

HUERTA SOON TO BE ELIMINATED

The Administration Officials Stated It Would Be One Way Or Another.

AVERT EXTREME MEASURES

Government May Throw Support To The Constitutionalists By Lifting Embargo.

Washington, Nov. 10.—Notwithstanding intimations that Provisional President Huerta of Mexico would refuse to resign, administration officials stated tonight that his elimination would be accomplished "in one way or another." They declared that every opportunity would be given him to retire peacefully and that drastic steps would be avoided if possible. The chief development of the day was a call sent by President Wilson for members of the Senate Foreign Relations Committee, Republicans, as well as Democrats. He had Senators Stone and Wilson with him for an hour, and expects to discuss the subject individually with other members within the next two or three days. He is in constant communication with Senator Bacon, chairman of the committee, who early in the day had a long conference with Secretary Bryan.

The Georgia Senator said tonight that while he was not at liberty to discuss his talk with Mr. Bryan in detail he could state that there had been no change in the fixed purpose of the United States to have Huerta eliminated from the situation and that it would be done, though every effort would be made to avert extreme measures.

In the view of many officials who anticipate a flat rejection by Huerta of the American demands only two courses are open to the United States—either to compose the situation directly, or to throw its moral support with the constitutionalists in their fight to obtain possession of the government in Mexico City.

That there is a strong disposition to adopt the latter course was evident in many quarters today. Officials in the confidence of President Wilson said that while there was absolutely no alliance between the Washington government and the constitutionalists the sympathies of this government would be inclined toward the constitutionalist movement. The discussion they said, had not progressed to the point where recognition of the belligerency of the constitutionalists was being considered.

Lifting the embargo on arms is the method by which many Senators believe the situation can best be met. It is believed that before the Washington government takes any step, an understanding through informal and unofficial channels may be reached as to the exact purposes of the constitutionalists. To this end it is reported that agents of the United States government are gathering information along the border of strength of the constitutionalists and the programme which they have mapped out.

That no final word had come from Huerta as to the American demands, was admitted today by State Department officials. The next step, it is believed will not be decided until Huerta's reply actually is received. In the meantime, the President expects to keep members of Congress closely informed. He did not take his customary afternoon automobile ride, but remained at the White House absorbed in the dispatches from Mexico.

FIRE AT UNIVERSITY.

Damage of \$1,500 to Administration Building Saturday Night.

Chapel Hill, N. C., Nov. 10.—Fire originating from a heavily charged electric wire which came in contact with the wood work and first discovered by a student, S. R. Winters, at work there at the time, damaged the physics department in the administration building here to the extent of \$1,500 Saturday night about 9 o'clock. The loss is fully covered by insurance. The literary societies were in session at the time and everything on the campus was quiet. The fire department and bucket brigade of the students did effective work. The administration building was erected by alumni of the university in 1908 and is one of the best buildings on the campus.

VALUABLE MAIL STOLEN.

Pouch Containing \$628.46 Taken From Government Wagon.

Chicago, Nov. 12.—A pouch of registered mail stolen today from a United States Mail wagon, yielded the thief \$628.46, according to a statement by postal inspectors tonight. It had been reported earlier in the day that valuables worth \$10,000 were in the pouch. Inspectors are seeking for Albert F. Tardy, driver of the wagon from which the mail was stolen.

WOMAN TRIES TO END HER LIFE

Mrs. O. H. Rogers Swallows Carbolic Acid With Suicidal Intent.

DOMESTIC TROUBLE TO BLAME

Physician Renders Medical Assistance But Victim's Condition Is Precarious.

In an attempt to end her life Mrs. O. H. Rogers, who lives on Griffith street, near the New Bern Ice Company's plant, yesterday morning swallowed the contents of a small phial of carbolic acid and as a result she is in a precarious condition and but little hope is entertained for her recovery. Domestic troubles are said to be the cause of Mrs. Rogers' rash act. According to all accounts she had spent the night at the bedside of a sick friend who lives in that neighborhood and was somewhat late in reaching her home. Her husband, who is a carpenter, and who had to reach his work early, had been forced to prepare his own breakfast and when his wife returned he upbraided her for neglect of her household duties.

Following this, Mrs. Rogers secured and drank the poison. A physician was summoned as quickly as possible and he did everything possible to save her life. Some little time elapsed before the physician arrived and it is feared that the acid had time to inflict injuries which may cause death.

During the past three months five persons in this city have attempted self destruction. One attempt proved successful, three have completely recovered from the effects of the poison while one, Mrs. Rogers, may die. In two cases bichloride of mercury was used, laudanum was the drug taken by another, while the last took carbolic acid. One used a revolver and death was instantaneous. In three of the five cases domestic troubles have been the cause of the attempted suicide.

DEPUTY MARSHAL TO WILMINGTON

TO TESTIFY AGAINST AN ALLEGED ILLEGIT DIS-TILLER.

United States Deputy Marshal Samuel Lilly left yesterday afternoon for Wilmington where he will appear before Judge H. G. Connor as a witness against Daniel Hill, colored, charged with illicit distilling. Hill was placed under arrest near Stella, Carteret county, several weeks ago by Deputy Marshal Lilly and the case was to have come up at the last term of Federal Court in this city, but was removed to Wilmington.

At the time Hill was arrested Deputy Marshal Lilly located and destroyed an eighty-five gallon still and it is believed that the colored man was the operator of this outfit.

NEW BERN AGAIN HONORED.

Beautiful Chrysanthemum Named For Mrs. F. M. Simmons.

"Mrs. Senator Simmons" is the name of a very beautiful chrysanthemum just developed by the United States Department of Agriculture. This chrysanthemum was named in honor of Mrs. F. M. Simmons, wife of Senator Furnifold McLendon Simmons, a citizen of New Bern and Chairman of the Finance Committee of the United States Senate.

There are two varieties of chrysanthemum just developed by the United States Department of Agriculture and the other has been named "Mary Simmons Andrews," in honor of the latest grandchild of Senator Simmons, the infant daughter of Mr. and Mrs. Graham Andrews of Raleigh.

GOVERNOR CRAIG WILL NAME SPECIAL COMMISSION SOON.

Raleigh, Nov. 12.—Governor Craig said this morning that he expects to name the three special commissioners during the present week to take in hand the work of adjusting the interstate freight rates under the Justice act of the special session. The exceptions by the railroad companies and their voluminous exhibits to sustain their contentions that the rates fixed by the new act are unjust and confiscatory and place North Carolina rates much below the rates of any State in this territory having similar conditions are stored away in the office of the Governor, awaiting delivery to the Special Commission, which has six months time to investigate before the rates go into effect, and further time if necessary.

LACK OF RELIGION IN NAVY SCORED

Secretary Daniels Declares Neglect Is Reprach To The Public.

THERE IS NEED OF CHAPLAINS

Will Ask That Congress Substantially Increase Their Number.

Newport News, Va., Nov. 10.—Neglect of religion by the United States in its Navy is a reproach to the public, Secretary Daniels declared here today in an address before the United Brotherhood of Men's Bible Classes. The Secretary announced that he would ask Congress immediately to provide chaplains and welfare secretaries proportionate to the Navy's personnel. "Twenty-four chaplains," he said "are all the Government now provides to look after the religious welfare of the Navy's 67,000 men, the number of chaplains not having been increased since 1842, when the personnel of the Navy numbered only 12,000 men. The Secretary added that more than 75 important ships in the Navy have no religious leader attached, while the Marine Corps with an enlistment of 10,226 men, has not a single chaplain to look after the spiritual development of its personnel.

"I do not expect Congress to authorize the appointment of enough chaplains to assign one to every ship," Mr. Daniels said, "but I do believe the number will be substantially increased. And I shall urge that besides the additional chaplains, that Congress appropriate a sufficient sum to enable the Secretary to engage enough capable young religious leaders so that upon every ship there will be either a chaplain or a welfare secretary."

It is proposed to have the welfare secretaries on the ships perform duties similar to those of secretaries of the Young Men's Christian Association. They would lead in religious, educational and athletic work among the enlisted men.

UNEEDA BISCUIT CIRCLES GLOB

TRIP MADE TO TEST A PACKAGE OF POPULAR CRACKERS.

A. E. Sieloff, the local manager of the National Biscuit Company handed the Journal a very interesting folder the other day, which shows photographs of John Henry Mears, nephew of Pres. A. W. Green of the National Biscuit Company, taken in many parts of the world. Mr. Mears carried with him a package of Uneeda Biscuit, which was handed to him by Mr. Green just before the start, and with this package of biscuit he crossed the Atlantic Ocean, crossed England to London, London to Paris, France; Paris to Berlin, Germany; Berlin to St. Petersburg, Russia; St. Petersburg to Omsk, Central Asia; Omsk to Harbin, Manchuria; Harbin to Fusan, Korea; Fusan to Shimonoseki, Japan; Shimonoseki to Yokohama, Japan; across the Pacific to Victoria, British Columbia; Victoria to Seattle, Washington; Seattle across the United States to New York City.

When this package was opened by Pres. Green before a committee, the biscuits were found fresh and crisp, and as wholesome as the day they were packed. Mr. Mears broke the record on this trip around the world, making it in 35 days, 21 hours, 35 minutes 4-5 seconds.

Previous record, Andre Jager-Schmidt, of France, 39 days, 19 hours, 43 minutes 37 4-5 seconds.

FIRST IN DECADE.

Larceny Charge Is Entered Against LaGrange Man.

LaGrange, Nov. 12.—Tobias Potter of LaGrange is the first white man in Lenoir County in years to be indicted on a larceny charge. A magistrate here held him for Superior Court, and he is under bond to appear here next month. Not an adult of his race, it is believed, has been tried on the charge in the county in a decade.

A set of harness belonging to C. C. Coker, a neighbor, is alleged to have been found secreted in a barn at Potter's home.

No. Six-Sixty-Six

This is a prescription prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and it takes less than a week to get well. It is the best thing on the market for these ailments and does not operate on the stomach.

GOVERNOR GLYNN OUT AFTER PROOF

Must Have Proof Of Wrongdoing Before He Takes Any Action.

WILL NOT BE A CANDIDATE

Does Not Want To Fill The Governorship Chair Next Year.

New York, Nov. 12.—If Mr. Hennessy or any other citizen of the State has any proof of wrongdoing it is his duty to produce it before the proper authorities in order that the guilty persons may be punished. As Governor, I will do all in my power to compel the enforcement of the law. "But I do not propose to prosecute any man unless there is actual proof of his guilt or for political purposes. Nor do I propose that any man shall be protected simply because of political influence. I shall not aid any move to stigmatize any man unless there is proof of his wrongdoing. Conversation and gossip will not suffice."

This was the statement by Gov. Glynn at the Hotel Vanderbilt last night when asked about his plans for prosecuting the frauds alleged by John A. Hennessy and Assemblyman-Elect William Sulzer, to have been perpetrated in the State service. Gov. Glynn said that he had an appointment with Mr. Hennessy at Albany on Monday next, at which Mr. Hennessy will submit proof to support his charges.

Gov. Glynn announced that he would cause an inquiry to be made in all departments where irregularities are shown to exist. But he made it very plain that he does not intend to be influenced by the unsupported charges and claims of warring politicians. He repeated the statement made by him in an interview in the World on Oct. 19 that he will not be influenced by any personal ambition looking for a renomination.

"It is my purpose," he supplemented "to conduct the office of Governor without regard for any effect my acts may have upon my own political future or those of any other man. I hope to succeed with the help of the whole people, and not because of the favor of any faction of my own or any other party. I shall not be influenced by the individual opinions of persons, though I shall always have the welfare of the whole people at heart. It is my purpose to do the best I can in administering the affairs of the State for the good of the State.

"I am not a candidate for a nomination for Governor or any other office. My sole ambition is to succeed in giving a satisfactory administration for the next fourteen months. There are no strings on me either within or from without. I propose to be a free agent. I shall try to find out the biggest and most capable men to correct any evils that exist for the good of the service and not with a view of exploiting their own political fortunes by making sensational charges that they cannot sustain with proof.

SYRIAN MERCHANT CAN NOW VOTE

ALTHOUGH 31 YEARS OF AGE ABDALLAH SUGAR HAS NEVER CAST A BALLOT.

Although he is thirty-one years of age and has taken an interest in political matters since coming to this country, Abdallah Sugar, a Syrian who conducts a store on Middle street, has never cast a vote but will have this pleasure at the next election.

Mr. Sugar has just received naturalization papers and is now a full-fledged American citizen and he is proud of the fact that he can claim relationship with Uncle Sam.

During the past few years a number of foreigners who have located in this city, have taken out naturalization papers. These foreigners make good citizens. Naturally they take an interest in all that goes on in their native land, but they take much more interest in the affairs of the State and nation and keep up with events to such an extent that they can converse intelligently on almost any subject.

CARNIVAL MAN IN THE CITY YESTERDAY.

C. Smith, proprietor of Smith's Greater Shows which will exhibit here all of next week for the benefit of the Atlantic Fire Company, was in the city yesterday making final arrangements for his location. Mr. Smith said he had one of the best carnivals on the road and had enjoyed a large patronage in each town they had shown in.

He left on the evening train for Kinston where he is showing this week.

MEDICAL CORPS TO BE ORGANIZED

Will Be Established In New Bern During Next Week Or Two.

WAS LOCATED AT KINSTON

Dr. Raymond Pollock And Others Are Handling The Movement.

There is a movement now on foot to organize in this city a Medical Corps of the North Carolina National Guards and one of the gentlemen who are agitating this movement informed a Journal reporter yesterday that it was now a certainty that the corps would be organized within a week or two. The Medical Corps has hitherto been stationed at Kinston, but is to be removed to New Bern. Yesterday's Kinston Free Press has the following to say concerning the disbanding of the corps at that place:

"The second detachment of the hospital corps, North Carolina National Guard, is to be transferred from Kinston to New Bern, it was definitely stated today. This organization with a personnel in war of 23 and half that number in time of peace, has been stationed at Kinston for several years. During the past two years there has been no resident medical officer, and J. W. Shute, sergeant first-class, has commanded the detachment. The personnel is said to be efficient, and the reason for the transfer is to have the enlisted men reside in a town where there is an officer of the sanitary troops. Dr. Raymond Pollock, of New Bern, is a first lieutenant in that service. Together with the first and third detachments at Asheville and Reidsville, the local detachment comprises a hospital company of three officers and 36 men. Adjutant General Young will come to Kinston the latter part of this week to make the transfer of records and property and discharge the men here enlisted."

The corps to be organized here will consist of eighteen members in time of peace and twenty-four in time of war or at any time that encampments are held. The organization of the medical corps in this city means much to New Bern and every public spirited citizen is heartily in favor of the plan. Its members will be recruited from among the best citizens and several applications for membership have already been received.

ONE OF THE WORLD'S RICHEST MEN TO WED MISS HELEN HUNTINGDON.

New York, Nov. 10.—Vincent Astor confirmed through his secretary today the announcement that he was engaged to marry Miss Helen Dinsmore Huntington, eldest daughter of Mr. and Mrs. Robert P. Huntington, of Staatsburg, N. Y. The wedding, it is understood, will take place next Spring.

Young Astor inherited about \$65,000,000 from the estate of his father, the late Colonel John Jacob Astor, who perished on the Titanic. He will be 22 years old this month. The bride to be is twenty. The Astor country place adjoins that of the Huntingtons at Staatsburg, which is a few miles north of Poughkeepsie.

CONDEMN WOMEN "BOOZE TOTERS"

BETTER CLASS OF COLORED CITIZENS ARE HOLDING MASS MEETINGS.

A number of the leaders of the colored race in New Bern have launched a movement which has as its purpose the abolition of the prevailing tendency among a large number of the colored women of the city to carry packages of whiskey through the streets from the express office.

The Board of Aldermen recently passed an ordinance prohibiting public hackmen and draymen carrying liquors away from the express office and since that time the colored women and men, who seem to be the most frequent patrons of the Virginia liquor houses, are compelled to carry the spirits frummenti away from the office.

Naturally the colored men and women who are interested in the advancement of their race desire to see such disgraceful occurrences stopped. One mass meeting at which this action on the part of the colored women was condemned was held a few days ago and another is to be held next Monday night at Rue Chapel.

In a runaway accident on Griffith street yesterday afternoon Mr. and Mrs. Luke Thompson and Miss Allie Shaw were thrown from a buggy and badly shaken up. Fortunately no one was painfully hurt.

GARRISON VISITS PANAMA CANAL

Secretary Of War Returns From An Inspection Of The "Big Ditch."

GOETHALS TO EXPERIMENT

Declares Guns At Terminals Have Range Adequate For Protection.

Washington, Nov. 12.—Secretary Garrison returned to his desk today from his first trip to the Panama Canal. "The defenses constitute a marvelous feat in engineering," said Mr. Garrison. He explained that guns at the Atlantic and Pacific terminals will have a range of ten or twelve miles, adequate to protect either Miraflores or Gatun locks.

The first step toward developing the naval defense was taken today by the dispatch of five submarine boats from Gyantnamo to Cristobal.

The first deep craft vessel to pass through the canal will be one of the government Panama railroad steamers now plying between New York and Colon, according to the plan Secretary Garrison, has in contemplation. The secretary's idea is to allow Colonel Goethals all the time he requires to complete the canal and experiment with it. Then, having aboard President Wilson and some of the members of his cabinet, and the congressional committees having jurisdiction over the canal, the Panama liner will pass through the waterway from Cristobal on the Atlantic side to Balboa at the Pacific entrance.

Secretary Garrison said today that while no date could yet be fixed for this ceremony, he thought it certainly would be possible to pass deep craft vessels through by next spring.

The Fram, Captain Amundsen's famous Antarctic ship, was lying in the harbor of Colon when Secretary Garrison sailed for the Isthmus. It has been promised that the Fram shall be among the first vessels to pass through the canal on her way to Bering Sea conveying another arctic exploring expedition.

Secretary Garrison and Colonel Goethals gave some attention to plans for the conversion of a portion of the present employes into a force to operate the canal.

One time these employes numbered 50,000, but this had been reduced from time to time, owing to the progress of the work to 35,000 at present. Reductions are being made at the rate of about 6,000 per month. Colonel Goethals estimates that about 5,000 men will be required to operate the canal, 1,500 "gold men" (high grade employees from the United States) and 3,500 "silver men" (manual labor, largely drawn from the West Indies and Europe.)

NEW RIVER IMPROVEMENT.

Channel From Jacksonville To Richlands Too Narrow And Crooked.

Washington, Nov. 12.—Improvement of the New River in North Carolina from Jacksonville to near Richlands a distance of 17 miles, is not advisable, the War Department today reported to the House.

New river is 52 miles long and empties into the Atlantic about midway between Capes Lookout and Fear. It is now being improved for a channel 200 feet wide and five feet deep from its mouth to Jacksonville, 23 miles in distance.

The river from Jacksonville to Richlands is officially characterized as too narrow and crooked and the cost too great in proportion to the probable resulting benefits to commerce to be improved.

TWENTY DAYS FOR WINKING.

Two Others Who Flirted Are Given Thirty Days Each.

New York, Nov. 12.—On evidence that he had winked at a salesgirl in the waiting room of a Sixth avenue department store, Daniel Sager was sentenced to 20 days in the workhouse by Magistrate House today.

Two of 10 other young men arrested by detectives at the same time on charge of flirting were sentenced to 30 days each.

The other eight prisoners will be tried tomorrow after spending the night in jail in default of \$1,000 bonds.

The arrests resulted from the complaint of a young woman who wrote to Police Commissioner Waide that while on a shopping tour recently she had been insulted while resting in the waiting room of a department store. The detectives were assisted today by several salesgirls who were assigned places in the waiting rooms frequented daily by young men. The crusade to eliminate the flirts, it was said, will be extended to other department stores.

PRESIDENT WILL REMOVE RADICALS

Holton, Logan, Seawell And Dockery Must "Walk The Plank."

SO MR. M'REYNOLD'S SAYS

Question Of Separating Republicans From Their Jobs Is Discussed.

Washington, Nov. 12.—District Attorneys Holton and Seawell and United States Marshals Logan and Dockery will not be allowed to continue in the government service merely because they refused to "resign." Within a very short time, it can be stated, President Wilson will remove all four of the above mentioned gentlemen from office. It is expected the order will be issued within the next week probably tomorrow, after Senator Overman has consulted Attorney General McReynolds. But whether it is this week or next, it is certain that the order will be issued.

This in substance was what Attorney General McReynolds said to a correspondent when asked what action would be taken since Messrs. Holton, Logan, Dockery and Seawell had refused to resign. It was stated that the attorney general desired the changes because he wanted men in office who were in sympathy with the Wilson administration. It was strongly intimated that some of the four officials in North Carolina were "not interested" in their work since Wilson became President and that a change had been contemplated for some time in order that more "efficient" service might be had.

The decision of the department of justice to take the matter "higher up" was reached after today's cabinet meeting was held. It is understood that the question of separating the North Carolinians from their jobs was fully discussed with the President and that the attorney general's decision was based upon what Mr. Wilson told him he could do. It was pointed out by the department of justice officials that there were precedents a plenty for removing men who refused to resign. They pointed to the case of the district attorney for Oklahoma and a judge in Alaska who recently refused to resign and were removed by the President himself.

Nineteen men who Collector Watts recommended for appointment in the revenue service were today approved by Commissioner Osborn and Collector Watts notified of the fact. They are: James M. Cunningham, of Greensboro; chief deputy; Alexander S. Carson, of Reidsville, cashier of the collector's office; John G. Young, of Winston-Salem, assistant stamp deputy; R. O. Self, of Webster; E. Carl Robinson, of Wadesboro; Edgar S. Coffey, of Boone, and Giles T. Cranford, of Concord, division deputies; Grover C. Hamrick, of Shelby; Edgar L. Hederick, of Taylorsville; W. Roy Platt, of Waynesville; E. Bremond Quinn, of Rutherfordton; Richard D. Boyer, of Morganton; J. C. Hunter, of Charlotte, duty with Revenue Agent Vandford.

James W. Wilson, of Morganton; Allen L. Mills, of Statesville; Nixon L. Crawford, of Winston-Salem; Jule I. Robinson, of Franklin; J. H. Aiken, of Hickory, and Moffatt P. Alexander, of Statesville, who have been serving temporarily as deputies, have been given permanent employment.

THEY ARE HERE.

Calendars For Coming Year Have Arrived.

Calendars for the approaching year have made their advent in New Bern and a number of merchants and manufacturers are presenting their patrons with this variety of souvenirs. Among the most attractive seen thus far is one which is being presented by Charles B. Hill, United States Commissioner, and who is one of the leading grain and feed dealers of the city. The calendar is about three feet in length and is adorned with a reproduction of a painting of a beautiful young woman by J. Ross Bryson, who is undoubtedly the most popular calendar artist in the world. The picture holds the attention of all and, as Wadsworth says: "Her eyes as stars of twilight fair; Like twilight, too, her dusky hair; But all things else about her drawn From Maytime and the cheerful dawn."

WILL REBUILD BRIDGE OVER JACK SMITH'S CREEK.

C. E. Cook has been awarded the contract to rebuild the bridge connecting Glenburnie road with National avenue. This bridge was first constructed last August but was destroyed during the flood and storm of September 1.

The price and style of my Ladies Hats cannot be described.
