RUSSIANS ARE PRESSING THE FIGHT ON WARSAW

Armored Flotilla Patrols Vistula River to Prevent Russian Bolsheviks From Crossing to Encircle Warsaw.

LONDON, Aug. 16.—The Russians are pressing their fight for Warsaw within a dozen miles of the capital on the north-east, it is indicated from Sunday's official statement from Moscow, received today. They report the capture of Radzima, in this sector, and the continuation of the battle along this front, and also near Novo Georgievsk, to the north-east of Warsaw.

The capture of Soldau, about 12 miles northeast of Mlawa, the east Prussian frontier, also is announced. The statement reads:

"We captured Soldau after fierce fighting. Fierce fighting is proceeding along the line of the river Vkra and the regions of Novo Georgievsk and Isegerth. On August 13 we captured Radzimin. Fighting is continuing on the front of Radzimin, Okuniew and Dyubo station."

WARSAW, Aug. 15.—An armored flotilla is patrolling the Vistula river between Warsaw and Thorn to prevent the Russian bolsheviks from crossing that stream in the movement to encircle this city. Many of these boats saw service along the Pripet and Dnieper rivers, some having been captured from the bolsheviks and moved to the Vistula by railroad.

Soviet cavalry is working westward along the Prussian frontier and was reported at various points northwest of Warsaw today. These horsemen are a source of constant annoyance, many detachments following the tactics adopted by General Budenny, on the southern Polish front on raiding districts, endeavoring to drive in behind the Polish lines and spreading consternation among the peasants. Estimates of the number of these raiders vary, but it is reported there are several thousand of them, some of whom were infantrymen, who have taken horses from peasants and moved forward.

It is known the bolsheviks had a cavalry division upon their extreme right, and it is this organization that has been making headway and against which armored motor boats and other fighting craft are prepared to battle in the event of the cavalry trying to force the Vistula, sever the Warsaw-Danzig railway

and possibly totally isolate this city from the outside world.

Depots are still thronged and trains leaving the city continue crowded, but the city of Warsaw is really quieter than a week ago, officials asserting that most of the panicky persons have left. The racing season having closed a fortnight ago, 300 horses which were entered for the various events have been taken to Posen. That city is so crowded that the government has started requisitioning rooms and buildings for various government departments.

AMERICANS LEAVING.

WARSAW, Aug. 14.—American residents of this city have been gradually leaving during the last fortnight and Warsaw's American colony may be said to have shifted to Posen. There is scarcely an American ryphus expedition and newspaper correspondent. Jay Pierrepont Moffat, third secretary at the American legation, is still here looking after the interests of the United States government in Warsaw. Polish soldiers who have been slightly wounded during the recent fighting have also gone to Posen.

Announcement was made today that governmental authorities had not set a day for leaving the Polish capital, and this seems to have had a quieting effect upon the population. Business is going on as usual, with all the stores and coffee shops very active. Women are about the streets, their summer dresses and bright parasols contrasting with the black war material being hauled through the city.

PONZI UNABLE TO GET OUT ON BOND

BOSTON, Aug. 16.—The inquiry into every ramification of Charles Ponzi's spectacular financial activities again occupied the attention of state and federal officials after their week-end respite, but they took up their task with the assurance that the discovery of further damage to the financial fabric of New England was unlikely.

Ponzi's counsel centered their efforts today on attempts to obtain the bail necessary to effect his release from the East Cambridge jail, where he is held by the federal government on a charge of using the mails to defraud. Should a bondsman be found, the sheriff was ready at the jail with a warrant upon which Ponzi would be rearrested for the state authorities on a charge of larceny. The bond required by the federal court is \$25,000.

To gain his freedom from the commonwealth he then would have to supply a bond of \$10,000 on a three count larceny charge standing against him and whatever additional bail may be asked on the fifty-three count larceny charge that has not been served upon him. Attorney General Allen said that although no amount had been agreed upon in the latter case, he personally would approve of bonds of \$50,000. According to this, Ponzi will have to procure a total surety of \$85,000.

A heavy guard remained around Ponzi's home at Lexington and several of them accompanied members of his family whenever they left the house. Threats are said to have been made against Ponzi by persons who were attracted by his offer of "50 per cent in 45 days" and preparations were made to guard him carefully if he is freed today.

LUTHERAN CONVENTION ADJOURNED FRIDAY

Correspondence of The Daily Gazette.

DALLAS, Aug. 16.—The seventh annual convention of the Woman's Missionary Society of the Evangelical Lutheran Tennessee Synod, which convened here for three days, closed its last session Friday.

The whole convention was marked by enthusiasm and interest, every point being thoroughly considered, thus bringing out the increased work accomplished in the past year and of the even greater service mapped out for the future.

Aside from the responsibility of all the woman's missionary work in the foreign fields, the convention adopted the president's recommendation of having some definite work and voted upon the Statesville church for home and the Holland scholarship for foreign.

A strong and most earnest appeal was made by Dr. George Brach for the medical work in India. The most promising fields are Rajahmundry and Guntur, with a hospital at each which must be closed unless medical assistance can be secured, especially the woman's medical work, and much depends upon the woman's missionary societies to be the leavening influence of the whole congregation toward developing the missionary spirit and the education of more young people for the ministry.

Mrs. G. W. Nelson, president of the Luther League, in addressing the Luther convention, said a young person must look into the future and decide what he is going to do; he must be a definite character before the whole world; must have self respect first if he wishes the respect of others; that first our duty is to God, secondly to our neighbors and finally to ourselves.

Rev. Isaac Cannady, missionary to India, in delivering the annual missionary sermon, based his remarks on the 13th chapter of Acts, in which the ancient church of Antioch is described, comparing it with the present church and showing our deficiencies. That church was free from prejudice, race, caste and color. In that church was found the true missionary spirit and vision. There also were found good leaders, Paul and Barnabas, and that is the need today in India, in the United States and in all the world.

Dallas is twice honored in having two of her influential women on the official staff for the ensuing year, Mrs. A. P. Rudisill, retiring magazine secretary, to the presidency, and Mrs. Frank L. Carpenter, thank offering secretary.

Two cordial invitations were extended for the next meeting place, one from Emmanuel, Lincolnton, and the other from Mt. Moriah, near China Grove. Objections were raised as to the latter being a country church and inconvenient to the entertaining of so large a convention, but Mrs. W. C. Wessinger, wife of the pastor and president of the missionary society there, appeared in person and soon cleared that idea, by stating that roomy houses and automobiles were plentiful and at their service, so Mt. Moriah's invitation was accepted, and the August convention of 1921 will be held there.

COAL OPERATORS OFFER COMPROMISE TO MINERS

CLEVELAND, O., Aug. 16.—The bituminous coal operators of the central competitive field in refusing the miners demand for a \$2 a day increase for day and monthly men and ten cents a ton for pick and machine mining, today offered the miners a proposition agreeing to correct the seeming inequality of the present contract by advancing the wages of the city and monthly men the equivalent of the coal commission's award to the pick miners, giving the day and monthly men an increase estimated at from 35 to 72 cents a day.

change Company, which was compelled to close last week, was made today by officials engaged in tracing that concern's operations on a "100 per cent in six months" basis. Charles M. Brightwell, Raymond Meyers and Fred Meyers, the three officers of the company who were locked up on charges of larceny, have not procured bail. They are held in default of \$50,000 bonds each.

Bank Commissioner Allen announced that the audit of the liabilities of the Hanover Trust Company, which the commissioner closed last week, was almost completed. Ponzi made the Hanover Trust Company his chief depository and was a member of the institution's directorate and a stockholder.

TENNESSEE WILL DECIDE FATE OF SUFFRAGE TUESDAY

Ratification Already Passed in House Will Be Voted on in Senate Tomorrow.

NASHVILLE, Tenn., Aug. 16.—Fate of the federal suffrage amendment in Tennessee may be known tomorrow. Members of the legislature predicted today that the house would vote tomorrow on the ratification resolution which has been adopted by the senate. Both suffragists and their opponents declared they were confident of success.

The house committee to which the suffrage resolution was referred plans to consider it tonight and to make a report to the house tomorrow morning. It was considered likely today that majority and minority reports would be made. Efforts to secure the adoption of one or the other was expected to result in a roll call which would indicate the line-up of house members on ratification.

Leaders of both factions said they hoped debate would be brief, so that a vote could be taken at one of tomorrow's sessions. Suffragists were planning to force a night session if necessary. They declared they were confident that a majority of the members of the house was in favor of suffrage ratification.

Speaker Seth Walker, leader of the anti-suffrage forces, however, said he was "reasonably sure" the house would reject ratification. Lobbyists today continued their line up votes one way or the other on the ratification resolution. Reports that some house members considered in the pro suffrage camp were changing their views caused the suffragists to increase their efforts to keep them in line.

LLOYD GEORGE SERVES NOTICE ON GEN. WRANGEL

LONDON, Aug. 16.—Premier Lloyd George stated in the house of commons today that the government had made it clear to General Baron Wrangel, anti-bolshevik leader in south Russia, that if he further attacked the soviet forces he must do so on his own responsibility.

BOTH SUFFS AND ANTIS WORKING HARD TODAY

Redoubling Efforts to Win Over Advocates From Both Senate and House.

RALEIGH, N. C., Aug. 16.—Predictions by leaders in the North Carolina legislature, that the senate within the next few days would vote on ratification of the federal suffrage amendment caused suffragists and their opponents today to redouble their efforts to secure pledges of support. Neither the senate nor house was in session, both having recessed over Sunday until late tomorrow.

The senate, party leaders said, probably will begin consideration of the ratification resolution as soon as it reconvenes. Some senators who said they expected the debate to be brief predicted that a vote might be taken tomorrow night.

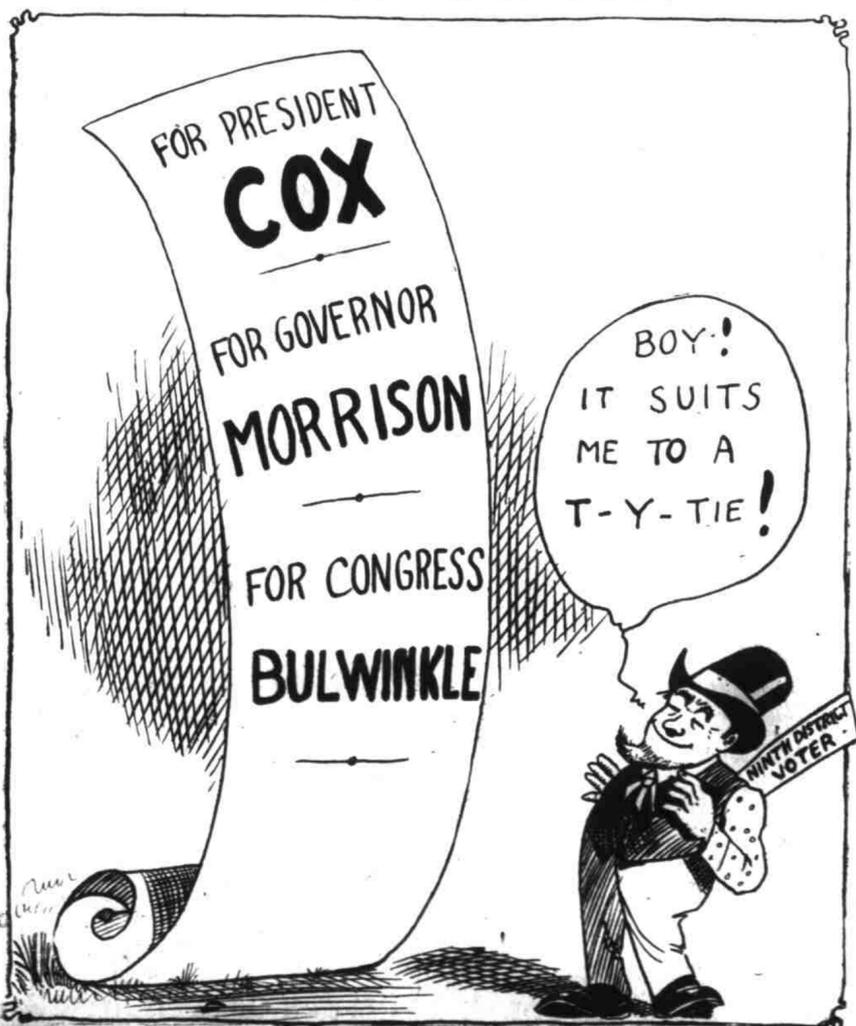

House members generally were of the opinion that the house would take no action on the suffrage resolution until it has been disposed of by the senate.

Opponents of ratification in the house were said today to be awaiting the return from Nashville of Representative W. W. Neal, who was reported to have gone there to learn the status of suffrage in the Tennessee legislature. It was said that North Carolina anti-suffragists had proposed an alliance with opponents of suffrage in the Tennessee legislature in an effort to defeat ratification of the suffrage amendment by either state. North Carolina foes of the Suffrage resolution are said to have assured members of the Tennessee legislature who are hostile to ratification that if the Tennessee house votes down the suffrage resolution the North Carolina house will do likewise.

Clemmer Family Reunion.
