John F. Hyatt, of Albany, N. Y., Is Relieved of Severe Attack of Rheumatism of Many Years' Standing.

JOHN F. HYATT 227 Pearl St., Albany, N. Y.

"I am now seventy-two years old and am getting rid of fifteen years' case of rheumatism that had me so crippled up for so long," said John F. Hyatt, 227 Pearl St., Albany, N. Y., after having the remarkable experience with Tanlac recently. Mr. Hyatt was chairman of the Albany County Board of Health and was also chairman of the Albany County Board of Supervisors. At present Mr. Hyatt is Assistant Superintendent of the Albany County Courthouse, with offices in the building.

"I don't believe," he continued, "that anybody could have rheumatism any worse than I did, and my case was of such long standing I didn't expect to get over it. I was unable to walk except for a short distance, supported with a cane, and even then the pains struck me every time I took a step. My legs, hips and ankles ached something awful and my joints were stiff and painful. I couldn't cross my legs without having to lift it up with my hands, and I had never in my life when the pains were so bad."

"My appetite was gone and the slightest food nauseated me. My stomach was out of order, and I had a lingering fever all the time. I was weak, all in all, and I thought I might as well just give up and get well."

"I had no idea Tanlac would relieve my rheumatism when I began taking it last Spring. I took it because I saw where it would give a relief in my case. Well, sir, I was the most surprised I ever was in my life, when the rheumatic pains began to ease up. I took seven bottles in all and, it's a fact, I don't think I ever felt so good in my life."

"I have been, in the best of health ever since, with only a slight twinge on the occasion of a cold. I don't feel my case now, but as I had some trouble with my stomach, I am taking it and so far it has helped me. I am so glad to have my case relieved. Tanlac is sold in Gastonia by Harper Drug Co., Leray Drug Store and B. W. Edwards, in Mt. Holly by Griffin & Co., and by the leading druggists in every town."

We keep them until they are thoroughly dried and seasoned. That means a lot to you in the saving of both labor and expense. Let us show you why. CITY LUMBER CO., Phone 247, Dallas Road at C. & N.-W. WAGE-EARNERS ATTENTION! A Straight-from-the-shoulder talk to those about to buy Spring clothing for the family All during the past several years, while prices of clothing traveled higher and higher, this store never wavered in its policy, to sell the best merchandise possible for the lowest price. When the big advance came, we had plenty of stock on hand, which could not be replaced wholesale for what we were selling at. Did we take advantage of the situation by boosting the prices of our merchandise on hand? No sires! We sold our stock at old prices, giving the public the benefit, well knowing that it would cost us much more to replace this merchandise. The public soon learned of Askin's fair policy of selling, learned that this gave everyone a square deal, satisfied to take a small profit, to make a lot of friends. This Spring we continue our same fair policy, giving you every advantage of our new low 1921 prices. Come here and see the newest styles on display. Make your Spring selections now. You don't need the cash. We will charge any purchase to your account and you can pay as convenient, in small weekly or monthly payments. Remember, we make no extra charge for credit. ASKIN'S 216 W. ESSEX Note Its Present Price Compare It With Others MEN naturally look to higher priced cars for a basis of comparison with Essex. The Essex price gives you nothing by which to judge its quality and ability. In four times breaking the Trans-continental record with four different cars, Essex gave a proof of consistent endurance and reliability such as no other car has shown. High-priced cars, time and time again have tried to break the Trans-continental record. None ever succeeded. Essex did it four times, every entry beating the former record. Can any car, at anywhere near its price, offer so many reasons for its choice? Compare it point by point and let price decide.
