There would be considerable travel in that vicinity, that the City place an arc light at Primeco and Pasture St.

Alderman Disoway moved that the matter be referred to the Water and Light Committee with power to act.

Motion seconded and carried.
The following report of the Milk and Meat Inspectors was filed:

New Bern, N. C., May 5, 1914.
To the Honorable Mayor and Board of Aldermen of the city of New Bern:

I have the honor of submitting my report for the month of April 1914 as follows:

I have my restaurants shown on a percentage basis as I have the meat markets, and soda fountains and dairies.

We will first take the condition of the meat markets, which I visit every day, and I find them to be according to my judgment as follows:

A. Carter	85
Iler	82
Boon	85
Haykins	75
Brimmage	65
Graham	70
Sudder	80
Gardner	85
Frank	60
Simmons	58
Jackson	80
Davis	75
Warrington	82
Coast Line	68
Fonville	42
Price	75
Wallace	60
Cherry	85

Very little meat has been condemned this month. Some has been condemned at Carter's, but not on account of disease.

At Davis' about 50 pounds has been condemned, but not on account of disease.

Less meat this month has been condemned than any other month, in fact this is the first month that I have not found any diseased meat at all.

The Coast Line, at the Coast Line, I have found that he is keeping his market in a much better condition, and I think that he will go to the standard.

At Frank's market, I find that he is making improvements on his building, and I think in a short while he will have it in a much better condition.

As I said before, you may know that a meat market cannot be kept like a parlor, and I do not expect them to be kept as such. Only ask that they be kept as clean as possible; and that they be inspected from now on.

In regard to the City Abattoir, I think it would be a great help to the city, if it would enable me to make more thorough inspection of the meat, for if such is erected I can be present when all butchering is done, and would be able to examine the animals both before and after butchering.

SODA FOUNTAINS: I have made inspection of all fountains in the city, and I find them as follows:

Duffy	88
Athens Cafe	75
McSorley	75
Pearce Drug Co.	93
Davis Drug Co.	93
Royals	65
Duffy Drug Co.	82
Wood-Lane Drug Co.	90
Clarks	97
Bowling's	92
Otyoup	70
Solomans	68
Bradham Broad Street	97
Bradham Pollock Street	72

Report on the two ice cream Manufacturers here in as follows:

Bradham Drug Co.	Very good.
Royals	Good.

I have made inspection of every restaurant, I have made an inspection of these restaurants in the presence of a witness and can give the exact date the inspection was made of each and every one.

DAIRIES: I have made an inspection of the dairies this month, and I find that the most of them are doing better.

I will have people complaining about poor milk. I have examined all the milk furnished by the dairies, and I find that they are up to the standard as required by the city in butter fat, therefore I have done all that I can in regard to this matter.

I will try and have the balance of the cows re-bullied tested by next month, and will furnish a complete report on the test at the next meeting of the board of aldermen.

The scores for this month is as follows:
Wetherington 70
Wright 75
Bigford 70
Bray 70
Stegerman 90
E. Davis 75
Barker 72
Simmons 75
Gordon 60
Arnold Brothers 75
Hatter 75
Blakely 85
Ellis 60
Stanley 60
North 70
Carter 70

TWO FACCTIONS JUBILANT
After 671 Ballots Had Been Taken Without a Choice, Convention Comes to End.

(Special to the Journal.)
WAYNESVILLE, June 3.—Candidates for the Democratic nomination for Congress from the Tenth district met again tonight to discuss the people's demand. This was decided by the fourth congressional district convention here today, after 671 ballots had failed to secure a choice by the district.

Closing hours at the convention found the candidates bidding the same relative strength at the opening of the convention. Late this forenoon, when it was found impossible to break the deadlock, which has held the nomination in its grasp since the opening day, voters of the district decided to begin a new campaign by some method of using the

convention to an end.

Resolutions favoring a second primary were introduced and finally after considerable discussion, a committee composed of one delegate from each county was appointed to draft suitable resolutions and present them to the convention. Chairman Adams appointed a committee and after some deliberation the committee reported a set of resolutions providing for a second primary on August 15.

At this primary any candidate securing a majority will automatically become the nominee without another convention. In the event that no candidate has a majority of the votes cast, a third primary will be held on August 29, in which only the two leaders will participate. The first primary may resolve itself into a test of strength between Gudgeon and Reynolds as the other three candidates are believed to concede that they have no chance in a general primary before the public.

The Reynolds forces are jubilant tonight, declaring that Reynolds will sweep the district on another primary. Gudgeon partisans profess equal confidence and declare their candidate will win. After the convention adjourned tonight, a special train conveyed most of them to Asheville. Officers and voting places in the primary will be selected as soon as the congressional committee can arrange to meet.

I. W. W.'S BREAK STRIKE.
Members of the Order Vote to Return to Work.

WAKEFIELD, Mass., June 3.—Members of the Industrial Workers of the World, who have been on strike for six weeks at the rattan factory of Haywood Brothers and Wakefield Company voted tonight to return to work tomorrow morning.

Their action follows that taken yesterday by the strikers affiliated with the American Federation of Labor. Under the plan of settlement committees of the employees will confer with the company on questions of hours and wages.

ADVERTISING EXCURSIONS OVER THE ATLANTIC COAST LINE.

Thomas H. Knight, colored the well known advertising distributor for the Atlantic Coast Line, is now engaged in advertising every Sunday excursion from Rocky Mount, New Bern, Fayetteville and Chabourn to Wilmington, and from Goldboro to Norfolk. He is also promoting special excursions from Clinton to Wilmington on Tuesday, June 9th, and from Wilmington to New Bern on Tuesday June 16th.—Wilmington Dispatch.

FINANCE COMMITTEE CONTINUED:—In reference to the Broad Street matter, Attorney R. A. Nunn, suggested that the Board arrange for the money required to carry on this work, whereupon motion was made that the Mayor and Clerk be instructed to execute the proper papers for the payments to the property owners, and for the moving of said property, and if necessary to issue a note and borrow money to carry on this work.

Motion was seconded, and upon roll call the following named alderman voted yes:

William Ellis,	Infor.	Warrants Ex.
Charles Hall,	C. P. 5	4
W. B. Blades,	13	13
S. H. Scott,	2	1
A. T. Dill,	7	8
J. G. Brinson,	5	6
R. J. Disoway,	10	9
L. M. Satterthwaite,	3	4
Total	45	45

Respectfully submitted,
C. LUPTON,
Chief of Police.

IMPRESSIVE CEREMONY WHERE EMPRESS SANK

CREW OF WHITE STAR LINER MEGANTIC AND 72 PASSENGERS SING "ABIDE WITH ME"

(Special to the Journal.)
MONTREAL, June 3.—An impressive ceremony, in which the crew and passengers of the White Star Dominion liner Megantic joined, was held over the spot where the Empress of Ireland lies yester day it was learned today.

The Megantic from Liverpool to Montreal, with 772 passengers and mail arrived at the scene of the tragedy about 5 o'clock.

Captain Hugh F. David, the Megantic's commander, stepped his ship near the buoy that marked the grave of the lost Canadian Pacific liner, and every member of the crew who could be spared from duty was mustered on the main deck.

There the ship's company was joined by the passengers, who took up positions on the shelter deck abaft the bridge, surrounded by the ship's orchestra.

Captain David, who was on the bridge bared his head and his example was followed by the passengers who joined in singing "Abide With Me."

The service was most impressive, and there were many tearful eyes among the bowed heads of those who took part in it.

IN SUPERIOR COURT

Several Cases Were Disposed Of Yesterday.

Sarah Greenfield, one of the alleged James City "blind tigers" was yesterday found guilty of retailing spurious liquor without license in Superior Court and sentenced to be confined in the county jail for the term of four months.

John Gardner pleaded guilty to a charge of assault and was taxed with the cost in the case. Sam Gardener was convicted of larceny and sentenced to serve twelve months in the State prison. Stella Johnson was convicted on a charge of selling whiskey, but has not been sentenced. Judgment was suspended upon payment of the cost in the case against Mack Manning charged with carrying concealed weapons.

The case against W. H. Dixon charged with receiving more whiskey than the law allows, has been continued until the next term of Superior Court.

International Horse Show Begins Tomorrow

MANY AMERICANS HAVE ENTRIES IN THE BIG EVENT AT LONDON.

(Special to the Journal.)
LONDON, June 3.—Many Americans have entries in the eighth international horse show which starts here tomorrow at Olympia and ends June 16th. Almost the whole world of horsemen of renown is here, and the Irish cloud is doing little to dampen enthusiasm.

The Americans among the directors are Alfred G. Vanderbilt and Clarence H. Mackay, both of New York, E. T. Stotesbury, of Philadelphia, Colonel Lawrence Jones, of Louisville, Ky. The Canadian directors are Colonel Adam Beck, of Toronto, George W. Beardmore, of Toronto, and Sir H. Montague Allen, of Montreal.

The Judges are selected to represent the United Kingdom, the United States, Argentina, France, Russia, and Spain. The American judges are Mr. Vanderbilt (trotters), pace and action, harness horses, appointments and costers), Geo. B. Hulme (coaching, club, marathon, and Corinthian) and Algernon S. Craven, (hunters, hack, riding horses, and ponies).

There are more than 100 classes. The prize list is valued at \$55,000.

A wholly fresh idea in the setting out of the jumping course has been adopted. The Olympia arena, which is 320 feet long by 80 feet wide, will have no permanent obstacles, as the advantage of an uninterrupted stretch of tan have been clearly demonstrated, and it is probably that a clear arena will be required for special attractions.

When the jumps are required they will be speedily placed by a trained staff. The difference this June is that there will be no obstacles down the center of the arena; competitors will as usual jump far on the edge of the tan, but in place of the middle run, will twice cross from the corners in the shape of a figure eight. The course consists of ten obstacles with ample run between each.

In order that the horse lovers may enjoy an inspection of the show, the directors have provided some thousand of shilling seats and sixteen complete blocks of half-crown seats. A quickly worked and varied programme, always including jumping, will be given every afternoon and evening, and to shorten the tedium of judging, eliminating classes will be held in the mornings.

An entirely fresh feature will be the International Military Trials open to all British and Foreign Military Officers on the active list. The object is to bring out, steadiness and balance, handiness and unconditional obedience. These trials will extend over four days, competitors using the same horse on all occasions.

On the first day each officer will perform ten movements in the arena; on the second day the test will be a fifteen mile ride with a jump around the course, immediately after returning to Olympia; for the third day horses will be ridden from London to Aldershot, with a ride over natural country, on the way and on arrival at Aldershot all competitors must go over the steeplechase course there. On the last day the tests will be for handiness and schooling with jumping around the course in Olympia.

These trials in no way interfere with the jumping for the International

Challenge Cup presented by King Edward VII and King George V. Indeed these events promise to be more keenly contested than ever by officers of several armies. There is certain to be a great struggle for the King Edward VII Gold Cup, as both France and Russia have won it twice and a third victory for either of these countries makes the trophy their absolute property. Russia, Belgium and France have each held the King George V Gold Cup. The Compuat Challenge Trophy will again jump for by British officers.

GOLD LUNCH HABIT CAUSE OF DIVORCE

NEW YORK PASTOR FINDS THE REAL REASON FOR UNHAPPY MARRIAGES

NEW YORK, June 3.—The Rev. Dr. S. Parkes Cadman has found the real reason for the increase of unhappy marriages and consequent increase of divorces. Speaking at the Sunday meeting for men at the West Side Y. M. C. A., Dr. Cadman said that these increases may be directly charged to the delicatessen store habit.

"New York women are too prone to dip their fingers into every pickle jar of the corner delicatessen store instead of cooking a wholesome meal for their husbands," he said. "There is nothing that sends the man into the day better prepared for victory than a good breakfast and a clean shave."

"Good breakfasts, homelike breakfasts, the kind of breakfasts that do a man good, do not come from the delicatessen shop.

"Many men do not develop because of the poor cooking of their wives. Too many women are satisfied to stay in bed in the morning and let their husbands get what breakfasts they are able to. It is not much encouragement for a man to cook his own breakfast while his wife stays abed for another nap."

Children Cry FOR FLETCHER'S CASTORIA

TO THE TEACHERS OF CRAVEN COUNTY.

By order of the Board of Education the regular biennial Summer School For Teachers of Craven County will be held at Vanceboro, beginning May 25th and ending June 12th.

Dr. J. Henry Highsmith of Wake Forest College will conduct the school and will be assisted by teachers of recognized ability and experience.

The teachers will have comfortable rooms in the Farm-life School dormitory.

The teachers will carry with them bed linen and towels. Medals will be furnished the teachers in the dining room of the Farm-life School.

There will be no charge for tuition. The only expense will be the \$4.00 per week for room and board in the dormitory.

For Further Information, address Dr. J. E. Tutinton, Vanceboro. The law governing institution will be observed and all teachers are urged to be present the first day and continue in attendance the full three weeks.

The Pamlico County teachers are expected to join with us in this school.
