WOMAN WHO MADE PIES HIGHER THAN HUNDREDS OF WOOLWORTH BUILDINGS. Mrs. Mary Restle, of Chicago, can easily claim the world's title for heavy weight pie baking. It is estimated that during the 20 years she has been "Pie Mother" to the employes of Morris & Co., of Chicago, she has made 1,500,000 pies, each of which is 10 inches wide. Placed end to end the stack of pies would be higher than 157 Woolworth building towers. Cut into five pieces they would feed 7,500,-000 or nearly the entire population of New York and Chicago.

## **EQUIPMENT INCREASES EFFICIENCY**

Have you decided to remodel your methods of filing and made a careful investigation of every available source of assistance? Your most practical help will come thru installing a centralized filing department. In these centralized files you can keep all correspondence, incoming orders, shop orders, catalogues, operation cards, etc. With your old system you have probably been losing much valuable time trying to locate orders, letters, etc., which often become suddenly necessary for reference when handling current correspondence. Keeping executives and others waiting at times like this is a costly practice and one which you can eliminate by installing our filing systems. These systems are so simple and fundamentally correct that unlimited expansion is easily made without the slightest change in technique. Filing and finding is so fast and accurate that one file clerk can handle the mass of business passing thru any office no matter

A complete and comprehensive line of everything for filing and finding is always carried in stock and we

would like very much for you to give us a call. We appreciate your business and have the lowest prices for the same goods that is possible to procure.
