there was fierce fighting part of it hand to hand, during five days marked by tenacious resistance and counter attacks from Moros rushing on troops with barongs and huzing spears at the storming lines."

M. L. JACOBS WILL OPERATE HOTEL

ASSUMES CHARGE OF POPULAR MIDDLE STREET HOSTELRY TODAY.

M. L. Jacobs yesterday leased from J. W. Stewart, the owner, the James Hotel located on Middle street, and will today take charge of the place. Mr. Jacobs will be assisted in operating the hotel by his wife. Both are experienced hotel people, having operated the James when it was known as the Hazleton Hotel for a number of years.

Owing to the fact that he cannot secure a retinue of servants before Monday, the dining room will not be in operation until that day. The hotel has recently been refurbished throughout and the interior is very attractive. White help will be used exclusively and it is Mr. Jacobs' intention to operate the hotel in a thoroughly up-to-date manner.

Mrs. A. J. Mitchell and little daughter Emily Dewey Mitchell, have gone to Black Mountain to spend some time.

SEES POLITICAL STABILITY AHEAD

That is, It Will Come If German System Of Co-operative Banking Is Adopted.

DAVID LUBIN SO DECLARES

People Of Germany And Other European Countries, The Gainer Through System.

Coblentz, Germany, July 8.—The American Commission on Agricultural Co-operation visited this city Saturday and saw the monument and house of Raiffeisen, founder of the German co-operative banking system that bears his name. It was a notable occasion, and Mr. David Lubin, founder of the International Institute of Agriculture at Rome, Italy, who is accompanying the Commission on its investigation of agricultural co-operation and co-operative banking in fourteen European countries, delivered an address at the House of Raiffeisen. Mr. Lubin said, in part:

"We are beginning to discern with clearness that the task before us is not merely economic amelioration, but that it is higher than that. It reaches upward until it strikes the true keynote of political stability, ensuring peace and equity, not merely for the people of the United States, but political peace and equity wherever the principles underlying these doctrines shall take root.

"We hope to add our amendment to the really great work begun by Father Raiffeisen; we hope to show that the very root and secret of our work is not merely to find amelioration for the farmer—for it would be just as charitable to find amelioration for the shoe-maker and for the carpenter; the scope of our work goes beyond that. In its final analysis this work will be found to ensure not amelioration for the American farmer, but stability for the American Republic.

"In speaking of Raiffeisen and of his work we feel impelled to say that whatever the results, whether the American people profit by this inquiry or no, there can be no question as to this: that the people of Germany and of other European countries are gainers through the Raiffeisen system.

"It now remains to be seen whether it would be practicable to adopt this system in the United States. In this period of our inquiry it is too early for this Commission to pronounce in favor of the adoption by the American people of the Raiffeisen system. Further inquiry may determine a conclusion in the affirmative, but whatever be the ultimate conclusion there is no denying the hope, the strong hope, that we may, towards the end of our inquiry, be justified in setting forth in our report, if not the Raiffeisen system as in operation in Germany, then some derivation of that system."

F. W. FELDMAN MARRIED.

Popular Manager Of Kress Store Weds In Williamsport.

The Williamsport Sun and News of Williamsport, Pa., in its issue of July 7, says:

"Frank W. Feldman, manager of the S. H. Kress & Co. store at New Bern N. C., and Miss Jessie M. Yount, of 937 High street, were married Saturday evening at the First United Evangelical church. The wedding was to have been without witnesses, but a few relatives of the contracting parties secreted themselves in the church until after the ceremony and then walked down the aisle to offer congratulations, much to the surprise of the bride and bridegroom. Mr. and Mrs. Feldman will be at home in New Bern after July 15. The bride is a daughter of Mr. and Mrs. William Yount."

Mr. Feldman, as he was leaving here some time ago for his vacation, jocularly remarked to some of his friends that he thought he was going to be married, but wasn't sure. It turns out that he was more sure of it than he made it appear. As manager of the Kress store for a number of years he has, by his courtesy and genial manners, won many friends all of whom will be much interested in the news that he has joined the fraternity of the married men.

APPOINTED CLERK TO SENATE FINANCE COMMITTEE.

Washington, N. C., July 9.—Joseph T. Taylor left last evening for Washington, D. C., where he will take up his duties as chief clerk of the senate finance committee. Mr. Taylor received official appointment from Senator Simmons. Mr. Taylor also received word from P. A. Gorelli, president of the state association of Elks that he had been appointed chairman of the state executive committee.
