Adolph E. Seibert Shoots Himself With 32 Calibre Revolver

Norfolk, Sept. 4.—Despondent over prolonged ill health, Adolph E. Seibert, manager of the Arcade theatre, ended his life at his home, Third street and Brambleton avenue, Riverside, yesterday morning at 8:45 o'clock by shooting himself through the temple with a .32 calibre Smith and Wesson revolver. He was in bed in a room up stairs when the shot that ended his life was fired. Mrs. Seibert was downstairs. Hearing the explosion of the revolver, she ran up to her husband's room, where she found him dying. County Coroner J. S. Carmine viewed the body and ordered it prepared for burial.

Mr. Seibert had been in declining health for several months. Last fall he had fever, and never fully recovered from the effects of it. While he had been kept to his home for the most of the time during the past six months on account of the condition of his health, he had not seemed unduly despondent, although at times he seemed depressed. Mrs. Seibert said that her husband's actions and manner yesterday had not intimidated to her that he was planning to end his life. His death came as a violent shock to her.

Mr. Seibert was 47 years old. He was a native of New York, but had lived in Norfolk for the past 23 years. He was well known in this city, and had a large number of friends and business associates. He had been manager of the Arcade theatre, on City Hall avenue, for several years. Prior to accepting the management of this theatre, Mr. Seibert was employed with the Norfolk and Portsmouth Traction Company. He is survived by his wife, who was a daughter of the late James D. Reed, and by three brothers, Emil Seibert, Charles Seibert and Oliver Seibert and a sister, Mrs. Hannah Davis, of a New York. The funeral will occur Sunday afternoon at the residence and will be conducted by Rev. F. G. Davis, pastor of Brambleton Avenue Methodist church.

**COMMISSIONERS
TO MEET MONDAY**

The Board of Commissioners will hold their regular monthly meeting at the Court House tomorrow and there is lots of business to be transacted at this meeting. It is very likely that some action will be taken in regard to the improvements of the roads in the county. The people seem to be divided on the proposition of spending in the neighborhood of one hundred thousand dollars for road improvements in the county. The majority are in favor of improving the roads, but they are in favor of thoroughly investigating the quality of any material before it is purchased.

**THIRTY PUPILS ARE
ALREADY ENROLLED**

Coming Session of The County Farm Life School Promises Be Most Successful.

According to a statement made yesterday by Prof. J. W. Sears, farm demonstrator for Craven county, thirty pupils have already been enrolled for the approaching term at the Craven County Farm Life School and it is probable that four or five more will be added before the fall term begins. The capacity of the school is fifty boarding pupils and Prof. Sears believes that this number will have been enrolled before the first half of the term comes to an end.

Harry Faulkner spent yesterday at Jacksonville attending to business.

Decisive Battle To Settle Fate of Riga Is Begun

Petrograd, Sept. 4.—The Russians in the Caucasus have captured Turkish trenches near Olti, taking 200 prisoners. Great supplies of war booty were taken, it is officially announced.

The decisive battle to settle the fate of Riga has begun. The war office today admitted the Russians have been thrown back across the Dwina, 80 miles southeast of Riga. The Germans are attempting to cross the river under cover of heavy artillery fire.

**BETTER BABIES
AT NEXT FAIR**

Interesting Contest Is To Be Held Then

Among the very interesting features of the coming fair is the prospective Better Babies Contest. The Anti-Tuberculosis Society is so glad to take up this work; it is a movement that has been productive of great good throughout the United States. North Carolina is one of the last States to take it up, but in the last two of three years, we are happy to say, that in different sections of the State, the fairs, both State and county have inaugurated this department creating great enthusiasm and wide spread interest.

The Anti-Tuberculosis Society to successfully launch a Better Babies Contest, will require the active co-operation of all parents who care for the welfare of their babies. So we ask the parents to watch the papers for future information regarding the regulations of the Better Babies Contest.
