

A. O. Hunter, of Cincinnati, Ohio, who says Tanlac has certainly proven its worth in both his own and his wife's case. He wasn't able to work when he began taking it.

"Last fall I had the 'Flu' and it left me in a very weak and run down condition with no appetite at all and such a weak stomach that even the smell of cooking made me sick. I was awfully nervous and night after night I couldn't sleep to do any good. I would get up in the mornings tired and worn out and was so short of breath that a half hour's job would tire me as much as a whole day's work used to. In fact I finally had to give up a good job.

When I first started on Tanlac I was working for the Goddard Rubber Co. in Akron, Ohio. I decided that anything that was being talked about so much was at least worth an honest trial. It worked like a charm in my case. It helped me right from the start and by the time I had taken my third bottle all of my troubles were gone and I found myself well and strong again.

"While in Akron my wife got so she couldn't eat. She lost weight and got very pale. Tanlac was doing me so much good I got her to try it and after taking two bottles, she is looking fine again. Her appetite is just splendid and she looks like a different person. It certainly has proven its worth to both of us and has come up to every word I have read and heard about it."

The above statement was made by A. O. Hunter, 106 W. 7th St., Cincinnati, Ohio, a well-known mechanic now in the employ of the Cincinnati Abator Co.

Tanlac is sold in Gastonia by Murrow Drug Company; in Dallas by D. P. Sunmey; in Alexis by C. F. Abernethy & Sons; in Mount Holly by the Holland Drug Company; and in Lowell by the Robinson Company.

YORK AND YORKVILLE

The Enquirer.
An explosion of origin undetermined did considerable damage to a thresher, the property of P. W. Love of Yorkville, engaged in threshing rye on the farm of S. L. Courtney, about three miles north of here on the Kings Mountain road last Wednesday. The "drum" of the thresher was badly damaged.

According to Boyce S. Plaxco of York No. 1, who threshed it, Uncle Tom Bratton, a colored man grew 197 1-2 bushels of wheat on eleven acres of land this year. Specimens of an insect brought to The Yorkville Enquirer office several days ago by Mr. John Warren Moore of Bethesda township, have been examined by experts of the division of entomology at Clemson College, who are of the opinion that they belong to the bee family. Mr. Moore thinks the insect is eating up his sorghum.

The new First Presbyterian church edifice in Clover to be erected on Kings Mountain street at a cost variously estimated at from \$40,000 to \$75,000 will occupy the space on which the present church edifice stands. It is proposed to move the present edifice to the rear of the church lot in order that it may be used for church purposes while the new building is in course of erection. Brick and other materials to be used in construction of the new church have been on the grounds for some time.

Warehouse Going Up.
The cotton warehouse being erected by the Clover Warehouse company of Clover, is well under way and unless something unforeseen occurs will be ready for storing a good part of the cotton crop of this section by the time the 1920-21 crop is ginned. It was the original intention that the warehouse company be known as the Farmers' Warehouse Company; but it was later decided that it be known as the "Clover Warehouse Company."

"It is not recorded," said this morning a Benedict, "that either Jimmy Cox or Warren Harding is a handy man about the house, but with 17,000,000 women voters over the United States, the politicians ought readily see the advantage that will accrue to a candidate in 1924 who can announce himself thus:

FOR PRESIDENT

John Jones

He Dries the Dishes for His Wife

Every Evening

His opponent, not to be outshandled, probably will counter with something like this:

VOTE FOR

John Smith

He WASHES as Well as Dries the Dishes

Every Evening.

To Drive Out Malaria And Build Up The System
Take the Old Standard GROVES TASTELESS CHILL TONIC. You know what you are taking, as the formula is printed on every label, showing it is Quinine and Iron in a tasteless form. The Quinine drives out the malaria, the Iron builds up the system. 60 cents.

WILL TAX WEALTH

VIENNA, Aug. 1.—The tax-on-wealth bill has been adopted by the Assembly after including in it the amendments proposed by the Reparations Commission. These amendments, which caused much criticism, were designed to prevent the bill contravening terms of the Peace Treaty or conflicting with the Entente's proposal of May 21, 1920, for a bond issue to cover present or future credits to Austria.

Chancellor Renner, in presenting the amendments, said he did so because national misery forced the country to comply with Allied demands.

Foreign Minister Bauer said with bitterness that it was the first time in history a foreign power ever drafted and forced acceptance of amendments to legislation pending in the legislature of another state. He was cheered loudly.

Social Democrats during the debate charged that Christian Socialists had attempted to defeat the measure by inspiring bankers and representatives of "big business" to go to the Reparations Commission to point out the dangers of the bill. When Deputy Friedman admitted doing so and began a defense of his course there were cries of "Traitor! Hang him!" A group of members made a rush for Friedman, but he hid under a desk and finally was rescued by officials.

Goodyear Mileage - and Tires for Small Cars

A well built tire yields much more mileage for each dollar of cost than a tire purposely made to be offered at a sensationally low price; buy the tire, not the price.

Built to deliver exceptional mileage at exceedingly low cost, Goodyear Tires, of the 30 x 3-, 30 x 3 1/2- and 31 x 4-inch sizes, save inconvenience, disappointment and money.

Their value results from the application of Goodyear experience, expertness and care to their manufacture in the world's largest tire factory devoted to these sizes.

If you own a Ford, Chevrolet, Dort, Maxwell or other car taking these sizes, go to your nearest Service Station for Goodyear Tires—for the real worth and endurance that Goodyear builds into them.

30 x 3 1/2 Goodyear Double-Cure Fabric, All-Weather Tread \$23.50

30 x 3 1/2 Goodyear Single-Cure Fabric, Anti-Skid Tread \$21.50

Goodyear Heavy Tourist Tubes cost no more than the price you are asked to pay for tubes of less merit—why risk costly casings when such sure protection is available? 30 x 3 1/2 size in waterproof bag \$4.50
