Representative Peyton M. Swaine has introduced a bill in the General Assembly authorizing an election among school districts to determine which county they will be in. Some of the larger districts have been determined by the county board of education. It is the opinion of the legislature that a coalition of the two largest districts will be signed last year, so no election will be held. The bill goes to the Senate, however, to determine the present status of the proposed bill.

The bill was introduced by Representative W. H. Smith, who said:

"I am in favor of the bill, but I do not know if it will pass. I think it is a good idea, but I do not know if it will pass."

Smith said he had been in touch with the county board of education and they were in favor of the bill.
