

LORAY NEWS

The Kindergarten will open next Monday morning at nine o'clock. All children in the village between the ages of four and six may enroll.

Miss Gertrude Taylor, of Chicago, Ill., came to Loray last Saturday. Miss Taylor will have charge of the kindergarten and playground during the coming year.

Miss Audrey Kennette, who has been at the community house as recreation worker during the summer months, left Wednesday for her home in Mooresville.

Miss Emilie Schultz, of White Plains, N. Y., is expected to arrive this week to assist in the work of visiting nurse at Loray.

The house for community workers is taking on a homelike look, and the nurses are well pleased with their new residence.

The girls' dormitory on West Franklin avenue is nearing completion. Furniture is being moved in and the finishing touches added.

Several hundred children of Greater Loray will start to school at the West school next week.

Mr. J. B. Mime has accepted the position as overseer of spinning, which was recently made vacant.

Messrs. J. B. Mims, D. F. Short, C. B. Killian and Joe Douglas recently went on a motor trip to various points in Cleveland county.

British experiments with a mixture of equal parts of benzol and alcohol as automobile fuel showed it to have an efficiency as compared with gasoline of 12.5 to 15.

"YES OR NO"

Arthur Goodrich's famous Broadway success

The YES GIRL fought with all her alluring beauty, and undesirable charm, from the tie that bound her to an unhappy marriage.

DID SHE FIND HAPPINESS?

The NO GIRL fought with the strength of a female who is compelled to combat the brute with brute strength, that she might keep holy and intact, the altar pledge: "TO HONOR."

What happened to the YES GIRL?

What happened to the NO GIRL?

TRAIN your boy to prefer Schlitz to drinks which are apt to ferment in the stomach—and to coffee and tea which may cause nervousness and digestive disorders.

Wise fathers give growing boys all the Schlitz they crave. For Schlitz is a complete food as well as drink—made by a special process from the finest cereals and hops, it contains every element necessary to the human body.

Schlitz is fine to develop muscular energy, and to replace broken down tissue. Boys like Schlitz—like its satisfying "scratchiness" that quenches thirst.

Schlitz is healthful and pure—it is aged for months in glass-lined tanks to preclude biliousness—cooled in filtered air in plate glass rooms—filtered through white wood pulp—every bottle sterilized by the Pasteur process. The Brown Bottle protects Schlitz purity until it reaches your glass.

Use the Highest Quality
Milk in the Market—
Powdered Milk

Klim users know that they get the best—the purest—the most delicious milk in the market.

Klim users face no fears of milk shortage—no delayed deliveries—no undependable quality—they have no worries about souring. Klim needs no ice, because it does not sour; it does not freeze in winter. In any locality, in any season—it is always the same excellent milk awaiting use.

Spell it backwards

KLIM
BRAND
POWDERED MILK

Milk is $\frac{3}{4}$ water and $\frac{1}{4}$ solids. The solids give milk its character—its flavor—its food value. Remove the water and all the valuable part is left. Replace the water and it becomes liquid milk instantly—just as rich, as fresh, as delicious as the richest, creamiest country milk you ever drank.

Eminent physicians and leading food authorities endorse Klim. Hospitals and schools use Klim. It is excellent for baby feedings; many babies' lives have been saved by Klim.

Make your pantry your dairy. Get a supply of Klim to fill your family needs: Klim Powdered Whole Milk (full cream), for drinking, for coffee, for cereals and desserts; Klim Powdered Skimmed Milk for all cooking purposes.

A long list of the advantages of Klim may be mentioned—but you can see for yourself how valuable it is once you start to use it. Go to the nearest dealer and get a supply to meet your needs.
